

Mapping Berkeley Communities: Redistricting by the People

COMMUNITY MAPPING TOOL

Please use this map to draw your community of interest. It is important to know about communities so that the new council district lines can amplify the voices of residents.

The Fair Maps Act defines “Communities of Interest” as populations that share common social or economic interests and should be included within a single district for purposes of effective and fair representation.

To start, please include a name for your community, your name and email address, and a description of your community. Then draw your community on the map.
