

## PROCLAMATION CALLING A SPECIAL MEETING OF THE BERKELEY CITY COUNCIL

In accordance with the authority in me vested, I do hereby call the Berkeley City Council in special session as follows:

**Tuesday, June 9, 2020**

**4:00 P.M.**

JESSE ARREGUIN, MAYOR

Councilmembers:

DISTRICT 1 – RASHI KESARWANI  
DISTRICT 2 – CHERYL DAVILA  
DISTRICT 3 – BEN BARTLETT  
DISTRICT 4 – KATE HARRISON

DISTRICT 5 – SOPHIE HAHN  
DISTRICT 6 – SUSAN WENGRAF  
DISTRICT 7 – RIGEL ROBINSON  
DISTRICT 8 – LORI DROSTE

### **PUBLIC ADVISORY: THIS MEETING WILL BE CONDUCTED EXCLUSIVELY THROUGH VIDEOCONFERENCE AND TELECONFERENCE**

*Pursuant to Section 3 of Executive Order N-29-20, issued by Governor Newsom on March 17, 2020, this meeting of the City Council will be conducted exclusively through teleconference and Zoom videoconference. Please be advised that pursuant to the Executive Order and the Shelter-in-Place Order, and to ensure the health and safety of the public by limiting human contact that could spread the COVID-19 virus, there will not be a physical meeting location available.*

*Live audio is available on KPFB Radio 89.3. Live captioned broadcasts of Council Meetings are available on Cable B-TV (Channel 33) and via internet accessible video stream at <http://www.cityofberkeley.info/CalendarEventWebcastMain.aspx>.*

*To access the meeting remotely: Join from a PC, Mac, iPad, iPhone, or Android device: Please use this URL <https://us02web.zoom.us/j/89047645600>. If you do not wish for your name to appear on the screen, then use the drop down menu and click on "rename" to rename yourself to be anonymous. To request to speak, use the "raise hand" icon by rolling over the bottom of the screen.*

*To join by phone: Dial **1-669-900-9128** and enter Meeting ID: **890 4764 5600**. If you wish to comment during the public comment portion of the agenda, Press \*9 and wait to be recognized by the Chair.*

*To submit an e-mail comment during the meeting to be read aloud during public comment, email [clerk@cityofberkeley.info](mailto:clerk@cityofberkeley.info) with the Subject Line in this format: "PUBLIC COMMENT ITEM ##." Please observe a 150 word limit. Time limits on public comments will apply. Written comments will be entered into the public record.*

*Please be mindful that the teleconference will be recorded as any Council meeting is recorded, and all other rules of procedure and decorum will apply for Council meetings conducted by teleconference or videoconference.*

*This meeting will be conducted in accordance with the Brown Act, Government Code Section 54953. Any member of the public may attend this meeting. Questions regarding this matter may be addressed to Mark Numainville, City Clerk, (510) 981-6900. The City Council may take action related to any subject listed on the Agenda. Meetings will adjourn at 11:00 p.m. - any items outstanding at that time will be carried over to a date/time to be specified.*

## Preliminary Matters

### Roll Call:

**Public Comment - Limited to items on this agenda only**

## Action Calendar

*The public may comment on each item listed on the agenda for action as the item is taken up. For items moved to the Action Calendar from the Consent Calendar or Information Calendar, persons who spoke on the item during the Consent Calendar public comment period may speak again at the time the matter is taken up during the Action Calendar.*

*The Presiding Officer will request that persons wishing to speak line use the “raise hand” function to determine the number of persons interested in speaking at that time. Up to ten (10) speakers may speak for two minutes. If there are more than ten persons interested in speaking, the Presiding Officer may limit the public comment for all speakers to one minute per speaker. Speakers are permitted to yield their time to one other speaker, however no one speaker shall have more than four minutes. The Presiding Officer may, with the consent of persons representing both sides of an issue, allocate a block of time to each side to present their issue.*

*Action items may be reordered at the discretion of the Chair with the consent of Council.*

## Action Calendar – Public Hearings

*Staff shall introduce the public hearing item and present their comments. This is followed by five-minute presentations each by the appellant and applicant. The Presiding Officer will request that persons wishing to speak, use the “raise hand” function to be recognized and to determine the number of persons interested in speaking at that time.*

*Up to ten (10) speakers may speak for two minutes. If there are more than ten persons interested in speaking, the Presiding Officer may limit the public comment for all speakers to one minute per speaker. Speakers are permitted to yield their time to one other speaker, however no one speaker shall have more than four minutes. The Presiding Officer may with the consent of persons representing both sides of an issue allocate a block of time to each side to present their issue.*

*Each member of the City Council shall verbally disclose all ex parte contacts concerning the subject of the hearing. Councilmembers shall also submit a report of such contacts in writing prior to the commencement of the hearing. Written reports shall be available for public review in the office of the City Clerk.*

- 1. Fiscal Year 2021 Proposed Budget Update Public Hearing #2 (Continued from June 2, 2020)**  
**From: City Manager**  
**Recommendation:** Conduct a public hearing regarding the FY 2021 Proposed Budget Update.  
**Financial Implications:** See report  
Contact: Teresa Berkeley-Simmons, Budget Manager, (510) 981-7000

## Action Calendar

- 2. FY 2020 Mid-Year Budget Update (Continued from June 2, 2020)**  
**From: City Manager**  
Contact: Teresa Berkeley-Simmons, Budget Manager, (510) 981-7000

## Action Calendar

- 3. Presentation and Discussion of Community Survey Results and Direction About Next Steps for Possible Ballot Measure Development** *(Item Contains Supplemental Material) (Continued from June 2, 2020)*  
**From: City Manager**  
**Recommendation:** Discuss results of the community survey and provide direction to the City Manager about the drafting of possible measures for inclusion on the November 2020 ballot.  
**Financial Implications:** See report  
Contact: David White, City Manager's Office, 981-7000
- 4. Placing Charter Amendment Measure on the November 3, 2020 Ballot Related to Full-Time Status and Salaries for the Mayor and Councilmembers** *(Continued from June 2, 2020)*  
**From: City Manager**  
**Recommendation:**
  1. Adopt a Resolution submitting an Amendment to Article V of the City Charter regarding the full-time status and salaries for the Mayor and City Council to a vote of the electors at the November 3, 2020 General Municipal Election.
  2. Designate, by motion, specific members of the Council to file ballot measure arguments on this measure as provided for in Elections Code Section 9282.**Financial Implications:** None  
Contact: Mark Numainville, City Clerk, (510) 981-6900
- 5. Recommendation to Prepare a City Ballot Measure to Create a Climate Action Fund, in Response to the Fossil Fuel Free Berkeley Referral** *(Continued from June 2, 2020)*  
**From: Energy Commission**  
**Recommendation:** The Commission recommends that the City Council develop a referendum and seek approval for it on the 2020 ballot to create a Climate Action Fund, which would support actions to achieve the Berkeley Climate Action Plan, to become Fossil Fuel free, and to respond to the Climate Emergency.  
**Financial Implications:** See report.  
Contact: Billi Romain, Commission Secretary, (510) 981-7400
- 6. Proposed Amendment to Berkeley's Minimum Wage Ordinance: Berkeley Municipal Code Chapter 13.99** *(Continued from June 2, 2020)*  
**From: City Manager**  
**Recommendation:** Adopt first reading of an Ordinance amending Berkeley Municipal Code Chapter 13.99, revising Section 13.99.040 to reinstate the exemption for youth job training programs, and freezing the youth wages at \$14.50 per hour for FY21, then increase the wage annually according to the Consumer Price Index as will occur with the Berkeley Minimum wage.  
**Financial Implications:** See report  
Contact: Lisa Warhuus, Housing and Community Services, (510) 981-5400

## Adjournment

I hereby request that the City Clerk of the City of Berkeley cause personal notice to be given to each member of the Berkeley City Council on the time and place of said meeting, forthwith.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the City of Berkeley to be affixed on this 4<sup>th</sup> day of June, 2020.

Jesse Arreguin, Mayor

Public Notice – this Proclamation serves as the official agenda for this meeting.

ATTEST:

Date: June 4, 2020  
Mark Numainville, City Clerk

**NOTICE CONCERNING YOUR LEGAL RIGHTS:** *If you object to a decision by the City Council to approve or deny an appeal, the following requirements and restrictions apply: 1) Pursuant to Code of Civil Procedure Section 1094.6 and Government Code Section 65009(c)(1)(E), no lawsuit challenging a City decision to deny or approve a Zoning Adjustments Board decision may be filed and served on the City more than 90 days after the date the Notice of Decision of the action of the City Council is mailed. Any lawsuit not filed within that 90-day period will be barred. 2) In any lawsuit that may be filed against a City Council decision to approve or deny a Zoning Adjustments Board decision, the issues and evidence will be limited to those raised by you or someone else, orally or in writing, at a public hearing or prior to the close of the last public hearing on the project.*

Live captioned broadcasts of Council Meetings are available on Cable B-TV (Channel 33), via internet accessible video stream at <http://www.cityofberkeley.info/CalendarEventWebcastMain.aspx> and KPFB Radio 89.3.

Archived indexed video streams are available at <http://www.cityofberkeley.info/citycouncil>. Channel 33 rebroadcasts the following Wednesday at 9:00 a.m. and Sunday at 9:00 a.m.

Communications to the City Council are public record and will become part of the City's electronic records, which are accessible through the City's website. **Please note: e-mail addresses, names, addresses, and other contact information are not required, but if included in any communication to the City Council, will become part of the public record.** If you do not want your e-mail address or any other contact information to be made public, you may deliver communications via U.S. Postal Service to the City Clerk Department at 2180 Milvia Street. If you do not want your contact information included in the public record, please do not include that information in your communication. Please contact the City Clerk Department for further information.

Any writings or documents provided to a majority of the City Council regarding any item on this agenda will be posted on the City's website at <http://www.cityofberkeley.info>.

Agendas and agenda reports may be accessed via the Internet at <http://www.cityofberkeley.info/citycouncil>

**COMMUNICATION ACCESS INFORMATION:**

To request a disability-related accommodation(s) to participate in the meeting, including auxiliary aids or services, please contact the Disability Services specialist at (510) 981-6418 (V) or (510) 981-6347 (TDD) at least three business days before the meeting date.

Captioning services are provided at the meeting, on B-TV, and on the Internet.

**NOTICE OF PUBLIC HEARING  
BERKELEY CITY COUNCIL**

**FISCAL YEAR 2021 PROPOSED BUDGET UPDATE  
PUBLIC HEARING #2**

The Berkeley City Council will conduct a second public hearing to discuss the FY 2021 Proposed Budget Update.

The hearing will be held on **June 2, 2020** at 6:00 p.m.

A copy of the agenda material for this hearing will be available on the City's website at [www.CityofBerkeley.info](http://www.CityofBerkeley.info) as of **May 21, 2020**.

For further information, please contact Teresa Berkeley-Simmons at (510) 981-7000.

**PUBLIC ADVISORY: THIS MEETING WILL BE CONDUCTED EXCLUSIVELY THROUGH VIDEOCONFERENCE AND TELECONFERENCE**

Pursuant to Section 3 of Executive Order N-29-20, issued by Governor Newsom on March 17, 2020, this meeting of the City Council will be conducted exclusively through teleconference and Zoom videoconference. Please be advised that pursuant to the Executive Order, and to ensure the health and safety of the public by limiting human contact that could spread the COVID-19 virus, there will not be a physical meeting location available.

To access the meeting remotely using the internet: Join from a PC, Mac, iPad, iPhone, or Android device: Use URL – <https://us02web.zoom.us/j/82518774480>. If you do not wish for your name to appear on the screen, then use the drop down menu and click on "rename" to rename yourself to be anonymous. To request to speak, use the "raise hand" icon on the screen.

To join by phone: Dial **1-669-900-9128** and Enter Meeting ID: **825 1877 4480**. If you wish to comment during the public comment portion of the agenda, press \*9 and wait to be recognized by the Chair.

Written comments should be mailed directly to the City Clerk, 2180 Milvia Street, Berkeley, CA 94704, or emailed to [council@cityofberkeley.info](mailto:council@cityofberkeley.info) in order to ensure delivery to all Councilmembers and inclusion in the agenda packet.

Communications to the Berkeley City Council are public record and will become part of the City's electronic records, which are accessible through the City's website. **Please note: e-mail addresses, names, addresses, and other contact information are not required, but if included in any communication to the City Council, will become part of the public record.** If you do not want your e-mail address or any other contact

information to be made public, you may deliver communications via U.S. Postal Service. If you do not want your contact information included in the public record, please do not include that information in your communication. Please contact the City Clerk at 981-6900 or [clerk@cityofberkeley.info](mailto:clerk@cityofberkeley.info) for further information.

**Posted:** May 21, 2020

~~~~~  
I hereby certify that the Notice for this Public Hearing of the Berkeley City Council was posted at the display case located near the walkway in front of the Maudelle Shirek Building, 2134 Martin Luther King Jr. Way, as well as on the City's website, on May 21, 2020.

---

Mark Numainville, City Clerk

Office of the City Manager

ACTION CALENDAR

June 9, 2020

*(Continued from June 2, 2020)*

To: Honorable Mayor and Members of the City Council

From: Dee Williams-Ridley, City Manager

Submitted by: Teresa Berkeley-Simmons, Budget Manager

Subject: FY 2020 Mid-Year Budget Update

INTRODUCTION

This report presents the FY 2020 Mid-Year Budget Update and focuses on projected General Fund revenues and expenditures. This report also provides information on expenditure projections for the City's special funds.

CURRENT SITUATION AND ITS EFFECTS

The City of Berkeley is currently in FY 2020, the first of two fiscal years in the FY 2020 & FY 2021 biennial budget cycle, which Council adopted on June 25, 2019<sup>1</sup>. Fiscal Year 2020 runs from July 1, 2019 through June 30, 2020.

As of December 31, 2019, both the General Fund revenues and the General Fund expenditures were on track and within budget.

|                             | Adjusted Budget | FY 2020 Mid-Year Actuals | % Received/ Expensed and Encumbered |
|-----------------------------|-----------------|--------------------------|-------------------------------------|
| Revenues                    | \$197.0         | \$107.7                  | 55%                                 |
| Expenditures                | (\$229.5)       | (\$107.0)                | 47%                                 |
| Carryover and Excess Equity | \$ 32.5         |                          |                                     |
| Balance                     | \$ 0            |                          |                                     |

The carryover and excess equity are carried forward from FY 2019. Additional information on the carryovers and excess equity allocation is discussed later in this report under the General Fund Expenditures section.

## FY 2020 Mid-Year Summary

On November 19, 2019, Council was provided the [FY 2019 Year-End Results and FY 2020 First Quarter Budget Update](#) report. At the time, both the General Fund revenues and the General Fund expenditures were tracking within budget.

## General Fund Revenues

| Revenue Categories                | FY 2020              |                           |                       |                             | FY 2019              |                           |                         |                             | FY20 vs FY19              |                    | Revised                           |                                    |

Note: This statement is presented on a budgetary basis.

For the first half of FY 2020, revenues and transfers in totaled \$107,669,975, an increase of \$14,901,432 or 16.06% increase over the \$92,768,543 during the same period of FY 2019.

FY 2020 Year-end General Fund revenues projection appear to be \$21.7 million above the FY 2020 Adopted Budget of \$197.0 million. However, if we remove the General Fund revenue streams that have been programed for priority projects and programs including Excess Property Transfer Tax (\$7.5 million), Measure P (\$8.0 million), and U1 (\$4.5 million), the General Fund revenues above the FY 2020 Adopted Budget is only \$1.7 million. If Council decides to program excess Short-Term Rentals (\$700,000) and excess Recreational Cannabis (\$790,000) only \$180,000 of unallocated General Fund revenues will be available for allocation at FY 2020 year-end, assuming expenses do not exceed budget estimates.

*The first half review focuses primarily on the major revenue fluctuation, and changes that have occurred that might result in significant changes in future projections or on revenue sources that warrant close monitoring.*

**Secured Property Tax (+\$1,954,831 more than FY 2019 Actual)**

During the first half of FY 2020, Secured Property Tax revenues totaled \$32,175,526, which was \$1,954,831 or 6.47% more than the \$30,220,695 received during the same period in FY 2019. This increase was consistent with the County's Certification of Assessed Valuation growth of 6.62%.

**Property Transfer Tax (+\$3,132,493 more than FY 2019 Actual)**

During the first half of FY 2020, Property Transfer Tax totaled \$15,043,643 (after seismic rebates of \$492,506), which was \$3,132,493 or 26.30% more than the \$11,911,150 (after \$276,935 in seismic rebates) received for the first half of FY 2019. The number of property sales increased by 37 or 6.9%, to 574 in the first half of FY 2020 from 537 for the same period in FY 2019. However, the primary reason for the \$3,132,493 increase in Property Transfer Tax was the sale of a group of five properties totaling \$172.9 million that resulted in Property Transfer Tax of \$2,593,898. Staff will closely monitor this revenue for a probable increase in the FY 2020 projection.

In addition, \$7,046,430 in Measure P taxes was collected during the first half of FY 2020 compared to zero collected during the first half of FY 2019, as the tax took effect December 21, 2018.

**Sales Tax (+\$30,883 more than FY 2019 Actual)**

For the first half of FY 2020, Sales Tax revenue totaled \$9,430,533, which is \$30,883 or 0.33% more than the \$9,399,650 received for the first half of FY 2019.

**Utility Users Taxes (+ \$19,932 more than FY 2019 Actual)**

Utility Users Taxes revenue for the first half of FY 2020 totaled \$6,327,611, which is \$19,932 or 0.32% more than the \$6,307,679 received for the same period in FY 2019. Staff is monitoring this revenue source closely for a probable projection reduction because of a sharp decline in FY 2019 from the \$15 million level generated in recent years. That decline resulted from significant declines in cellular, gas/electric and cable charges. During the first half of FY 2020, Cable charges declined by \$56,202 or 8.9%; Cellular charges increased by \$98,344 or 10.3%; Electric charges declined by \$84,144 or 2.7%; Gas charges increased by \$125,133 or 16.6%; and Telephone charges declined by \$59,503 or 7.3%. However, overall, there was no rebound during the first half of FY 2020. Therefore, the FY 2020 projection for the UUT revenue source will likely be lowered to \$14 million from \$15 million.

**Transient Occupancy Tax (+\$152,028 more than FY 2019 Actual)**

Transient Occupancy Tax (TOT) revenue for the first half of FY 2020 totaled \$4,483,409 which is \$152,028 or 3.51% more than the \$4,331,381 received for the first half of FY 2019. The increase in FY 2020 is attributable to growth at the five largest hotels in Berkeley ranging from -2.9% to +6.30% (average of 2.1%) during the first half of the fiscal year plus a \$49,207 receipt during the first half of the fiscal year that was applicable to FY 2019

**Vehicle In-Lieu Taxes (+\$436,880 over FY 2019 Actual)**

Vehicle In-Lieu Taxes increased by \$436,880 or 7.00% in the first half of FY 2020 to \$6,678,022 from \$6,241,142 for the same period in FY 2019. This increase was consistent with the County's Certification of Assessed Valuation growth of 6.62%.

**Interest Income (+\$590,322 over FY 2019 Actual)**

For the first half of FY 2020, interest income totaled \$3,019,829 which is \$590,322 or 24.30% more than the total of \$2,429,507 received for the same period in FY 2019. This increase is primarily attributable to a significant rise in short-term interest rates, as the Federal Reserve began raising the Federal Funds rate from very low levels. However, the Federal Reserve reversed course on July 31, 2019 and cut interest rates on that date, September 18, 2019, and October 31, 2019 by 25 basis points on each date.

**Indirect Cost Reimbursements (+\$77,109 over FY 2019 Actual)**

IDC Reimbursement for the first half of FY 2020 totaled \$2,525,542 which is \$77,109 or 3.15% more than the \$2,448,433 received for the same period in FY 2019. Since the Indirect cost rates were the same for FY 2020 and FY 2019, the increase of 3.15% in the total is attributable to an increase in direct salaries and wages. IDC Reimbursement increases result from increases in the indirect cost allocation base (i.e., total direct salaries and wages in the fund), an increase in the indirect cost rate or both.

**Transfers (+\$876,119 over FY 2019 Actual)**

Transfers for the first half of FY 2020 totaled \$2,192,784 which is \$876,119 or 66.54% more than the \$1,316,665 received for the same period in FY 2019. The increase of \$876,119 was due to the timing of the recording of more of the State Realignment transfer to the General Fund during the first half of FY 2020, than in the first half of FY 2019.

**General Fund Expenditures**

On December 3, 2019 the City Council approved General Fund recommended rollovers, carryovers, and adjustments totaling \$32.5 million in the [Amendment to the FY 2020 Annual Appropriations Ordinance<sup>2</sup>](#) (AAO).

The changes to the FY 2020 General Fund Budget from the AAO are shown below:

| <b>FY 2020 Adopted Budget</b> | <b>Encumbered Recommended</b> | <b>Unencumbered Recommended</b> | <b>Other Adjustments</b> | <b>FY 2020 Revised Budget</b> |
|-------------------------------|-------------------------------|---------------------------------|--------------------------|-------------------------------|
| \$ 196,913,849                | \$ 5,512,512                  | \$ 4,177,247                    | \$ 22,903,541            | \$ 229,507,149                |

The encumbered rollovers reflect contractual obligations entered into in FY 2019, which had not been paid as of June 30, 2019. Unencumbered carryovers are approved by Council for specific purposes that had not be completed by the end of FY 2019. Funding for these commitments is brought forward into the current fiscal year to provide for payment of these obligations. Adjustments are new allocations for projects and Council priorities as detailed in the AAO.

Included in the other adjustments of \$22.9 million are Council authorized allocations for the following items:

1. Transfer of \$4,371,879 from the General Fund to the Capital Improvement Fund of FY 2019 Excess Property Transfer Tax Revenues for restricted items approved by Council on 6/25/19 (\$3,411,933) and new requests added to AAO #1 on 11/19/19 (\$959,946)
2. Item #80: Transfer of \$275,000 from the General Fund to the Capital Improvement Fund of FY 2019 Excess Property Tax Revenues for Capital Allocations in the Mayor's Budget Allocation Proposal presented to the Budget & Finance Policy Committee on 11/22/19 and approved to be added as part of staff's supplemental item for 12/3/19 Council meeting
3. Item #81: Appropriation of \$2,900,000 in the General Fund for Measure P allocations, which includes an allocation of \$78,000 for Youth Spirit Artworks Tiny House Village Services
4. Item #82: Appropriation of \$1,630,923 in the General Fund for Mayor's Budget Allocation Proposal Non-Capital Item Funds presented to the Budget & Finance Policy Committee on 11/22/19 and approved to be added as part of staff's supplemental item for 12/3/19 Council meeting

5. Item #83: Allocation of \$1,160,000 in the General Fund of FY 2019 Allocation to the Reserves as follows (\$0.64 Million to Stability Reserve and \$0.52 Million to Catastrophic Reserves)
6. Item #89: Appropriation of \$16,266 in the General Fund for a payment of excess FY 2019 additional Transient Occupancy Tax revenues to comply with Visit Berkeley allocation above the 1% FY 2019 Adopted TOT Budget contract amount

General Fund expenditures are tracking under budget as of December 31, 2019 as shown in the chart below. This is primarily due to salary savings and funds that were added as part of the AAO that were not spent yet. Departments that are tracking over 50 percent spent is due to encumbrances for contractual obligations entered into in FY 2020 in which payment might not be currently due as good or services might be in progress or not yet complete.

*\*FY 2020 Revised does not reflect as of December 31, 2019 all Council approved allocations included in the FY 2020 AAO #1.*

There might be additional one-time savings resulting from the reduction in expenditures; however, much of these saving will be allocated to the items already identified in the Fiscal Years 2020 & FY 2021 Biennial Budget adopted by Council on June 25, 2019<sup>3</sup>, including a \$5.3 million loan to Measure T1 for capital projects (Resolution 68.802 N.S.).

<sup>3</sup> [https://www.cityofberkeley.info/Clerk/City\\_Council/2019/06\\_June/City\\_Council\\_06-25-2019\\_-\\_Regular\\_Meeting\\_Agenda.aspx](https://www.cityofberkeley.info/Clerk/City_Council/2019/06_June/City_Council_06-25-2019_-_Regular_Meeting_Agenda.aspx) (Item #39)

This loan is to be paid back to the General Fund in January 2021 from the second issuance of Measure T1<sup>4</sup>.

Additional information of the General Fund revenues and expenditures will be presented in May with the FY 2021 Mid-Biennial Budget Update. Final FY 2020 year-end General Fund revenues and expenditures information will be included in the **FY 2020 Year-End Report and FY 2021 First Quarter Update** that will be presented to Council in November 2020.

### All Funds Expenditures

The General Fund comprises 34.1 percent of the total adjusted budget. The rest of the budget consists of various Special Funds. Special Funds are collected for a specific purpose; therefore, are not discretionary. Only costs associated with the Special Fund activity may be charged to a Special Fund. Included in the FY 2020 Mid-Year All Fund Expenditures by Department chart below are both the General Fund expenditures to date and the Special Funds expenditures to date. On an All Funds basis, the City is tracking under budget as of December 31, 2019 as can be seen in the following chart:

| FY 2020 MID-YEAR ALL FUNDS EXPENDITURES (AS OF DECEMBER 31, 2019) |                    |                    |                    |                    |            |

<sup>4</sup> Measure T1 was approved by Berkeley voters in November 2016. These General Obligation Bonds are not-to-exceed \$100 million and will be used to repair, renovate, replace, or reconstruct the City's aging infrastructure and facilities including sidewalks, storm drains, parks, streets, senior centers and other important City facilities and buildings

Health, Housing, & Community Services, Parks, Recreation & Waterfront, and Public Works carried over funds for projects and grants started in FY 2019. These departments also appropriated new grant funds that support programs and services as well as special funds for capital improvements. Details of these carryover requests can be found in the December 3, 2019, [Amendment to the FY 2020 Annual Appropriations Ordinance<sup>5</sup>](#) (AAO) discussed earlier in this report.

### Next Steps:

Staff is currently in the process of updating the FY 2021 Adopted Budget approved by Council on June 25, 2019.

The table below outlines key Council meeting dates at which budget information will be provided.

| FY 2021 Mid-Biennial Budget Calendar |                                                                                                                                                                           |

## SUPPLEMENTAL AGENDA MATERIAL for Supplemental Packet 1

**Meeting Date:** June 2, 2020

**Item Number:** 13

**Item Description:** Presentation and Discussion of Community Survey Results and Direction About Next Steps for Possible Ballot Measure Development

**Submitted by:** David White, Deputy City Manager

### Overview

Subsequent to the publication of the June 2, 2020 Agenda, city staff received the results of the community survey. These results have been attached to this supplemental report for City Council to review and discuss at the June 2, 2020 City Council meeting. If the City Council wishes to move forward with placing a revenue measure (or measures) on the ballot in the fall, city staff will need direction on the specifics of the measure(s) to allow adequate time to draft final ballot measure language for Council consideration and to meet County Registrar of Voter deadlines for the November 2020 ballot.

From May 16-19, Lake Research Partners administered a community survey that focused on the ways in which the community has been impacted by COVID-19 and community support for the following possible ballot measures:

- A parcel tax, at varying levels per square foot, to address fire, emergency medical service, and public health needs. This tax requires a two-thirds vote for approval.
- A parcel tax for wildfire prevention activities. This tax requires a two-thirds vote for approval
- An increase in the utility user tax by 2.5 percent to generate resources for a climate action fund. A special tax requires a two-thirds vote for approval and a general tax requires approval by a simple majority of voters.

- A tax on wholesale distributors of gas and diesel fuel to generate resources for a climate action fund. A special tax requires a two-thirds vote for approval and a general tax requires approval by a simple majority of voters.

The survey reached a total of 500 likely November 2020 voters and was conducted by telephone using professional interviewers and innovative text-to-online technology with a margin of error of +/- 4.4%. At the City Council meeting on June 2, 2020, Lake Research Partners, in addition to discussing the results of the community survey, will provide City Council with information on the impact on survey results if students do not return to campus.

### **Impact of COVID-19 Pandemic**

The survey included eight (8) questions surrounding the impact of the COVID-19 pandemic on the community. The following summarizes some of the key results:

- Approximately 47% of respondents reported that the impact of the COVID-19 pandemic on their household has been “Very / Fairly Serious”.
- The single greatest challenge or difficulty of the pandemic reported by survey respondents is “Mental Health” (56%) and “Financial” (35%).
- 44% of survey respondents indicate that their household income has decreased since being asked to shelter-in-place in mid-March. 49% indicated “No Change” in household income.
- In looking out over the next year:
  - 61% of survey respondents indicated that they are “Very Likely” to pay their rent or mortgage on time every month for the next year. Conversely, 35% of survey respondents indicated that they are “Somewhat Likely”, “Not Very Likely”, or “Not at all Likely” to pay their rent or mortgage on time every month for the next year.
  - 63% of survey respondents indicated that they are “Very Likely” to pay for their basic needs, like food, healthcare, utilities, and other essentials. Meanwhile, 36% of survey respondents indicated that they are “Somewhat Likely”, “Not Very Likely”, or “Not at all Likely” to pay for their basic needs, like food, healthcare, utilities, and other essentials.

### Possible Revenue Measures

The following provides topline results of potential revenue measures.

#### Climate Action Fund

The survey consisted of two questions to gauge the community’s interest in generating revenue for a Climate Action Fund. The questions indicated that revenues generated by the taxes would be used for measures to reduce greenhouse gas emissions and local air pollution, including increasing electric vehicle, bicycle and pedestrian infrastructure and other clean transportation options, increasing energy efficiency and renewable energy use in homes and businesses, and investing in clean and reliable back-up power for emergency services facilities and other general municipal services. The two proposed taxes included:

- An increase in the Utility User Tax from 7.5% to 10%.
- Unspecified tax on wholesale distributors of gas and diesel fuel.

The figure below summarizes the level of support for the two proposed taxes:

**Figure 1**  
**Level of Support for Proposed Taxes for a Climate Action Fund**

*Fire, Emergency Services, Public Health Emergency, and Wildfire Parcel Tax*

The survey consisted of four questions to gauge the community's interest in supporting the following parcel taxes:

- Wildfire Only. Estimated at \$47 dollars per year for an average home (1,900 square feet), generating \$2 million dollars annually, to fund wildfire prevention, fire safety, an outdoor emergency warning system, and evacuation planning
- Fire and Emergency Services. Estimated at \$150 dollars per year for an average home (1,900 square feet), generating \$6.4 million dollars annually, to fund essential local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, and upgrading or replacing safety equipment, including vehicles, facilities, and modernizing the 9-1-1 dispatch system.
- Fire, Emergency Services, and Public Health. Estimated at \$325 dollars per year for an average home (1,900 square feet), generating \$14 million dollars annually, to fund local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, upgrading or replacing safety equipment, including vehicles, facilities, modernizing the 9-1-1 dispatch system, and expand funding so that the City can better respond to public health emergencies such as the coronavirus pandemic, including expanded funding for contact tracing, vaccines, testing, education and health information.
- Fire, Emergency Services, Public Health, and Wildfire. Estimated at \$500 dollars per year for an average home (1,900 square feet), generating \$21.4 million dollars annually, to fund local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, upgrading or replacing safety equipment, including vehicles, facilities modernizing the 9-1-1 dispatch system, expand funding so that the City can better respond to public health emergencies such as the coronavirus pandemic, including expanded funding for contact tracing, vaccines, testing, education and health information, and to fund wildfire prevention, fire safety, an outdoor emergency warning system, and evacuation planning.

The figure on the following page summarizes the level of support for the four parcel taxes:

**Figure 2**  
**Level of Support for Proposed Parcel Taxes**

**Q11.** At this time, do you think the City of Berkeley should focus solely on responding to the coronavirus pandemic and providing basic city services, or do you think that the city should pursue other goals as well, such as supporting small businesses, increasing affordable housing, and addressing homelessness and the environment?

|                                                      |    |
|------------------------------------------------------|----|
| Solely coronavirus outbreak and basic services ..... | 20 |
| Pursue other goals as well.....                      | 73 |
| (Neither).....                                       | 1  |
| (Not sure).....                                      | 6  |

**Q12.** Now I'm going to read you some different areas where investment in the City of Berkeley may be needed in the next few years. Please tell me how important you feel it is for the City of Berkeley to address each of the following: extremely important, very important, somewhat important, not too important, or not important at all. If you are not sure how you feel about a particular item, please say so. **[RANDOMIZE]**

**AFTER EACH:** And would you say that extremely important, very important, somewhat important, or not too important. If you are not sure how you feel about a particular item, please say so.

**Sorted by “Extremely important”**

**Now, I’m going to read some ballot measures that may appear on the ballot in Berkeley this November. Here’s the first one.**

**Sorted by voted “Yes”**

|                                                |    |
|------------------------------------------------|----|
| 17.Climate Action Fund Oil And gas.....        | 74 |
| 16.Wildfire Tax .....                          | 69 |
| 13.Fire And Emergency Essential.....           | 65 |
| 18.Climate Action Fund Utility Users Tax ..... | 61 |
| 14.Fire And Emergency Plus Public Health.....  | 54 |
| 15.Comprehensive Health And Safety .....       | 42 |

**[ROTATE Q13, Q14, Q15, Q16 WITH Q17, Q18; Q14, Q15, Q16 ALWAYS FOLLOW Q13 IN ORDER; ALSO ROTATE Q17 WITH Q18]**

**Q13. [FIRE AND EMERGENCY ESSENTIAL]** Shall the City of Berkeley enact a fire and emergency tax of 8 cents per square foot of building on property owners, estimated at 150 dollars per year on an average home, generating 6.4 million dollars annually, to fund essential local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, and upgrading or replacing safety equipment, including vehicles, facilities, and modernizing the 9-1-1 dispatch system?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |
|-----------------------------|----|
| Yes - strongly .....        | 31 |
| Yes - not so strongly ..... | 23 |
| Lean yes .....              | 12 |
| Undecided /DK .....         | 12 |
| Lean no .....               | 1  |
| No - not so strongly .....  | 8  |
| No - strongly.....          | 13 |
| (Refused) .....             | 0  |

| No .....                    | 23 |

N= TOTAL  
500

*Now I am going to ask you a different version of this same measure.*

**Q14. [FIRE AND EMERGENCY PLUS PUBLIC HEALTH]** Shall the City of Berkeley enact a fire and emergency tax of \$0.17 cents per square foot of building on property owners, estimated at 325 dollars per year on an average home, generating 14 million dollars annually, to fund local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, upgrading or replacing safety equipment, including vehicles, facilities, modernizing the 9-1-1 dispatch system, and expand funding so that the City can better respond to public health emergencies such as the coronavirus pandemic, including expanded funding for contact tracing, vaccines, testing, education and health information?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |

| No .....                    | 36 |

N= TOTAL  
500

**Now I am going to ask you another version of this same measure.**

**Q15. [COMPREHENSIVE HEALTH AND SAFETY]** Shall the City of Berkeley enact a fire and health and safety tax of 26.3 cents per square foot of building on property owners, estimated at 500 dollars per year on an average home, generating 21.4 million dollars annually, to fund local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, upgrading or replacing safety equipment, including vehicles, facilities modernizing the 9-1-1 dispatch system, expand funding so that the City can better respond to public health emergencies such as the coronavirus pandemic, including expanded funding for contact tracing, vaccines, testing, education and health information, and to fund wildfire prevention, fire safety, an outdoor emergency warning system, and evacuation planning?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |

| (Refused) .....             | 0  |
| Yes .....                   | 42 |
| No .....                    | 44 |

N= TOTAL  
500

**Now I am going to ask about a different measure related to wildfire services.**

**Q16. [WILDFIRE TAX]** Shall the City of Berkeley enact a wildfire prevention parcel tax of 2.5 cents per square foot of building on property owners, estimated at 47 dollars per year on an average home, generating 2 million dollars annually, to fund wildfire prevention, fire safety, an outdoor emergency warning system, and evacuation planning?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |
|-----------------------------|----|
| Yes - strongly .....        | 38 |
| Yes - not so strongly ..... | 23 |
| Lean yes .....              | 8  |
| Undecided /DK .....         | 11 |
| Lean no .....               | 1  |
| No - not so strongly .....  | 8  |
| No - strongly .....         | 11 |
| (Refused) .....             | 0  |
| Yes .....                   | 69 |
| No .....                    | 20 |

**Q17. [CLIMATE ACTION FUND OIL AND GAS]** Shall the City of Berkeley create a Climate Action Fund to provide incentives for Berkeley residents and businesses to reduce global warming emissions? Money for the Climate Action Fund would come from a tax on wholesale distributors of gas and diesel fuel, for measures to reduce greenhouse gas emissions and local air pollution, including increasing electric vehicle, bicycle and pedestrian infrastructure and other clean transportation options, increasing energy efficiency and renewable energy use in homes and businesses, and investing in clean and reliable back-up power for emergency services facilities and other general municipal services?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |
|-----------------------------|----|
| Yes - strongly .....        | 48 |
| Yes - not so strongly ..... | 19 |
| Lean yes .....              | 7  |
| Undecided /DK .....         | 9  |
| Lean no .....               | 2  |
| No - not so strongly .....  | 7  |
| No - strongly .....         | 8  |
| (Refused) .....             | 0  |
| Yes .....                   | 74 |
| No .....                    | 16 |

N= TOTAL  
500

**Now I am going to ask you another version of this same measure.**

**Q18. [CLIMATE ACTION FUND UTILITY USERS TAX]** Shall the City of Berkeley create a Climate Action Fund that would be funded by an increase in the Utility Users Tax from 7.5% to 10%, that would generate 4 million dollars annually for measures to reduce greenhouse gas emissions and local air pollution, including increasing electric vehicle, bicycle and pedestrian infrastructure and other clean transportation options, increasing energy efficiency and renewable energy use in homes and businesses, and investing in clean and reliable back-up power for emergency services facilities and other general municipal services?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |
|-----------------------------|----|
| Yes - strongly .....        | 33 |
| Yes - not so strongly ..... | 18 |
| Lean yes .....              | 10 |
| Undecided /DK .....         | 11 |
| Lean no .....               | 2  |
| No - not so strongly .....  | 10 |
| No - strongly .....         | 16 |
| (Refused) .....             | 0  |
| Yes .....                   | 61 |
| No .....                    | 28 |

**Finally, I would like to ask you a few questions for statistical purposes only.**

**Q19. [T]** In terms of local politics, do you consider yourself progressive, liberal, moderate, or conservative?

|                    |    |
|--------------------|----|
| Progressive .....  | 40 |
| Liberal .....      | 36 |
| Moderate .....     | 15 |
| Conservative ..... | 3  |

# City of Berkeley

Banners from a Survey of 500 Likely  
November 2020 Voters in the City of  
Berkeley, California

May 16-19, 2020

## SURVEY METHODOLOGY

Lake Research Partners designed and administered this survey that was conducted by telephone using professional interviewers and our innovative text-to-online technology. The survey reached a total of 500 likely November 2020 voters in Berkeley, California. The survey was conducted from May 16-19, 2020.

Telephone numbers for the sample were drawn randomly from a voter file. The sample was stratified geographically to reflect the expected distribution. The data were weighted slightly by gender, region, age, race, party registration, homeownership, and education.

In interpreting survey results, all sample surveys are subject to possible sampling error; that is, the results of a survey may differ from those which would be obtained if the entire population were interviewed. The size of the sampling error depends upon both the total number of respondents in the survey and the percentage distribution of responses to a particular question. For example, if 50% of respondents answered “yes” to a particular question, we can be 95% confident that the true percentage will fall within +/- 4.4 percentage points of this percentage. The table below represents the estimated sampling error for different percentage distributions of responses. Of course, the sampling error for sub-groups is greater.

**Margin of Error  
for Different Percentage Distributions and Different Sample Sizes  
(95% confidence)**

| Sample Size | PERCENTAGES NEAR |            |            |            |            |            |            |            |            |
|-------------|------------------|------------|------------|------------|------------|------------|------------|------------|------------|
|             | 10               | 20         | 30         | 40         | 50         | 60         | 70         | 80         | 90         |

**Q7. [IF EMPLOYED (Q6 = 1 – 2)]** I am going to read some ways in which people’s work lives have been affected by the coronavirus. Please tell me which of the following apply to you, you can give multiple responses: **[READ AND RANDOMIZE 1-7. ALLOW MULTIPLE RESPONSES]**

N= 327

- I am required to work from home by my employer ..... 48
- My hours at work have been reduced ..... 17
- I have been laid off or furloughed..... 12
- I am a small business owner and my business is  
currently open ..... 8
- I am taking unpaid time off..... 7
- I am a small business owner and my business is  
currently closed ..... 7
- I am taking paid time off..... 4
- (Other)..... 9
- (My work life has not changed) ..... 10

**Q8.** Now thinking about the monthly income of your household, including everyone in your home, and income from all sources including paid work, retirement, and deferred compensation, how much has your household income changed since we were asked to shelter in place in mid-March? Would you say that it has increased significantly, increased somewhat, there has been no change, decreased somewhat, or decreased significantly?

- Decreased significantly ..... 18
- Decreased somewhat ..... 25
- No change ..... 49
- Increased somewhat..... 5
- Increased significantly ..... 2
- (Not sure) ..... 1
  
- Decreased ..... 44
- Increased ..... 6

**Q9.** Now thinking about your expected household income over the next year, how likely is it that you will be able to pay your rent or mortgage on time every month for the next year? Would you say that is very likely, somewhat likely, not very likely, or not at all likely?

- Very likely..... 61
- Somewhat likely ..... 25
- Not very likely ..... 7
- Not at all likely ..... 3
- (Don’t know) ..... 3
  
- Likely ..... 86
- Not likely ..... 11

N= TOTAL  
500

**Q10.** Again thinking about your expected household income over the next year, how likely is it that you will be able to pay for your other basic needs, like food, healthcare, utilities, and other essentials for the next year? Would you say that is very likely, somewhat likely, not very likely, or not at all likely?

|                        |    |
|------------------------|----|
| Very likely.....       | 63 |
| Somewhat likely .....  | 27 |
| Not very likely.....   | 6  |
| Not at all likely..... | 3  |
| (Don't know).....      | 2  |
| Likely.....            | 89 |
| Not likely .....       | 8  |

**Q11.** At this time, do you think the City of Berkeley should focus solely on responding to the coronavirus pandemic and providing basic city services, or do you think that the city should pursue other goals as well, such as supporting small businesses, increasing affordable housing, and addressing homelessness and the environment?

|                                                     |    |
|-----------------------------------------------------|----|
| Solely coronavirus outbreak and basic services..... | 20 |
| Pursue other goals as well.....                     | 73 |
| (Neither).....                                      | 1  |
| (Not sure).....                                     | 6  |

**Q12.** Now I'm going to read you some different areas where investment in the City of Berkeley may be needed in the next few years. Please tell me how important you feel it is for the City of Berkeley to address each of the following: extremely important, very important, somewhat important, not too important, or not important at all. If you are not sure how you feel about a particular item, please say so. **[RANDOMIZE]**

**AFTER EACH:** And would you say that extremely important, very important, somewhat important, or not too important. If you are not sure how you feel about a particular item, please say so.

**Sorted by "Extremely important"**

**Now, I’m going to read some ballot measures that may appear on the ballot in Berkeley this November. Here’s the first one.**

**Sorted by voted “Yes”**

|                                                |    |
|------------------------------------------------|----|
| 17.Climate Action Fund Oil And gas.....        | 74 |
| 16.Wildfire Tax .....                          | 69 |
| 13.Fire And Emergency Essential.....           | 65 |
| 18.Climate Action Fund Utility Users Tax ..... | 61 |
| 14.Fire And Emergency Plus Public Health.....  | 54 |
| 15.Comprehensive Health And Safety .....       | 42 |

**[ROTATE Q13, Q14, Q15, Q16 WITH Q17, Q18; Q14, Q15, Q16 ALWAYS FOLLOW Q13 IN ORDER; ALSO ROTATE Q17 WITH Q18]**

**Q13. [FIRE AND EMERGENCY ESSENTIAL]** Shall the City of Berkeley enact a fire and emergency tax of 8 cents per square foot of building on property owners, estimated at 150 dollars per year on an average home, generating 6.4 million dollars annually, to fund essential local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, and upgrading or replacing safety equipment, including vehicles, facilities, and modernizing the 9-1-1 dispatch system?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |
|-----------------------------|----|
| Yes - strongly .....        | 31 |
| Yes - not so strongly ..... | 23 |
| Lean yes .....              | 12 |
| Undecided /DK .....         | 12 |

**Now I am going to ask about a different measure related to wildfire services.**

**Q16. [WILDFIRE TAX]** Shall the City of Berkeley enact a wildfire prevention parcel tax of 2.5 cents per square foot of building on property owners, estimated at 47 dollars per year on an average home, generating 2 million dollars annually, to fund wildfire prevention, fire safety, an outdoor emergency warning system, and evacuation planning?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |
|-----------------------------|----|
| Yes - strongly .....        | 38 |
| Yes - not so strongly ..... | 23 |
| Lean yes .....              | 8  |
| Undecided /DK .....         | 11 |
| Lean no .....               | 1  |
| No - not so strongly .....  | 8  |
| No - strongly .....         | 11 |
| (Refused) .....             | 0  |
| Yes .....                   | 69 |
| No .....                    | 20 |

**Q17. [CLIMATE ACTION FUND OIL AND GAS]** Shall the City of Berkeley create a Climate Action Fund to provide incentives for Berkeley residents and businesses to reduce global warming emissions? Money for the Climate Action Fund would come from a tax on wholesale distributors of gas and diesel fuel, for measures to reduce greenhouse gas emissions and local air pollution, including increasing electric vehicle, bicycle and pedestrian infrastructure and other clean transportation options, increasing energy efficiency and renewable energy use in homes and businesses, and investing in clean and reliable back-up power for emergency services facilities and other general municipal services?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |
|-----------------------------|----|
| Yes - strongly .....        | 48 |
| Yes - not so strongly ..... | 19 |
| Lean yes .....              | 7  |
| Undecided /DK .....         | 9  |
| Lean no .....               | 2  |
| No - not so strongly .....  | 7  |
| No - strongly .....         | 8  |
| (Refused) .....             | 0  |
| Yes .....                   | 74 |
| No .....                    | 16 |

N= TOTAL  
500

*Now I am going to ask you another version of this same measure.*

**Q18. [CLIMATE ACTION FUND UTILITY USERS TAX]** Shall the City of Berkeley create a Climate Action Fund that would be funded by an increase in the Utility Users Tax from 7.5% to 10%, that would generate 4 million dollars annually for measures to reduce greenhouse gas emissions and local air pollution, including increasing electric vehicle, bicycle and pedestrian infrastructure and other clean transportation options, increasing energy efficiency and renewable energy use in homes and businesses, and investing in clean and reliable back-up power for emergency services facilities and other general municipal services?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

|                             |    |
|-----------------------------|----|
| Yes - strongly .....        | 33 |
| Yes - not so strongly ..... | 18 |
| Lean yes .....              | 10 |
| Undecided /DK .....         | 11 |
| Lean no .....               | 2  |
| No - not so strongly .....  | 10 |
| No - strongly .....         | 16 |
| (Refused) .....             | 0  |
| Yes .....                   | 61 |
| No .....                    | 28 |

*Finally, I would like to ask you a few questions for statistical purposes only.*

**Q19. [T]** In terms of local politics, do you consider yourself progressive, liberal, moderate, or conservative?

|                    |    |
|--------------------|----|
| Progressive .....  | 40 |
| Liberal .....      | 36 |
| Moderate .....     | 15 |
| Conservative ..... | 3  |
| (Don't know) ..... | 4  |
| (Refused) .....    | 3  |

DEFINITIONS OF CREATED VARIABLES

EDUCATION

**H.S./Less**

Respondents with no more than a high school diploma.

**Post-H.S.**

Respondents with some post high school education, such as technical or vocational school or some college education.

**Non-college grad**

Respondents who do not have a college diploma.

**College graduate or post-graduate**

Respondents with at least a college degree.

**4-year College grad**

Respondents with a 4-year college degree but no post graduate education.

Q13-18. Ballot Measures

**Yes**

Respondents who say they would vote yes on the measure and hold that position strongly or not so strongly, or are undecided but lean toward voting yes on the measure.

**No**

Respondents who say they would vote no on the measure and hold that position strongly or not so strongly, or are undecided but lean toward voting no on the measure.

**Undecided/DK**

Respondents who are undecided and do not lean toward yes or no on the measure.

Office of the City Manager

ACTION CALENDAR

June 9, 2020

*(Continued from June 2, 2020)*

To: Honorable Mayor and Members of the City Council  
From: Dee Williams-Ridley, City Manager  
Submitted by: David A. White, Deputy City Manager  
Subject: Presentation and Discussion of Community Survey Results and Direction About Next Steps for Possible Ballot Measure Development

RECOMMENDATION

Discuss results of the community survey and provide direction to the City Manager about the drafting of possible measures for inclusion on the November 2020 ballot.

SUMMARY

At the April 28, 2020 City Council meeting, City Council asked staff to undertake a community survey to determine the ways in which the community has been impacted by COVID-19 and to include questions about the following possible ballot measures:

- A parcel tax, at varying levels per square foot, to address fire, emergency medical service, and public health needs. This tax requires a two-thirds vote for approval.
- A parcel tax for wildfire prevention activities. This tax requires a two-thirds vote for approval
- An increase in the utility user tax by 2.5 percent to generate resources for a climate action fund. A special tax requires a two-thirds vote for approval and a general tax requires approval by a simple majority of voters.
- A tax on wholesale distributors of gas and diesel fuel to generate resources for a climate action fund.

Lake Research Partners conducted the survey from May 16 through May 19. The results from the survey will not be available until after the filing deadline for this report. The final questionnaire is attached and a summary of the survey results will be provided to Council in a supplemental report.

If the City Council wishes to move forward with placing a revenue measure (or measures) on the ballot in the fall, city staff will need direction on the specifics of the measure(s) to allow adequate time to draft final ballot measure language for Council consideration and to meet County Registrar of Voter deadlines for the November 2020 ballot.

FISCAL IMPACTS OF RECOMMENDATION

The total cost of implementing the community survey is estimated at \$27,438 and staff does not anticipate spending more than \$30,000 under the contract with Lake Research Partners that was approved by City Council. The total amount authorized by City Council to administer two community surveys was an amount not-to-exceed \$75,000. City staff estimates generating savings of at least \$45,000 by implementing only one community survey.

CURRENT SITUATION AND ITS EFFECTS

On April 28, 2020, City Council provided direction to city staff to move forward with a community survey with focused questions to understand the impacts of the COVID-19 pandemic on residents and the level of support for a number of revenue measures. Lake Research Partners designed and administered a 15-minute community survey for the City of Berkeley which was conducted by telephone (May 16-19, 2020) using professional interviewers. The results of the survey will be provided to City Council in a supplemental report. If the City Council wishes to move forward with placing a revenue measure (or measures) on the ballot in the fall, city staff will need direction on the specifics of the measure(s) to allow adequate time to draft final ballot measure language for Council consideration and to meet County Registrar of Voters deadlines for the November 2020 ballot.

In order to meet the deadlines set by the Alameda County Registrar of Voters to place items on the November ballot, the following timeline has been developed for the Council's consideration:

|                                  |                                                                                                                |

BACKGROUND

On January 28, staff delivered a presentation to the City Council on fire and emergency services and various operational and system enhancements as well as funding options that included ballot measures, fees, and special studies. On February 4, 2020, staff provided an overview to the City Council on the ballot schedule and discussed the items that could be part of a community survey along with a variety of potential ballot measures that were being considered for the November 3, 2020 ballot. On February 11, 2020, staff delivered a subsequent presentation to City Council and received direction to survey the community on a number of revenue measures. The original timeline indicated that the first, of two, surveys would take place two weeks after the March 3, 2020 primary with city staff returning to City Council on April 14, 2020 with the results of the first survey. However, due to the local, state, and national emergencies that were declared as a result of the COVID-19 pandemic and the shelter-in-place orders that were issued on March 17, 2020 and on March 31, 2020, the community survey was not administered. City staff provided an update to City Council on April 28, 2020 and received direction to survey the community on the impacts of COVID-19 and the following revenue measures:

- A parcel tax, at varying levels per square foot, to address fire, emergency medical service, and public health needs.

- A parcel tax for wildfire prevention activities.
- An increase in the utility user tax by 2.5 percent to generate resources for a climate action fund.
- A tax on wholesale distributors of gas and diesel fuel to generate resources for a climate action fund.

In addition to the revenue measures listed above, the following is a list of other measures that are being considered for the November 3, 2020 ballot:

- Police Charter Amendment. This item was scheduled for the City Council meeting on April 14, 2020. The Council voted to place the item on the November 3, 2020 ballot.
- Tax / User Fee on ride share companies for prearranged rides originating in the City of Berkeley.
- Addressing the GANN limit. This is an item that has to be placed on the ballot every four (4) years that allows the City to continue to spend the proceeds of various taxes that were previously approved by the voters. The City last placed this item on the 2016 ballot and City Council will be asked to place this item on the ballot on June 2, 2020.
- Eliminate the requirement in the Charter (Article VII, Section 37a) that requires the following: “Any sworn member of the fire department who is hired subsequent to January 1, 1995, may not reside greater than a radius of forty (40) air miles from the boundaries of the City of Berkeley.”
- Revising certain sections of the Charter and Municipal Code to use gender neutral language (two measures – one for the Charter and one for the BMC).
- City Council salaries. This item initially appeared on the April 28, 2020 City Council Agenda and was continued to the City Council meeting on June 2, 2020.

#### ENVIRONMENTAL SUSTAINABILITY

There are no identifiable environmental effects or opportunities associated with the action requested in this report.

#### RATIONALE FOR RECOMMENDATION

Lake Research Partners has implemented the community survey at the direction of City Council and city staff requires feedback and additional direction in order to draft ballot language if the City Council would like to place any revenue measures on the ballot.

#### ALTERNATIVE ACTIONS CONSIDERED

None.

City of Berkeley Community Survey  
Draft Questionnaire  
Phone and Text to Online  
May 2020

N=500 Likely Nov 2020 General Election Voters

Target Length: 15 minutes  
Current length: 15 minutes

Hello. My name is \_\_\_\_\_. I'm calling from McGuire Research. We are conducting a public opinion survey and would like to ask you some questions. We are not selling anything, and won't ask you for a contribution or donation.

May I please speak with (VOTER NAME FROM FILE)? **ACCEPT NO SUBSTITUTES**

**Q1.** Before we begin, I need to know if I have reached you on a cell phone, and if so, are you in a place where you can talk safely?

- Yes, cell and can talk safely ..... 1
- Yes, cell and cannot talk safely **[CALL BACK]** ..... 2
- No, not on cell, but own one ..... 3
- No, not on cell, and do not own one ..... 4
- (Don't know/refused) **[TERMINATE]** ..... 5

**Q2.** Could you please tell me your gender? **[DO NOT READ OPTIONS]**

- Male ..... 1
- Female ..... 2
- Non-binary/other ..... 3

**Q3.** Although it is some time from now, what are the chances of you voting in the November 2020 general election for President, Congress, and other offices? Are you almost certain to vote, will you probably vote, are the chances about 50-50, are you probably not going to vote, or are you definitely not going to vote?

- Almost certain to vote ..... 1
- Probably will vote ..... 2
- 50-50 **[TERMINATE]** ..... 3
- Probably not **[TERMINATE]** ..... 4
- Definitely not **[TERMINATE]** ..... 5
- Don't know **[TERMINATE]** ..... 6

**Q4.** How much of an impact has the coronavirus pandemic had on you and your household – thinking about all of the effects, including financial concerns and physical and mental health, would you say the impact on your household has been very serious, fairly serious, moderate, minor, or no impact at all?

- Very serious..... 1
- Fairly serious ..... 2
- Moderate..... 3
- Minor..... 4
- No impact..... 5
- (Don't know)..... 6

**Q5.** In your own words, what has been the single greatest challenge or difficulty for you and your household as a result of the coronavirus pandemic?

\_\_\_\_\_ [RECORD VERBATIM – PROMPT FOR SPECIFIC CONCERN]

**Q6.** Before we were asked to shelter in place in mid-March, what was your employment status – were you: **[READ IN ORDER]**

- Employed full-time ..... 1
- Employed part-time..... 2
- Unemployed..... 3
- Retired ..... 4
- Homemaker or stay at home parent..... 5
- Full-time student ..... 6
- On disability ..... 7
- (Other) ..... 8
- (Don't know)..... 9

**Q7. [IF EMPLOYED (Q6 = 1 – 2)]** I am going to read some ways in which people’s work lives have been affected by the coronavirus. Please tell me which of the following apply to you, you can give multiple responses: **[READ AND RANDOMIZE 1-7. ALLOW MULTIPLE RESPONSES]**

- I have been laid off or furloughed ..... 1
- My hours at work have been reduced ..... 2
- I am required to work from home by my employer..... 3
- I am taking paid time off ..... 4
- I am taking unpaid time off ..... 5
- I am a small business owner and my business is currently closed..... 6
- I am a small business owner and my business is currently open ..... 7
- (Other: [OPEN END]) ..... 8
- (My work life has not changed) ..... 9

**Q8.** Now thinking about the monthly income of your household, including everyone in your home, and income from all sources including paid work, retirement, and deferred compensation, how much has your household income changed since we were asked to shelter in place in mid-March? Would you say that it has increased significantly, increased somewhat, there has been no change, decreased somewhat, or decreased significantly?

- Decreased significantly ..... 1
- Decreased somewhat ..... 2
- No change ..... 3
- Increased somewhat ..... 4
- Increased significantly ..... 5
- (Not sure)..... 6

**Q9.** Now thinking about your expected household income over the next year, how likely is it that you will be able to pay your rent or mortgage on time every month for the next year? Would you say that is very likely, somewhat likely, not very likely, or not at all likely?

- Very likely ..... 1
- Somewhat likely ..... 2
- Not very likely ..... 3
- Not at all likely ..... 4
- (Don’t know)..... 5

**Q10.** Again thinking about your expected household income over the next year, how likely is it that you will be able to pay for your other basic needs, like food, healthcare, utilities, and other essentials for the next year? Would you say that is very likely, somewhat likely, not very likely, or not at all likely?

- Very likely ..... 1
- Somewhat likely ..... 2
- Not very likely ..... 3
- Not at all likely ..... 4
- (Don't know)..... 5

**Q11.** At this time, do you think the City of Berkeley should focus solely on responding to the coronavirus pandemic and providing basic city services, or do you think that the city should pursue other goals as well, such as supporting small businesses, increasing affordable housing, and addressing homelessness and the environment?

- Solely coronavirus outbreak and basic services ..... 1
- Pursue other goals as well ..... 2
- (Neither)..... 3
- (Not sure)..... 4

**Q12.** Now I'm going to read you some different areas where investment in the City of Berkeley may be needed in the next few years. Please tell me how important you feel it is for the City of Berkeley to address each of the following: extremely important, very important, somewhat important, not too important, or not important at all. If you are not sure how you feel about a particular item, please say so. **[RANDOMIZE]**

**AFTER EACH:** And would you say that extremely important, very important, somewhat important, or not too important. If you are not sure how you feel about a particular item, please say so.

Column:

- Extremely important ..... 1
- Very important..... 2
- Somewhat important ..... 3
- Not too important ..... 4
- Not important at all..... 5
- (Don't know)..... 6

- a. Climate change and sustainability
- b. Fire safety and emergency medical response, including training for first responders, additional ambulances, paramedics, and modernizing the 9-1-1 dispatch system
- c. Wildfire prevention, including vegetation management, an outdoor warning system, fire safety, and evacuation planning
- d. Improving response to public health emergencies such as the coronavirus pandemic, including contact tracing, vaccines, testing, education and health information
- e. Affordable housing and homeless services

**Now, I'm going to read some ballot measures that may appear on the ballot in Berkeley this**

*November. Here's the first one.*

**[ROTATE Q13, Q14, Q15, Q16 WITH Q17, Q18; Q14, Q15, Q16 ALWAYS FOLLOW Q13 IN ORDER; ALSO ROTATE Q17 WITH Q18]**

**Q13. [FIRE AND EMERGENCY ESSENTIAL]** Shall the City of Berkeley enact a fire and emergency tax of 8 cents per square foot of building on property owners, estimated at 150 dollars per year on an average home, generating 6.4 million dollars annually, to fund essential local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, and upgrading or replacing safety equipment, including vehicles, facilities, and modernizing the 9-1-1 dispatch system?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

- Yes - strongly ..... 1
- Yes - not so strongly ..... 2
- Lean yes ..... 3
- Undecided..... 4
- Lean no..... 5
- No - not so strongly ..... 6
- No - strongly ..... 7
- (Don't know)..... 8
- (Refused)..... 9

*Now I am going to ask you a different version of this same measure.*

**Q14. [FIRE AND EMERGENCY PLUS PUBLIC HEALTH]** Shall the City of Berkeley enact a fire and emergency tax of \$0.17 cents per square foot of building on property owners, estimated at 325 dollars per year on an average home, generating 14 million dollars annually, to fund local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, upgrading or replacing safety equipment, including vehicles, facilities, modernizing the 9-1-1 dispatch system, and expand funding so that the City can better respond to public health emergencies such as the coronavirus pandemic, including expanded funding for contact tracing, vaccines, testing, education and health information?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

- Yes - strongly ..... 1
- Yes - not so strongly ..... 2
- Lean yes ..... 3
- Undecided..... 4
- Lean no..... 5
- No - not so strongly ..... 6
- No - strongly ..... 7
- (Don't know)..... 8
- (Refused)..... 9

*Now I am going to ask you another version of this same measure.*

**Q15. [COMPREHENSIVE HEALTH AND SAFETY]** Shall the City of Berkeley enact a fire and health and safety tax of 26.3 cents per square foot of building on property owners, estimated at 500 dollars per year on an average home, generating 21.4 million dollars annually, to fund local firefighter and paramedic emergency response, including new ambulances, additional hiring and training for firefighters and paramedics, upgrading or replacing safety equipment, including vehicles, facilities modernizing the 9-1-1 dispatch system, expand funding so that the City can better respond to public health emergencies such as the coronavirus pandemic, including expanded funding for contact tracing, vaccines, testing, education and health information, and to fund wildfire prevention, fire safety, an outdoor emergency warning system, and evacuation planning?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

- Yes - strongly ..... 1
- Yes - not so strongly ..... 2
- Lean yes ..... 3
- Undecided..... 4
- Lean no..... 5
- No - not so strongly..... 6
- No - strongly ..... 7
- (Don't know)..... 8
- (Refused)..... 9

***Now I am going to ask about a different measure related to wildfire services.***

**Q16. [WILDFIRE TAX]** Shall the City of Berkeley enact a wildfire prevention parcel tax of 2.5 cents per square foot of building on property owners, estimated at 47 dollars per year on an average home, generating 2 million dollars annually, to fund wildfire prevention, fire safety, an outdoor emergency warning system, and evacuation planning?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

- Yes - strongly ..... 1
- Yes - not so strongly ..... 2
- Lean yes ..... 3
- Undecided..... 4
- Lean no..... 5
- No - not so strongly..... 6
- No - strongly ..... 7
- (Don't know)..... 8
- (Refused)..... 9

**Q17. [CLIMATE ACTION FUND OIL AND GAS]** Shall the City of Berkeley create a Climate Action Fund to provide incentives for Berkeley residents and businesses to reduce global warming emissions? Money for the Climate Action Fund would come from a tax on wholesale distributors of gas and diesel fuel, for measures to reduce greenhouse gas emissions and local air pollution, including increasing electric vehicle, bicycle and pedestrian infrastructure and other clean transportation options, increasing energy efficiency and renewable energy use in homes and businesses, and investing in clean and reliable back-up power for emergency services facilities and other general municipal services?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

- Yes - strongly ..... 1
- Yes - not so strongly ..... 2
- Lean yes ..... 3
- Undecided..... 4
- Lean no..... 5
- No - not so strongly ..... 6
- No - strongly ..... 7
- (Don't know)..... 8
- (Refused)..... 9

*Now I am going to ask you another version of this same measure.*

**Q18. [CLIMATE ACTION FUND UTILITY USERS TAX]** Shall the City of Berkeley create a Climate Action Fund that would be funded by an increase in the Utility Users Tax from 7.5% to 10%, that would generate 4 million dollars annually for measures to reduce greenhouse gas emissions and local air pollution, including increasing electric vehicle, bicycle and pedestrian infrastructure and other clean transportation options, increasing energy efficiency and renewable energy use in homes and businesses, and investing in clean and reliable back-up power for emergency services facilities and other general municipal services?

If the election were held today, would you vote yes or no on this measure, or are you undecided?

**[IF YES/NO]:** And do you support/oppose this measure strongly or not so strongly?

**[IF UNDECIDED]:** Well, to which side do you lean?

- Yes - strongly ..... 1
- Yes - not so strongly ..... 2
- Lean yes ..... 3
- Undecided..... 4
- Lean no..... 5
- No - not so strongly ..... 6
- No - strongly ..... 7
- (Don't know)..... 8

(Refused)..... 9

**Finally, I would like to ask you a few questions for statistical purposes only.**

**Q19. [T]** In terms of local politics, do you consider yourself progressive, liberal, moderate, or conservative?

Progressive..... 1  
 Liberal..... 2  
 Moderate..... 3  
 Conservative..... 4  
 (Don't know)..... 5  
 (Refused)..... 6

**Q20. [T\*]** From which one of these sources do you get most of your news about Berkeley? **[RANDOMIZE 1-10]**

East Bay Times or Berkeley Voice ..... 1  
 Berkeleyside ..... 2  
 The San Francisco Chronicle or SFGate..... 3  
 The Daily Californian..... 4  
 City of Berkeley website, email, or social media..... 5  
 Other print newspapers..... 6  
 Other online news sites..... 7  
 Radio ..... 8  
 Local television news ..... 9  
 Social media like Facebook, Twitter, or Nextdoor..... 10  
 (Don't know/refused)..... 11

**Q21. [T\*]** What is the last year of schooling that you have completed? **[DO NOT READ]**

1-11th grade ..... 1  
 High school graduate ..... 2  
 Non-college post H.S. .... 3  
 Some college ..... 4  
 Associate's degree..... 5  
 College graduate..... 6  
 Post-graduate school ..... 7  
 (Don't know/refused)..... 8

**Q22. [T]** Do you have any children 18 years of age or younger living at home with you?

Yes ..... 1  
 No..... 2  
 (Don't know/refused)..... 3

**Q23. [IF Q22=YES] [T]** Are any of your children currently enrolled in Berkeley public schools?

- Yes ..... 1
- No ..... 2
- (Don't know/refused) ..... 3

**Q24. [T]** Do you own your own home or do you rent?

- Own ..... 1
- Rent ..... 2
- (Other) ..... 3
- (Don't know/refused) ..... 4

**Q25. [T]** How long have you lived in Berkeley? **[DO NOT READ, RECORD WITHIN RANGE]**

- Less than two years ..... 1
- Two to five years ..... 2
- Five to ten years ..... 3
- Ten to twenty years ..... 4
- More than twenty years ..... 5
- All your life ..... 6
- (Don't know/refused) ..... 7

**Q26.** Just to make sure we have a representative sample, could you please tell me whether you are from a Latino, Hispanic, or Spanish-speaking background?

- Yes, Latino/Latina/Hispanic ..... 1
- No, not Latino/Latina/Hispanic ..... 2
- (Don't know/Refused) ..... 3

**Q27. [ASK ALL] [T\*]** And please tell me which one, or more than one, of these racial or ethnic groups you identify with.

**[RANDOMIZE/READ CHOICES]**

**[ACCEPT MULTIPLE RESPONSES]**

**[IF "OTHER" OR "BIRACIAL" OR "MULTI-RACIAL":]** Well which two or three of these do you identify with the most?

- White or Caucasian ..... 1
- Black or African American ..... 2
- Latino/Latina or Hispanic ..... 3
- Asian American or Pacific Islander ..... 4
- Native American ..... 5
- Middle Eastern ..... 6
- (Other) ..... 7
- (Don't know/Refused) ..... 8

RECORD PARTY REGISTRATION AND AGE FROM FILE

THIS COMPLETES OUR SURVEY. THANK YOU VERY MUCH FOR YOUR TIME, AND HAVE A PLEASANT (DAY/EVENING).

Office of the City Manager

**ACTION CALENDAR**  
 June 9, 2020  
 (Continued from June 2, 2020)

To: Honorable Mayor and Members of the City Council  
 From: Dee Williams-Ridley, City Manager  
 Submitted by: Mark Numainville, City Clerk  
 Subject: Placing Charter Amendment Measure on the November 3, 2020 Ballot  
 Related to Full-Time Status and Salaries for the Mayor and  
 Councilmembers

**RECOMMENDATION**

1. Adopt a Resolution submitting an Amendment to Article V of the City Charter regarding the full-time status and salaries for the Mayor and City Council to a vote of the electors at the November 3, 2020 General Municipal Election.
2. Designate, by motion, specific members of the Council to file ballot measure arguments on this measure as provided for in Elections Code Section 9282.

**FISCAL IMPACTS OF RECOMMENDATION**

The table below shows the year-by-year costs for elections since 2012. Significant cost increases occurred in 2012 and 2014 due primarily to general year-over-year increases, and the addition of two more required languages (Vietnamese and Tagalog). The cost increase in 2016 is due to a new, permanent surcharge from the Registrar of Voters to fund the County’s voting equipment replacement account.

| Date                     | Election         |                  |                  |                 |                  |
|--------------------------|------------------|------------------|------------------|-----------------|------------------|
|                          | Nov. 2012        | Nov. 2014        | Nov. 2016        | Mar. 2017       | Nov. 2018        |
| <b>No. of Measures</b>   | 10               | 7                | 11               | 0               | 4                |

| <b>General Costs</b>     | \$367,884        | \$392,331        | \$706,901        | -               | \$385,246        |
| <b>RCV Costs</b>         | \$101,041        | \$189,148        | \$181,954        | -               | \$185,578        |
| <b>Total Costs</b>       | <b>\$468,925</b> | <b>\$581,479</b> | <b>\$888,855</b> | <b>\$85,628</b> | <b>\$570,824</b> |

### CURRENT SITUATION AND ITS EFFECTS

At the May 29, 2018 City Council meeting, the council discussed the results of a second community survey and proposed language for an amendment to the City Charter regarding the salary and full-time status of the City Council. The Council directed the City Manager to return with draft ballot measure language for the November 6, 2018 General Election. The Council elected not to place this measure on the November 2018 ballot.

On February 4, 2020, during a City Council work session on potential ballot measures, a majority of the Council expressed interest in placing a measure on the ballot to amend the City Charter to make the office of Mayor and City Councilmember full-time positions, with remuneration set at a level reflecting full-time employment. The proposed Charter Amendment would provide that the office of Mayor and Councilmember are full-time positions, and that the Personnel Board shall set the salary of the Mayor and Councilmembers initially after adoption and every five years thereafter based on a salary survey of other full-time Mayors and City Councils in California and it shall consider the Consumer Price Index (CPI).

Remuneration may be reduced in defined instances, including unexcused absences from Council meetings or negotiated salary reductions for City employees. If adopted, the attached resolution will request that the Registrar of Voters place the matter on the ballot for consideration by Berkeley voters.

Additionally, according to California Elections Code 9282(b), for measures placed on the ballot by the legislative body, the legislative body, or a member or members of the legislative body authorized by that body, or an individual voter who is eligible to vote on the measure, or bona fide association of citizens, or a combination of voters and associations, may file a written argument for or against any city measure.

### BACKGROUND

The current Charter provisions do not designate the offices of Mayor and Councilmember as full-time positions. This amendment would designate the offices as full-time and task the Personnel Board with setting the salaries of Mayor and Council based on surveys of other full-time Mayors and City Councils.

### ENVIRONMENTAL SUSTAINABILITY

There are no identifiable environmental effects or opportunities associated with the subject of this report.

### RATIONALE FOR RECOMMENDATION

The City Clerk is presenting this action in accordance with the direction given by Council.

### ALTERNATIVE ACTIONS CONSIDERED

None

1: Resolution

Exhibit A: Text of Measure

RESOLUTION NO. -N.S.

SUBMITTING TO THE BERKELEY ELECTORATE AN AMENDMENT TO THE SALARY PROVISIONS IN ARTICLE V OF THE BERKELEY CITY CHARTER ON THE NOVEMBER 3, 2020 BALLOT

WHEREAS, the Berkeley City Council has elected to submit to the voters at the November 3, 2020 General Municipal Election, a measure to amend Article V of the Berkeley Charter related to the salary for Mayor and City Council; and

WHEREAS, in accordance with the provisions of Section 10002 and 10403 of the Elections Code of the State of California, the Alameda County Board of Supervisors is requested to consolidate the City of Berkeley General Municipal Election with the Statewide General Election to be held November 3, 2020; and

WHEREAS, the City of Berkeley hereby requests that the Alameda County Board of Supervisors permit the Registrar of Voters of Alameda County to perform services in connection with said election at the request of the City Clerk. These services to include all necessary services related to official ballot creation, sample ballot and voter information pamphlet preparation, vote-by-mail, polling places, poll workers, voter registration, voting machines, canvass operations, and any and all other services necessary for the conduct of the consolidated election; and

WHEREAS, the Council desires to submit this measure to be placed upon the ballot at said consolidated election.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Berkeley that the Board of Supervisors of Alameda County is hereby requested to include on the ballots and sample ballots the measure enumerated above to be voted on by the voters of the qualified electors of the City of Berkeley.

BE IT FURTHER RESOLVED that the full text of the measure shall be printed in the Voter Information Pamphlet mailed to all voters in the City of Berkeley.

BE IT FURTHER RESOLVED that the above enumerated measure requires a majority vote threshold for passage.

BE IT FURTHER RESOLVED that the City Clerk is hereby directed to cause the posting, publication and printing of notices, pursuant to the requirements of the Charter of the City of Berkeley, the Government Code and the Elections Code of the State of California.

BE IT FURTHER RESOLVED that the City Clerk is hereby directed to obtain printing, supplies and services as required.

BE IT FURTHER RESOLVED that the City Clerk is hereby authorized to enter into any contracts necessary for election consulting services, temporary employment services,

printing services, and any such other supplies and services as may be required by the statutes of the State of California and the Charter of the City of Berkeley for the conduct of the November General Municipal Election.

BE IT FURTHER RESOLVED that Pursuant to Elections Code Section 9285 (b), the City Council hereby adopts the provisions of Elections Code Section 9285 (a) providing for the filing of rebuttal arguments for city ballot measures.

BE IT FURTHER RESOLVED that the City will reimburse the Registrar of Voters for the costs associated with placing the measure on the ballot.

BE IT FURTHER RESOLVED that said proposed Charter Amendment measure shall appear and be printed upon the ballots to be used at said election as follows:

| <b>CITY OF BERKELEY CHARTER AMENDMENT</b>                                                                                                                                                                                                                                                                                                                                                                                                                            |     |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Shall the measure amending the City Charter to provide that the offices of Mayor and Councilmember are full-time positions and shall receive a salary for performance of their official duties set by the Personnel Board based on salaries of other full-time California Mayors and Councils, but which may be lowered in defined instances, including for unexcused absences from Council meetings or negotiated salary reductions for City employees, be adopted? | YES |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | NO  |

BE IT FURTHER RESOLVED that the text of the Charter Amendment be shown as Exhibit A, attached hereto and made a part hereof.

Exhibits

A: Text of Charter Amendment

## AMENDMENTS TO ARTICLE V OF THE BERKELEY CITY CHARTER RELATED TO FULL-TIME STATUS AND SALARIES FOR THE MAYOR AND CITY COUNCIL

The People of the City of Berkeley hereby amend Section 19 of the Charter of the City of Berkeley to read as follows:

Section 1. Section 19 of Article V of the Charter of the City of Berkeley is amended to read as follows:

### **Section 19. Salaries.**

The Mayor and Councilmembers shall receive remuneration for the performance of their official duties. at the rate of up to \$1,800 per month, and the Mayor shall receive up to \$2,850 per month, effective the Council term beginning in December 1998. Such amount shall be adjusted upward by the increase in the cost of living for the San Francisco Bay Area as verified by official United States economic reports. The office of Mayor and Councilmember are full-time positions. The Personnel Board shall set the salary of the Mayor and Councilmembers initially after the effective date of this Charter Amendment and every five years based on a salary survey of other full-time California Mayors and City Councils and it shall consider the Consumer Price Index (CPI).

The Personnel Board shall establish dates for an appropriate five-year cycle for making the determinations required by this Section, in order to efficiently coordinate with City budget processes and related procedures. In order to institute this five-year cycle, the initial determination may be for less than a five-year period, as determined by the Personnel Board.

If the City and employee organizations agree to amend the compensation provisions of existing memoranda of understanding to reduce costs, the Personnel Board shall review and amend the Mayor and Councilmembers' salary as necessary to achieve comparable cost savings in the affected fiscal year or years.

Either the Mayor or any Councilmember may, at his or her sole discretion, reduce the remuneration paid himself or herself. In any such case, the difference between the reduced amount actually paid to such Mayor or Councilmember and the amount of remuneration authorized by this Article shall be appropriated as part of the budget of the Mayor or Councilmember taking the voluntary reduction in remuneration and such differential may be expended for any purpose otherwise authorized for the expenditure of sums so budgeted. ~~If the Mayor or any member of the Council is absent from one or more regular meetings of the Council during any calendar month, unless excused by the Council in order to attend to official business of the City, or unless excused by the Council as a result of illness from attending no more than two regular meetings in any~~

~~calendar year, he or she shall be paid for each regular meeting attended during such months in an amount equal to the monthly remuneration divided by the number of regular meetings held during such month.~~

For each member of the Council and the Mayor, a sum, as established by the Personnel Board, shall be deducted from the salary of such member for each regular or special meeting of the full Council, which they fail to attend in each such calendar month; provided, however, that such deduction shall not be made for their failure to attend any meeting during which they are away on authorized City business, or from which they are absent because of their own illness or the illness or death of a "close family member" as defined in the City's bereavement leave policy.

Energy Commission

## ACTION CALENDAR

June 9, 2020

*(Continued from June 2, 2020)*

To: Honorable Mayor and Members of the City Council

From: Energy Commission

Submitted by: Cate Leger, Chairperson, Energy Commission

Subject: Recommendation to Prepare a City Ballot Measure to Create a Climate Action Fund, in response to the Fossil Fuel Free Berkeley referral

### RECOMMENDATION

The Commission recommends that the City Council develop a referendum and seek approval for it on the 2020 ballot to create a Climate Action Fund, which would support actions to achieve the Berkeley Climate Action Plan, to become Fossil Fuel Free, and to respond to the Climate Emergency.

### FISCAL IMPACTS OF RECOMMENDATION

Development of the referendum would involve work time of staff and City Council members, plus members of the public. The Council should survey voters about fundraising options, as part of polling on ballot measures. Adoption of the referendum by voters would result in a new Climate Action Fund of \$5 million to \$10 million per year to be spent on measures to reduce carbon pollution.

### CURRENT SITUATION AND ITS EFFECTS

On June 12, 2018, the Council adopted a goal of creating a “Fossil Fuel Free Berkeley” and a “Declaration of a Climate Emergency,” which together reinforced the Council’s desires to make Berkeley a global leader on reducing the threat of climate change.

Rising greenhouse gas concentrations in the atmosphere are leading to rising global average temperatures and greater incidence of drought, wildfire, extreme weather events, and other impacts. Berkeley is a significant contributor to greenhouse gas emissions, due to heavy reliance of its citizens on gasoline and diesel vehicles, natural gas in homes and businesses, consumption of goods with high levels of “embedded emissions” from manufacturing and distribution, and other sources. New technologies, along with changes to infrastructure and human behavior, offer significant potential to cut fossil fuel use and carbon emissions in Berkeley.

The Energy Commission submitted to Council “Recommendations for a Fossil Fuel Free Berkeley” in January 2019, in response to the Council’s Fossil Fuel Free Berkeley proclamation and Declaration of a Climate Emergency. In that report, the Commission

recommended, among other things, that the Council put a referendum on the November 2020 ballot that “would include binding mandates and specific priorities for emissions reductions.” This recommendation provides further ideas about the content of that referendum.

At its meeting of February 26, 2020, the Energy Commission voted to recommend to the City Council that a referendum be placed on the ballot to ask voters to create an ongoing funding stream for carbon reduction activities, called a Climate Action Fund, with annual revenues of \$5 million to \$10 million. (Moved by Paulos, second by Stromberg. Ayes: Zuckerman, Bell, Weems Paulos, Stromberg, O’Hare; Nays: None; Abstentions: None; Absent: Schlachter Leger, Gil; 6-0-0-3).

The key issues for Council to explore are 1) how to raise revenues for the Fund, and 2) how to spend the funds. The Council should initiate a public process to explore funding and spending options. The Commission recommends the following principles: Revenues for the Fund should be raised in accord with the “polluter pays principle,” such as by imposing a higher price on fossil fuels, and as progressively as possible, with reduced burdens on low-income citizens. Preliminary ideas for funding sources include:

- An increase in the Utility Users Tax (UUT) for natural gas consumption, along with a reduction in the UUT for electricity, to encourage switching from a fossil fuel to renewable electricity;
- A tax on “transportation network companies” like Uber and Lyft, who have caused a drop in transit use and an increase in carbon emissions and traffic congestion, and on delivery services and fleets;
- Taxes aimed at internal combustion vehicles, such as a tax on gasoline and diesel fuel, vehicle registration fees, oil changes and smog inspections; and
- An increase in parking fees and a tax on privately-owned parking lots.

Funds would be administered by City offices with input from current Commissions or a new expert panel, similar to the panels that guide funding for the Sugar-Sweetened Beverages Tax and Measure O. The Fund would be spent on activities that reduce climate emissions, as described in the Berkeley Climate Action Plan. Funds would be used to fill gaps in regional, state, and federal policy, and leverage local, state, federal, philanthropic, and private-sector funds. Proposals for funding would be accepted from businesses, non-profits, and government agencies, and scored based on a) their effectiveness at reducing carbon emissions, b) equity benefits, c) cost effectiveness, and d) local economic benefits. Funds would not be used to backfill existing City budgets. Some potential areas for funding could include:

- Electric mobility and charging infrastructure;
- Renewable energy in homes and businesses;

- Accelerated deployment of bicycle, micro-mobility and pedestrian improvements, such as protected bike and micro-mobility lanes, and safer street crossings; and
- Building electrification and energy efficiency.

Funding allocation strategies would be reassessed annually. Berkeley would join other communities with similar voter-approved funds, including Boulder, Colorado; Athens, Ohio; and Portland, Oregon.

### BACKGROUND

The City of Berkeley adopted the Climate Action Plan in June 2009. While the City has made good progress in some areas, it has lagged overall and is behind schedule in achieving interim goals. In addition, many of the gains have been caused by state and federal policy and market and technology developments, rather than by City actions.

One impediment to greater progress on the Climate Action Plan is the lack of dedicated funding for it. While City departments sometimes implement measures that cut carbon emissions, their budgets do not have line items for climate action, and rarely are actions prioritized solely because of the carbon reduction benefits. Instead, the City's sustainability programs are often forced to seek support from outside funding sources, such as state and philanthropic grants.

Having a dedicated funding source would give the City greater ability to be proactive; to take advantage of local opportunities and create more local benefits; to expand upon or fill in gaps left by state, regional and federal policies; and to leverage outside funding opportunities.

### ENVIRONMENTAL SUSTAINABILITY

These recommendations are intended to accelerate citywide reductions in greenhouse gases and reduce the impact of global warming.

### RATIONALE FOR RECOMMENDATION

Creation of a Climate Action Fund would increase the City's ability to meet the goals of the Climate Action Plan, the Fossil Fuel Free Berkeley declaration, and the Climate Emergency declaration.

### ALTERNATIVE ACTIONS CONSIDERED

The Commission's report to Council on the Fossil Fuel Free Berkeley and Climate Emergency resolutions explored many options. The idea for a climate referendum was included as a "fast track proposal." This memo supplements the previous Energy Commission recommendation.

### CITY MANAGER

The City Manager takes no position on the content and recommendations of the Commission's Report.

1: Fossil Fuel Free Berkeley Report of the Berkeley Energy Commission, January 23, 2019

# Fossil Free Berkeley Report

Berkeley Energy Commission January 23, 2019

## Council Referral

On June 12, the Berkeley City Council passed item 30 “Fossil Free Berkeley” which refers “to the Energy Commission and Transportation Commission consideration of the proposed resolution or similar action to further implement the Climate Action Plan and establish the goal of becoming a Fossil Fuel Free Berkeley, and further consider:

Establishing a date by which we are committed to being a Fossil Fuel Free City;

Opposing further transportation of oil, gas, and coal;

Fully implementing Berkeley Deep Green Building, raising the citywide LEED certification requirement above the current LEED Silver, and applying the same requirements to newly constructed city facilities, and major renovations;

Requiring all future City government procurements of vehicles to minimize emissions, and establishing a goal and plan for transitioning the city’s vehicle fleet to all electric vehicles;

Establishing a goal and plan for transitioning to 100% renewable energy for municipal operations and a community wide goal of 100% reductions by 2030;

Formally opposing the recent expansion of offshore drilling by the Trump Administration; and

Calling for region-wide solutions to carbon emissions, including rapid adoption of renewable energy sources, affordable densification of cities and low-emissions public transportation infrastructure.”

On June 12, the Berkeley City Council also passed item 49 “Declaration of a Climate Emergency” which refers “to the Energy Commission to study and report back to Council on a path for Berkeley to become a “Carbon Sink” as quickly as possible, and to propose a deadline for Berkeley to achieve this goal” ideally by 2030.

This Report is the Energy Commission’s response to Council’s June 12 referrals.

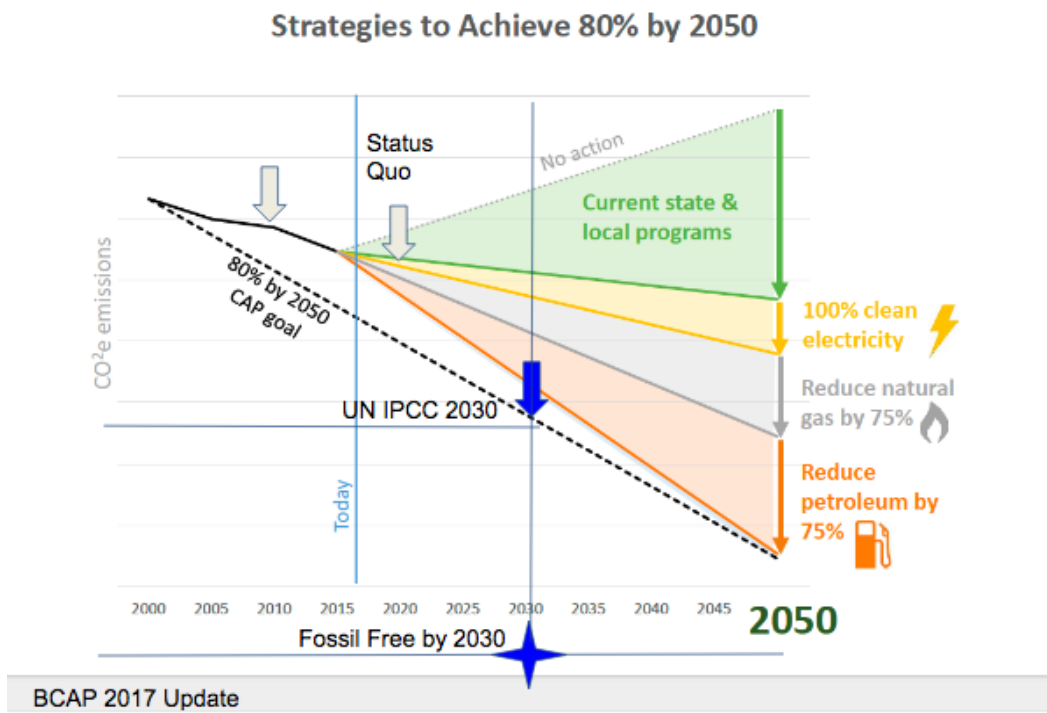

# Executive Summary

The City Council's Climate Emergency Resolution lists record breaking climate related catastrophes and urges 'out of the box' thinking for solutions.

As if intended to support the Council's climate emergency declaration, the UN IPCC issued a heart rattling Special Report ([IPCC-SR15](#), 10/9/2018) noting global temperatures are rising faster than predicted and a myriad of cascading effects are happening sooner, and reiterating a worldwide goal to keep warming to no more than 1.5 °C. It asserts Greenhouse pollution must be reduced 45 percent from 2010 levels by 2030 and 100 percent by 2050.

The trajectory of the Berkeley Climate Action Plan's 2020 emission reduction targets, extended to 2030, is roughly in line with the IPCC-SR15 goal. However, according to the city's 2018 [Annual Progress Update](#) Berkeley is significantly behind in achieving the Climate Action Plan 2020 reduction goals, let alone extending that trajectory through 2030 as recommended by IPCC-SR15, or doubling down to become 100% fossil free by 2030 as to be considered in the Fossil Fuel Free Berkeley Resolution Council adopted in June.

## IPCC and Fossil Free by 2030 goals superimposed on 2017 CAP update

Clearly in order to meet any of these 2030 goals we need a sea change in commitment. Specifically, we must exert the will to honestly accept and meet the challenge we face. The 2018 CAP Update shows where we need to act:

## 2016 Community Emissions

Given statutory limitations on specific authorities held by the City, the Energy Commission is not able to determine a date by which Berkeley could be completely fossil fuel free. However, aiming to be fossil fuel free by 2030 to the fullest extent possible is a compelling goal. Urgency prompts the Commission to recommend aggressively prioritizing options with high early impacts. Lastly, Berkeley will only become a carbon sink if it is also virtually fossil free. The City has little capacity to sequester carbon.

### **Four Fast Track Proposals**

- Opt all East Bay Community Energy accounts to 100% renewable electricity in 2019. This would result in an immediate 10% reduction in GHGs.
- Integrate greenhouse gas (GHG) reduction goals into the objectives and responsibilities of every city department. Amend funding priorities to support this initiative.

- Develop an updated Climate referendum to put before the voters that doesn't soft pedal very challenging proposals and why they are necessary. A successful referendum campaign would provide the platform for massive public education and support Council decision making. This referendum would be submitted to the voters in November 2020 and would include binding mandates and specific priorities for emissions reductions.
- Lead a regional effort to make changes to the Utility Users Tax structure in order to assess taxes on natural gas usage separately from electricity usage. Once complete, the City should submit a referendum to voters that would raise the tax on natural gas usage and dedicate the funds to decarbonization efforts.

## ***Summary of Recommendations***

### **Citywide Transportation**

1. Accelerate infrastructure changes to support walking, biking, and small electric and human powered vehicles.
  - a. Build all high priority projects in the city's bicycle, pedestrian, and BeST plans including tier 1 projects in the bike plan by 2025.
  - b. Re-prioritize road and sidewalk capital expenditures to accelerate changes in favor of walking, human powered vehicles, and other low carbon footprint mobility alternatives.
  - c. Add 3 FTE to the Transportation Division to expedite implementation.
2. Adopt financial incentives and disincentives to reduce transportation carbon emissions such as: free transit passes for youth, restricted vehicle access to certain streets, and additional parking fees. Funds raised would be used to support fossil fuel free transportation programs.
3. Explore developing Berkeley shuttle services similar to the Emery Go-Round using EVs.
4. Develop effective communication and education strategies. Continue to expand programs that encourage residents to shift to fossil fuel free modes of transport.

### **Residential and Commercial Buildings**

1. Opt all accounts in Berkeley up to 100% renewable EBCE electricity with a policy of no added cost for CARE customers and an outreach campaign to enroll all eligible customers in the CARE program. This is the most significant immediate thing the city can do reduce greenhouse gas emissions. A ton of GHG gases eliminated in 2019 is far more impactful in slowing climate change than a ton eliminated in 2025 or even in 2020 because of the impact of positive feedback loops.
2. Expand BESO and include electrification along with energy efficiency. Consider instituting more triggers that require an energy audit, more detailed energy

- audits, not allowing the seller to transfer the audit to the buyer, and required implementation of some of the measures recommended in the energy audit.
3. Stop expansion of natural gas infrastructure by prohibiting gas cooktops and dryers in new residences. Place a moratorium on new gas hook ups if possible.
  4. Funding options for electrification and energy efficiency upgrades:
    - a. Sales transfer tax rebates, similar to the seismic rebate but tied to implementation of BESO recommendations.
    - b. A new, very low interest revolving loan fund.
    - c. Strategic relaxation of the Planning Code, such as density and/or parking requirements, or accelerated review in exchange for electrification and energy efficiency measures.
  5. Develop an effective communication and education strategy that reaches the Berkeley community at large. This strategy should include updating the City's website to reflect the City's prioritization of electrification, and low carbon footprint and low toxic construction. Updated green building information should be easily found on the Permit Service Center home page. The City's website needs to offer clear guidance reflecting the urgency of the climate crisis.

### **Regional Action**

1. Lead a regional effort to make changes to the Utility Users Tax structure in order to assess taxes on natural gas usage separately from electricity usage. The City Council adopted a resolution in favor of this change and is awaiting support from other cities in the region to share the fees PGE would charge to modify the billing. It is time to look aggressively for the necessary funds and initiate the process. Once complete, the City should submit a referendum to voters that would raise the tax on natural gas usage and dedicate the funds to decarbonization efforts.
2. Encourage the Bay Area Air Quality Management District (BAAQMD) to adopt rules with future effective dates to prohibit sale of gas powered appliances. It has used the authority in the past to prohibit the sale of polluting products like high VOC paints and to restrict installation of wood burning fireplaces. Prohibiting sale of gas powered appliances would support electrification.
3. Increase regional and support state efforts to expand availability of low global warming potential refrigerant heat pump space and water heaters for the retrofit markets.
4. Initiate regional policy consistent with fossil free goals for ride hailing services and the introduction of autonomous vehicles. Support state programs that restrict the use of fossil fuel by ride hailing services and autonomous vehicles. Regulate these services to reduce overall per capita VMT.
5. Explore viability of reducing R-1 zoning to increase housing availability, opportunities for home ownership and improve transit access through increasing densification. Such transit oriented development can be adopted

throughout the region to reduce development pressure on open spaces, provide more housing near jobs, and provide the density to support expansion of regional transit.

## Analysis

### I. Establishing a date by which we are committed to being a Fossil Fuel Free City

#### Recommendations

1. Consider a new ballot initiative for updating the Climate Action Plan in order to engage Berkeley residents in the comprehensive and ambitious efforts that will be needed.
2. The City should take aggressive, immediate, and sustained action to achieve the goal of a fossil free Berkeley to the fullest extent possible while simultaneously calling for necessary and immediate complementary emergency actions by other local, regional (e.g. MTC/ABAG, BAAQMD, BayREN) state and federal governmental bodies.

#### Discussion

The Energy Commission believes that the Berkeley Residents who initiated “Fossil Free Berkeley” intend it to apply to the entire city, not just municipal operations. Our comments reflect this point of view.

The two Council items 30 and 49 taken together suggest a goal of 2030 for Berkeley to become fossil free. It should be noted that this is far more ambitious than recommendations by the IPCC and recently adopted state laws<sup>1</sup> which taken together would suggest a goal of 50% reduction of greenhouse gas (GHG) emissions by 2030.

In some ways, Berkeley is better positioned than many cities to take the initiative to make accelerated and meaningful reductions in fossil fuel consumption.

- Unlike many other GHG emissions sectors, techniques for eliminating building GHGs--specifically improving energy efficiency, electrifying remaining energy uses, and using renewably generated electricity--are all commercially available, and can improve comfort and safety and offer property owners economic savings over time. Energy efficiency programs have been around for decades and the city’s unique BESO energy audit program helps property owners prioritize efficiency upgrade spending. Because of recent developments in heat pump technologies making electric heat pump space and water heating more than 3 times as efficient as their gas equivalents and the dramatic

---

<sup>1</sup> SB 100 commits state utilities to provide 60% renewable electricity by 2030, and zero carbon electricity by 2045.

AB 3232 charges the California Energy Commission with assessing how to reduce emissions from the state’s building stock by 40 percent below 1990 levels by 2030.

SB 1477 will expand the accessibility of clean heating technologies by promoting them in the market with incentives and training.

Executive Order B-55-18 commits California to economy-wide carbon neutrality by 2045.

increase of renewables on the electricity grid, all electric homes, even without solar panels, can produce substantially less GHGs than natural gas powered ones.

- Berkeley's size, density, mild and dry climate, and mass transit infrastructure make it ideally suited for an accelerated reduction in transportation related GHGs. The recent commercial introduction of vehicle sharing programs and proliferation of small electric vehicles such as electric bikes, scooters, and tricycles solve two of the main long time challenges to rethinking the transportation picture in Berkeley. They dramatically reduce costs of electric transport and offer small scale power assisted options, particularly for hills residents.

According to the 2017 Bicycle Plan a "2015 survey of Berkeley residents showed 90 percent of Berkeley residents already bicycle or would consider bicycling if the right bikeway facility or roadway conditions were available. That is a larger percentage than any other city that has conducted a similar study, including Portland...."

- Finally, residents voted overwhelming in favor of the Berkeley Climate Action plan in 2006 and are likely to support new targeted programs to accelerate reductions in GHGs.

The challenges to accelerating GHG reductions cannot be overstated. They are technological, political and social. And, the more ambitious the reduction goals the greater the challenges. While Berkeley is better set up to meet a goal of 100% reduction by 2030 than many communities, it is still a very difficult task.

- The vast majority of buildings rely on natural gas for operation. Every one of them will need to be shifted from gas to all electric operation. Every fossil fuel operated vehicle on the roads will need to be eliminated. How do we motivate ourselves to electrify our buildings and give up our fossil fuel vehicles?
- As much as a quarter of Berkeley's past GHG reductions are a result of state programs such as the renewable fuels portfolio standard. To push ahead with an accelerated GHG reduction goal, the city will need to rely on local programs.
- There are real technological hurdles that need to be solved before complete electrification of the California or US economy can occur. It is hoped these problems will be solved by 2030 or much sooner. While they do not prohibit Berkeley from being fossil free by 2030 as an isolated entity, they do drive up the cost for some of the needed technologies, particularly in relationship to vehicles and battery storage. In addition, regional and state governments will be reluctant to set goals without confidence that the technologies are in place to meet them, so Berkeley will likely be out of step with others the more aggressively it pursues accelerated GHG reductions.

Finally, the urgency of the climate crisis requires use of the simplest, cheapest and most available tools at hand to achieve high early results. A ton of GHG gases eliminated in 2019 is far more impactful in slowing climate change than a ton eliminated in 2025 or even in 2020. Because of positive feedback loops, the effects of GHG emissions are amplified. For example warmer, dryer forests burn more which releases more CO<sub>2</sub> which contributes to more forest fires. Establishment of new manufacturing facilities and a city scale power company would take decades. It will be far more effective to work with existing programs such as East Bay Community Choice Energy, BESO, and the Berkeley Bicycle Plan.

## **II. Opposing further transportation of oil, gas, and coal**

### **Recommendations**

1. In order to put the brakes on the transport of refinery feedstock and refined products traveling through Berkeley, call for a plan to responsibly wind down all Bay Area refineries as California demand wanes.
2. Consider a ban on the storage and transport of coal within the City

### **Discussion**

It should be noted that the City of Berkeley has already adopted a more specific position in opposition to transport of oil, gas and coal: joining neighboring communities in September in calling for a ban on coal shipments through East Bay Communities.

Unfortunately, the Federal Government has jurisdiction over rail transport limiting the City's options for preventing travel by rail through Berkeley.

Eliminating transport of fossil fuels would require the shutdown of all Bay Area oil refineries, because their products are trucked to and through Berkeley for cars, trucks, planes and trains operating in the Bay Area. It would also mean that all ground vehicles, including trains would have to be converted to run on 100% carbon-free electricity, and air transport be fueled by bio-fuel or by imported fossil fuels.

Regarding the shutdown of local refineries, Communities for a Better Environment has drafted a California Refinery Study and will soon launch a campaign to responsibly wind down all California refineries by 2035, by requiring annual emission reductions of 5% beginning in 2020. Mayors of Benicia and Richmond, home to the Valero and Chevron refineries, are already making public statements in support of winding down Bay Area refineries. As California electrifies its vehicles, we must ensure refineries are not permitted to maintain or increase refining activities such that fossil fuel exports increase and frontline communities remain subject to the health consequences of this dirty, outdated industrial sector.

## **III. Fully implementing Berkeley Deep Green Building plan, raising the citywide LEED certification requirement above the current LEED Silver,**

**and applying the same requirements to newly constructed city facilities, and major renovations****Municipal Buildings Recommendations**

1. Immediately convene a citywide departmental summit including Public Works and Planning and Development to establish a timeline and budget for electrifying all city owned buildings and installing solar plus storage at City buildings wherever possible.
2. Review and re-prioritize all funds currently earmarked for capital improvements to facilitate rapid electrification of municipal buildings.
3. Work with East Bay Community Energy to secure grants for solar with storage.
4. Use the 2 x 2 process to coordinate with BUSD in establishing a fossil fuel free goal and providing BUSD with technical and policy assistance to achieve it.
5. Set higher goals for municipal buildings related to indoor air quality, lowered carbon footprint, and all electric as outlined in Berkeley Deep Green Building and Healthy Building Network's HomeFree Spec guidance.<sup>2</sup> In addition to developing expertise that can be shared with Berkeley residents and property owners, these changes would have health, environmental, and economic benefits. The City can decide the standards which municipal buildings must be built or remodeled to. It is our understanding that currently, there is no requirement beyond meeting minimum state building codes.

**Residential and Commercial Buildings Recommendations**

1. Develop options for expanding the coverage of the current LEED requirements to other areas of the City including mandatory points in certain sections.
2. Strategically relax the Planning Code, such as density and/or parking requirements or accelerated permit review in exchange for electrification and energy efficiency measures.
3. Place moratorium on natural gas cooktops and dryers in new residences or on new gas hook ups if possible.
4. Institute a transfer tax rebate for energy efficiency upgrades and electrification at time of sale.
5. Ensure every plan checker is trained in methods of electrification, and instructed to present that information to property owners at the beginning of the permit application process. In this way, every interaction with property owners becomes an opportunity to educate them on their options for home energy efficiency and

---

<sup>2</sup> <https://homefree.healthybuilding.net/reports>

electrification and their importance. Building owners need to understand the importance of reducing energy consumption and electrification and to switch out fossil fuel appliances for electric whenever possible.

6. Expand BESO and shift focus to include electrification along with energy efficiency. To be considered are: instituting more triggers that require an energy audit, more detailed energy audits, not allowing the seller to transfer the audit to the buyer, and required implementation of some of the measures recommended in energy audit.
7. Develop an effective communication and education strategy that reaches the Berkeley community at large. This strategy should include updating the City's website to reflect the City's prioritization of electrification, and low carbon footprint and low toxic construction. Updated green building information should be easily found on the Permit Service Center home page. Many architects, builders and homeowners begin the design process online, making key decisions based on information found online. It is critical the City's website offer clear guidance reflecting the urgency of the climate crisis.
8. Work with PG&E to develop a plan for eventually shutting down natural gas service in Berkeley. Priority should be given to areas most vulnerable to the effects of climate change and earthquakes and those where infrastructure has not yet been upgraded to plastic. Funds that would be spent on upgrading gas infrastructure can instead be used for electrifying buildings and under-grounding electrical lines.
9. Consider the development of a long term funding plan such as a very low interest revolving loan fund to assist property owners to decarbonize their buildings.
10. The City should work with the BAAQMD to adopt rules with future effective dates to prohibit sale of gas powered appliances.
11. Increase regional and support state efforts to expand availability of low global warming potential refrigerant heat pumps space and water heaters for retrofit markets.

## Discussion

The Berkeley Deep Green Building (BDGB) initiative, adopted by the City Council in 2017, outlines best practices for green building including zero net energy and all electric construction, low carbon footprint and low toxicity building materials, and water conservation. City staff has provided a detailed analysis and review of progress in implementation. See the [Energy Commission](#) Agenda from 4-25-18 for copy of this review.

Energy efficiency measures including: low toxic, low carbon footprint insulation, air sealing, and replacing incandescent with LED lights, have long been recognized as important to greenhouse gas reduction. BDGB argues in addition that going all electric is foundational to achieving fossil fuel free goals. Historically energy efficiency standards and incentive programs have been based on the assumption that natural

gas appliances have lower environmental impacts than electric appliances. However, this is no longer the case. The dramatic increase of renewables in supplying electricity and the development of heat pump technologies for space and water heating, which are more than 3 times as efficient as their gas equivalents, have turned this balance around. If the significant fugitive emissions from gas infrastructure and their concomitant climate changing and indoor air quality impacts are added to the equation, the scale definitely tips in favor of all electric buildings.

Natural gas is also a safety issue in Berkeley. The recent gas line explosions around Lawrence Massachusetts are only the most recent in a long line of such incidents. Even though PG&E is working to upgrade existing infrastructure, rising sea levels in West Berkeley and the overdue earthquake on the Hayward fault threaten Berkeley. Electricity infrastructure has its safety issues as well. Money saved on gas infrastructure could be used on improving the safety and reliability of electric power.

One of the stumbling blocks to a fossil free California is energy storage. All electric, energy efficient buildings can be key in addressing this problem by reducing overall energy demand and drawing energy for space and water heating in the middle of the day when it is most abundant and storing it for use in the evening after the sun goes down. As a quarter of all energy used in the home is for water heating, state policymakers and manufacturers are already working on ways to incorporate tanked electric water heaters into energy management programs.

Heat pump space and water heaters are commercially available and can be economical. Recent studies of homes by Rocky Mountain Institute and NRDC<sup>3</sup> have found that all electric construction can be cost effective, especially in new construction where there are significant savings from not installing natural gas plumbing and infrastructure. All electric construction can also be economical in remodels in cases where natural gas equipment is older and needs replacing and where electrification is coupled with solar PV installation.

As the city is largely built out, construction tends to focus on remodels and new construction of high rise apartment buildings. Every effort needs to be made to guide these projects to be all electric. Currently it appears the economics for high rise residential buildings in Berkeley favor electric heating and air conditioning paired with central gas heat for water. Though adding significant cost to construction, some developers will run natural gas to individual units for the perceived increased value of a gas cooktop. It should be noted that building owners who install natural gas heating and appliances now will be left with stranded assets as society is quickly shifting to all electric operation.

---

<sup>3</sup> <https://rmi.org/insight/the-economics-of-electrifying-buildings/>  
<https://www.nrdc.org/experts/pierre-delforge/new-report-heating-next-clean-energy-frontier-ca>

The biggest challenge in Berkeley is electrifying existing buildings -- particularly where no work is anticipated or no permit is obtained for the work. This is a major source of greenhouse gases in our city and across the state. Several state level assistance programs can help property owners with improvements. However they generally fall short of amounts needed and currently rebates are not available for switching gas appliances to electric.

California has been a leader in improving energy efficiency and expanding renewable electricity generation. Several state laws from 2018 will continue that effort:

- SB 100 commits state utilities to provide 60% renewable electricity by 2030, and zero carbon electricity by 2045.
- AB 3232 charges the California Energy Commission with assessing how to reduce emissions from the state's building stock by 40 percent below 1990 levels by 2030.
- SB 1477 will expand the accessibility of clean heating technologies by promoting them in the market with incentives and training.
- Executive Order B-55-18 commits California to economy-wide carbon neutrality by 2045.

While California has been a leader in improving energy efficiency, state laws and regulations have been slow to guide and in some cases act as barriers to the transition to all-electric construction. Many of these barriers are obscure and buried deep in regulatory policy:

- 3 prong test. The 3 prong test is policy established in the early 1990s originally intended to ensure fuel switching did not occur that caused adverse effects on the environment. At the time it generally meant discouraging shifts from natural gas to electric. However the policy assumptions continue to serve the same purpose even as the climate impacts of the two fuels have completely changed places. This policy is the core of why PG&E will not provide energy upgrade rebates when changing gas to electric heat.
- Title 24 assumptions. Title 24 is the shorthand name for the energy efficiency standards of the California Building Code. These are updated every 3 years and currently include several assumptions that favor gas heating and air conditioning over electric.
- Energy rate structure. Retail prices for natural gas do not reflect the GHG emissions of gas compared to electricity, or the grid benefits of flexible electric loads like tanked electric water heaters.

Of these barriers, only the assumptions in title 24 have begun to shift in PG&E territory. The standards that will go into effect in 2020 will no longer penalize use of

heat pump water heaters in low rise residential construction. However many other assumptions within the new standards will continue to support use of natural gas such as the climate benefits of electricity in the TDV and the lack of credit given to tanked electric water heaters for energy storage.

At the regional level, BAAQMD has the authority to regulate air pollution including GHGs. It has used the authority in the past to prohibit the sale of polluting products like high VOC paints. It could prohibit sale of gas powered appliances to support electrification and elimination of GHG emissions.

Working within state level constraints, planning staff have developed and pushed policies that improve the energy efficiency of buildings in Berkeley and encourage a shift to all electric, carbon free operation. Policies they have developed unique to Berkeley include:

- New non-residential construction and additions in the downtown area need to be LEED Gold or equivalent.
- Free advice and consultation on green building design and strategies.
- Building renovation and new construction over 10,000 square feet needs to have an energy analysis and a completed green building checklist.
- Under the BESO program, at time of sale for residences and more frequently for commercial properties, owners must complete an energy audit of the building.

City staff are pursuing many additional efforts:

- Reviewing the BESO program to improve effectiveness. Scope of review to include requiring energy audits sooner for more properties, expanding the triggers that require an audit to include remodeling, more detailed energy audits including electrification, elimination of the option of allowing the buyer to perform the audit, and implementation of some of the upgrades recommended by the energy audits.
- Expanding heat pump water heater availability through collaboration on BayRen's mid-market expansion grant program.
- Pursuing "reach" building codes for the 2020 building codes that give regulatory advantage to all electric construction. The most important priority for this effort is new multi-unit high rise apartment buildings and major remodels.
- Advocating for state level policies that allow building owners to receive energy efficiency rebates when switching fuels.

- Advocating for removal of all biases against electrification within the state building energy codes including Total Daily Value (TDV) and computer modeling assumptions.

Care should be taken that solutions do not create additional problems. Many building materials are coming under increasing scrutiny for their long trail of environmental and health impacts, such as polystyrene and PVC plastics and organo-halogenated materials. Others have such a high global warming footprint, such as certain foam plastic insulations that their use minimizes the GHG reduction benefits of the projects. The refrigerants commonly used in most heat pumps in the U.S.A. also have very high global warm potential. While heat pumps still have dramatic energy saving benefits over other options, phase out of these chemicals under state Air Resources Board programs will improve their GHG benefits.

**IV. Requiring all future City government procurements of vehicles to minimize emissions, and establishing a goal and plan for transitioning the city's vehicle fleet to all electric vehicles**

*See V. for discussion and recommendation concerning 100% renewable energy for municipal vehicles.*

**V. Establishing a goal and plan for transitioning to 100% renewable energy for municipal operations and a community wide goal of 100% reductions by 2030.**

*See III. for discussion and recommendation concerning 100% renewable energy for buildings.*

**Municipal Transportation Recommendations**

1. Assess the city's transportation vehicle needs and develop an aggressive timeline for transitioning to all electric.<sup>4</sup> This assessment would include consideration of: 1) Switching to lower carbon transport options such as electric carts or bicycles where possible and 2) the timing of technology development and commercialization for car batteries.
2. Immediately switch diesel vehicles to run on renewable diesel in the interim until fossil fuel free options are available for the tasks they perform.

---

<sup>4</sup> Ref: San Francisco Ordinance 115-17 Administrative Code Section 4.10-1:

c) By December 31, 2022, all light duty vehicles in the City fleet must be Zero Emission Vehicles in compliance with Environment Code Section 404, unless there is a waiver, exemption, or applicable exception. detailed in Environment Code Chapter 4.

## Citywide Transportation Recommendations

*The Energy Commission would like to coordinate recommendations with the Transportation and Public Works Commissions to accelerate a reduction in fossil fuel vehicles in Berkeley. To begin the process, the Energy Commission makes the following recommendations:*

1. Re-prioritize road and sidewalk capital expenditures to accelerate changes in favor of walking, human powered vehicles, and other low carbon footprint mobility alternatives. The Council should amend funding priorities to reflect the climate emergency.
2. Adopt financial incentives and disincentives to reduce transportation carbon emissions such as: free transit passes for youth, restricted vehicle access to certain streets, and additional parking fees. Funds raised would be used to support fossil fuel free transportation programs.
3. Develop and implement a transit plan in support of the Climate Action Plan. The transit plan could include detailed accountability metrics such as required dates for identified new routes, dates for replacement of fossil fueled busses and shuttles with electric busses and shuttles, and smaller intra-neighborhood subsidiary transit (shuttles). The city should explore developing its own shuttle services similar to the Emery Go-Round using EVs as part of the transit plan.
4. Add 3 FTE to the Transportation Division to expedite implementation of the city's bicycle, pedestrian, and BeST plans.
5. Build all high priority projects in the city's bicycle, pedestrian, and BeST plans including tier 1 projects in the bike plan by 2025.
6. Develop a communication strategy to inform residents of fossil free and lower carbon footprint personal mobility options and the desirability of prioritizing these options.
7. Continue to develop and expand programs that encourage residents to shift to fossil fuel free modes of transport, such as electric bike and scooter sharing, Waterside Workshop, and Safe Routes to School.
8. Work with State authorities to prohibit operation of autonomous vehicles within city limits unless they are electric vehicles.
9. Use the 2x2 process to encourage the BUSD to develop a plan for phasing out fossil fuel vehicles and supporting families to safely get to and from school without cars.
10. Lobby and work collaboratively with public and private transportation providers and the commercial sector to convert all vehicle fleets to electric power.

11. Support state programs that restrict the use of fossil fuel vehicles by ride hailing services such as Uber and Lyft.

## Discussion

One of the greatest challenges we face is how to eliminate emissions from transportation. By far the most promising way to make transportation renewable is with electric vehicles.

The vast majority of fossil fuel powered vehicles operated in the city are owned by individuals and companies and government entities outside of the city simply driving through the city or entering the city for business or pleasure. For the purposes on this report, the fossil fuel free goal will be focused on reducing fossil fueled vehicular traffic on city streets. It should be noted that for Berkeley to be truly fossil free, all ground vehicles, including trains, must be converted to electric power. We recognize the City has no independent way to get Amtrak and freight trains off fossil fuels.

The Commission believes that the goal of 100% emission reduction from vehicles is most likely to happen using batteries. Fuels other than electricity are possible but less likely to be adopted. Biofuels have a limited role because of lack of feedstock availability without associated environmental damage (the food vs. fuel problem).

Electric automobiles are quieter and more economical to operate than gas cars. Although only 2% of new car sales in the United States in 2018 were electric, that represented an 81% increase in sales over 2017. Electric auto sales were about 6% of new cars in California in 2018, and reached 10% in December. Because of their lower operating and maintenance costs, electric cars are competitive in lifetime costs of ownership. Residents of homes without garages (of which there are many in Berkeley), and apartments without charging stations, face a serious challenge to find a place to plug in. We encourage further city action on this.

Another option is hydrogen. To be emission-free the hydrogen has to be produced from renewable electricity or directly from sunlight with a catalyst. The problem is that hydrogen storage is very expensive either as a liquid or as a high pressure gas, both because it is energy intensive and because the container is expensive. Furthermore, the likelihood of leakage is much higher than, say, natural gas and the likelihood of explosive ignition in the presence of oxygen is also much higher than natural gas.

One biofuel that can play a useful role in Berkeley as bridge to electrification is renewable diesel. Renewable diesel though made entirely from vegetable oils is not biodiesel. It is processed to meet the exact performance specifications required for diesel motors. It does not void manufacturer warranties and can be used in any diesel vehicle. The emissions are much cleaner, the carbon footprint is lower and it is cheaper than diesel. While its use should be minimized because of the potential food vs fuel concerns, it can be used immediately in all city diesel vehicles until they can be replaced with fossil fuel free alternatives.

The city already has advocated walking, human powered vehicles, electric vehicles and mass transportation accessibility to all in its 2009 Climate Action Plan. In achieving a fossil fuel free goal, there are important timing issues. Several significant transportation changes are just over the horizon that will dramatically reshape our city street experience including:

- Expanded ride hailing operations such as Uber and Lyft, especially as autonomous vehicle operation is perfected;
- Docked and undocked ride sharing vehicles; and
- Proliferation of varied electric vehicles including electric golf carts, bicycles, tricycles, stand-up scooters, hoverboards, Segways, and wheelchairs.
- Breakthroughs in battery technologies that will dramatically lower the cost and improve performance of electric vehicles.

The city should be careful about engaging in longer term contracts and that decisions be revisited regularly as new technologies mature and the economics change for different transportation modes.

## **VI. Formally opposing the recent expansion of offshore drilling by the Trump Administration**

### **Offshore Drilling Recommendation**

Formally endorse California laws intended to block offshore drilling if it has not done so already.

### **Discussion**

The State legislature has passed and the Governor has signed SB 834 (an act to add Section 6245 to the Public Resources Code, relating to state lands) and SB 1775 (an act to add Section 6245 to the Public Resources Code, relating to state lands). Both Sections are entitled State lands: leasing: oil and gas. These new laws are intended to block the Trump administration's plan to expand offshore oil drilling by prohibiting new leases for new construction of oil and gas-related infrastructure, such as pipelines, within state waters if the federal government authorizes any new offshore oil leases.

## **VII. Calling for region-wide solutions to carbon emissions, including rapid adoption of renewable energy sources, affordable densification of cities and low-emissions public transportation infrastructure**

The Council has rightly included the need for regional coordination to address energy supply, housing and transportation. It's safe to say all Bay Area cities are grappling with these issues in one way or another, with significant disparities among them in both priorities and resources. It will take trust, willingness to move away from a

provincial mentality, leadership from MTC/ABAG and BAAQMD and probably some State action to facilitate deep progress in these areas.

## VII.1. Renewable Energy Sources

### Renewable Energy Sources Recommendations

1. Opt up all Berkeley's municipal, commercial and residential accounts to EBCE's<sup>5</sup> 100% Renewable electricity with a policy of no added cost for CARE customers and an outreach campaign to enroll all eligible customers in the CARE program in 2019.
2. Partner with all cities in CCAs to influence state legislators, the Governor, and CPUC Commissioners to develop guiding legislation, policies, and rules that support the continued existence of CCAs.

### Discussion

It is critical to move toward 100% clean energy generation sources as soon as possible in order to fully realize GHG emission reductions through "fuel switching" from combustion to electricity in all spheres. There is long established worldwide consensus that the path to climate stabilization requires, in this order:

1. Deep reductions in energy demand through conservation and efficiency,
2. Conversion to clean electricity generation, and
3. Massive electrification.

---

<sup>5</sup> A regional approach to increase reliance on renewable energy sources is possible through our new energy provider: East Bay Community Energy (EBCE). EBCE was initiated under a state law passed in 2002 that allowed government jurisdictions to create agencies (called Community Choice Aggregators or CCAs) to purchase power on their residents' behalf as a way to provide energy options to Californians. As a local government agency, EBCE is not for profit and is entirely devoted to the community. Even before EBCE was providing electricity, it was developing a plan to invest locally in energy development. In July 2018, the Board of EBCE adopted a groundbreaking Local Development Business Plan which spells out strategies for local clean energy, energy efficiency, and energy storage projects specifically to help address the environmental, economic, and social justice needs of the East Bay community.

Once established, a CCA is authorized to automatically enroll all accounts in its jurisdiction in the new energy program. Customers have the option of changing the product they are enrolled in or switching back to PG&E. EBCE currently offers three electricity supply products to its residential, commercial and municipal customers:

- Bright Choice - a mix of electricity generated by fossil fuels, renewable sources and large scale hydro, which the State of California does not classify as renewable. It is offered at a slightly lower in price than electricity from PG&E;
- Brilliant 100 - a mix of renewable energy and large hydropower at the same price as PG&E power; and
- Renewable 100 - 100% renewable energy at a slightly higher price.

Both Berkeley (through BESO and other programs) and California (largely through frequent Energy Code updates) have long standing, successful conservation and efficiency requirements. We are national leaders in this and continue to press forward with program improvements and new initiatives. Now that a 100% renewable option is available from EBCE, Berkeley can immediately convert the entire city to clean electricity generation, and turn its focus to the challenge to ‘electrifying everything.’ Shifting accounts to 100% renewable will reduce community-wide GHG emissions by a whopping 10%.<sup>6</sup>

Under the Climate Emergency Resolution, Council has signaled the intention to act boldly. Berkeley has already fallen significantly behind in achieving its 2050 GHG emission reduction goal as set forth in the 2009 Climate Action Plan.<sup>7</sup> Opting all its EBCE customers to the Renewable 100 plan is the single most impactful and timely action the City can take in 2019, both because of immediate emission reductions, and to avoid GHG emissions from future increases in demand due to electrification. It is critical to do this now because by the end of 2020, EBCE will be required to sign long term contracts for 65% of its supply portfolio. Once these long term contracts are signed, it will be more difficult for EBCE to shift the sources of its power mix. For these reasons, the Energy Commission recommends that Berkeley move to 100% renewable electricity in 2019.

While EBCE energy mix options were being established last spring, the Berkeley City Council, as did most EBCE cities, chose to enroll all residential and commercial accounts in Bright Choice. Berkeley enrolled its municipal accounts in Brilliant 100. The City of Albany enrolled all accounts in Brilliant 100, Hayward enrolled its residential accounts in Brilliant 100, and the City of Piedmont enrolled all accounts in Renewable 100. We note that ten jurisdictions in Los Angeles and Ventura counties served by Clean Power Alliance (CPA, a CCA) were enrolled in Green Power, its 100% renewable product, as the default. These ten jurisdictions cover a third of CPA’s one million customers.<sup>8</sup>

CPA, like EBCE, also has a Community Advisory Committee to help prioritize local renewable energy development and job creation, rebates and incentives. For California’s progressive cities and counties, enrollment in 100% renewable energy is a climate action whose time has clearly come. Because 35% of EBCE’s power purchase agreements are not required to be long term and electrification will increase demand, we anticipate ample opportunities for EBCE to make significant investments in local

<sup>6</sup> Berkeley Climate Action Plan Annual Progress Update, Office of Energy and Sustainable Development, Planning Department, Slide 5, December 6, 2018

<sup>7</sup> Berkeley Climate Action Plan Annual Progress Update, Office of Energy and Sustainable Development, Planning Department, Slide 14, December 7, 2017

<sup>8</sup> Clean Power Exchange, Alliance will provide clean, competitive energy, January 12, 2019 <https://cleanpowerexchange.org/alliance-will-provide-clean-competitive-energy/>

energy development. As the local development market matures, there will be rolling opportunities to incorporate locally generated power into long term contracts.

There were initial concerns that new EBCE customers would opt out and go back to PG&E. There were also worries that customers would opt out if enrolled in a cleaner mix of energy generation priced at the same or slightly higher cost than PG&E rates. Both of these fears have been shown to be unfounded for the inner East Bay cities of Alameda County. In fact, among all Alameda County cities in EBCE, only the City of Livermore, at 5.56%, has had an opt out rate greater than 2.07%.<sup>9</sup> Piedmont's experience in making Renewable 100 the default level is instructive. As of December 2018, 6.8% of customers opted down to Brilliant 100 or Bright Choice, and only 2.07% opted out and went back to PG&E. The takeaway is that few customers took any action, and of those who did, the overwhelming majority (77.7%) chose to stay in EBCE.

Concerns have also been raised that opting all customers to the 100% Renewable product would harm low-income customers. The Energy Commission recommends that EBCE follow CPA's lead in which "customers in 100 percent renewable energy communities who are enrolled in CARE, FERA or Medical Baseline will get Green Power at no extra charge."<sup>10</sup> We understand that EBCE is reporting strong net revenues which could be allocated to subsidize CARE customers. Alternatively, non-CARE customers could absorb the additional cost. Furthermore, the value of the non-binding nature of the enrollments is that price sensitive customers can opt down. Unlike an increase in property taxes, nonCARE customers who cannot afford to pay any more for power can simply opt down to the lower priced option.

It has recently come to light that Bright Choice power may in fact have a higher carbon content than electricity provided by PG&E.<sup>11</sup> The City Council has the opportunity right now, while the nascent EBCE is locking in long term contracts for power, to opt all accounts to fossil fuel free power to ensure that joining the CCA does in fact reduce citywide GHGs.

The political landscape for CCAs is fraught with heavy opposition from PG&E and its entrenched allies in State government even as they supply electricity that is cleaner and cheaper than their for-profit counterparts.<sup>12</sup> Berkeley needs to partner with all Bay

---

<sup>9</sup> EBCE Enrollment Update, December 5, 2018

<sup>11</sup> See comments in: <https://www.berkeleyside.com/2018/12/11/why-does-your-december-electricity-bill-look-different>

<sup>12</sup> [A 2016 UCLA study](#) found that CCAs in California offered 25% more renewable energy compared to the investor-owned utility (IOU) in the same area resulting in an estimated reduction of 600,000 metric tons of CO2 in 2016.

Area cities in CCAs to work with our elected representatives to defeat legislative threats and overcome obstacles at the California Public Utilities Commission. Also, the CCA's themselves need to ensure unity and coordinated responses to initiatives aimed at undermining success.

## VII.2. Affordable Densification of Cities

### Affordable Densification Recommendations

1. Work with MTC/ABAG, BART cities and counties to reframe and expand Transit Oriented Development concepts to conform with internationally used approaches that look beyond infill at already heavily used transit hubs, and prioritize infill housing everywhere developed in concert with expanded transportation strategies and expanded services (educational, recreational, commercial and environmental enhancement).
2. Work with Bay Area cities and counties to develop a regional funding mechanism to subsidize low income and affordable housing in all jurisdictions.
2. Explore viability of reducing R-1 zoning to increase housing availability, opportunities for home ownership and improve transit access through increasing densification. In addition, support adoption of such transit oriented development throughout the region to reduce development pressure on open spaces, provide more housing near jobs, and provide the density to support expansion of regional.

### Discussion

In order to provide affordable densification we need massive housing construction, housing subsidies and expanded transit opportunities. The high cost of living in the Bay Area includes the high cost of construction. If we want to reduce vehicle miles traveled (VMT) and the unhealthy stress of long commutes we must find ways to subsidize housing for average people, because at the present time people living on average incomes who do not already own homes cannot afford to live in the Bay Area either as renters or homeowners, forcing many into ever longer vehicular commutes. This is something that needs to be addressed by both the region and the state. There is too much disparity in wealth across the region for the problem to be completely solved by individual cities.

A desire for walkable neighborhoods and transit access has contributed to gentrification in Berkeley and San Francisco. This new gentrification is fueled by the migration of young professionals from the suburbs to these two cities in particular because they both have ample neighborhood scale services. Remarkably, the median price paid per square foot of living space is no longer significantly higher in most R-1 zones where access to transit is often limited.<sup>13</sup> This indicates that the hunger for the amenities of a more urban lifestyle is widespread. It's quite possible that there is an

---

<sup>13</sup> ([https://www.trulia.com/real\\_estate/Berkeley-California/market-trends/](https://www.trulia.com/real_estate/Berkeley-California/market-trends/))

untapped openness to neighborhood-scale services and transit development in existing suburbs too. This possibility needs to be explored. Any such nascent cultural shifts should be identified and reinforced. The suburbs have already absorbed job growth in the form of large business parks. Likewise, rails to trails conversions have acculturated suburban residents to walking and biking where convenient. Managed thoughtfully, initiatives to increase suburban infill housing coupled with increased transit, active transportation options and some small scale services could be welcome developments.

The push for housing densification in the Bay Area has relied on a concept of transit-oriented development (TOD) defined by MTC as [emphases added]:

“the clustering of homes, jobs, shops and services near *rail stations, ferry terminals or bus stops with high-frequency service*”

defined by BART as:

“mixed-use, higher density development *adjacent to frequent transit.*”

and directed by Berkeley’s General Plan to:

“[e]ncourage and maintain zoning that allows greater commercial and residential density and reduced residential parking requirements in *areas with above-average transit service* such as Downtown Berkeley.”

This perspective pre-supposes that densification is not a serious goal beyond existing heavily used transit corridors, or beyond cities that are already dense. Plan Bay Area forecasts the need for 800,000 new housing units by 2040. It seems doubtful that so much new housing can be built only around existing transit lines. Recent state legislation for infill housing fell victim to this kind of limited thinking.

In other parts of the world, TOD includes community scale planning with new transit service in mind, not just placing new homes near existing heavily used transit. We need to expand the mindset of housing development in the Bay Area to one of transit *coordinated* development (TCD). We need suburban infill housing developed in concert with public transit strategies, and educational, recreational and commercial services. Infill housing and transit alone do not address human needs for social, commercial and fitness activities. Enhancement of ecological surroundings is also important. A comprehensive TCD approach would improve the quality of life in many ways, serve as an attractor to development and significantly reduce GHG emissions.

Note that a substantial amount of new housing units in the suburbs will need to be subsidized for the reasons described above. Affordable and workforce housing is critical for every Bay Area city and county. Plan Bay Area has set forth affordable housing goals for the whole region, but so far every city is failing. Taking a comprehensive TCD approach would make such infill projects more relevant and attractive to existing residents.

One action cities such as Berkeley can take is to change zoning restrictions to eliminate R-1 zoning. Berkeley's General Plan institutionalizes R-1 low density housing:

"These areas are generally characterized by single-family homes. Appropriate uses for these areas include: residential, community services, schools, home occupations, recreational uses, and open space and institutional facilities. Building intensity will range from one to 10 dwelling units per net acre, not including secondary units, and the *population density will generally not exceed 22 persons per acre.*"[Emphasis added.]

The recent move to allow Accessory Dwelling Units is too restrictive to increase density to the extent needed on the land that is most available. It also preserves privilege, in failing to foster home ownership for additional residents.

Berkeley's R-1 zoning is visually correlated with the legacy of red-lining. Its perpetuation restricts growth in areas with the most open land that could support densification. There is quite a lot of aging housing stock in the Berkeley that needs significant renovation, including in R-1 zones. Under current policies, large houses in R-1 cannot be subdivided to allow for more occupants. As a result when modernized they grow larger and more luxurious, a sort of "deep gentrification." It's well documented, but rarely acknowledged, that such consumption drives GHG emission increases.

If the zoning was changed and subsidies provided, we could see small scale condo development like is happening in areas with higher density zoning, and much lower average household CO2e emissions because all the infill would be natural gas free as well as house more people. We could also reverse gentrification and truly become a city that prioritizes diversity. Increased density in R-1 areas would facilitate increased transit service and car sharing, and reduce congestion in shopping corridors. The fact is, many people actually spend little free time in their homes and gardens, preferring to recreate elsewhere, and even when self or contractually employed, preferring to go to work spaces and coffee shops with other people. Children in R-1 zones don't generally play in their neighborhoods, but are shuttled daily to many activities, increasing VMT. Densifying housing in R-1 areas could eventually prompt further zoning changes along the more major roads already served by public transit leading to infill services and commercial development there as well such as the two small and well used commercial districts in Kensington. The result could very well be both environmentally preferable and lead to an increase in our city-wide happiness quotient. Human happiness is correlated with low economic disparity. Our zoning ordinances should be reviewed to see how they amplify disparity and/or inhibit community happiness and act as a bias toward creating GHGs.

### **VII.3. Low Emissions Public Transportation Infrastructure**

#### **Public Transportation Recommendations**

*The Energy Commission would like to coordinate recommendations with the Transportation and Public Works Commissions for accelerating a reduction in fossil fuel vehicles in Berkeley. To begin the process, the Energy Commission makes the following recommendations.*

1. Work with AC Transit to convert all public transit to EVs.
2. Work with AC Transit and major employers to expand existing bus service and add all manner of appropriately sized bus and shuttle services, including into the suburbs.
3. Work to create dedicated bus/shuttle-only lanes on all bridges, freeways and major streets.
4. Work to normalize ride sharing.
5. Work with MTC, regional transit providers and the state to augment subsidies such that public transit is affordable for all.
6. Lobby the state to regulate ride hailing services to reduce overall per capita VMT.

### **Discussion**

MTC distributes enormous sums of money and wields huge power over regional transportation decisions but has not seriously addressed how the region can mitigate climate pollutants from transportation. As a start we need to press MTC to set clean transportation goals commensurate with the damage to our climate that dirty transportation has wrought and the urgency to make drastic emission cuts by 2030. The goal setting process must include a planning document showing the path to take, and policy commitment to achieve the goals.

The Bay Area's freeways are already some of the most crowded in the nation. As housing affordability has worsened, more people are commuting farther distances to their Bay Area jobs. According to MTC, time spent in weekly traffic in the Bay Area shot up 80% between 2010 and 2016. All this traffic is increasing transportation emissions, with no end in sight. Clearly there is a need for increased transportation options, and they need to be carbon free. To expand clean public transits as quickly as possible, light rail is not likely to play a large role. EV buses and shuttles can be built and routed in the time frame we need.

Given the number of tech workers (living all over the region, including the suburbs) who now take buses to their jobs, it is clear that old ideas about who will use bus transit is completely obsolete.

Like housing, transportation is an equity issue. All driving services, public or private, should be required to provide a living wage to drivers. Likewise, we cannot expand public transportation services without massive investment to assure affordability for all. This is a wealthy region that can afford such investments. Significant wealth generated

in this region is also sent to Sacramento. We need the state to assist in subsidizing the transition to clean, affordable public transit available to all.

**On June 12, the Berkeley City Council also passed item 49 “Declaration of a Climate Emergency” which refers “to the Energy Commission to study and report back to Council on a path for Berkeley to become a “Carbon Sink” as quickly as possible, and to propose a deadline for Berkeley to achieve this goal.”**

### **Carbon Sink Recommendations**

1. Plant more trees.
2. Apply compost (and biochar where possible) to city parks, median strips and generally all planted areas.
3. Support use of low carbon construction materials both in municipal buildings and commercial and residential projects.
4. Support urban farming: for example through recently adopted urban farming policies and also planting suitable edible perennials in public spaces.
5. Support citywide programs, such as the Ecology Center’s farmers market program, that give all residents access to fresh, organic, regionally grown foods.

### **Discussion**

Carbon sequestration is an essential component of comprehensive state, national and global efforts to meet climate change reduction goals. The October 9, 2018 UN IPCC report recommends that at least 1000 gigatons of CO<sub>2</sub> be removed from the atmosphere and sequestered by the end of the century. A wide range of strategies are being looked at to remove and sequester atmospheric carbon. The most promising strategies, biological sequestration, rely on natural processes, including afforestation and carbon farming. The California Air Resources Board is already providing Cap and Trade funds to support and expand these promising approaches to carbon sequestration.

Because of the density of habitation, Berkeley is unlikely to be able to be a carbon sink until annual emissions have been reduced by about 99%. Citywide CO<sub>2</sub> emissions totaled 640,000 metric tons in 2015. With roughly 6 square miles of space not covered with buildings and roads, only a very small fraction of these annual emissions could be offset with biological sequestration.<sup>14</sup>

---

<sup>14</sup> Background for Carbon Sink section:

*Carbon sequestering buildings:* While using rapidly renewable materials such as wood, straw and bamboo can sequester carbon in buildings, the amount is quickly offset by the vastly greater energy intensity of metals, plastics and concrete required in taller buildings and

While not having significant climate benefits, carbon sequestering strategies such as afforestation and application of biochar to the soil can have health and resilience benefits for the city residents improving air quality and local sources of food.

---

seismically active zones. In Berkeley, the effects of low carbon footprint construction can at best lower the carbon footprint of an individual building, which is important. However, it cannot provide a means to offset carbon emissions in the city generally.

*Biological sequestration in soil:* It is practical to sequester carbon from the atmosphere in two ways, changing farming practices to capture more carbon in soils, and reversing deforestation. (It is also possible to capture CO<sub>2</sub> from the air but because of the low concentration of CO<sub>2</sub> in the air, the cost is prohibitive. Sequestering the captured CO<sub>2</sub> is also expensive, , requiring either mineralization or pressurization in a natural cavern (think Aliso Canyon) which is not present in Berkeley.)

Berkeley is 10.5 square miles. If 40% is impervious surfaces, then approximately 6.3 square miles would be available for carbon sequestration.

( [https://en.wikipedia.org/wiki/Impervious\\_surface#Total\\_impervious\\_area](https://en.wikipedia.org/wiki/Impervious_surface#Total_impervious_area) ) If the City and its residents were to implement ambitious carbon building land management practices, the land could optimistically sequester 2 metric tons of CO<sub>2</sub> per acre annually or about 8000 metric tons of CO<sub>2</sub>. ( Soil Carbon Restoration: Can Biology do the Job? by Jack Kittredge, policy director, NOFA/Mass [www.nofamass.org](http://www.nofamass.org) August 14, 2015) This compares to annual emissions of approximately 640,000 metric tons.

*Purchasing carbon offsets:* Carbon offsets cost between \$5.50 and \$29 per ton of CO<sub>2</sub>. Taking the average, it would cost \$1.1 mill to offset 640,000 metric tons or about \$90 per resident. ( <https://www.whatitcosts.com/carbon-offsets-cost-prices/> ) However, purchasing carbon offsets should be discouraged since it transfers money away from Berkeley without addressing our local objective of becoming fossil free.

Office of the City Manager

ACTION CALENDAR

June 9, 2020

*(Continued from June 2, 2020)*

To: Honorable Mayor and Members of the City Council

From: Dee Williams-Ridley, City Manager

Submitted by: Lisa Warhuus, Director, Health, Housing and Community Services

Subject: Proposed Amendment to Berkeley's Minimum Wage Ordinance: Berkeley Municipal Code Chapter 13.99

RECOMMENDATION

Adopt first reading of an Ordinance amending Berkeley Municipal Code Chapter 13.99, revising Section 13.99.040 to reinstate the exemption for youth job training programs, and freezing the youth wages at \$14.50 per hour for FY21, then increase the wage annually according to the CPI as will occur with the Berkeley Minimum wage.

FISCAL IMPACTS OF RECOMMENDATION

On July 1, 2019, Berkeley's minimum wage increased to \$14.50 per hour and on July 1, 2020, it will increase to \$15.75. If youth job training programs are not exempted from Berkeley's Minimum Wage Ordinance (MWO), additional funds will be needed to meet the demand for the City's YouthWorks program, operated by the Health, Housing & Community Services Department (HHCS) in FY21, and non-profit agencies that serve youth through training programs will be adversely impacted. Due to COVID-19, the YouthWorks winter and extended programs ended early and as such additional funds for FY2020 are not needed.

CURRENT SITUATION AND ITS EFFECTS

In August 2016 City Council adopted amendments to Berkeley Municipal Code Chapter 13.99, which included eliminating an exemption for youth job training programs from increases in the minimum wage, and setting a separate graduated wage rate for youth job training programs until it reached the City's regular minimum wage rate schedule. Prior to this action, the YouthWorks program had been following the State minimum wage.

In November 2018 staff submitted a recommendation to Council to freeze the youth job training wage rate at \$13.25. Council voted instead to allocate \$86,924 in additional funding for the YouthWorks program for FY2019 and to refer additional allocations of funding to the FY20 budget process. No additional funding for FY20 was added to the program during the FY20-21 budget process and Council set funding for YouthWorks at \$575,270 for FY20 and \$543,725 for FY21.

Adopting this recommendation will also avoid a wage compaction issue, discussed in the Rationale For Recommendation section of this report.

### BACKGROUND

The City of Berkeley YouthWorks program provides year-round access to temporary jobs for youth ages 14-25. The summer and winter programs provide after-school jobs for up to 7 weeks in duration, and transition age youth (aged 18-25) may work up to 6 months provided they are engaged in an academic pursuit, including vocational training. The goal of the YouthWorks program is to provide a variety of employment opportunities that allow participants the opportunity to build their employability skills. In addition to the hands-on training youth receive at their worksites, they also receive training in resume building, workplace skills and financial literacy, and continued staff involvement with the employers throughout the placement to address issues as they arise.

All youth work in City departments and community-based agencies. This spring, YouthWorks and the Berkeley Fire Department will partner on a new Vegetation Management Crew (VMC) program, providing hands-on training for up to five transition-age youth. Although the start of the program has been delayed due to COVID-19, there are at least three participants ready to begin as soon as the YouthWorks program can resume.

Youth work an average of 145 hours in the summer and 80 hours in the winter. They receive paid orientation in addition to paid workplace skills and sexual harassment training. This additional support is typically not provided with regular jobs.

Council first adopted the Minimum Wage Ordinance (MWO) (B.M.C. 13.99) on June 24, 2014. The ordinance exempted job training program participants up to 25 years of age in youth job training programs operated by Non-Profit Corporations or governmental agencies (B.M.C. 13.99.130). Because of the exemption, the city's YouthWorks program adhered to the State of California's Minimum Wage, which is currently \$13 per hour and which will incrementally increase to \$15.00 per hour by January 1, 2022 (for large employers) and thereafter will increase according to the Consumer Price Index (CPI) which has been averaging approximately 3% annually.

On August 31, 2016, City Council amended the Minimum Wage Ordinance (B.M.C. 13.99) to increase Berkeley's minimum wage. The amendment removed exemptions for job training programs for youth.

Other training programs in Berkeley impacted by the Minimum Wage Ordinance include Biotech Partners, Berkeley High School's Workability, Berkeley Youth Alternatives, the Ecology Center's Youth Environment Academy, UC Theatre Concert Career Pathways and Youth Spirit Artworks. Except for the Workability program, the above-named programs receive funding from the City of Berkeley and it is likely that these entities will

need additional funding to accommodate youth wage rate increases. Other jurisdictions have implemented similar exemptions such as the City of Emeryville which has a “learner” exemption that applies to workers of any age. The City of Richmond has exempted their city-operated YouthWorks Program.

This recommendation in no way is meant as a diminishment of the importance of the YouthWorks program and the positive impact participants have in their workplaces. Rather, it distinguishes training programs from other minimum wage jobs which do not have the training and support components integral to our success.

**ENVIRONMENTAL SUSTAINABILITY**

There are no identifiable environmental effects or opportunities associated with the subject of this report.

**RATIONALE FOR RECOMMENDATION**

In addition to the annual financial impacts to the City’s budget, there is concern that the increase will create wage compaction between youth workers and other City workers who may be earning the same wage, but who have more responsibility and a longer tenure than the youth workers. This is especially apparent in the City’s Recreation programs, wherein youth workers would earn the same wage as Playground Leader Trainees starting in FY22, as shown below in Table 2.

**Table 1: Schedule for Berkeley & State Minimum Wage Rates 2020-2023**

|                                                                       | FY20    | FY21    | FY22    | FY23    |
|-----------------------------------------------------------------------|---------|---------|---------|---------|
| CA Minimum Wage (26 employees or more) eff. 1/1 of each year          | \$13    | \$14    | \$15    | \$15    |
| CoB Minimum Wage eff. 7/01 of each year*                              | \$15.59 | \$16.07 | \$16.54 | \$17.04 |
| YouthWorks wage rate eff. 7/01 of each year*                          | \$14.50 | \$15.75 | \$16.54 | \$17.04 |
| Playground Leader Trainee wage                                        | \$15.59 | \$16.07 | \$16.54 | \$17.04 |
| <i>*These wage rates are projections based on CPI increase of 3%.</i> |         |         |         |         |

YouthWorks does not provide permanent employment for young people. It is a job training program providing soft skills and coaching which is focused on preparing young people to obtain jobs in the regular wage market. Most participants in YouthWorks work up to 7 weeks during the summer or winter months, and earn an average of \$1,416. The goal of the program is to graduate participants into more permanent employment.

**ALTERNATIVE ACTIONS CONSIDERED**

Council could freeze wages for youth employment programs at \$15.75, the level it is scheduled to reach on July 1, 2020 (FY21). This action would require additional funding for the YouthWorks program for FY21. Council could also take no action and allow the

Berkeley Minimum Wage to increase according to schedule. This will require annual increases to the YouthWorks budget.

ORDINANCE NO. -N.S.

AMENDING SECTION 13.99.040 OF THE BERKELEY MUNICIPAL CODE  
REGARDING MINIMUM WAGE

BE IT ORDAINED by the Council of the City of Berkeley as follows:

Section 1. That Berkeley Municipal Code Sub-Section 13.99.040.C is amended to read as follows:

C.

For the Employer YouthWorks and for job training participants up to 25 years of age in youth job training programs operated by a Nonprofit Corporation or a governmental entity, the Minimum Wage shall remain at \$14.50, and will increase thereafter based on the ~~State of California wage~~ Consumer Price Index-annual increases.

Section 2. Copies of this Ordinance shall be posted for two days prior to adoption in the display case located near the walkway in front of the Maudelle Shirek Building, 2134 Martin Luther King Jr. Way. Within 15 days of adoption, copies of this Ordinance shall be filed at each branch of the Berkeley Public Library and the title shall be published in a newspaper of general circulation.

ORDINANCE NO. -N.S.

AMENDING SECTION 13.99.040 OF THE BERKELEY MUNICIPAL CODE  
REGARDING MINIMUM WAGE

BE IT ORDAINED by the Council of the City of Berkeley as follows:

Section 1. That Berkeley Municipal Code Sub-Section 13.99.040.C is amended to read as follows:

C. For the Employer YouthWorks and for job training participants up to 25 years of age in youth job training programs operated by a Nonprofit Corporation or a governmental entity, the Minimum Wage shall remain at \$14.50 and will increase thereafter based on the Consumer Price Index annual increases.

Section 2. Copies of this Ordinance shall be posted for two days prior to adoption in the display case located near the walkway in front of the Maudelle Shirek Building, 2134 Martin Luther King Jr. Way. Within 15 days of adoption, copies of this Ordinance shall be filed at each branch of the Berkeley Public Library and the title shall be published in a newspaper of general circulation.
