Facilities Maintenance						
IT Cost Allocation						
Mail Services						
Vehicle Maintenance						
Vehicle Replacement						

BUDGET STRATEGIES PRINCIPLES

1. *Continue serving the community.* Public health and safety functions, as well as essential municipal services will be preserved to the maximum extent possible. In so doing, the City will make every effort to avoid service and workforce reductions.
2. *Live within our means.* Strive for long-term sustainability that aligns available resources with needs and the City's values that embrace a commitment to advancing racial and social and just equity, serving those who are most in need, and environmental sustainability.
3. *Identify expenditures that can be deferred.* Take a deferment first approach by thoroughly assessing expenditures with a special emphasis on large capital projects, equipment purchases, and new projects.
4. *Pursue other revenue and assistance.* Vigorously pursue cost recovery efforts, secure alternative sources of revenue, and be positioned to capitalize on federal and state assistance.
5. *Manage use of, and replenish, reserves.* In drawing on reserves, the City will adopt a long-term orientation to ensure that funds are available for the duration of the economic downturn. The City will look to its existing policies to ensure that any reserves that are utilized are restored when the economy improves.
6. *Be data-driven and transparent.* Budget decisions will be informed by data and be transparent. Staff will work collaboratively with the Budget and Finance Committee with on-going communication and updates provided to the entire City Council.

Fiscal Policies & Additional Strategies

- 1. Funding the 115 Pension Trust
- 2. Short-Term Rental General Fund Revenue
- 3. Hiring Freeze

CITY OF BERKELEY
