To: Honorable Mayor and Members of the City Council

From: Councilmember Terry Taplin

Subject: Budget Referral: Berkeley Waterfront Bike Park

RECOMMENDATION

Refer to the Fiscal Year 2024 budget process \$800,000 to design and implement the construction of a Berkeley Waterfront Bike Park

FINANCIAL IMPLICATIONS

\$800,000 in General Fund impact.

BACKGROUND

Since April of 2022, city staff have been collecting community input to inform the conceptual design for a bike park near the entrance of the Berkeley Marina between University Avenue and the San Francisco Bay Trail (north/south) and between Frontage Road and Marina Boulevard (west/east). In addition to various comments shared via email and phone, the community input process has included a focus group, a questionnaire, and three community workshops garnering feedback from residents and community members, including youth and young adults, mountain bikers, BMX bikers, adaptive cyclists, and more.

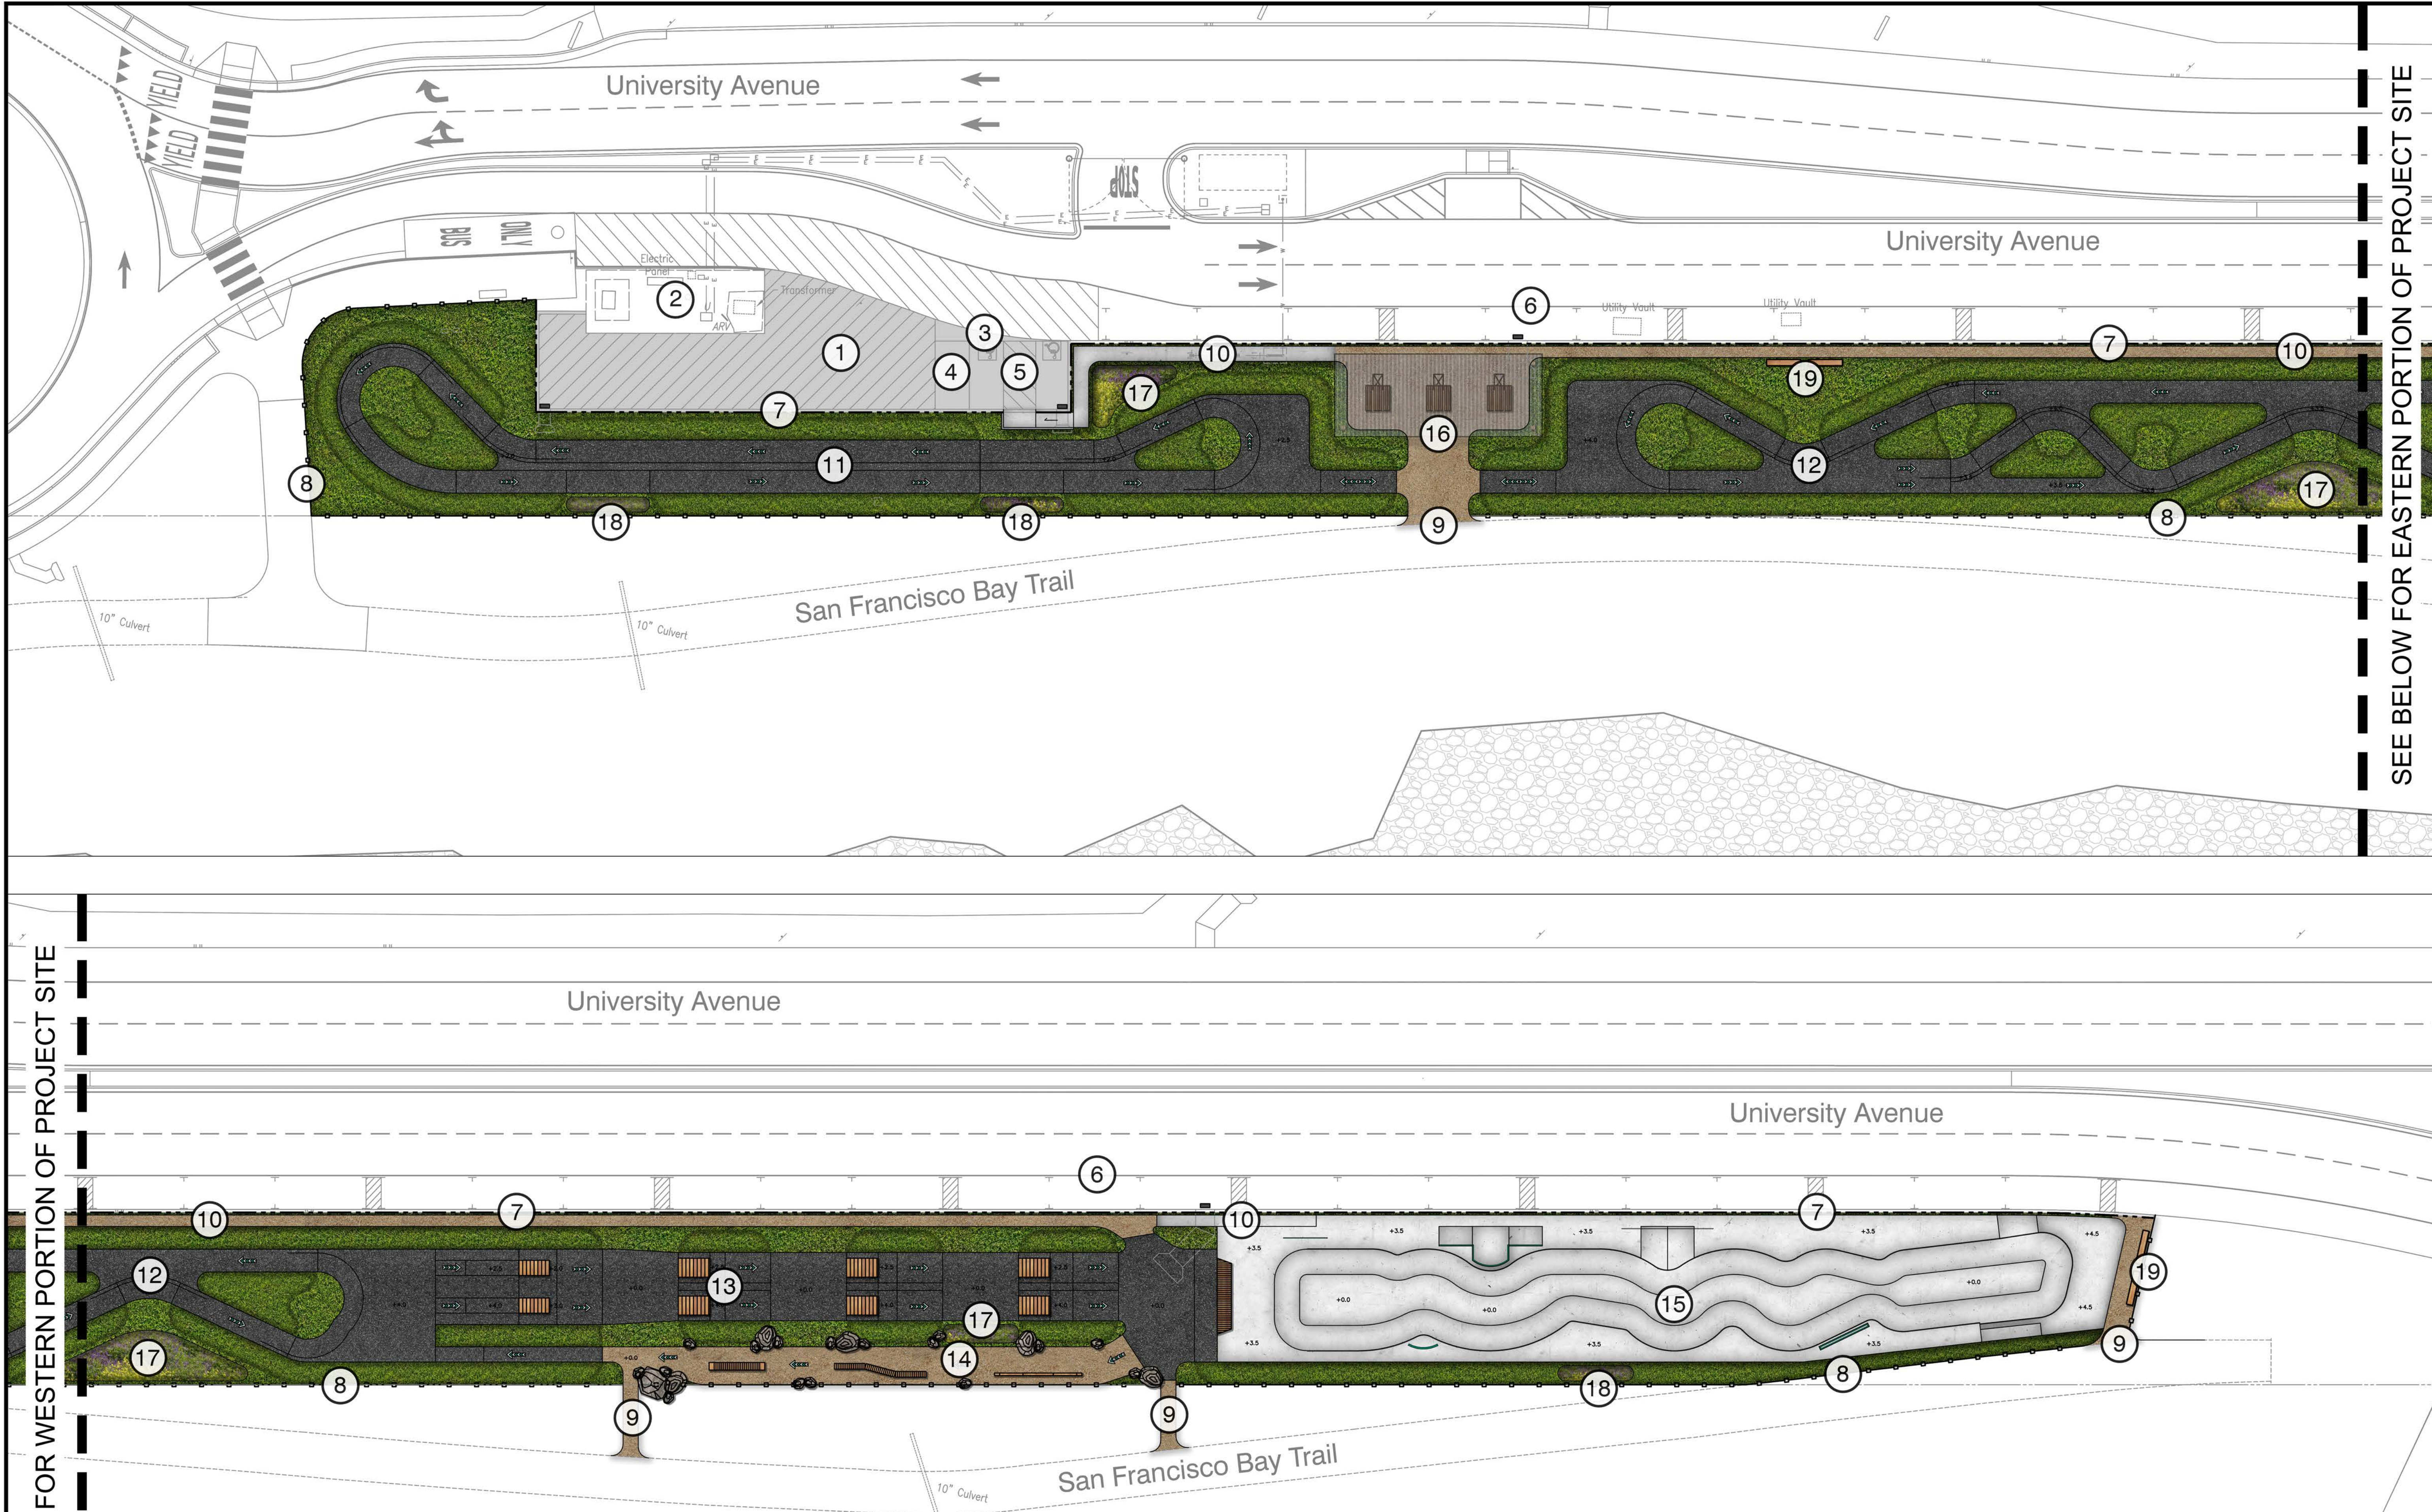

City staff has estimated the total design and construction cost to be \$1.6 million. The \$800,000 in allocated funds will enable city staff to leverage additional funding that requires the city to match 50% of the total project cost.
