

Public Works Application for New Street Light

Note: To apply for a street light you must be a current resident or business owner in Berkeley.

Applicant Information:

Full Name: _____

Street Address: _____

Phone: _____

Email: _____

Proposed Street Light:

Street Address of proposed location: _____

Is there an existing utility pole (one with no light on it) near proposed location? Yes No

Are existing lights obstructed by trees or vegetation? Yes No

Neighbor Support (*optional, but highly recommended*)

1. Refer to the attached example; using the template, submit a sketch map diagram showing:
 - The proposed location of the Street Light
 - The names and addresses of neighbors adjacent to and across from the proposed location
2. Provide a letter indicating support of the proposed light, signed by each of the neighbors indicated on the sketch map diagram, as well as any other stakeholders in support. Scanned copies are acceptable.

Submittal and Approval Process:

Submit the completed application to Public Works at: pwworks@berkeleyca.gov

If you have additional information to assist in evaluating your application, please attach a separate sheet.

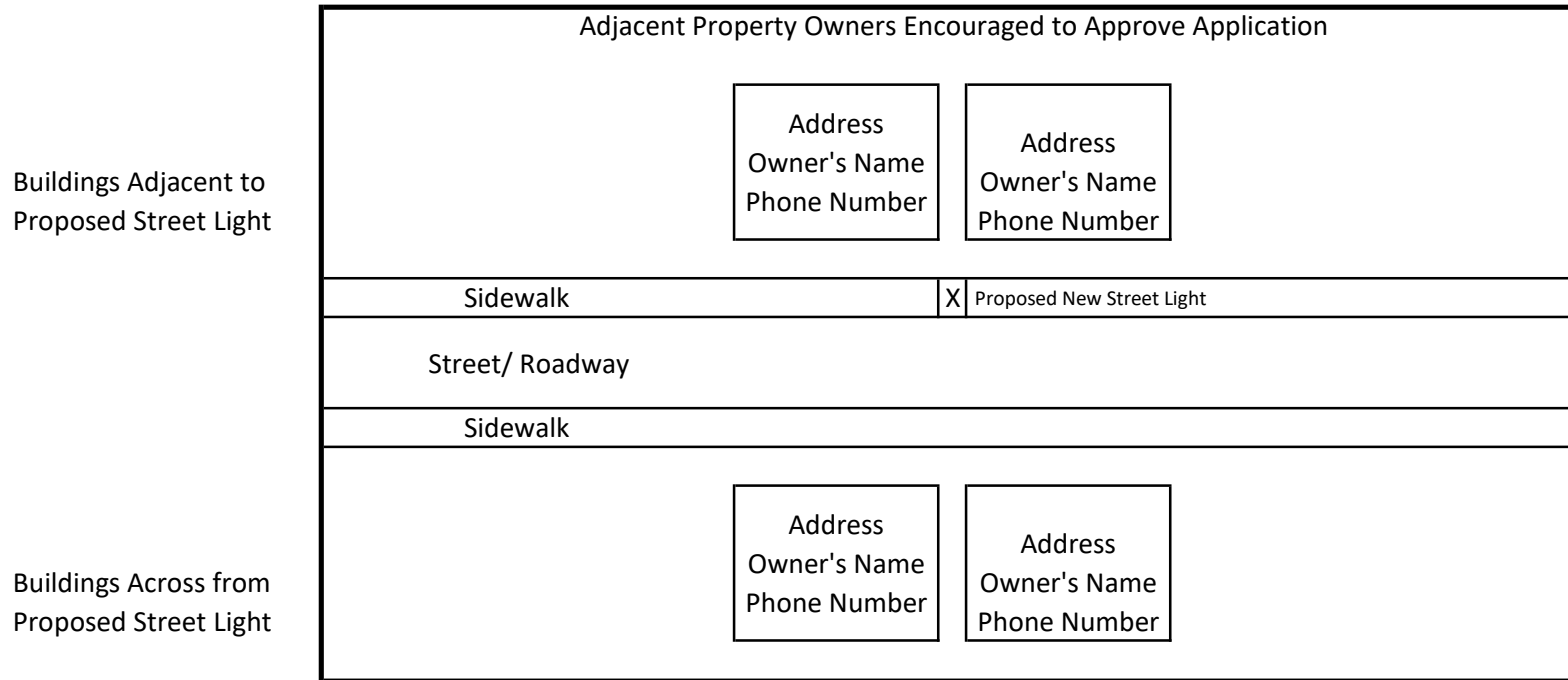

Approval for placement of a new street light is based in part on:

- Current existing City lighting (as measured in lumens by the City's Public Works staff)
- Pedestrian and Bicycle Traffic
- Impacts to ADA Path of Travel
- Proximity to BART, Public Transit, Schools, and Hospitals
- Utility conflicts
- Street Light Comprehensive Plan

Questions? Call 510-981-2489

If your request is denied, you will receive a notification and may appeal the decision to the Director of Public Works within 30 days. Berkeley residents who live, work, or commute in the vicinity of the proposed street light are invited to submit public comments in support or against the appeal request. Please submit your request to appeal and all public comments to pwworks@berkeleyca.gov with the location in the subject line.

EXAMPLE MAP

Refer to the example map above. Using the space below, the back of the page, or a blank page, create a sketch of a map showing the proposed new location of the new street light. Please be sure to include the property addresses and owner names.
