## The applicant should complete the following Statement of Agreement

I, \_\_\_\_\_, state that I am 18 years old or older, and that if a  
Residential Blue Zone Parking Space is created per my request in front of:

Print name

\_\_\_\_\_  
Print address

I understand and agree to the following conditions:

1. The parking space will be used to park a vehicle displaying a legal, disabled license plate or window placard.
2. The disabled license plate or window placard does not exonerate the user from the responsibility of obeying any City Ordinance concerning on-street parking. Vehicles parked in BLUE ZONES must be moved to other locations to comply with street sweeping days, and/or if the area has been posted for construction, special events, and any other parking restriction indicated by signs.
3. The BLUE ZONE PARKING space is located in the City right-of-way and it is not a private space for any particular driver, including the applicant. It must be shared with other legally disabled licensed vehicles on a first come-first serve basis.
4. The Office of Transportation will be informed when the BLUE ZONE parking space is no longer needed.
5. Misuse of the BLUE ZONE parking space could result in the removal of the space, THE ISSUANCE OF a citation, and/or REFERRAL to DMV for further action.
6. The on-street BLUE ZONE parking space will not substitute for any parking requirement to this property as mandated by Traffic Engineering or Zoning Division regulations. A Garage or any other type of existing off-street parking for that property shall remain as the official off-street parking space, and it shall not be blocked, obstructed, or put to any use that would prevent any current or future resident of said property from parking there.

(If the person with a disability is under 18 years old, the adult responsible for this person should sign it and, in parenthesis, add the relationship to the applicant.)
