Cost Policy Statement

EXHIBIT A

Cost Policy Statement (CPS) For the City of Berkeley

I. General Accounting Policies

- a. Basis of Accounting Accrual basis
- b. Fiscal Period July 1, 2021 through June 30, 2022.
- c. Allocation Basis for individual cost elements Direct Allocation Basis that only includes the City's General Fund.
- d. Indirect Cost Rate Allocation base Direct salaries and wages only.
- e. The City of Berkeley maintains adequate internal controls to insure that no cost is charged both directly and indirectly to Federal contracts or grants.

II. Description of Cost allocation methodology

A. Salaries and wages

- i. Direct costs The majority of the City's employees directly charge their salary costs since their work is specifically identifiable to specific grants, contracts, or other activities of the organization. The charges are supported by auditable time card reports which reflect the actual activities of employees.
- ii. Indirect costs All the staff in supporting departments/ divisions charge 100% of their costs indirectly.

The distinction between direct and indirect is primarily based on functions performed. For example, when the positions shown are performing functions that are necessary and beneficial to all programs they are indirect. In this case, it is the general fund which picks up all these indirect costs. When functions are specific to one or more programs they are direct because they do not benefit all programs.

B. Fringe benefits

The City of Berkeley contributes to the following fringe benefits for its employees:

- i. Unemployment insurance,
- ii. Worker's compensation,
- iii. Medicare and health insurance,
- iv. Medical benefits,
- v. Employee contribution to a defined benefit pension plan and,

vi. Supplemental retirement and income plans.

Treatment of Fringe benefits: The City of Berkeley's accounting system tracks fringe benefit costs by individual employees and charges those costs directly or indirectly in the same manner as salary and wage costs are recorded. However, some of the benefits are charged by use of a fringe benefit rate established.

Treatment of Paid Absences – Release time costs (vacation leave earned, sick leave used, and holiday pay) are considered part of salary costs. Consequently, separate claims for release time costs are not made. The City of Berkeley's accounting system records time as a direct or indirect cost in the same manner that salary costs are recorded. Vacation leave earned but not used during each fiscal period is recorded as a cost in the period taken.

C. Professional services

Professional services are charged indirectly in the General fund:

- i. The cost of the annual audit is charged indirectly.
- ii. Legal fees that are not identifiable to specific direct programs are charged indirectly.

D. Repairs and maintenance

Repairs and maintenance used by staff who are engaged in indirect activities will be charged on an indirect basis. In this case, all such indirect charges are absorbed by the City's General Fund.

E. Communication

A log is maintained of all incoming and outgoing telephone calls. The cost is charged indirectly in the City's General fund. The same thing happens with City's mobile phones and other communication equipment.

F. Rental and lease

Rent - The City of Berkeley occupies space it leases from various companies. The lease provides for equal monthly payments during the term of the lease. Monthly lease costs are allocated based on the cost of space occupied by staff whose salaries are indirectly charged.

G. Printing

Administrative personnel will record copies made to the benefiting program to the maximum extent practical, in situations where the photocopies made by administrative personnel cannot be identified to a specific program and the documents being copied relates to the activities of the City of Berkeley.

Printing expenses are charged to the benefiting activity. If not, it will be charged to the General fund indirectly.

H. Transportation

Transportation costs may be charged as either direct or indirect costs depending on the purpose of the trip. This report only captures those transportation charges in the General fund for indirect costs.

I. Material and supplies

To the maximum extent possible, office supplies and materials are direct charged to the contract/grant which uses the supplies or material. If not charged directly, it will be charged indirectly to the General fund. This is the case for all the supporting departments/ divisions.

J. Capital items

Capital expenditures are charged directly to programs only in those cases where a contract or grant specifically authorizes such charges. No capital items are charged indirectly.

K. Depreciation

The cost of capital items purchased with non-Federal funds which are used in a manner which benefits Federal programs is recovered through depreciation charged. However, no such items are charged indirectly in this report since the General fund is a governmental fund.

L. Service to members

The costs of activities performed primarily as a service to members, clients, or the general public is classified as direct costs and bears the fair share of indirect costs. These activities include:

- i. Maintenance of membership rolls,
- ii. Subscriptions,
- iii. Publications, and related functions, providing services and information to members, legislative or administrative bodies, or the public;
- iv. Promotion, lobbying, and other forms of public relations;
- v. Meetings and conferences except those held to conduct the general administration of the City of Berkeley;

vi. Maintenance, protection, and investment of special funds not used in operation of the City of Berkeley; and administration of group benefits on behalf of members or clients including life and hospital insurance, annuity or retirement plans, financial aid, etc.

M. Unallowable costs

The City of Berkeley recognizes that unallowable costs, as defined in Office of Management and Budget (OMB) Super Circular 2 CFR 200 "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards Subpart E – Cost Principles," Part 410 or the Collection of unallowable costs, cannot be charged to Federal awards and has internal controls in place to insure that this Code of Federal Regulation (CFR) is followed. Examples of unallowable costs are:

- i. Advertising and public relations,
- ii. Entertainment/ alcoholic beverages,
- iii. Capital expenditures,
- iv. Defense claims by or against the Federal Government,
- v. Interest,
- vi. Lobbying and fund raising.

EXHIBIT B

CERTIFICATION OF INDIRECT COSTS

This is to certify that I have reviewed the cost allocation plan submitted herewith and to the best of my knowledge and belief:

All costs included in this proposal as of June 30, 2022 to establish cost allocations for fiscal year 2022 billings are allowable in accordance with requirements of OMB Super Circular 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards Subpart E – Cost Principles," and the Federal award(s) to which they apply. Unallowable costs have been adjusted as indicated in the cost allocation plan.

All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the awards to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

I declare that the foregoing is true and correct.

The City Clerk Department provides citywide oversight for legislative proceedings and professional support to the City Council, City Manager, and City Staff. As the Elections Official and Filing Officer, the City Clerk administers municipal elections, campaign finance and conflict of interest regulations. As the Records Manager, the department administers the Citywide Records Management Program to maintain the integrity of documented actions of the legislative bodies, and accessibility to the public. The Department performs all mandated functions under the United States Constitution, the Constitution of the State of California, State Codes, the Charter of the City of Berkeley, and the Berkeley Municipal Code.

NON-DEPARTMENTAL (All City funds)

The Non-Departmental budget contains critical pieces of the City budget not attributable to a single program or department. The largest component of this budget is the transfer of funds or money from one fund to another, such as a General Fund transfer to the Capital Improvement Fund. Because most transfers are budgeted in two separate funds, the Non-Departmental budget and in an operating Department budget, they are considered "dual appropriations." Dual appropriations, amounts that are designated in different areas, are balanced in the budget for a net appropriation amount.

Other components of the Non-Departmental budget include:

- > Debt service costs for General Obligation Bonds
- Lease Purchase Agreements
- Certificates of Participation (C.O.P.s)
- > The General Fund allocation for Community-Based Organizations
- General overhead costs such as Property Insurance and School Board Salaries

Justification & Basis for the Distribution of Auditing Service Costs to Schedule E-2

Allocation Base: Auditing service costs are allocated to each department according to the relative percentage of "ACTUAL AUDIT HOURS" provided to each department.

Justification: Office of Management and Budget Circular A-87, Attachment B, Section 5, states, in part: "The cost of audit necessary for the administration and management of functions related to grant programs is allowable."

General Audit division in City Auditor's Office is responsible for the financial audit of all City departments including all special deposits to trust funds and payroll records. This service division ascertains not only financial compliance with contracts, but also checks on legal compliance and managerial effectiveness of City programs. The division is also responsible for special audit services and technical assistance to all locally and federally funded community agencies.

Method of Computation: The total audit hours provided to each department are a matter of record in the City Auditor's Office.

Application: With the allocation base determined, the percentage rate is applied and the auditing service costs are distributed and posted on Schedule E-2.

Justification and Basis for Distributing Payroll Processing Costs to Schedule E-3

Allocation Base: Payroll processing costs are allocated according to the "NUMBER OF AUTHORIZED EMPLOYEES" in each department.

Justification: Office of Management and Budget Circular A-87, Attachment B, Section 1 states, "The cost of establishing and maintaining accounting and other information systems is allowable."

Payroll Audit division of the City Auditor's Office has the responsibility for payroll preparation, pension, workers' compensations, garnishments, payroll deductions, PERS, health and dental plans, and the recording of activities on deferred income.

Method of Computation: The total costs of Payroll Audit Division of the City Auditor's Office are a matter of record in the City's Expense Report. The total number of authorized employees for each department is a matter of record in the City's Adopted Budget.

Application: The number of authorized employees for each department is divided by the total number of employees for all departments to obtain a relative percentage for each department. The allocation is made and posted to Schedule E-3.

Justification and Basis for the distribution of the City Clerk's Service Costs to Schedule E-4

Allocation base: The City Clerk's Department service costs are allocated to each department according to a "NUMBER OF DOCUMENTS ISSUED" basis.

Justification: Federal Management Circular A-87, Attachment B, Section 1, states, "The cost of establishing and maintaining accounting and other information systems is allowable."

Federal Management Circular A-87, Attachment A, Section C, subsection 1(a) states, in part, that a cost is allowable when it is, "necessary and reasonable for (the) proper and efficient performance and administration of Federal awards."

The City Clerk's Department prepares updates, maintains, and serves as prime repository for the City records. In connection with these tasks, it functions as an information and retrieval center for the City. The department also processes and maintains records of grant programs, resolutions, ordinances, contracts, leases, deeds, insurance policies, franchises, and other official documents.

Method of Computation: The total costs of the City Clerk Department are a matter of record in the City's Expense Report. Council, Commission support, and election activity costs are removed from the total costs of the City Clerk. The data as to the "number of documents issued", broken down by departments, is maintained by the City Clerk department in annual reports. The total number of documents issued by the City Clerk is divided into the total for each department to determine the rates for the allocation.

Application: Having determined the base, the percentages are applied and the allocation is made. The results are recorded in Schedule E-4.

(a) Base data obtained from report of resolutions, ordinances, and contracts submitted by City Clerk Department

Justification and Basis for Distributing Management Service to Schedule E-5

Allocation Base: Management service costs are allocated to each department according to the "NUMBER OF AUTHORIZED EMPLOYEES" in each department.

Justification: Office of Management and Budget Circular A-87, Attachment B, Section 9, states: "Costs incurred for the development, preparation, presentation, and execution of budgets are allowable."

Management service is a title for the functions of the City Manager's Office. The City Manager's Office plans, coordinates, and evaluates the activates of all City departments, coordinate development of budget balancing proposals ensuring participation by elected officials, commissions, labor, and the community. It also provides affirmative action contract compliance, and makes appropriate recommendations to the City Council for improvement in organization and operation; locate a new animal shelter and works towards new shelter design.

Method of Computation: The total costs of the City Manager's Office and the total expenditures of all departments are a matter of record in the City's Expense Report.

Application: With the base thus determined, the percentages are applied and the allocations are recorded in Schedule E-5.

Justification and Basis for Distribution of Budget and Fiscal Management Service Costs to Schedule E-6

Allocation Base: Budget & fiscal management Service costs are allocated to each department according to the NUMBER OF AUTHORIZED EMPLOYEES.

Justification: Office of Management and Budget Circular A-87, Attachment B, Section 9, states, in part: "The cost of budgeting is allowable."

Budget & Fiscal Management Division under City Manager's Office provides for the preparation of departmental budget, prepares City Manager Proposed Budget to the City Council, and refines the budget format to make it easier to understand and be able to account for all revenues and expenditures.

Method of Computation: The total costs of Budget and Fiscal Management are a matter of record in the City's Expense Report. Budget and Fiscal Management services costs are distributed by computing a relative percentage of the total budgetary expenditures for each department.

Application: With the base thus determined, the percentages are applied and the allocation is made, and then recorded in Schedule E-6.

Justification and Basis for the Distribution of Centralized Purchasing Service Costs to Schedule E-7

Allocation Base: Centralized purchasing service costs are allocated to each department according to their relative percentage of the "TOTAL NUMBER OF PURCHASE ORDERS".

Justification: Federal Management Circular A-87, Attachment B, Section 1, states, in part: "The cost of establishing and maintaining accounting and other information systems is allowable."

Purchasing Division of the Finance Department is responsible for the central procurement of goods and services, which includes preparation of formal bid requests and specifications maintenance of purchase records, receipt of bids, preparation of abstracts and recommendations on acceptance of bids. The division is also responsible for the City's Warehouse functions.

Method of Computation: The total costs of Purchasing Division are a matter of record in the City's Expense Report. Purchasing service costs are distributed by computing a relative percentage of the total purchase orders for each department.

Application: With the base thus determined, the percentages are applied and the allocation is made and recorded on Schedule E-7.

The costs of Purchasing Division include a portion of the total administrative costs of the finance department per Schedule D-5.

Justification and Basis for Distributing Treasury Service Costs to Schedule E-8

Allocation Base: Treasury costs are allocated to each department according to the NUMBER OF CASH RECEIPT TRANSACTION PROCESSED.

Justification: Office of Management and Budget Circular A-87, Attachment A, Section C, subsection 1(a) states, in part, that a cost is allowable when it is, "necessary and reasonable for (the) proper and efficient performance and administration of Federal awards."

Treasury Division of the Finance Department serves as the central cashiering element for the City which involves the receipt of revenue, (including grant funds), the recording of revenue as to funds.

Method of Computation: The total cost of Treasury Division of the Finance Department is a matter of record in the City's Expense Report. The costs of Treasury and the costs of the other six divisions of the Finance Department (Purchasing, Accounting, Accounts Payables, Revenue Collection, Counter and Billing Service) All include a portion of the total administrative cost of the department. These administrative costs were distributed on the basis of total budgetary expenditures of each division

Application: With the base thus determined, the percentages are applied and treasury service costs are allocated, and then recorded in Schedule E-8.

Justification and Basis for the Distribution of Accounting Service Costs to Schedule E-9

Allocation Base: Accounting service costs are allocated to each department according to the "NUMBER OF AUTHORIZED EMPLOYEES" of each department.

Justification: Office of Management and Budget Circular A-87, Attachment B, Section 1 states, "The cost of establishing and maintaining accounting and other information systems is allowable."

Accounting Division in Finance Department is responsible for the municipal accounting procedures/records in accounts payable, the general ledger and grant program accounting, the encumbrance, expenditure and appropriation accounting, and the general obligation, revenue bond and sales/lease financial records. The division also performs accounting and analysis of a complex nature to assess long-range financial and accounting planning problems and ensures accurate reporting of the City's financial position.

Method of Computation: The total costs of Accounting Division of the Finance Department are a matter of record in the City's Expense Report. The costs of Accounting and the costs of the other six divisions of the Finance Department (Purchasing, Treasury, Accounts Payable, Revenue Collection, Billing Service, and Counter) all include a portion of the total administrative cost of the department. These administrative costs were distributed on the basis of total budgetary expenditures of each division.

Application: With the base thus determined, the percentages are applied, and the allocation is made and recorded on Schedule E-9.

Justification and Basis for the Distribution of Accounts Payable Service Costs to Schedule E-10

Allocation Base: Accounts payable service costs are allocated to each department according to the ADJUSTED TOTAL EXPENDITURE PER DEPARTMENT.

Justification: Office of Management and Budget Circular A-87, Attachment B, Section 1 states, "The cost of establishing and maintaining accounting and other information systems is allowable."

Administration – Accounts Payable Division in Finance Department is responsible for the process of both the citywide operating and administrative payment.

Method of Computation: The total costs of the Accounts Payable Division of the Finance Department are a matter of record in the City's Expense Report. The costs of the Accounts Payable and the costs of the other six divisions of the Finance Department (Purchasing, Treasury, Accounting, Revenue Collection, Counter and Billing Service) all include a portion of the total administrative cost of the department. These administrative costs were distributed on the basis of total budgetary expenditures of each division.

Application: With the base thus determined, the percentages are applied, and the allocation is made and recorded on Schedule E-10.

Justification and Basis for the Distribution of Finance - Revenue Collection Cost to Schedule E-11

Allocation Base: Revenue collection costs are allocated to each department on the basis of their relative percentage of the "TOTAL AMOUNT COLLECTED".

Method of Computation: The total costs in the Revenue Collection Division* of Finance Department are a matter of record in the City's Expense Report. And this is only for internal plan.

Application: With the base determined, the percentages are applied, and the allocation made was recorded on Schedule E-11.

* The costs of the Revenue Collection Division and the costs of the other five divisions of the Finance Department, all include a portion of the total administrative costs of the department. The pro-rate share for each division was computed in the text that accompanied Schedule D-5.

Justification and Basis for the Distribution of Counter Service Costs to Schedule E-12

Allocation Base: Counter service costs are allocated to each department according to the "NUMBER OF CASH RECEIPT TRANSACTIONS PROCESSED" of each department.

Methods of Computation: The total costs of the Counter Service Division of the Finance Department are a matter of record in the City's Expense Report. The costs of Counter Service Division and the costs of the other six divisions of the Finance Department (Purchasing, Treasury, Accounting, Accounts Payable, Revenue Collection, and Billing) all include a portion of the total administrative cost of the department. These administrative costs were distributed on the basis of total budgetary expenditures of each division.

Application: The percentage is computed, the total cost allocated and the result is recorded in the Schedule E-12.

Justification and Basis for the Distribution of Billing Service Costs to Schedule E-13

Allocation Base: Billing service costs are allocated to each department according to the "TOTAL NUMBER OF BILLS" of each department.

Methods of Computation: The total costs of the Billing Service Division of the Finance Department are a matter of record in the City's Expense Report. The costs of Billing Service Division and the costs of the other six divisions of the Finance Department (Purchasing, Treasury, Accounting, Accounts Payable, Revenue Collection, and Counter) all include a portion of the total administrative cost of the department. These administrative costs were distributed on the basis of total budgetary expenditures of each division.

Application: The percentage is computed, the total cost allocated and the result is recorded in the Schedule E-13.

(a) Data for number of bills obtained from Revenue Collection

Justification and Basis for the Distribution of Human Resources Service Costs to Schedule E-14

Allocation Base: Human resources service costs are allocated according to the "NUMBER OF AUTHORIZED EMPLOYEES" in each department.

Justification: Federal Management Circular A-87, Attachment B, Section 40, states, "The cost of training provided for employee development is allowable."

Federal Management Circular A-87, Attachment A, Section C, subsection 1(a) states, in part, that a cost is allowable when it is, "necessary and reasonable for (the) proper and efficient performance and administration of Federal awards."

The Human Resources Department is responsible for the overall administration of the City's personnel merit system, which includes personnel selection, job classification, wage and salary administration, labor and employee relations, and record keeping of City employees. The department has the functions directly associated with accident prevention and reporting, safety training, and supervisory development of employees. Additionally, the department maintains affirmative action records and information and assists in organization studies and manpower control.

All functions and services performed by the Human Resources Department benefit all departmental units of the City.

Method of computation: The total costs of the Human Resources Department are a matter of record in the City's Expense Report. The total numbers of authorized employees for each department are a matter of record in the City's Adopted Budget. Utilizing the allocation base, a percentage is calculated for each department.

Application: With the base determined, the percentages are applied and the allocation is made and recorded in Schedule E-14.

Justification and Basis for Distribution of Information Technology Service Costs to Schedule E-15

Allocation Base: Information technology service costs are allocated to each department according to their relative percentage of the "TOTAL NUMBER OF AUTHORIZED EMPLOYEES".

Justification: Office of Management and Budget Circular A-87, Attachment B, Section 1, states, in part: "The cost of information technology services is allowable."

The Information Technology Department provides centralized data collection and information retrieval service to various City departments in regard to revenue accounting, accounts payable, appropriation accounting, payroll, cost accounting and other applications.

Method of Computation: The total costs of the Information Technology Department are a matter of record in the City's Expense Report. Information concerning the number of personal computers is provided by staff in Information Technology, who accesses and maintains the updated information from system. Utilizing total personal computers as the allocated base, a percentage is computed according to the number of personal computers allocated to each department.

Application: With the base thus determined, the percentages are applied and the allocation is made, and then recorded in Schedule E-15.

Justification and Basis for Distribution of Information Technology 311 Call Center Costs to Schedule E-16

Allocation Base: Information technology 311 call center costs are allocated to each department according to their relative percentage of the "TOTAL NUMBER OF ROUTED CALL".

Justification: Office of Management and Budget Circular A-87, Attachment B, Section 1, states, in part: "The cost of information technology services is allowable."

The Information Technology Department provides centralized data collection and information retrieval service to various City departments in regard to revenue accounting, accounts payable, appropriation accounting, payroll, cost accounting and other applications.

Justification and Basis for the Distribution of Non-Departmental Miscellaneous Costs to Schedule E-17

Allocation Base: Non-departmental miscellaneous costs are allocated to each department according to the NUMBER OF AUTHORIZED EMPLOYEES.

Justification: The miscellaneous costs mainly consist of fees for professional auditor, insurance expense, and other professional costs. Federal Management Circular A-87, Attachment B, Section 4, states: "The costs of audits necessary for the administration and management of functions related to grant programs is allowable."

The audit costs represent payments made to non-City auditors for City audits as required.

Federal Management Circular A-87, Attachment B, Section 33(a), states: "Cost of professional and consultant services rendered by persons or organizations that are members of a particular profession or possess a special skill, whether or not officers or employees of the governmental unit, are allowable..."

The other professional costs represent payments made to various consultant services as required.

Federal Management Circular A-87, Attachment B, Section 25(a), states: "Costs of insurance required or approved and maintained, pursuant to the Federal award, are allowable."

The costs of insurance represent citywide property insurance payments as required.

Method of Computation: The costs of the non-departmental misc. costs and the total expenditure of all the departments are a matter of record in the City's Expense Report. Outside Audit Costs are distributed by computing a relative percentage of the total budgeting expenditures for each department.

Application: The percentage is applied, the allocation is made, and the result is recorded on Schedule E-17.

Justification and Basis for the Distribution of Building Use Costs to Schedule E-18

Allocation Base: Building Occupancy costs are allocated according to the "BUILDING COSTS" basis.

Justification: Federal Management Circular A-87, Attachment B, Section 19(b), states, in part that "Capital expenditures which are not charged directly to a Federal award may be recovered through use allowances or depreciation on buildings, capital improvements, and equipment."

Federal Management Circular A-87, Attachment B, Section 15(d), states in part: "...the use allowance for buildings and improvements (including land improvements, such as paved parking areas, fences, and sidewalks) will be computed at an annual rate not exceeding two percent of acquisition costs."

Method of Computation: The total building costs are summarized in the 2018 CAFR.

Application: With the base determined, a percentage and the allocation are calculated. The allocation is recorded on Schedule E-19.

(a) Data for building costs obtained from Schedule D-11

Justification and Basis for the Distribution of Equipment Use Costs Reference to Schedule E-19

Allocation Base: Equipment use costs are allocated to each department on a "PERCENTAGE OF TOTAL ACQUISITION COST" basis.

Justification: Federal Management Circular A-87, Attachment B, Section 19(b), states, in part that "Capital expenditures which are not charged directly to a Federal award may be recovered through use allowances or depreciation on buildings, capital improvements, and equipment."

Federal Management Circular A-87, Attachment B, Section 15(d), states, in part that "The use allowance for equipment will be computed at an annual rate not exceeding six and two-thirds percent (62/3%) of acquisition cost."

Method of Computation: The Finance Department maintains an annual inventory of all usable equipment. The inventory lists the equipment by department and values them at acquisition costs. The equipment costs of the city are allocated to each department according to its relative percentage of total equipment costs of all departments.

Application: The six and two-thirds percent $(6\ 2/3\%)$ allowance rate is applied to the total equipment costs for the city. This total is allocated in the manner described above. The use allowance costs are then recorded on Schedule E-20.

EXHIBIT G

CONSOLIDATED CENTRAL SERVICE COST ALLOCATION PLAN AND INDIRECT COST PROPOSAL Simplified Method

The Simplified Method is used whenever the major functions of an organization benefits from its indirect costs to approximately the same degree. The allocation of indirect costs on this report is accomplished by following methodology:

Generally, there are two layers of indirect costs associated with City services:

- City general and administrative overhead This includes the cost of all service departments

 Auditor, Finance, Budget, City Manager, Human Resources, City Clerk, City Attorney, and Police Review Commissions. It also includes facility and equipment costs, finance charges, outside audit fees, and insurance expenses. Refer to Exhibit D.
- Department overhead This includes the cost of support services provided by an operating department's support staff. Examples include the director, payroll clerk, and other administrative staff. Their costs are classified as Administrative and clerical in the Exhibit C.

This report represents the above two layers of City general and administrative overhead and department overhead. City general and administrative overhead is allocated to all operating departments and divisions. The method used to allocate the costs and to calculate the amount allocated is presented on each detail schedule (refer to Exhibit D). Department overhead is directly allocated to its own department (refer to Exhibit C).

The TOTAL INDIRECT COSTS of Exhibits G and H show the total overhead allocated to operating department or division, and the sum of services furnished by the service division, as they are defined for these plans. Following the TOTAL INDIRECT COSTS are the DIRECT SALARIES AND WAGES, which is an indirect cost rate allocation bases and it includes direct salaries and wages only. Since it is labor intensive for our organization to receive grants, using a distribution base of direct salaries and wages is most often recommended. The amounts for "DIRECT SALARIES AND WAGES" are obtained from Schedule D-12. The total salaries and wages shown on Schedule D-12 are provided in the City's Expenditure Report. The indirect salaries and wages is the difference between the total salaries and wages and the indirect salaries and wages. To obtain the indirect cost rate shown on Exhibits G and H, the direct salaries and wages is used as the denominator and the total indirect costs as the numerator.
