1 Resolution declaring the City of Berkeley’s commitment to Abortion Access

2
3 WHEREAS, the Peace and Justice Commission advises the City Council on all matters
4 relating to the City of Berkeley's role in issues of peace and social justice (Berkeley
5 Municipal Code Chapter 3.68.070); and

6
7 WHEREAS, limiting access to reproductive healthcare, including systematically
8 stripping pregnant people of access to abortion, is not only a transgression against basic
9 human reproductive rights but is also an assault on dignity¹ and

10
11 WHEREAS, Roe v. Wade, the landmark U.S. Supreme Court decision recognizing and
12 confirming the right to privacy in the federal Constitution protects the right for pregnant
13 people to choose to have an abortion prior to viability is in imminent danger of being
14 overturned; and

15
16 WHEREAS, dozens of states have already taken legal action to limit or ban abortion,
17 potentially stripping millions of people of reproductive care and endangering thousands
18 of healthcare workers, including nurses and doctors who have dedicated their lives to
19 caring for those in need; and

20
21 WHEREAS, the East Bay is home to a number of nonprofit healthcare providers that
22 provide free or low-cost reproductive care, including abortion; and

23
24 WHEREAS, the demand for abortion access is likely to increase greatly, making cities
25 like Berkeley a destination for individuals seeking care that may be made illegal in their
26 home cities and states.

27
28 THEREFORE BE IT RESOLVED, that the Council of the City of Berkeley declares
29 Berkeley to be a Right-To-Choose Sanctuary City, recognizing that anyone should have a
30 right to abortion, on-demand, and without question.

31
32 BE IT FURTHER RESOLVED, that the Council of the City of Berkeley urges the State
33 of California and Alameda County to increase funding for reproductive rights and
34 abortion access.

35
36 BE IT FURTHER RESOLVED, that the Council of the City of Berkeley refers this
37 resolution to the Peace and Justice Commission requesting it to collaborate with the
38 Berkeley Unified School District, the Health Department, the Community Health
39 Commission, and the Commission on the Status of Women to study what obstacles
40 residents of Berkeley face in obtaining reproductive health and educational services, and
41 what disparities may exist on the basis of race and class, and give an interim report to the
42 City Council on what actions should be taken to address such limitations on reproductive
43 rights and services for Berkeley’s residents, within four months.

44
45 BE IT FURTHER RESOLVED, that the City of Berkeley reaffirms its support fo
46 codifying the right to an abortion into federal law via HR 3755, The Women’s Health

47 Protection Act of 2021 (Lee & Chu).¹

1 Resolution in favor of Congressional Action to Repeal Selective Service Registration

2
3 WHEREAS, the Peace and Justice Commission advises the City Council on all matters relating to
4 the City of Berkeley's role in issues of peace and social justice (Berkeley Municipal Code Chapter
5 3.68.070); and

6
7 WHEREAS, S.1139, Selective Service Repeal Act of 2021 (Ron Wyden, OR) has two co-sponsors
8 as of May 15, 2021, 1 and H.R. 2509, Selective Service Repeal Act of 2021 (Peter DeFazio, OR),
9 which has 17 co-sponsors as of February, 2022; 2 and

10
11 WHEREAS, These bills repeals the requirement for males of ages 18 through 25 years old to
12 register with the Selective Service; the bills also specify that an individual shall not be penalized
13 for prior failure to register with the Selective Service; and

14
15 WHEREAS, Representative DeFazio said in a press release dated May 14, 2021, “No young
16 person, regardless of gender, should be subject to a military draft or be forced to register for a
17 draft in the United States. The military draft registration system is an unnecessary, wasteful
18 bureaucracy which unconstitutionally violates Americans’ civil liberties and unfairly subjects
19 individuals who fail to register for the draft to unnecessarily severe, lifelong penalties – penalties
20 which disproportionately affect low-income Americans;” 3 and

21
22 WHEREAS, the American Friends Service Committee states that it “opposes requiring anyone,
23 regardless of gender, to register for the draft and to participate in systems of war. However, in
24 July [2021], the Senate Armed Services Committee voted to expand the registration
25 requirement—and associated penalties—to women. This is a step backward toward militarism
26 that hurts us all. Instead of expanding registration, the U.S. must end the Selective Service
27 requirement for everyone,,, Without an active draft, the Selective Service system has become a
28 military recruitment tool with recruiters often targeting Black, Brown, and low-income
29 communities;” 4 and

30 WHEREAS, even former directors of Selective Service have called its records “less than
31 useless” and have called for an end to registration. 5

32 NOW THEREFORE, BE IT RESOLVED that the Council of the City of Berkeley calls on

4 “Not registering for the Selective Service is a felony, and those who choose not to register face many penalties [including many government jobs and job training and state student aid] It can also cause a five-year delay for those seeking citizenship. In the worst case scenario, if someone were to be criminally convicted of not registering, they could be fined up to \$250,000 and sent to jail for up to 5 years....The United States has not drafted anyone since 1973,” <https://www.afsc.org/blogs/news-and-commentary/its-time-to-end-not-expand-selective-service-system>

5 The Selective Service system, which costs taxpayers about \$26 million a year, collects registration records that have been described as "less than useless" by Bernard Rostker, a former director of the agency.” AFSC, op.cit. Former Selective Service director Edward Hasbrouck said on April 30, 2019, “... it’s time to end draft registration.” <https://couragetoresist.org/time-to-end-draft-registration/>

33 Representative Barbara Lee and Senators Dianne Feinstein and Padilla to co-sponsor S.1139 and
34 H.R. 2509.

36 BE IT FURTHER RESOLVED that copies of this resolution be sent to Berkeley's congressional
37 delegation.

Peace and Justice Committee Fiscal Year 2023 Work Plan

The Commission emerged from an 18-month pandemic lockdown in the fall of 2021, eager to grapple with the new world that has emerged since mid-2020.

Our landscape in the 2020s is defined by a national racial reckoning and the demand to reimagine public safety, in the midst of an ongoing pandemic, a U.S. body politic figuratively at war with itself, along with a literal war in Europe that makes us fear for our survival, climate destruction even more terrifying, and now with a woman's right to choose under severe attack.

As grim as these challenges are, they bring out the best of Berkeley's character. This city has a genius for grasping the what the moment calls upon us to do, what role we can play to turn tragedy into triumph.

The lesson of our times is that the pursuit of human rights, for peace and social justice, is one that everyone plays a role in. At the founding of this Commission, Council declared, "It is the responsibility of one and all to labor hard for peace and justice within forums of appropriate scale."

The mission of the Berkeley Peace and Justice Commission is, firstly, to "advise the Berkeley City Council and the Berkeley Unified School Board on all matters relating to the City of Berkeley's role in issues of peace and social justice." Secondly, it is to "help create citizen awareness around issues of social justice and develop educational programs for implementation by the City Council and the School Board."

These times are very fluid, and it is impossible to entirely predict what fresh challenges to peace and justice will arise in the coming year. Therefore, the Commission can determine its Work Plan only in part, as we must be able to respond to the unfolding crises of our society.

We do expect, however, to focus our work on the following issues among others:

1. Reimagining public safety in Berkeley.
 - The City of Berkeley is committed to the Reimagining rubric of three parts: Reduce, Improve, and Invest. Public (or community) safety is seen in its broadest sense: how can we ensure our collective and individual safety and health?
 - The Commission's mandate calls upon us to "develop ways to resolve conflict which do not involve violence and which may be applied on a local level as well as a national level....Our best protection lies in initiating, devising, and promulgating peaceful and just policy alternatives." Today, we call these restorative practices.
 - From the beginning of the Reimagining process in 2020, the Council elaborated three overall goals. The first two were outcome-focused, envisioning a transformative approach to public safety and equitable investments in historically marginalized

communities. The third envisioned a process shift: “a broad community process that will result in deep and lasting change to support the safety and well-being of Berkeley residents.”

As the City moves into planning and implementation phases, we and all other advisory commissions must play our full role in concert with the elected leaders, staff, and public to ensure that the needs of the community are really met.

- City Council has proposed to create an Office of Equity and Diversity, initially to consider the recommendations from the Reimagining Public Safety Task Force. As the Commission mandated to advise Council and BUSD on all matters of social justice, Peace and Justice will follow with interest the work of the Office, and support it with community-based input.

2. Fostering world peace and security.

- Promote a just and prompt end to the illegal invasion of Ukraine by Russia.
- Contribute to the global conversation about international security and how such conflicts can be prevented in the future.
- Defend democracy and freedom in domestic and U.S. foreign policy, including immigration and economic, military, and diplomatic relations.

3. Defending reproductive rights including access to abortion.

- Based on the recent Supreme Court leak, the greatest rollback on access to abortion in a century appears underway.
- Governor Newsom has been working with community organizations from some time in preparation for this moment. The recommendations made by the Governor’s Future of Abortion Council (CA-FAB)¹ focus primarily on supporting women who may travel to California for procedures that will no longer be available in their states. Secondly, they propose broadening support for abortion provision across California, surveying issues preventing access in the most-impacted communities.
- The Peace and Justice Commission has recommended to the City Council that it charter a similar investigation of reproductive care and women’s health in Berkeley. As we move into the expected post-Roe future, it is important to know what disparities in access and affordability of reproductive health services exist in our City.

4. Eliminating racial and other inequities in all realms, including housing, health, law enforcement, education, labor, and the environment.

¹ <https://apnews.com/article/abortion-california-sanctuary-625a118108bcda253196697c83548d5b>

- Not only have these manifold disparities been identified and studied for many years, beginning measures to address them have been discussed and adopted. To secure the public's trust in overcoming inequality, the program of change must be clearly communicated, it must be fully funded and successfully implemented, and it must have full transparency, community oversight, and accountability.
- In early 2021, Council also passed a resolution titled "Declare Racism as a Public Health Crisis, a Threat and Safety Issue in the City of Berkeley" proposal, providing an additional framework for the Department of Equity and a potentially a path for Peace and Justice to collaborate with other commissions and City departments toward a new paradigm in public safety and health.²

5. Support efforts in the BUSD to provide equitable access to education.

- In the last year, commissioners have reached out to school board members, staff, and other members of the BUSD community to discuss how we can be of help in the District's social justice initiatives. The commission is aware of the Framework for African American advancement and its new program for K-12 Ethnic Studies. We will continue to look for ways to support such positive initiatives and to build support for them in the community at large.

Ongoing Projects

Nuclear-Free Berkeley

The Nuclear Free Berkeley Act came into force in 1986 (Chapter 12.90.070 Section 030D). The Peace & Justice Commission established the Subcommittee on The Nuclear Free Berkeley Act (NFBA) to oversee and reinforce compliance with the terms of the Act. The Subcommittee's activities have included:

- recommendation against a waiver for continuation of the Berkeley Public Library's contracts with 3M (2009-2010);

² The "Declare Racism as a Public Health Crisis, a Threat and Safety Issue in the City of Berkeley" proposal reflects on both the disparate impact of Covid-19 on Black, Latinx, Native American, and Asian American communities, and the heightened understanding of structural and institutionalized racism nationally. The proposal commits the City to eliminate all socioeconomic barriers to health equity. Specifically, it calls for a series of town hall meetings throughout the sessions to address the concerns of people of color and marginalized community members and to strengthen the anti-racist capacity building; establishment of a working group to promote racial equity; the City Manager to explore greater health disparities that have emerged as a result of the COVID-19 crisis; to propose a Health in All Policies Ordinance; mandatory anti-racist training for City employees; a Strategic Plan for Health Equity; an anti-racism dashboard; work with BUSD to study whether "race-based differential access means that some students have less access to educational opportunities."

- consideration of a waiver for the City of Berkeley Public Health Division’s proposal on medical supplies (2012);
- recommendation of a waiver for the SkyDeck Business Incubator-Accelerator Contract (2012);
- recommendation (February 7, 2013) to the Regents of the University of California that it phase out responsibility for operating the Nuclear Weapons Laboratories in Livermore and Los Alamos;
- a letter from the City of Berkeley to President Obama in 2014 urging support of a ban on nuclear weapons.

More recently, in light of the Award of the Nobel Peace Prize in 2017 to the International Campaign to Abolish Nuclear Weapons (ICAN), whose goal is international adherence to and full implementation of the Treaty on the Prohibition of Nuclear Weapons (the Treaty), the Peace and Justice Commission will seek to collaborate further with ICAN on activities of mutual concern. We would note that the California State Senate and the California State Assembly voted affirmatively on a bill in September 2018 to urge U.S. Senate adoption of the Treaty. Strong support comes also from the International Red Cross Red Crescent Movement; Nuclear Ban US; The City of Los Angeles, California; the City of Takoma Park, Maryland; Physicians for Social Responsibility; and the U.S. Conference of Mayors, among others.

Indigenous Peoples

Between December 2015 and January 2016, the Berkeley City Council, upon the recommendation of the Peace and Justice Commission, adopted five important resolutions supporting the treaty rights of indigenous people in Berkeley. The resolutions included: recognition of the Ohlone people as the original inhabitants of Berkeley and the Bay Area, pledging to work in good faith with Ohlone representatives; implementing the UN Declaration on the Rights of Indigenous Peoples as municipal policy; endorsing the upgrading of the Declaration to a Convention; honoring the Berkeley Shellmound indigenous site; and urging the East Bay Regional Parks District to protect the Ohlone place of origin sacred site.

The resolution on the Berkeley Shellmound mandated that “free, prior, and informed consent of the Ohlone and other indigenous peoples of the region should be integral to any alteration planning for the Berkeley Shellmound site, in accordance with the provisions of the United Nations Declaration on the Rights of Indigenous Peoples.”

Socially Responsible investment and Procurement Policy (SRIPP) and Sustainable Sweatshop-Free Berkeley

The SRIPP Subcommittee of the Peace and Justice Commission was chartered by resolution of the Berkeley City Council on July 16, 2019. Its immediate charge is to develop a proposed policy to “govern the Commission’s advisory role in socially responsible investing and socially responsible procurement.” Prior to March 2020, the subcommittee held several meetings including one discussion with City Finance Department staff and used those conversations to craft a draft SRIPP ordinance that is responsive to the City Council’s request.

The Sweatshop-Free Berkeley Policy now has a zero-dollar threshold per supplier per year for textile products purchased by the City. This threshold is an improvement over the previous minimum of \$1,000 purchase per supplier for the Policy to apply. However, the policy is complaint-driven, so the burden is on community members to research the supply chain for each supplier. The SRIPP Subcommittee proposes to establish a mechanism for suppliers to show that they are using Sweatshop Free products for City purchases.

The Policy governs textile purchases only. The goal is to identify sweat-free alternatives for technology purchases so tech can be covered as well.

The BUSD, through the School Board Policy Committee, is in the process of establishing a Sweatshop-Free Schools Policy for athletic supplies. The SRIPP Subcommittee and the Commission are supporting the BUSD to ensure the development of an effective policy.

AGENCY LETTERHEAD

SAMPLE SUPPORT LETTER TO THE BERKELEY CITY COUNCIL

Dear Berkeley Mayor and City Councilmembers,

RE: Include the African American Holistic Resource Center (AAHRC) in the infrastructure and affordable housing measure

I am writing this letter on behalf of the **agency or community group name** in regards to prioritizing adding the African American Holistic Resource Center (AAHRC) project into the South Berkeley proposed new measure for infrastructure and affordable housing. My agency/group is in full support for the development of AAHRC for the African American community in Berkeley.

Providing funding to the AAHRC from this infrastructure and affordable housing measure will address some of the historical harmful racial and wealth inequities and disparities that the Black community in Berkeley suffered during decades of discrimination in the City of Berkeley.

Berkeley's Health Status reports outline the historical extent of inequities and disparities in the city, which have led to negative health, mental health, social, and economic determinants for African Americans. Efforts to ensure equity in addressing the social determinate of health for the African community with the creation of the AAHRC development of a culturally congruent service delivery system for Berkeley's Black community is essential. The AAHRC will ensure new and returning residents living in the proposed affordable housing units with the support they will need to thrive in the city.

We support funding from the infrastructure and affordable housing measure to be used towards the construction of a green state-of-the-art AAHRC facility, ongoing building maintenance, operations, and programming.

The AAHRC is a grassroots legacy project, one that will serve as an example for other jurisdictions and municipalities across the country. We are aware that there is an immediate need to address racial and wealth inequity in the City of Berkeley, especially as it relates to the African American community in the city.

Berkeley has had many firsts, and including the AAHRC within this measure is one step in the right direction to make the changes that our city needs and deserves for the African American community. We believe the development, creation, and ongoing financial support of the African American Holistic Resource is a win, win for all Berkeleyans.

I look forward to your continued support of the AAHRC and your vote to prioritize adding the AAHRC to the infrastructure and affordable housing measure.

Sincerely,
