CITY OF BERKELEY REIMAGINING PUBLIC SAFETY TASK FORCE

City-wide Resident Survey: Purpose, timeline and sample goal Mini teach: Best practices in survey design Survey Dissemination plan City-wide Resident Survey Tool Taskforce Feedback and Questions

GOALS OF COMMUNITY ENGAGEMENT

- To evoke empathy
- 2. To create forums for residents to influence government decisions
- 3. To equip decision-makers with a more fact-based understanding
- 4. To support decision-makers in aligning investments and initiatives
- 5. To inform program participants and communities of City of Berkeley priorities, constraints, mandates, and decision-making

Purpose & Goals:

- □ Gather resident opinions/support for alternative responses and adopted city mandates
- □ Gather resident feedback on priorities for re-imagining public safety
- □ Assess resident satisfaction with and perception of the Berkeley Police Department
- □ Hear from residents across Berkeley

Survey Goal

500

~50 per zip code

Survey Designed with input from:

- Berkeley City Manager Office
- Department of Transportation
- Berkeley Police Department
- Other City agencies
- Research Development Associates (RDA)

- Survey Design Expert

BRG and RDA coordination:

- Integrate questions into each other's research protocols and outreach efforts
- Leverage each other's networks and outreach strategies
- Streamlining priority population outreach

City of Berkeley Public Safety Survey

Reimagining Public Safety in Berkeley

The current call to reimagine public safety and justice has resulted in a tipping point. Cities across the country, including Berkeley, are creating new models of public safety designed in partnership with the community. Please join this co-design effort and share your feedback on:

- -The current state of public safety in Berkeley
- -The role of the Berkeley Police Department
- Your ideas for the future

Your participation in the survey will inform our decisions about funding and strategy.

- □ Always include an introduction
- □ Keep it short (15-20 questions)
- □ Important questions should be at the beginning of your survey
- Questions inform decision-making
- □ Limit use of open-ended questions
- Demographic questions should be last and optional

SURVEY QUESTIONS BEST PRACTICES
