RECEIVED AT
COUNCIL MEETING OF:

MAY 30 2017

OFFICE OF THE CITY CLERK
CITY OF BERKELEY

Motion, Item # 46: Housing Accountability Act

Refer to the City Manager and Planning Commission to consider the following actions, and others they may find appropriate, to address the potential impacts of the Housing Accountability Act and to preserve local land use discretion:

- Amend the General Plan and Zoning Ordinance to adopt numerical density and/or building intensity standards that can be applied on a parcel-by-parcel basis in an easy and predictable manner. These would constitute reliable and understandable "objective general plan and zoning standards" that would establish known maximum densities. This could be done across the board or for specified districts.
- Devise and adopt "objective, identified written public health or safety standards" applicable to new housing development projects.
- Adopt "design review standards that are part of 'applicable, objective general plan and zoning standards and criteria'".
- Downzone & increase the number and amount of additional height, setback, and other elements available on a discretionary basis.
- Quantify and set standards for views, shadows, and other impacts that often underlie detriment findings.
