RECOMMENDATION

Adopt a Resolution requesting that the City Manager examine the addition of language to the Berkeley Municipal Code that clarifies aspects of the management of City of Berkeley commissions and the removal and appointment of commissioners.

FISCAL IMPACTS OF RECOMMENDATION

There are minimal costs associated with the actions recommended beyond amending the policy as appears in city publications.

CURRENT SITUATION AND ITS EFFECTS

The City of Berkeley has a unique system of commissions that acts on a consultative basis with City Council on a variety of topics. Like most organizations, commissions need to constantly look at ways to improve their process. The current code regarding the operations of the city commissions is unclear in several areas and this resolution attempts to find solutions to these needs.

BACKGROUND

On 9/16/2015 the HWCAC held a public meeting with a resolution on Divestment from Israel as one of the agenda items. Shortly before the start of that meeting, the commissioner who had brought the resolution forward was informed that she was being removed by her appointing councilperson. This dismissal removed the commissioner from the debate that night and from any potential vote on the resolution.

In addition to the dismissal, several members of the council appointed new commissioners to the HWCAC just before a vote on the resolution. One of these last minute appointments was for only one meeting, which happened to be the one on 10/21/2015 where the divestment resolution was being voted on. Two other last minute appointments provided votes against the resolution. Other appointees didn't even show

up for the meetings, and were eventually removed from the HWCAC. Whether these appointments were made to purposely manipulate the vote is a separate discussion, but they gave that impression to many commissioners and members of the public. We firmly believe that whatever your feelings are in regards to a topic, in this case Divestment from Israel, the rights of commissioners and the public to engage in open debate and to a fair vote on the topic should not be compromised. These actions by City Council highlight how the current code is vague on dealing with some aspects of commissioner dismissals and appointments and how that lack of clarity may be used to exert influence on commissioners and manipulate open debate. This resolution recommends several changes to the code regarding commissions in an effort to clarify these points and protect the role of the commissioner and improve the performance of these valuable groups.

ENVIRONMENTAL SUSTAINABILITY

There are no identifiable environmental impacts or opportunities associated the action suggested in this report.

RATIONALE FOR RECOMMENDATION

As a member of the commission system the Human Welfare and Community Action Commission has a vested interest in the improved operations of the commission system. In addition, we believe that clarifying certain parts of the process will help the commission system to better serve the community by providing the opportunity for people to tackle difficult subjects.
