

Office of the City Manager

CONSENT CALENDAR
January 22, 2019

To: Honorable Mayor and Members of the City Council
 From: Dee Williams-Ridley, City Manager
 Submitted by: Kelly Wallace, Interim Director, Health, Housing & Community Services
 Subject: Revenue Grant Agreement: Medi-Cal Administrative Activities Funding from the State of California to Conduct Public Health Promotion Services

RECOMMENDATION

Adopt a Resolution authorizing the City Manager to submit grant agreements to the State of California, to accept the grants, and execute any resultant revenue agreements and amendments to conduct public health promotion for Medi-Cal Administrative Activities (MAA) Program for an amount not to exceed \$3,000,000 for period of the agreement, Fiscal Years 2020 through 2022.

FISCAL IMPACTS OF RECOMMENDATION

The MAA program reimburses a portion of the City's public expenditure that supports Medi-Cal-related activities. This funding can be up to \$1,000,000 per year for three years for the Public Health Division, the Aging Services Division and the HHCS Office of the Director together. The precise amount of revenue the City earns is determined by the City's level of match funding, program staff time-studies, and level of eligible services. The revenue and expense for this contract will be tracked in Targeted Case Management/Linkages fund in the Aging Services, Public Health and Office of the Director Divisions within the HHCS department.

Spending of all referenced grant funds is subject to Council approval of the budget for each fiscal year and the Annual Appropriations Ordinance.

CURRENT SITUATION AND ITS EFFECTS

The Health, Housing & Community Services Department provides a broad range of public health and community health services to the community, with the goals of promoting healthy environments and behaviors, protecting residents from disease, and preventing illness, disability, and premature death. Funding through Medi-Cal Administrative Activities supports this work by supporting program efforts to enroll community members into Medi-Cal and assist their access to Medi-Cal services.

BACKGROUND

The City of Berkeley receives funding from many sources annually to complete work related to improving the health of the community. As a local health jurisdiction, the City

is entitled to specific State funding to meet core public health objectives. The Division is committed to providing essential services to the community to prevent the spread of disease and to promote healthy environments.

The State establishes funding caps for the MAA program, with actual revenue determined by City matching funds and service delivery. Revenue projections are based on recent year actual revenues in these programs, service-delivery staffing, eligible client populations, and available matching funds. These projections will enable the Department to keep expenditures within actual revenues, by budgeting expenditures to realistic revenue projections.

Medi-Cal Administrative Activities (MAA) Program provides administrative activities that directly support efforts to identify and enroll potentially eligible persons into Medi-Cal in the Public Health and Aging Services Divisions.

ENVIRONMENTAL SUSTAINABILITY

There are no identified environmental impacts with this agreement.

RATIONALE FOR RECOMMENDATION

These funds support vital services related to our mandates as a public health jurisdiction and local initiatives designed to improve the health of Berkeley residents. These non-competitive grants support the Department's mission and provide the City with funding to continue working to protect and improve the health of the community.

ALTERNATIVE ACTIONS CONSIDERED

This funding is essential for the Department's mission and goals. The Health, Housing and Community Services Department assesses each funding source to ensure that it supports the City's mission and goals. The alternative action of not seeking any of these funding sources would result in a significant reduction in public health services to the community.
