Adjournment – Next Meeting Monday, April 29, 2019

Additional items may be added to the draft agenda per Council Rules of Procedure.

Rules of Procedure as adopted by Council resolution, Article III, C3c - Agenda - Submission of Time Critical Items

Time Critical Items. A Time Critical item is defined as a matter that is considered urgent by the sponsor and that has a deadline for action that is prior to the next meeting of the Council and for which a report prepared by the City Manager, Auditor, Mayor or council member is received by the City Clerk after established deadlines and is not included on the Agenda Committee’s published agenda.

The City Clerk shall bring any reports submitted as Time Critical to the meeting of the Agenda Committee. If the Agenda Committee finds the matter to meet the definition of Time Critical, the Agenda Committee may place the matter on the Agenda on either the Consent or Action Calendar.

The City Clerk shall not accept any item past the adjournment of the Agenda Committee meeting for which the agenda that the item is requested to appear on has been approved.

This is a meeting of the Berkeley City Council Agenda Committee. Since a quorum of the Berkeley City Council may actually be present to discuss matters with the Council Agenda Committee, this meeting is being noticed as a special meeting of the Berkeley City Council as well as a Council Agenda Committee meeting.

Written communications addressed to the Agenda Committee and submitted to the City Clerk Department by 5:00 p.m. the Friday before the Committee meeting, will be distributed to the Committee prior to the meeting. After the deadline for submission, residents must provide 10 copies of written communications to the City Clerk at the time of the meeting.

This meeting will be conducted in accordance with the Brown Act, Government Code Section 54953. Any member of the public may attend this meeting. Questions regarding this matter may be addressed to Mark Numainville, City Clerk, 981-6900.

COMMUNICATION ACCESS INFORMATION:
This meeting is being held in a wheelchair accessible location. To request a disability-related accommodation(s) to participate in the meeting, including auxiliary aids or services, please contact the Disability Services specialist at 981-6418 (V) or 981-6347 (TDD) at least three business days before the meeting date. Attendees at public meetings are reminded that other attendees may be sensitive to various scents, whether natural or manufactured, in products and materials. Please help the City respect these needs.
I hereby certify that the agenda for this special meeting of the Berkeley City Council was posted at the display case located near the walkway in front of the Maudelle Shirek Building, 2134 Martin Luther King Jr. Way, as well as on the City’s website, on April 11, 2019.

Mark Numainville, City Clerk

I hereby certify that the agenda for this is a true and correct record of the Agenda & Rules Committee Meeting held on April 8, 2019.

Mark Numainville, City Clerk
This meeting will be conducted in accordance with the Brown Act, Government Code Section 54953. Any member of the public may attend this meeting. Questions regarding this matter may be addressed to Mark Numainville, City Clerk, 981-6900.

The City Council may take action related to any subject listed on the Agenda. The Mayor may exercise a two minute speaking limitation to comments from Councilmembers. Meetings will adjourn at 11:00 p.m. - any items outstanding at that time will be carried over to a date/time to be specified.

Preliminary Matters

Roll Call:

Ceremonial Matters: In addition to those items listed on the agenda, the Mayor may add additional ceremonial matters.

City Manager Comments: The City Manager may make announcements or provide information to the City Council in the form of an oral report. The Council will not take action on such items but may request the City Manager place a report on a future agenda for discussion.

Public Comment on Non-Agenda Matters: Persons will be selected by lottery to address matters not on the Council agenda. If five or fewer persons submit speaker cards for the lottery, each person selected will be allotted two minutes each. If more than five persons submit speaker cards for the lottery, up to ten persons will be selected to address matters not on the Council agenda and each person selected will be allotted one minute each. Persons wishing to address the Council on matters not on the Council agenda during the initial ten-minute period for such comment, must submit a speaker card to the City Clerk in person at the meeting location and prior to commencement of that meeting. The remainder of the speakers wishing to address the Council on non-agenda items will be heard at the end of the agenda. Speaker cards are not required for this second round of public comment on non-agenda matters.
Consent Calendar

The Council will first determine whether to move items on the agenda for “Action” or “Information” to the “Consent Calendar”, or move “Consent Calendar” items to “Action.” Items that remain on the “Consent Calendar” are voted on in one motion as a group. “Information” items are not discussed or acted upon at the Council meeting unless they are moved to “Action” or “Consent”.

No additional items can be moved onto the Consent Calendar once public comment has commenced. At any time during, or immediately after, public comment on Information and Consent items, any Councilmember may move any Information or Consent item to “Action.” Following this, the Council will vote on the items remaining on the Consent Calendar in one motion.

For items moved to the Action Calendar from the Consent Calendar or Information Calendar, persons who spoke on the item during the Consent Calendar public comment period may speak again at the time the matter is taken up during the Action Calendar.

Public Comment on Consent Calendar and Information Items Only: The Council will take public comment on any items that are either on the amended Consent Calendar or the Information Calendar. Speakers will be entitled to two minutes each to speak in opposition to or support of Consent Calendar and Information Items. A speaker may only speak once during the period for public comment on Consent Calendar and Information items.

Additional information regarding public comment by City of Berkeley employees and interns: Employees and interns of the City of Berkeley, although not required, are encouraged to identify themselves as such, the department in which they work and state whether they are speaking as an individual or in their official capacity when addressing the Council in open session or workshops.

Recommendation: Refer to the Planning Commission and Housing Advisory Commission to research and recommend policies to prevent displacement and gentrification of Berkeley residents of color. Recommended policies should include real solutions. The Commission should do the following: - Develop a policy to address the erosion of People of Color (POC), including the African American sector of our Berkeley society. - Develop rules and regulations to halt the loss of People of Color including the African American communities. - Develop a “right to return” for Berkeley’s People of Color including the African American communities who have been displaced by these economic and social developments, especially those who continue to be employed in our City, even after having to relocate beyond our boundaries. - Solicit expert and lived experience testimonies regarding displacement and gentrification. - Recommend alternatives to prevent displacement and gentrification of our valued Berkeley citizens of color and African Americans.

Subject: Resolution: No U.S. intervention in Venezuela

RECOMMENDATION
Adopt a resolution that affirms the sovereign right of the Venezuelan people to negotiate their political differences free from foreign intervention, and urges that the U.S. government withdraw its illegal, unilateral financial sanctions and refrain from military, economic, or diplomatic intervention in the internal affairs of the sovereign state of Venezuela.

FISCAL IMPACTS OF RECOMMENDATION
None.

CURRENT SITUATION AND ITS EFFECTS
Trump administration officials have openly declared their intention to overthrow the duly elected government of Venezuelan President Nicolás Maduro. Years of U.S. sanctions have contributed to a severe economic crisis, following a decades-old pattern of destabilization of U.S. adversaries.

Using the crisis it helped create as a pretext, the U.S. administration recognized opposition leader Juan Guaidó as interim president of Venezuela, launching a diplomatic front to the campaign to undermine the elected government. Administration leaders have called on Venezuelan armed forces to mutiny, and have threatened that all military options are on the table to achieve regime change.

At its regular meeting on March 4, 2019, the Peace and Justice Commission recommended the Council of the City of Berkeley affirm the right to self-determination of the Venezuelan people, and urge that the U.S. government refrain from intervention in the internal affairs of the sovereign state of Venezuela.

BACKGROUND
At its regular meeting on March 4, 2019, the Peace and Justice Commission recommended the Council of the City of Berkeley affirm the right to self-determination of the Venezuelan people, and urge that the U.S. government refrain from intervention in the internal affairs of the sovereign state of Venezuela.

The City of Berkeley has long expressed its opposition to U.S. military intervention and economic destabilization of sovereign nations in Asia, Africa, and Latin America.

ENVIRONMENTAL SUSTAINABILITY
There are no identifiable environmental impacts or opportunities associated with the subject of this report.

RATIONALE FOR RECOMMENDATION
The City of Berkeley has acknowledged that foreign interventions have a disastrous impact on life in cities such as Berkeley. The mandate of the Berkeley Peace and Justice Commission finds that: “The intentional destruction of cities in war is the rule and not the exception. The wealth to help the poor, heal the sick, house the homeless, educate the children, and care for the elderly is now spent on ever more costly weapons of mass destruction…Our best protection lies in initiating, devising, and promulgated peaceful and just policy alternatives.” (Berkeley Municipal Code Chapter 3.68.010). As Rev. Martin Luther King Jr. put it in 1967, “The bombs we drop in North Vietnam are exploding in the ghettos and barrios of the U.S."

RESOLUTION NO. ##,###-N.S.

NO U.S. INTERVENTION IN VENEZUELA

WHEREAS, the Peace and Justice Commission advises the City Council on all matters relating to the City of Berkeley's role in issues of peace and social justice (Berkeley Municipal Code Chapter 3.68.070); and

WHEREAS, Trump administration officials have openly declared their intention to overthrow the duly elected government of Venezuelan President Nicolás Maduro, have urged the Venezuelan military to overthrow the Maduro government, has recognized a self-appointed opposition politician as president and vetoed any possibility of dialogue despite the efforts of Maduro, the governments of Mexico and Uruguay, and Pope Francis; and

WHEREAS, the U.S. has tightened illegal unilateral economic sanctions, including the seizure of Venezuela’s oil properties and bank accounts in the United States and financial sanctions that prevent Venezuela from producing its oil or securing credit or refinancing debt, thereby increasing the hardship on the people of Venezuela by preventing them from accessing imported foods and medicines, while hypocritically seeking to promote a military confrontation by forcing truckloads of aid across the Brazilian and Colombian borders; and

WHEREAS these unilateral sanctions are in violation of the UN and OAS Charters; and

WHEREAS, the U.S. has historically used its economic power to destabilize independent-minded countries, most famously Chile in the early 1970’s, making the economy “scream,” as well as Nicaragua in the 1980’s, and then using the peoples’ economic misery as a pretext for military intervention; and

WHEREAS, Venezuela has the largest oil reserves in the world, and leading administration foreign policy officials have made clear the Trump administration’s intention to turn Venezuela’s oil over to U.S oil companies for exploitation; and

WHEREAS, Elliott Abrams has been named President Trump’s Special Envoy to Venezuela, and is notorious for his central role in the 1980’s as a top advisor to Presidents Reagan and Bush in the Iran-Contra scandal, which led to his conviction on criminal charges, and the arming of the Nicaraguan contras, the Salvadoran death squad government, and the genocidal regime in Guatemala responsible for the massacres of hundreds of thousands of indigenous people in that country; and
WHEREAS, the U.S. campaign of regime change in Venezuela is in violation of international law, against the interests of the people of Venezuela and the people of the United States;

NOW THEREFORE BE IT RESOLVED that the Council of the City of Berkeley affirms the sovereign right of the Venezuelan people to negotiate their political differences free from foreign intervention, and urges that the U.S. government withdraw its illegal, unilateral financial sanctions and refrain from military, or diplomatic intervention in the internal affairs of the sovereign state of Venezuela; and

BE IT FURTHER RESOLVED that the Council of the City of Berkeley requests the City Clerk to send a copy of this resolution to Congresswoman Barbara Lee, Congresswoman Nancy Pelosi, Senator Dianne Feinstein, Senator Kamala Harris, President Trump, and Secretary of State Mike Pompeo.

5 “Measures were undertaken in 1970 to try to prevent a free and democratic election. There was a huge amount of black propaganda about how if Allende won, mothers would be sending their children off to Russia to become slaves-like that. The US also threatened to destroy the economy, which it could-and did-do.

“Q: Nevertheless, Allende won. A few days after his victory, Nixon called in CIA Director Richard Helms, Kissinger and others for a meeting on Chile. Can you describe what happened?

“A: As Helms reported in his notes, there were two points of view. The "soft line" was, in Nixon’s words, to "make the economy scream." The "hard line" was simply to aim for a military coup.

“Our ambassador to Chile, Edward Korry, who was a Kennedy liberal type, was given the job of implementing the ‘soft line.’ Here’s how he described his task: ‘to do all within our power to condemn Chile and the Chileans to utmost deprivation and poverty.’ That was the soft line.”

6 “These sanctions have cut off the means by which the Venezuelan government could escape from its economic recession, while causing a dramatic falloff in oil production and worsening the economic crisis, and causing many people to die because they can’t get access to life-saving medicines. Meanwhile, the US and other governments continue to blame the Venezuelan government — solely — for the economic damage, even that caused by the US sanctions.” Noam Chomsky, former UN Rapporteur Alfred de Zayas, Phyllis Bennis, Boots Riley, and some 65 other academics and experts, January 24, 2019, https://www.commondreams.org/news/2019/01/24/open-letter-over-70-scholars-and-experts-condemns-us-backed-coup-attempt-venezuela

7 Perhaps most brazenly, [National Security Adviser John] Bolton appeared in an interview on Fox Business and disclosed that the U.S. government was in talks with American corporations on how to capitalize on Venezuela’s oil reserves, which are proven to be the world’s largest. Subject: Proclaiming May 2019 as Mental Health Month

RECOMMENDATION
Adopt a Resolution proclaiming May 2019 as Mental Health Month in the City of Berkeley.

FISCAL IMPACTS OF RECOMMENDATION
None.

CURRENT SITUATION AND ITS EFFECTS
The Substance Abuse and Mental Health Services Administration (SAMHSA) has determined that persons diagnosed with severe mental illness have a life expectancy of 25 years less than members of the general public. Through their National 10 x 10 Campaign they are bringing awareness to this devastating fact and have pledged to decrease that disparity by ten years in the next ten years. In the City’s Mental Health Division many mental health clients also have co-occurring addiction disorders, exacerbating existing barriers to recovery and increasing the disparity in their life expectancy.

Mental Health America, an organization working to improve the mental health of all Americans, began observance of Mental Health Month during the month of May in 1949. Their primary goal was to promote awareness of mental health conditions and mental wellness for all. Local government agencies, public and private institutions, businesses and schools join in this annual campaign to raise public awareness and understanding of mental health and illness, and to reduce the stigma associated with mental health problems and treatment. Council is requested to join in this national campaign in order to promote increased awareness of mental health and mental disabilities in the City of Berkeley.

BACKGROUND
The mental health and well-being of the City of Berkeley’s residents is a critical issue that affects not only quality of life, but also the health of our communities, families, and economic stability. Mental disorders and mental health problems affect residents of all backgrounds and all stages of life, and no one is immune from its affects. The World
Health Organization (WHO) found that mental illnesses is the top ranking cause of disability in the United States and the most prevalent health problem in America today – more common than cancer, lung and heart disease combined. Nationally, one in four adults lives with a diagnosable, treatable mental health condition. According to WHO, in a typical workplace with 20 employees, four will likely develop a mental illness this year. More than three out of four employees who seek care for workplace issues or mental health problems see substantial improvement in work performance after treatment. Although mental health treatment has been shown to be effective, an estimated two-thirds of adults and young people with mental health challenges are not receiving the care they need to improve their lives significantly.

Socioeconomic inequalities and disparities in health have been widening for decades. In the United States, the data consistently show that people living in poverty, and particularly those who are members of minority communities, bear a disproportionate burden of exposure to unhealthy environments and are at greater risk for mental and behavioral health-related conditions. The Health, Housing & Community Services (HHCS) Mental Health Division has recently initiated a Health Equity Committee to assess and address inequities in access to mental health services.

The City of Berkeley Mental Health Division has been engaged in Mental Health Services Act (MHSA) planning and implementation in recent years, with the intent to identify areas of greatest need and to increase effective mental health services that promote mental health recovery. The Mental Health Division will continue to participate in a comprehensive and inclusive planning process to transform services provided by the Mental Health Division in alignment with core MHSA principles.

To strengthen the Berkeley/Albany community, the Mental Health Division also provides Mental Health First Aid training to enable community members to better assist their friends, family and neighbors who may have signs and symptoms of a mental health crisis or illness. The Mental Health First Aid Training teaches participants how to use a 5-step action plan to help connect a person in distress to appropriate professional, peer, social or self-help care.

The basis for a Citywide May is Mental Health Month proclamation is to increase awareness of the importance of mental health, and that mental health and physical health go hand-in-hand. This awareness helps to demonstrate commitment and support to Berkeley/Albany residents who have a mental illness and their families. This event also promotes hope and encourages those with mental illness to recover and become productive members of the community.

The Mental Health Division and the Berkeley/Albany Mental Health Commission are hosting a “May Is Mental Health Month" celebration entitled: “Strengthening Mental Wellness in all Communities”. The free event will be held on Thursday, May 16 from
5:45-8:30pm at the South Berkeley Senior Center. The program will include a panel presentation, information sharing, food, entertainment, and prizes. Community achievement awards will be presented and the winning videos of the youth video contest will also be viewed at this event.

At its March 28, 2019 meeting, the Mental Health Commission passed the following motion: Approve the May Is Mental Health Month Council Item
Ayes: Castro, cheema, Davila, Fine, Kealoha-Blake, Ludke, Posey; Noes: None; Abstentions: None;
Absent: Heda.

ENVIRONMENTAL SUSTAINABILITY
There are no identifiable environmental effects or opportunities associated with the subject of this report.

RATIONALE FOR RECOMMENDATION
Proclaiming May as Mental Health Month offers us the opportunity to bring awareness that treatment for mental health problems is effective, that the successes of people in recovery are often remarkable, and to acknowledge men and women in the field who dedicate their lives to help people with psychiatric disabilities and other mental health problems.

Subject: Allocation of $150,000 to the Berkeley Unified School District for Planning/Pre-Development for Employee Housing

RECOMMENDATION  
Approve the allocation of $150,000 of General Fund revenues from Measure U1 receipts to the Berkeley Unified School District for a planning and pre-development grant for teacher/workforce housing.

BACKGROUND  
In November 2016, Berkeley voters overwhelming voted to approve Measure U1, raising the gross receipts tax on landlords of 5 or more units from 1.081% to 2.880%. The estimated $3.5 million raised annually would be used for funding and programs to increase affordable housing and homeless prevention.

In October 2017, BUSD conducted a housing survey which received 800 responses, or over 60% of BUSD’s workforce. Only 30% of employees live in Berkeley, with 20% having commutes of 40 minutes or more each direction. 78% of renters said that the high cost of housing has resulted in financial pressures, with 54% stating they have considered leaving BUSD as a result. 69% believe that the cost of housing negatively impacts their long-term ability to stay at BUSD. 31% have moved residences while working for the District due to increased housing costs.

On February 26, 2019, Superintendent Donald Evans and School Board Director Julie Sinai sent a letter to the City Council with an update on their efforts to create workforce housing (Attachment 1). They have conducted a preliminary inquiry which identified four sites owned by the District that could be used as a potential site. However, to move forward on planning and a public input process, planning and pre-development funding is needed. Once that phase is completed the School Board will be able to narrow down the site and begin with design and financing strategies. The BUSD seeks to partner with the City on this development with the end goal of creating 100 units or more units of affordable educator workforce housing by Spring 2022.

With 74% of BUSD employees expressing interest in living in BUSD-owned employee housing and 86% of renters saying such housing would increase the District’s ability to recruit employees, there is clear momentum in moving forward with this idea.
The Housing Advisory Commission voted on April 4, 2019 to recommend to Council the allocation of $150,000 to the Berkeley Unified School District from Measure U1 tax receipts for pre-development and planning for employee housing.

RATIONALE FOR RECOMMENDATION
The need for affordable housing has been identified as a top priority for Berkeley residents. Giving teachers and BUSD employees the opportunity to live in the city they work in improves health and wellness and creates stronger community bonds and allows teachers to engage more with students due to shorter commute times.

FINANCIAL IMPLICATIONS
$150,000 from the General Fund from Measure U1 tax receipts.

ENVIRONMENTAL SUSTAINABILITY
Developing teacher housing will reduce long commutes and is consistent with the goals of the Climate Action Plan.

1: Letter from BUSD
February 26, 2019

Dear Mayor Arreguín and Honorable Members of the Berkeley City Council:

On behalf of the Berkeley Unified School District ("BUSD"), with more than 1,200 employees, and almost 10,000 students, the Berkeley School Board would like to thank you for your unanimous decision to place Measure O on the November 2018 ballot. That measure—which passed with over 77% of the vote—enables the City “to issue $135 million in bonds to create and preserve affordable housing for low-income households, working families, and individuals including teachers.”

The success of Measure O was due in no small part to its explicit inclusion of funding affordable housing for teachers. The explicit support of housing for teachers was in part why the Berkeley School Board unanimously supported Measure O, and it was why the Berkeley Federation of Teachers supported and actively campaigned for Measure O.

To address this housing crisis, the Board held its third Work Session on February 6th, which focused on Educator Workforce Housing on District property. I am pleased to report to you that the Berkeley School Board unanimously voted to move forward. We specifically decided the following:

- Designate Director Julie Sinai and Superintendent Evans (or designee) to establish communication with the City, and to investigate sites, financing models and timelines and report back to the Board at its April 10, 2019 meeting.
- Submit a letter to the Mayor and Council requesting Measure O support for educator workforce housing, as articulated in the measure, by expanding income eligibility to include up to 120% AMI.
- Design a process to narrow the BUSD opportunity sites.
- Engage the City in exploring a partnership to develop workforce housing for district staff - including but not limited to, financing from Measure O, timelines, and planning for site selection.

With the above direction, we respectfully recommend the Berkeley City Council consider the following:

1. Amend the Housing Trust Fund and other relevant City of Berkeley housing policies to foster workforce housing for educators by expanding income eligibility to include up to 120% AMI.
2. Support BUSD with an allocation of $150,000 from Measure U1 or other appropriate sources for a planning and pre-development grant to conduct planning and pre-development work, including site analysis and selection, design and engage in a transparent public process, and to refine a timeline for project development.
3. Work with the District to identify possible financing opportunities for capital development, including but not limited to, U1, Measure O, Developer Fees, and/or County or State sources.

Background:
The need for teacher housing, as well as housing for our classified employees, is urgent and is well documented. BUSD recently contracted with the Center for City and Schools at UC Berkeley to help conduct a housing survey of all district employees, certificated and classified employees. Over 800 employees responded, which corresponds to over 60% of all district employees. The survey results
make clear that the current affordability crisis is creating significant housing security pressures on BUSD employees. In fact, over half of the households for District employees who rent are “cost burdened” (i.e., they spend more than 30% of their family income on rent) and 20% are “severely cost burdened” (i.e., they spend more than 50% of their family income on rent). Additionally, 78% of District employees who are not homeowners experience financial pressures due to high housing costs, which impacts their ability to stay with BUSD long-term. Combined with the financial burden, the survey showed social and physical health issues related to a significant number of BUSD employees driving long distances to get to Berkeley. These long commutes are resulting in increased health and wellness burdens, and reduced student and community engagement. One of the key statistics that the School Board and District Administration are grappling with is the fact that of District employees who don’t own their own homes, 78% indicated that housing insecurity is impacting their ability to stay with BUSD long-term. Not surprisingly, then, there is significant interest among District employees in workforce housing.

Income Eligibility:
We recognize that for Measure O to fund housing for teachers, as described in the Measure, it must expand income-eligibility from household income of 60% of AMI or below to up to 120% of AMI for Workforce Housing. The income level for the vast majority of District teachers is higher than 60% of AMI; yet, as the results from the survey show, they still cannot afford to live in or near the community in which they teach.

The Berkeley School Board respectfully requests that the City Council explicitly allow the use of Measure O funds to finance affordable housing for District educators (teachers and classified staff) through income-eligible units at up to 120% AMI.

Financing:
At our work session, we discussed the financial building blocks needed to actualize educator workforce housing. With the contribution of land by BUSD, the ability to attract tax credits due to favorable State of California Laws (the Leno Law), and the fact that educators are working middle class and can pay rent, the core elements of financing are in sight. However, there will be a missing funding gap that must be filled in order to ensure that our educator housing is available to all levels of BUSD educators today and into the future.

Site Selection:
In 2016-2017, the District commissioned a study to identify District owned opportunity sites that could accommodate housing. While the initial study identified four potential sites, it was only a preliminary inquiry and did not provide the Board with the information needed to narrow the sites. To conduct the necessary planning and public input process, the District needs Planning and Pre-development funds as soon as possible.

Timing:
At this time, the District’s capital budget does not include housing development as an allowable use of funds, and the Board is in the process of making $2 million in reductions of our General Fund due to inadequate State funding for public education and increasing costs. Once we get the planning stage compete, the Board can narrow the sites and select a transparent process to move forward with design and financing strategies.

We are seeking a partnership with the City. With the possibility of District land combined with feasible financing, together, we have the opportunity to provide 100 or more units of affordable educator workforce housing. We hope that the Council will seek avenues to secure funding in the first phase of Measure O bonds and/or other appropriate funding source such as U1, to support planning, predevelopment and development of educator housing.
Once the Board approves the site selection, we intend to move quickly to prepare a proposal for funding with the intention of completing a meaningfully educator (teachers and staff) workforce housing development by Spring 2022. Given the scale of our intended project, and the funding that can be secured outside of the City, providing the “gap” funding will allow the City to leverage the public financing tool available while meeting the ballot commitment in an efficient way. We look forward to partnering with you to make this a reality.

Subject: Prioritizing Affordable Housing for Homeless

RECOMMENDATION
Refer to the Housing Advisory Commission to develop an ordinance to set aside 20% of affordable housing units for individuals experiencing homelessness, with preference given to BUSD students.

BACKGROUND
An estimated 1,000 individuals experience homelessness in Berkeley in any given day, not including people who couch surf or live in vehicles. Over the course of a year, it is estimated up to 2,000 people will experience homelessness in Berkeley. The homeless population has been growing by approximately 10% every two years. In a meeting of the 2x2 Committee (Council + School Board) in October 2017, it was reported that 291 students experience some form of homelessness, ranging from temporary housing with other families (231 students) to completely unsheltered (8).

In April 2017, the City Council voted to have staff develop the 1,000 Person Plan to create a plan to house 1,000 homeless residents by 2028. In the referral response to the 1,000 Person Plan, staff conclude that “the single largest “missing piece” in Berkeley’s efforts to end homelessness is permanently subsidized, affordable housing.” One of the four strategic goals proposed in the response is the need to accelerate the creation of affordable housing, with a focus on alleviating homelessness.

All homeless services providers in Alameda County must adhere to the Housing First policy. Major programs in Berkeley, such as the Hub and STAIR Center, prioritize Housing First by working to achieve permanent housing for the highest-needs clients. While following a Housing First model is essential in the task of ending homelessness, it is meaningless if there is no means of providing the housing. The high cost of housing, even with an extreme level of subsidies, means being able to maintain rent payments is unattainable for many. The average rent of a 2 bedroom unit in Berkeley is three times as much as in Salt Lake City, which is often cited as an ideal example for Housing First policies. The reality is as long as there is a lack of affordable housing in Berkeley and the Bay Area, the challenges of homelessness will continue.
RATIONALE FOR RECOMMENDATION
Prioritizing housing for the homeless is an important step in addressing the homeless crisis. Reducing and ultimately eliminating homelessness of BUSD students is crucial in creating an environment that is conducive for learning.

Subject: Authorizing Additional Inclement Weather Shelter at Old City Hall from April 15, 2019-June 30, 2019

RECOMMENDATION

1. Authorize the City Manager to maintain open an as-needed inclement weather shelter from April 15, 2019 - June 30, 2019, to provide safe, indoor locations for our unhoused community during inclement weather, including changing the cold temperature to below 45 degrees, rain, and add extreme heat and atmospheric pollution such as smoke.

2. Approving the allocation of $60,000 in funding for this inclement weather shelter with funds from the budget appropriations for an expanded Emergency Shelter program or by State Homeless Emergency Aid Program (HEAP) funding.

3. Authorizing the City Manager to amend Contract No. 10577B with Dorothy Day House for the current operation of the as-needed inclement weather shelter, that will include this extension through June 30, 2019, and possible program expansion in order to increase number of unhoused people served.

FINANCIAL IMPLICATIONS

The City Council on June 26, 2018, by adoption of the FY 2019 Mid-Biennial Budget Update approved $400,000 General Funds for an expanded Emergency Shelter program. Funding for the additional inclement weather shelter will come from this budget allocation or from State Homeless Emergency Aid Program (HEAP) funding. The City of Berkeley is expected to receive over $3 million in HEAP funding.

BACKGROUND

Dorothy Day House (DDH) has operated the Berkeley Emergency Storm Shelter (BESS) for fifteen years. Up until FY17, DDH operated BESS as an overnight shelter on a first-come, first-served basis for up to 45 nights for a maximum capacity of 65 people each night. The BESS would open if rain or temperatures at or below 40 degrees were expected overnight. For the past several years, DDH had operated the BESS at different faith based and City of Berkeley owned sites.

At its October 31, 2017, meeting the City Council extended resolutions passed on January 19, 2016
and November 15, 2016, declaring a homeless shelter crisis in Berkeley through January 19, 2020. The extension authorizes the City Manager to allow homeless people to occupy designated City facilities as shelters during the period of the crisis.

In recognition of the homeless shelter crisis, and the growing number of unhoused persons in the City of Berkeley, the City Council in November 2018 directed the City Manager to utilize unused Old City Hall for uses that included emergency shelter. At its March 12, 2019, the City Council allocated funds totaling $60,000 for BESS at 2134 MLK, Old City Hall under license with DDH.

While the City Manager currently is authorized to operate a nightly Emergency Shelter, through April 15, 2019, direction is needed from Council regarding to continuation of shelter services at Old City Hall through June 30, 2019.

ENVIRONMENTAL SUSTAINABILITY

RESOLUTION NO. XXXX

FY19 EXPANDED EMERGENCY SHELTER: ADDITIONAL ALLOCATION OF FUNDING AND AUTHORIZATION OF CONTRACT AMENDMENT WITH DOROTHY DAY HOUSE FOR INCLEMENT WEATHER SHELTER OPERATIONS AT OLD CITY HALL

WHEREAS, the City of Berkeley is committed to providing a humane response to addressing homelessness; and

WHEREAS, on June 26, 2018, City Council allocated $400,000 to Expanded Emergency Shelter Program efforts in FY19, which included funding for Dorothy Day House and for other costs incurred by City staff; and

WHEREAS, total spending on the Expanded Emergency Shelter Program so far exceeds the current $60,000 allocation to Dorothy Day House to operate the Old City Hall (2134 MLK) shelter and for other costs incurred by the City and necessary to continue shelter operations; and

WHEREAS, the existing budget will fund shelter operations only through April 15, 2019, and $60,000 is needed to extend the shelter through June 30, 2019; and

WHEREAS, $60,000 in additional funds are needed to add to the original allocation of $60,000 to provide expanded inclement weather shelter through June 30, 2019 and will be brought into the budget in the second Appropriations Ordinance; and

WHEREAS, Dorothy Day House has an existing contract (Contract No. 010577D) with the City of Berkeley totaling $639,648 for both winter shelter and homeless breakfast services;

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Berkeley that the City Council authorizes the City Manager or her designee to execute an amendment to Contract No. 10577E with Dorothy Day House to add $60,000 to extend the operation of the Berkeley Emergency Storm Shelter (BESS) through June 30, 2019, for a total contract amount not to exceed $60,000. A record copy of said agreement is on file with the City Clerk.

Subject: Refer to the Planning Commission and Housing Advisory Commission to Research and Recommend Policies to Prevent Displacement and Gentrification of Berkeley Residents of Color and African Americans

RECOMMENDATION
Refer to the Planning Commission and Housing Advisory Commission to research and recommend policies to prevent displacement and gentrification of Berkeley residents of color. Recommended policies should include real solutions. The Commission should do the following:

- Develop a policy to address the erosion of People of Color (POC), including the African American sector of our Berkeley society.
- Develop rules and regulations to halt the loss of People of Color including the African American communities.
- Develop a “right to return” for Berkeley’s People of Color including the African American communities who have been displaced by these economic and social developments, especially those who continue to be employed in our City, even after having to relocate beyond our boundaries.
- Solicit expert and lived experience testimonies regarding displacement and gentrification.
- Recommend alternatives to prevent displacement and gentrification of our valued Berkeley citizens of color and African Americans.

CURRENT SITUATION
Minority groups are being pushed out of the neighborhoods in which they live. According to a study from the California Housing Partnership, between 2000 and 2015 the number of low-income households of color in the nine Bay Area counties dropped by 28%. This was matched in time by a 30% increase in rent rates. At the same time, there was no change in the proportion of white households. In Berkeley, from a high of 23.5% in 1970,
the Black population has been more than cut in half. According to the United States Census Bureau, it is now less than 10% of the total composition of the city.

Experts agree that the rising costs of housing in the Bay Area, primarily due to the rising fortunes of Silicon Valley, have priced many of the older residents out of the city. This is especially true of those or their family members who don’t own homes.

In short, displacement has had a large negative effect on long-term black residents of Berkeley, both as a community and as a fate suffered by individual persons and families at the hands of rent increases by landlords.

BACKGROUND
Berkeley’s neighborhoods were historically segregated based upon custom, as well as, contracts. Prior to 1948, so-called restrictive covenants by neighborhood groups blocked African American's and People of Color's access to "white communities". After the Supreme Court ruling Shelley vs. Kraemer, redlining or placing color codes on city maps to indicate where minorities could and could not live became the scheme to enforce housing discrimination. The result of this discrimination was that almost all Asian and Black Berkeleyans had to live south of Dwight Way and west of Martin Luther King Jr. Way (aka Grove Street) according to Charles Wollenberg, author of Berkeley: A City in History. Under these discriminatory conditions, "redlining" excluded Asian and Black Berkeleyans from most other parts of the City, thousands of Black families moved to South Berkeley during and after WWII.

According to Redlining: The history of Berkeley’s Segregated Neighborhoods, by Jesse Barber, Berkeleyside.com, September 20, 2018, which stated, "They (Black residents after WWII) were cordoned off, not allowed to move to the north or to the east, so they built their own lives right there where they could find housing. Opening shops, stores, cobblers, food, etc. they prospered." The thriving Lorin Station business community in what is now called the “Adeline Corridor” developed organically to serve the needs of the growing South Berkeley African-American and Japanese citizenry. Fast forward to the 2000s: Minorities were being pushed out of the very neighborhoods in which they had been formerly compelled to live. According to a study from the California Housing Partnership, between 2000 and 2015 the number of poor households of color in the nine Bay Area counties dropped by 28%. This was matched in time by a 30% increase in rent rates. At the same time, there was no change in the proportion of white households.

In Berkeley, from a high of 23.5% in 1970, the African American population has decreased, significantly. According to the U.S. Census Bureau, it is now less than 10% of the total composition of the City, approximately 7%, currently.

Experts agree that the rising costs of housing in the Bay Area, primarily due to the rising fortunes of Silicon Valley, have priced many of the older residents out of our City. This is especially true of those or their family members who don’t own homes.
In short, displacement has had a large negative effect on long-term African American and POC residents of Berkeley, both as a community and as a fate suffered by individual persons and families at the hands of rent increases by the unscrupulous.

**ENVIRONMENTAL SUSTAINABILITY**
Our community will be made whole again by having a diverse community filled with people of color including African Americans who will no longer be displaced. Possible reduction in Green House Gas (GHG's) since commute times may be eliminated or reduced.

**REVIEW OF EXISTING PLANS, PROGRAMS, POLICIES, AND LAWS**
There are currently few, if any, protections against the effects of gentrification; this, in conjunction with uncontrollably rising housing costs, makes it probable that Berkeley’s declining Black population will continue to decrease. Therefore, the creation of this workshop will be the first steps towards creating legislation and policies to decrease or stop gentrification.

**ACTIONS/ ALTERNATIVES CONSIDERED**
There are very few alternatives that the City can consider, as creating legislation with the guidance of experts on gentrification and displacement may be the best action to combat such issues.

**OUTREACH OVERVIEW AND RESULTS**
This legislation is designed to enable the Berkeley City Planning Commission and Housing Advisory Commission to create a workshop in which it will partner with multiple experts towards finding solutions for the causes and effects of gentrification and displacement.

**RATIONALE FOR RECOMMENDATION**
As the cost of housing and rent continue to rise in the Bay Area and Berkeley especially, low-income populations are struggling greatly to remain in their homes and many have already been displaced. A large proportion of this displaced population are from the black community. This recommendation will serve to protect those who are most vulnerable to the detrimental effects of development and rising housing costs as well as find a more equitable path of development.

**IMPLEMENTATION, ADMINISTRATION AND ENFORCEMENT**
The workshop will be created and facilitated by the Berkeley City Planning and Housing Advisory Commissions and will work alongside experts and advisors on displacement and gentrification.

**FINANCIAL IMPLICATIONS**
Staff time will be necessary to implement this workshop. The anticipated date for such a workshop is June 2019.

Subject: Good Food Purchasing Program Resolution

RECOMMENDATION
Adopt a resolution in support of the Good Food Purchasing Program’s core values and join San Francisco, Oakland, Los Angeles and Chicago as one of the first five cities nationwide to become a Good Food Purchasing partner, and refer to the City Manager to incorporate over time the vision and standards of the Good Food Purchasing Program (GFPP) into City of Berkeley food purchasing practices.

SUMMARY STATEMENT
When Berkeley purchases or contracts for food, we have the opportunity to express our health, environmental, labor and other values. The City has purchasing policies to ensure preference for local vendors, fair labor practices, and environmental sustainability (including the newly adopted requirement that foodware purchased by the City be reusable or compostable), but to date we have not adopted a clear set of values to express through the purchase of food. The Good Food Purchasing Program, based out of Berkeley, provides a comprehensive, practical and carefully researched set of progressive food values for Cities to adopt, and workable policies to incorporate over time.¹

The Good Food Purchasing Program seeks to transform the way public institutions purchase food by creating a transparent and equitable food system built on five core values: local economies, health, valued workforce, animal welfare and environmental sustainability. In addition, The Center for Good Food Purchasing provides a set of tools, technical support and a verification system to help cities and other entities meet their goals. By becoming a Good Food Purchasing partner the City of Berkeley can ensure that these core values are expressed in the food purchased and served by the City of Berkeley.

BACKGROUND
Food purchasing choices have significant implications for the health and wellbeing of Berkeley residents, the working conditions and wages of food workers, the welfare of animals used in food production and the carbon footprint of our local community. Good Food Purchasing Policy is shifting government and school district purchasing decisions to mainstream better food procurement, combining social and economic food justice into a single framework.

¹ Good Food Purchasing Program Overview. [Web]
GFPP makes recommendations and provides technical assistance to governments and school districts, setting targets and measuring the impact of changes with its professional staff. Since the City of Berkeley’s food purchases are relatively limited, GFPP’s practice of conducting a formal survey of contracts of partner institutions will not be pursued at this time. But an endorsement of the GFPP’s values, partnerships for information sharing, and incremental changes by City departments engaged in food purchasing will improve Berkeley’s own practices while strengthening the program’s reach with food producers overall.

The City of Berkeley purchases food in a variety of ways, including the North Berkeley Senior Center, South Berkeley Senior Center, the Berkeley Police Department’s jail facility, the administration of public events and meetings, and the administration of internal staff and council meetings. While the total expenditure of these food purchases are likely less than $5 million annually, the threshold at which the GFPP recommends a formal purchasing study, the city can endorse and strive toward the value areas outlined by the program.

Many school districts and several local governments around the country have already created partnerships with GFPP, contributing to a movement that is expected to foster meaningful institutional change among food distributors and manufacturers.

In 2016, the Oakland Unified School District implemented the GFPP to complement their existing California Thursday program, which requires meals to be sourced from within the State, and Meatless Monday, which requires meals to be plant-based once a week. Since implementing the program, the district has moved from a 2-star to a 4 star rating. The San Francisco Unified School District has implemented the GFPP, expanding the district’s Buy American provision that requires that school meal resources to maximize benefits to American growers and producers.

As an example of success, the Los Angeles Unified School District, the first government entity to adopt and implement the GFPP, cites the following accomplishments:

- $12 million redirected toward the purchase of local produce
- 150 new jobs created in Los Angeles County food chains
- Higher wages for local truck drivers and support for the United Farm Workers.
- 15 percent decrease in spending on meat and 19.6 million gallons of water saved each week via the implementation of Meatless Mondays
- Antibiotic-free Chicken
- Lower-sodium bread products without high fructose corn syrup
- Bread rolls from central California, rather than out of state

3 Board of Education Resolution 164-26A3, adopted May 24, 2016
4 Measuring Impact. Good Food Purchasing Program [Website](https://www.goodfoodpurchasing.org).
Entities that have implemented the GFPP include Washington D.C., Cook County (IL), Chicago Public Schools, Austin (TX), Austin Independent School District (TX), and the Land Stewardship Project of Twin Cities (MN).

In the context of Berkeley, the program has strong synergy with existing city efforts like Green Monday, which aims to reduce institutional meat consumption and promote plant-based food options. Conservative estimates put livestock emissions at 15 percent of global greenhouse gas emissions, more than the entire transportation sector combined. And meat consumption continues to grow globally, as the United Nations predicts that consumption will double by 2050 without major changes in consumer choices. This underscores how a program that reduces meat consumption and reduces supply chain emissions through local purchasing can help the City achieve important climate goals.

REVIEW OF EXISTING PLANS, PROGRAMS, POLICIES & LAWS

The GFPP has strong synergies with Berkeley’s Green Monday initiative, adopted by the City Council in September of 2018 to combat animal agriculture’s role in climate change. The item referred to the City manager to serve plant-based foods on Mondays or another day of the week to reduce GHG and other impacts and raise awareness of the substantial environmental footprint of food choices. Green Monday strengthened a 2015 resolution establishing Meatless Monday, which called for restaurants, grocery stores, and schools to offer a greater variety of plant-based options.

Additionally, the GFPP supports the City of Berkeley’s 2009 Climate Action Plan and its 2018 Climate Emergency Declaration. The Climate Action Plan highlights how sustainable food systems “reduce the distances food must travel to get to our tables,” “prioritize the consumption of organic food over conventional food, and the consumption of vegetables rather than meat…” globally farm animals generate 18 percent of greenhouse gas emissions, according to estimates by the United Nations. The Emergency Climate Declaration states that our community must mobilize “to reach zero greenhouse gas emissions across all sectors at wartime speed,” mitigating and averting irreversible damage to our society and Earth’s ecosystems.

In terms of local purchases, partnering with the GFPP could strengthen the City’s local vendor preferences, which extend a five percent preference to local business enterprises for supplies, equipment and nonprofessional services from $100 to $25,000. Unlike GFPP, this policy does not define “localness” by miles of transport, but rather a business’s physical presence within city limits.

7 Resolution Establishing Green Monday. Berkeley City Council Website.
9 Resolution No. 68, Endorsing the Declaration of a Climate Emergency. Web.
10 Local Vendor Preferences. Berkeley City Finance Department Website.
In terms of labor standards, the City of Berkeley requires that companies, nonprofits, and other entities with significant city contracts not discriminate in the provision of bereavement leave, family medical leave, or health benefits between its employees with domestic partners and employees with spouses.\footnote{Equal Benefits to Employees of City Contractors. Chapter 13.29. Web.} In addition, the City’s Living Wage ordinance requires that significant vendors pay employees living wages as defined by the City.\footnote{City of Berkeley Living Wage Ordinance.}

These existing laws demonstrate the City’s commitment to express residents’ values through purchasing decisions.

**ACTIONS/ALTERNATIVES CONSIDERED**

An alternative considered was to partner with the GFPP to do a baseline assessment of Berkeley’s food purchasing practices, at an approximate cost of $15,000, and then referring to the City Manager to implement purchasing requirements aligned with the survey’s results. However, since this review would require time and funds and the city’s spending on food is estimated to be below $5 million, a resolution endorsing GFPP’s purchasing values and incremental changes by individual city departments appears to be a more effective approach.

**CONSULTATION/OUTREACH OVERVIEW & RESULTS**

Adoption of the Good Food Purchasing Policy has minimal direct impact on community members, since it only applies to food purchased by the City.

Councilmember Hahn’s office conducted outreach with staff members at the Good Food Purchasing Program, including Anna Lappé, a coordinator for the Good Food Purchasing network, to discuss how the program can be feasibly implemented and the program’s implications for labor standards and environmental impact. The Councilmember’s office also consulted Alexa Delwiche, the executive director and co-founder of the Center for Good Food Purchasing, to understand formal requirements to enroll in the program, potential costs to the city, and how the GFPP’s values could be adopted and implemented over time. Boston’s recent endorsement and resolution language were also discussed.

Finally, staff in the City of Berkeley’s Office of Energy & Sustainable Development were also consulted to discuss implementation and feasibility.

**RATIONALE FOR RECOMMENDATION**

The City of Berkeley is committed to expressing its values through its purchasing decisions, and this resolution will raise awareness of GFPP’s five core values: local economies, health, valued workforce, animal welfare and environmental sustainability.

By establishing a formal relationship with GFPP through an endorsement of its principles, Berkeley will join a host of cities helping transition local, state and national entities to more ethical, humane and environmentally sound food production.
IMPLEMENTATION, ADMINISTRATION & ENFORCEMENT
This resolution will not require enforcement, but staff will be provided with information on how future contracts can effectively implement GFPP values and how GFPP staff can provide guidance in future decision making. It is hoped that staff involved in food purchasing for the City of Berkeley will review and incorporate components of the GFPP as possible.

The principles of the Good Food Purchasing Program can be found at https://goodfoodpurchasing.org/program-overview/#values

FISCAL IMPACTS
This recommendation could reduce or increase food purchasing costs as parts of the GFPP are implemented, but as this recommendation is not a specific mandate, there are no “imposed” costs or savings. It is expected that any possible savings that could help achieve the goals of the GFPP would be implemented, and some added costs could be incurred to support these objectives as well.

ENVIRONMENTAL SUSTAINABILITY
The item is consistent with Berkeley policies and vision on environmental sustainability, including Green Monday, the Climate Action Plan, the Resilience Plan and the Climate Emergency Declaration. Reducing meat and sourcing food locally results in significant reductions in GHGs, helping the City achieve its Climate Action Goals.

OUTCOMES & EVALUATION
The expected outcome of this item is that the City will receive guidance from GFPP on how to improve its purchasing decisions, setting an example for other cities, districts, and states around the country. Over time, it is hoped that the City will incorporate purchasing practices recommended by the GFPP. Information about implementation and outcomes should be included in the City’s biannual climate action report, since measures to implement GFPP food purchasing standards will support the plan’s goals.

RESOLUTION NO. ____________

ENDORsing the VALUES of the GOOD FOOD PURCHASING PROGRAM (GFPP)

WHEREAS, the food system has substantial implications for the health of our communities, the resilience of our local economy, nutrition, the labor conditions of transportation and farm workers, the sustainability and climate goals of our cities, and animal welfare; and

WHEREAS, the Good Food Purchasing Program (GFPP) is leading efforts by cities and school districts to bring purchasing standards in line with these values; and

WHEREAS, the Los Angeles Unified School District, San Francisco Unified School District, Oakland Unified School District, Austin Independent School District (TX), Chicago Public Schools, Boston (MA), Washington D.C., Cook County (IL), Austin (TX), and the Land Stewardship Project of Twin Cities (MN) have partnered with GFPP; and

WHEREAS, these partnerships are forging a coalition that can encourage better food production standards by leveraging collective purchasing power; and

WHEREAS, the City of Berkeley already supports similar initiatives like Green Monday, a program encouraging institutions to incrementally replace animal products with plant-based food options with notable benefits for animal welfare, nutrition, and the environment; and

WHEREAS, the technical support and network of GFPP helped the Los Angeles Unified School District redirect $12 million toward the purchase of local produce, create 150 new jobs in Los Angeles County food chains, achieved higher wages for local truck drivers and support for the United Farm Workers, achieved a 15 percent decrease in spending on meat, reduced water-use by 19.6 million gallons each week; and

WHEREAS, an endorsement of GFPP’s values can help the city achieve progress in food purchasing standards and encourage institutions with larger food budgets to adopt the program.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Berkeley that the City of Berkeley endorses the Good Food Purchasing Program’s five core values of localness, nutrition, labor rights, environmental sustainability, and animal welfare, and seeks to implement these values over time through its own food purchasing practices.

BE IT FURTHER RESOLVED that the City of Berkeley endorses efforts by other institutions to formally adopt the review processes and implementation of the Good Food Purchasing Program.

Subject: Referral: Report on Public Realm Pedestrianization Opportunities

RECOMMENDATION
Refer to the Transportation Commission to generate a report on potential public realm pedestrianization opportunities in Berkeley.

BACKGROUND
In many ways, the City of Berkeley is at the forefront of smart, transit-oriented urban growth. Among all US cities of 100,000+ inhabitants, the US Census and American Community Surveys show that Berkeley ranks third in percentage of pedestrian commuters at 16%, first in percentage of bicycle commuters at 10%, and 13th in percentage of public transit ridership at 22%. Berkeley plays a crucial role on the national stage when it comes to designing safe, inclusive, and sustainable urban environments for pedestrians, cyclists, transit, and motorists.

As urban centers have shifted to design around people instead of cars, cities like Detroit, Los Angeles, and New York have looked to pedestrian plazas and shared streets like those found in Europe or Asia. These cities have found that street-to-plaza conversions promote local businesses, encourage neighborhood interaction, increase pedestrian safety, stimulate non-motorized transportation, and contribute to the vibrant identity and community of the city. Common concerns toward street closure include the effect of closure on street network connectivity and the capacity of adjacent streets.

An ideal solution to address these concerns would not only incorporate full access to pedestrians and cyclists, but also incorporate express access for public transit and emergency medical services through the use of bollards or planters.

---

When considering pedestrianization zones in Berkeley, the report should review prior recommendations as well as existing public realms that regularly undergo street closure. Telegraph Ave between Bancroft Way and Dwight Way has been previously recommended and regularly undergoes closure for the Telegraph Holiday Street Fair and Berkeley World Music Festival. Center St or Allston St between Martin Luther King Jr Way and Milvia St are often closed for the Berkeley Farmers’ Market on Saturdays or annually for the Bay Area Book Festival. Besides the Telegraph Ave entrance to campus, Center St between Shattuck Ave and Oxford St as well as Euclid Ave between Hearst Ave and Ridge Rd function as other primary entrances to the campus area. Based on the City of Berkeley’s Pedestrian Master Plan and Bicycle Plan, all of these destinations represent high injury corridors as well as concentrated areas of demand for pedestrians and cyclists.

FINANCIAL IMPLICATIONS
Staff time.

ENVIRONMENTAL SUSTAINABILITY
Increasing non-motorized transportation and promoting walkable lifestyles reduces greenhouse gas emissions caused by automobile use.

5. **17. Short-term referral to City Manager and budget referral for creation of a “vehicle dweller program” in Berkeley** *(Referred from the April 2, 2019 agenda.)*

**From: Councilmember Davila**

**Recommendation:** Create a comprehensive program to support those living in their vehicles, including but not limited to RVs, to stay in Berkeley without fear of being criminalized, harassed, displaced, fined or having their vehicles confiscated, and with the support needed to have minimal impact on the neighborhoods in which they reside. The program could include:

- Issuing 3-6 month permits for vehicles in running order with an option to renew if no validated complaints have been filed.
- Creating a registration process that identifies any additional support needed.
- Specifying a consistent, clear and transparent process for investigating complaints to determine validity and issuing warnings.
- Distributing permits equally across all parking permit districts and identifying any restrictions on parking (i.e. near schools given bus access, etc.).
- Creating an affordable sliding scale permit structure based on size of vehicle, weight, number of wheels, etc.
- Providing pump-out services, waste disposal and social services as needed.
- Creating a pump-out station for use by RVs within the City of Berkeley.
- Creating a program for up to $3,000 per a vehicle for mechanical and sanitation repairs as well as registration and offering a grace period to get vehicles into compliance for a permit.
- Piloting a Safe Parking program modeled after Oakland’s pilot: 4-8 sites with 6-10 vehicles parked at business, school, community or faith-based site parking lots, including support and sanitation services.

Vehicles with permits are exempt from Berkeley Municipal Code (BMC) Chapter 12.76 and BMC Section 14.40.120.

**Financial Implications:** See report
