Subject: Support for SB 212 (Ranked Choice Voting) and SB 641 (Special Elections: Rank Choice Voting)

RECOMMENDATION
Send a letter to Assemblymember Senator Allen supporting SB 212, which would authorize general law cities, counties, or and local educational agencies to conduct an elections using ranked choice voting, and SB 641, which would authorize the Governor to require a special election to fill a vacancy in a congressional or legislative office using rank choice voting, if the jurisdiction is capable of using this voting method.

BACKGROUND
Under current law, general law cities are provided with procedures with which election of candidates for elective offices, and are incapable of adopting alternative voting methods.

In multiple cities, ranked choice voting has led to greater voter participation. In 2017, four cities introduced ranked choice voting elections, and all cities had higher turnout than in prior elections.¹ Voters using ranked choice voting have been more satisfied with candidates’ conduct.² According to exit polls, approximately eighty-four percent of voters who participated in ranked choice voting said the new RCV-formatted ballot was easy to complete.³

Voters who use ranked choice voting system overwhelmingly vote in favor of expanding the system.⁴ The City of Berkeley has been utilizing rank choice voting since 2010.⁵ In the Bay Area specifically, rank choice voting has eliminated costly runoff elections, given more wins to women and people of color, and increased voter turnout.⁶

This amendment change would grant each local jurisdiction the authority to determine the best voting method for that jurisdiction, despite general law city status.
