Mark Numainville, City Clerk
To: Honorable Mayor and Members of the City Council  
From: Housing Advisory Commission  
Submitted by: Xavier Johnson, Chairperson, Housing Advisory Commission  
Subject: Educator and Educational Staff Housing

RECOMMENDATION
Amend the Housing Trust Fund Guidelines and other relevant City of Berkeley housing policies to foster workforce housing for educators and educational staff by expanding income eligibility to include up to 120% AMI; and

Provide $150,000 to the Berkeley Unified School District to undertake predevelopment planning for housing to be built in Berkeley that will be available to educators and educational staff working for BUSD; and

Work with the District to identify possible financing opportunities for capital development; and

Recommend the Berkeley Unified School District balances building as many units as possible with being as family-friendly as possible.

FISCAL IMPACTS OF RECOMMENDATION
The HAC voted to “support BUSD with an allocation of $150,000 from the appropriate source(s) as identified by Council.”

CURRENT SITUATION AND ITS EFFECTS
The HAC voted unanimously on April 4, 2019: M/S/C (Sharenko/Wolfe) to recommend to Council to take the following actions:

a) Amend the Housing Trust Fund Guidelines and other relevant City of Berkeley housing policies to foster workforce housing for educators and educational staff by expanding income eligibility to include up to 120% AMI.

b) Support BUSD with an allocation of $150,000 from the appropriate source(s) as identified by Council for a planning and pre-development grant to conduct planning and pre-development, including, but not limited to, site evaluation and regulatory compliance, housing capacity, projected cost and timeline, property governance, transparent community process, financing structure options, and preparing of development RFP.
c) Work with the District to identify possible financing opportunities for capital development, including but not limited to, Measure U1, Measure O, developer fees, and/or County or State sources and utilizing the appropriate processes for public and expert feedback for these allocations.

d) Balance encouraging the Berkeley Unified School District to build as many units as possible while being as family-friendly as possible.

BACKGROUND
Through surveys of BUSD employees, the District has documented that many employees, particularly younger employees, are severely cost burdened by housing costs. The District commissioned a study to identify properties that it already owns that are conducive to housing and has identified four potential sites. Information on the size of each site, zoning, potential capacity, unit mix, and estimated costs has been documented. The proposed planning and pre-development grant will help fine-tune this information.

ENVIRONMENTAL SUSTAINABILITY
An allocation of predevelopment funding will not have an environmental impact at this stage of the decision making process. However, it is acknowledged that for any project to move forward to any stage of decision making authority past pre-development funding a more rigorous environmental analysis will be required. As much as possible, the predevelopment funding will be tied to identifying and addressing the environmental impacts of a proposed project.

It is understood that having more BUSD employees living locally could possibly decrease vehicle miles traveled and therefore reduce greenhouse gas emissions from internal combustion engines known to contribute to global climate change.

RATIONALE FOR RECOMMENDATION
BUSD recently cut two million dollars from its General Fund budget to cover increasing pension, health care and general operating costs. The District does not have any unrestricted dollars that could pay for planning and pre-development. To take advantage of the availability of District-owned property, combined with the evidence of support from Berkeley voters for teacher and staff the HAC unanimously supports the use of City of Berkeley funds General Fund/U1 funds, Measure O funds, and other appropriate funding for planning and pre-development of educator and BUSD employee housing.
ALTERNATIVE ACTIONS CONSIDERED
An allocation of more, less, or no funding was also considered, but given the benefits of pre-development funding these actions are not recommended as the best actions to take.

CITY MANAGER
Staff appreciates the commission’s efforts to facilitate educator housing and their attention to housing affordability issues for vital public employees. Staff previously requested guidance from Council on determining potential revisions to the HTF guidelines, including the expansion of qualifying AMI ranges, via a memo to the Land Use, Housing and Economic Development Policy Committee at its April 25, 2019 meeting.

On April 30, 2019, the City Council approved a $150,000 predevelopment planning grant to the Berkeley Unified School District consistent with the commission’s recommendation.

Once BUSD identifies a project site and selects a qualified developer, staff can work with their development team in evaluating financing strategies.

Subject: Adopt an Ordinance adding a new Chapter 9.50 to the Berkeley Municipal Code Requiring Legal Rights for Legal Tender

RECOMMENDATION
Adopt an ordinance adding a new Chapter 9.50 to the Berkeley Municipal Code requiring legal rights for legal tender, requiring that all brick-and-mortar businesses accept cash.

FISCAL IMPACTS OF RECOMMENDATION
None.

ENVIRONMENTAL SUSTAINABILITY
Consistent with sustainability goals.

BACKGROUND
For many Berkeley residents, particularly those who are denied access to credit or are unable to obtain bank accounts, the ability to purchase goods and services depends on the ability to pay in cash. According to the 2017 Unbanked and Underbanked Households Survey, 17% of all African American households and 14% of all Latino households in the United States had no bank account. Cash is an accessible medium of exchange in America, and stores not accepting cash payment systematically excludes segments of the population that are largely low-income people of color. Cashless business models may also have significant detrimental impacts on young people who do not meet age requirements for credit cards, for the elderly (many of whom have not transitioned to credit and digital payment modes or have restricted their access to them to avoid credit scams), and for other vulnerable groups such as homeless and immigrant populations.

Recently, San Francisco2 joined Philadelphia3 and New Jersey4 in requiring that all brick-and-mortar businesses in the jurisdiction accept cash. As of today, there are few stores

in Berkeley that do not accept cash, and so now is a good opportunity to guarantee that these discriminatory practices are not permitted in our City.

1: Proposed Ordinance Adding BMC Chapter 9.50
ORDINANCE NO. –N.S.

ADDING A NEW CHAPTER 9.50 TO THE BERKELEY MUNICIPAL CODE
REQUIRING BRICK-AND-MORTAR BUSINESSES TO ACCEPT CASH

BE IT ORDAINED by the Council of the City of Berkeley as follows:

Section 1. That Chapter 9.50 of the Berkeley Municipal Code is added to read as follows:

Chapter 9.50

LEGAL RIGHTS FOR LEGAL TENDER

Sections:
9.50.010 Findings and Purpose
9.50.020 Definitions
9.50.030 Brick-and-Mortar Businesses Required to Accept Cash
9.50.040 Exceptions
9.50.050 Enforcement
9.50.060 Severability
9.50.010 Findings and Purpose.
The Council finds and declares as follows:

A. The City of Berkeley is duty-bound to provide its community with transactional access to the goods and services provided by Berkeley’s businesses. For many City residents, such as those unable to obtain bank accounts, the ability to engage in consumer transactions, including goods and services vital to health and safety, depends on the ability to pay with legal cash tender established by the federal government of United States.

B. Cashless business models present significant detrimental impacts to vulnerable groups, especially low-income people, as they require financial institution-sponsored payment in credit or debit cards, or other non-cash forms of payment.

C. Cash payment, in the form of the United States Dollar, has been the official legal tender since the country’s founding in 1792 and shall be recognized by brick-and-mortar businesses alongside other forms of legal tender.

D. It is the intent of the Council to ensure Berkeley’s economy is inclusionary and accessible to everyone, including those who lack access to non-cash forms of payment.

9.50.020 Definitions.

A. “Brick-and-Mortar Business” means any place of business operating at a fixed, permanent, physical premises. Brick and mortar business does not include any business operating from a vehicle or other mobile space (for example a food truck).

B. “Cash” means United States currency, in the form of both paper Federal Reserve Notes and metal coins.

9.50.030 Brick-and-Mortar Businesses Required to Accept Cash.

A. Except as set forth in 9.50.040, every Brick-and-Mortar Business within the City must accept payment in Cash, if offered, for any transaction involving the purchase of any tangible good and/or service.

B. Except as set forward in 9.50.040, a Brick-and-Mortar Business may not charge a fee or place any other condition on its acceptance of Cash as required by subsection A.

9.50.040 Exceptions.
The provisions set forward in this Act shall not apply in cases of:

A. Suspected counterfeit currency. A Brick-and-Mortar Business may refuse to accept Cash that the business reasonably suspects to be counterfeit.

B. Large denominations. A Brick-and-Mortar Business may refuse to accept Cash in any denomination larger than a twenty dollar note, but shall otherwise accept any combination of Federal Reserve Notes and metal coins in connection with any transaction.
C. Single transactions above $5,000. Where a single transaction involves the purchase of one or more goods and/or services, the total price of which (including tax) exceeds $5,000, a Brick-and-Mortar Business must accept Cash that is offered as payment for any amount up to $5,000, but may refuse to accept Cash that is offered as payment for the remainder of the amount due.

9.50.050 Enforcement.
A. The obligation to ensure that a Brick-and-Mortar Business complies with this Chapter 9.50 shall fall only on the business or, in the case that the owners of the business are responsible for a policy or practice causing a violation of this Chapter, on the owner or owners of the business. No employee or independent contractor working at a Brick-and-Mortar Business shall be held liable for any violation of this Chapter.
B. Each transaction or attempted transaction in which a Brick-and-Mortar Business fails to accept Cash shall constitute a separate violation of this Chapter.
C. Any violation of this Chapter shall be an infraction or misdemeanor punishable as hereinafter specified:
   a. For a first violation, an infraction punishable by a fine not exceeding $100 and not less than $50.
   b. For a second violation within a twelve month period, an infraction punishable by a fine not exceeding $200 and not less than $100.
   c. For a third violation within a twelve month period, an infraction punishable by a fine not exceeding $1,000 and not less than $500.
D. In addition to the penalties set forward in subsection (C), the court may order that a violator reimburse the City for all its costs, including attorney’s fees incurred in investigating and prosecuting the enforcement action against that violator.

9.50.060 Severability.
If any word, phrase, sentence, part, section, subsection, or other portion of this Chapter, or any application thereof to any person or circumstance is declared void, unconstitutional, or invalid for any reason, then such word, phrase, sentence, part, section, subsection, or other portion, or the prescribed application thereof, shall be severable, and the remaining provisions of this Chapter, and all applications thereof, not having been declared void, unconstitutional or invalid, shall remain in full force and effect. The City Council hereby declares that it would have passed this title, and each section, subsection, sentence, clause and phrase of this Chapter, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases is declared invalid or unconstitutional.

Section 2. Copies of this Ordinance shall be posted for two days prior to adoption in the display case located near the walkway in front of Council Chambers, 2134 Martin Luther King, Jr. Way. Within 15 days of adoption, copies of this Ordinance shall be filed at each branch of the Berkeley Public Library and the title shall be published in a newspaper of general circulation.

Subject: Adopt a Resolution Establishing a Zero-Emission Vehicle Policy

RECOMMENDATION
Adopt a resolution establishing that all new vehicles procured by the City of Berkeley be zero-emission vehicles.

BACKGROUND
The City Council declared a climate emergency last summer, but the City continues to invest in gas-powered and carbon-emitting vehicles. In light of this emergency and the City of Berkeley’s ongoing commitment to and investment in electric charging technology and facilities, the resolution requires, where feasible, that all new city vehicles be zero-emission.

In 2017, San Francisco passed a similar ordinance mandating that all new additions to the passenger fleet, subject to certain limitations, be zero-emissions.

Berkeley is already investing in charging stations across Berkeley such as the Center Street Garage and the North Berkeley Senior Center. At the May 14, 2019 City Council meeting, the Director of Public Works confirmed that the City has set aside $600,000

for new electric vehicle charging stations. In addition, East Bay Community Energy is working with City staff to expand charging infrastructure.

According to the 2016 Climate Action Plan update, 60% of city-wide emissions are derived from the transportation sector in general. Transitioning the municipal fleet to zero-emission vehicles will significantly reduce greenhouse gas emissions and improve air quality, and represent further commitment to the City’s decarbonization obligations. A zero emissions municipal fleet will also help to inspire residents and businesses to transition to zero emissions vehicles.

Notwithstanding the GHGs associated with fossil fuel vehicles, the resolution includes a provision for the City Manager to seek limited waivers from the policy. The Council may grant waivers provided that proposed procurement of GHG emitting vehicles is in the form of a short-term lease and that a Council majority finds that the procurement serves the public interest. In such instances, the City Manager, wherever possible, shall prioritize plug-in hybrid models in order to minimize emissions.

FISCAL IMPACTS OF RECOMMENDATION
Zero-emission vehicles can be more expensive than gas vehicles, depending on the model, but cost significantly less in terms of upkeep and operational costs.

ENVIRONMENTAL SUSTAINABILITY
60% of all greenhouse gas emissions in Berkeley are derived from our transportation sector. Transitioning to zero-emission vehicles will reduce greenhouse gas emissions and improve air quality.

RESOLUTION NO. ##,###-N.S.

ESTABLISH A ZERO-EMISSION CITY VEHICLE FLEET POLICY

WHEREAS, fossil fuel extraction and combustion is a primary cause of the present climate emergency that threatens the well-being of all living things; and

WHEREAS, the City of Berkeley through various legal means has committed to a policy of decarbonization, including (1) the 2006 Measure G (Resolution No. 63,518-N.S.) calling for the City to reduce city-wide greenhouse gas emissions (GHG) by 80% by 2050, (2) the 2009 Berkeley Climate Action Plan (Resolution No. 64,480-N.S.), and (3) the 2018 Berkeley Climate Emergency Declaration (Resolution No. 68,486-N.S.); and

WHEREAS, according to City data from 2016, Berkeley’s transportation sector accounts for 60% of city-wide emissions and these emissions can be phased out through transitioning to electric vehicles fueled by 100% GHG-free electricity; and

WHEREAS, on April 24, 2018, the City Council adopted Resolution No. 68,404-N.S., selecting the East Bay Community Energy’s Brilliant 100 (100% GHG-free) electric service plan for all municipal accounts, meaning that a fleet powered by the electric grid is far cleaner than a gasoline-powered fleet; and

WHEREAS, Berkeley’s Traffic Division is in dialogue with Pacific Gas and Electric to participate in its fleet charging program and plans to spend $600,000 in infrastructure upgrades at 125 & 127 University Avenue and the fleet service center; and

WHEREAS, the City Center Street garage features 19 electric vehicle charging stations and wiring for more than 50; and

WHEREAS, the North Berkeley Senior Center renovation features charging stations.

NOW THEREFORE, BE IT RESOLVED by the Council of the City of Berkeley that it hereby establishes a zero-emission vehicle policy for new city vehicles, effective immediately.

BE IT FURTHER RESOLVED notwithstanding the requirements of the policy and the GHGs associated with fossil fuel vehicles, the City Manager may seek a waiver provided that a Council majority finds that the proposed vehicle procurement serves the public interest and is in the form of a short-term lease. In such instances, the City Manager, wherever possible, shall prioritize the procurement of plug-in hybrid models.

Subject: An Action Plan for Greening the City of Berkeley Fleet of Vehicles

RECOMMENDATION
Request the City Manager and Department of Public Works collaborate to hire a consultant to create an Action Plan ("plan"), by June 2020, to accelerate the electrification of the City’s municipal fleet and phase out fossil fuel use in municipal vehicles by 2030. The Plan should include an evaluation of the City’s current fleet and an analysis of opportunities for transitioning to a fleet of fossil fuel free vehicles.

FINANCIAL IMPLICATIONS
Consultant fee and staff time

BACKGROUND
The City of Berkeley recognizes that climate change represents a grave and significant threat to our future. In keeping with the City’s declaration of a climate emergency, aggressive action to reduce pollution is necessary. It is incumbent on the City to develop a plan to significantly reduce the city's contribution to carbon pollution.

The transportation sector accounts for 60 percent\(^1\) of Berkeley’s core greenhouse gas emissions, which are the main driver of climate change. Transitioning our city fleet of vehicles from fossil fuels to clean electricity is an important and vital component of achieving our climate goals.

The following actions are proposed to accelerate Berkeley’s transition to a clean and green municipal fleet:

The City Manager in collaboration with the Department of Public Works is requested to hire a consultant to create an Action Plan ("plan") to accelerate the electrification of the City’s municipal fleet and phase out fossil fuel use in municipal vehicles by 2030.

\(^1\) Office of Energy & Sustainable Development (OESD) 2016 Community Inventory. Dec 6, 2018 Climate Action Plan Update
The plan should consider:

- A strategy to rapidly electrify the city’s fleet and to provide for the use of fossil fuel-free liquid fuels when electric vehicles are not a viable option.
- Plug-in vehicles should be purchased for the municipal fleet when a cost effective, market-ready vehicle is available which matches the planned operations for that vehicle.
- Recognizing the unique needs of emergency management and first response vehicles, the plan should include a strategy to provide emergency management services with electric and fossil fuel-free vehicles wherever possible.
- An assessment of the challenges or opportunities presented by different vehicle fuel types on emergency management and response and allow for exemptions where alternative vehicles are not readily available.
- A strategy for infrastructure deployment to support the electrification of the municipal fleet. This strategy should take into consideration a long-term funding approach for EV charging infrastructure, including potential partnerships with publicly accessible charging networks.

The Action Plan should be completed no later than June, 2020 and presented to City Council before the end of fiscal year 2020.

Subject: Waiver of Encroachment Fees for Trash Corral Pilot Program

RECOMMENDATION
Adopt a resolution pursuant to AR 6.7 waiving the application and permit fees for the
minor encroachment permits required by both the Telegraph BID and Downtown
Berkeley Association for the installation of their pilot trash corrals.

BACKGROUND
The Telegraph Business Improvement District and the Downtown Berkeley Association
are each currently in the process of piloting “trash corrals,” small structures designed to
contain the waste bins used by businesses in their jurisdiction. These corrals are
designed to help the bins take up less space, make trash collection easier, and provide
a more pleasing streetscape. The corral in the Telegraph district will be painted with
murals to add an artistic element to the project and increase the general beauty of the
district; the Downtown corral may also have a mural.

Because they are being constructed on city sidewalks, the corrals require minor
encroachment permits. TBID and DBA are each being assessed a $454 application fee
and a $1,228 permit fee, for a total between both projects of $3,364.

TBID and DBA have requested that the council waive these fees in order to ensure that
the pilots are financially viable. They are each using their own funds to design and build
the corrals, and are only seeking the City’s support in removing this financial barrier. In
reducing the impact of trash bins on pedestrian foot traffic, easing waste pickup, and
providing beautification through public art, these corrals provide broad public benefit.
The Council should therefore grant this waiver.

FINANCIAL IMPLICATIONS
Reduction in revenue to the Public Works Department by $3,364.

ENVIRONMENTAL SUSTAINABILITY
Consistent with the City’s environmental goals.

CITY OF BERKELEY
ADMINISTRATIVE REGULATIONS

SUBJECT: Payment of Permit Fees on City Projects

PURPOSE

The purpose of this Administrative Regulation is to set forth the policy of the City of Berkeley and to establish procedures regarding requirements for the issuance of building, plumbing, mechanical, electrical permits for City owned and leased property, not located in the public right-of-way. This regulation establishes procedures for the payment of fees for such permits concerning the performance of work on City facilities and improvements for City managed work. (Work performed in the public right of way by City forces and City managed contractors must comply with the requirements adopted by the Public Works Director).

POLICY

1. It is the policy of the City of Berkeley that all construction work located on lands other than public rights of way performed by general engineering, general building and all specialty contractors on facilities and improvements which are owned or leased by the City, shall be subject to the requirements set forth in Title 19 of the Berkeley Municipal Code. (This title adopts the most recent state-mandated California Building, Plumbing, Mechanical, and Electrical Codes and includes various local amendments). Any contractor or city employee doing work for or on behalf of the City of Berkeley shall obtain all necessary and related building, plumbing, mechanical, electrical, and any other usual permits required by local, State, and Federal agencies having jurisdiction. Improvements and projects for which special action of the City Council, or other local, State or Federal agency has waived such fees or permits are exempt from fees and permits to the extent such waiver is explicitly stated by City resolution or ordinance, grant agreements, other agreements, and state or Federal law.

2. Work performed by City employees for repair of City facilities other than normal maintenance activities and for the improvement of existing City facilities shall be subject to the requirements set forth in Title 19 of the Berkeley Municipal Code. (This title adopts the most recent state-mandated California Building, Plumbing, Mechanical, and Electrical Codes and includes various local amendments). Permits shall be required for such work performed. Fees for such permits may be waived if authorized by the City Manager.
PROCEDURE

1. City Project Managers managing contracts for construction work for either the Engineering Division or the Facilities Division of the Public Works Department shall obtain or shall ensure that contractors obtain all required permits required by the Building and Safety Division of the Planning Department. Inspections of that work shall be performed by inspectors from the Engineering for contract compliance and by Building Inspectors for compliance with codes. Inspections performed by the Facilities Division inspectors shall be in accordance with general guidelines established by the Building Official.

FEES

The City Manager may waive the requirements of this regulation to the extent allowed by state and federal law as determined by the City Attorney provided good cause is set forth in writing. The City Manager's waiver shall identify in writing the reasons for the waiver. Neither Public Works nor their contractors will be required to pay fees for those inspections made by Facilities Division staff. Plan Check fees shall be charged for required plan checking unless waived by the City Council; however, direct expenses for outside plan checking services may not be waived.

Subject: 2019 Commission on Disability Work Plan

INTRODUCTION
Below is the 2019 Work Plan for the Commission on Disability.

CURRENT SITUATION AND ITS EFFECTS

1. Improved Transportation and Mobility
   Pursue “Navigable Cities” for all pathways used by people with disabilities (sidewalks, ramps, curb cuts, crosswalks, bike lanes, etc.), addressing topics including smooth construction and eliminating barriers (e.g. business signs, parked vehicles and scooters/bicycles). Research safety concerns, especially at intersections and other crosswalks, and propose relevant adjustments to City policies and infrastructure. Pursue policies to guarantee equal access to all transportation options and/or appropriate alternatives, including but not limited to paratransit, transportation network companies (TNCs), bicycle and scooter rentals (e.g. Ford GoBike, Lime, etc.), and taxis. Keep up-to-date on roadway/neighborhood redesigns that may affect pathways and/or parking; provide input to ensure full access for people with disabilities. Explore parking options and access, especially in city-owned or regulated garages and parking lots.

2. Public Input and Public Outreach for Commission on Disability (COD)
   Implement communication channels with other city Commissions; pursue “crossmembership” with other commissions, where COD members request to be appointed to other commissions with vacancies; prioritize commissions whose coverage affects people with disabilities (e.g. peace & justice, zero waste, planning, homelessness, etc.). Raise awareness of COD within the disability community and relevant stakeholders (e.g. neighborhood and business associations) and invite community members and stakeholders to attend COD meetings. Host one “town hall” event in mid-late 2019, either in place of or in addition to the regularly-scheduled monthly COD meeting.
3. **Disability Access in all Berkeley Policies and Processes**
Ensure that City of Berkeley processes fully serve people with disabilities and that accessibility is considered in all policies. Develop templates for full City Council consent and action items to include impacts on accessibility and community members with disabilities. Address the recent extended staff vacancy for Berkeley’s ADA coordinator and collaborate with city staff to avoid such extended vacancies in the future. Improve accessibility of city websites, meeting spaces, and buildings (including directions/signage to accessible entrances).

4. **Accessible and Affordable Housing**
Explore the expansion and improved availability of accessible housing for people with disabilities, including going beyond baseline ADA access requirements in new construction (e.g. adding automatic door openers, units with roll-in showers and other universal access features, etc.). Also consider retrofits of existing buildings, whether single-family homes or multi-unit apartments/condominiums. Address affordability as a key factor for housing.

5. **Homeless people with Disabilities**
Support Berkeley’s population of homeless residents with disabilities. Collaborate with local service providers to address disability-related needs, such as access to healthcare or repairs of medical equipment (wheelchairs, scooters, walkers, etc.). Improve quality and range of housing alternatives; provide input on recreational vehicle (RV) ordinances and availability of permanent or semi-permanent RV parking areas.

6. **Emergency/Disaster Preparedness**
Receive information and ongoing updates, participate and make recommendations as appropriate about Berkeley’s BEACON and CERT programs.

7. **Student Life and Disability Awareness**
Improve communication and collaboration with Berkeley’s many students with disabilities, providing community engagement and leadership opportunities and supports for independent living. Address all populations including students with disabilities in elementary through high school, Berkeley City College, UC Berkeley, and private entities.

8. **Service Animals Welcome in Berkeley**
Educate, advocate and advise Council/staff on full implementation including Business Improvement District (BID) training, production and distribution of Service Animals Welcome signs and annual distribution of informational materials to all Business License Holders.

- Relates to the Strategic Goal of championing and demonstrating social equity for people with disabilities.

INTRODUCTION
The Commission on Disability (COD) is pursuing actions to increase its public outreach through 2019 and beyond. COD will be inviting interested stakeholders to attend our meetings and will attend other Commission meetings to better address the concerns and needs of people with disabilities in Berkeley. In addition, we are interested in hosting or otherwise supporting a disability “town hall” sometime in 2019, to feature opportunities for Berkeley’s residents to explore concerns, policy solutions, and courses of action.

The Commission on Disability would appreciate the City Council’s assistance in this effort, to whatever extent is appropriate. If Council-members are aware of any stakeholders (individuals or groups) who are interested in topics relevant to people with disabilities (PWDs), are addressing topics that should better address the needs of PWDs, or may otherwise want to connect with COD, please ask them to contact the Commission’s secretary. COD will also inform Council of any upcoming actions or events related to its Public Outreach.

Subject: Mental Health Commission 2018 Annual Report

INTRODUCTION
The 2018 Annual Report was adopted by the Mental Health Commission on April 25, 2019.

CURRENT SITUATION AND ITS EFFECTS
Submitted for your information on behalf of the Mental Health Commission, is the 2018 Annual Report. The Mental Health Commission members are to be commended for working extremely hard in making progress towards meeting the goals which were set in our Work Plan created in early 2018. We are now positioned to be a valuable asset and a voice in the arena of community mental health in the Cities of Berkeley and Albany.

BACKGROUND
In 2018 our first priority was to streamline the work of the commission and change its culture of work. Through creating subcommittees in the focus areas of accountability, diversity and site visits we were able to do extensive research, collect and review documentation and have discussions about our role in strengthening our community mental health approaches. Our focus on learning, informing ourselves and listening before acting became a strength.

This annual report is extensive and details our actions, accomplishments and outcomes in 2018 and sets priorities for 2019/20 in 9 goal areas.

This is the first comprehensive and detailed annual report to be submitted by this commission in a decade. The Mental Health Commission had a few weaknesses in its approach, how it functioned, its impact in the community and its value to Berkeley City Council. In 2018 we worked very hard to become a functioning commission with clarity of purpose.

It also became apparent to us that a more open and respectful relationship with Berkeley Mental Health needed to be fostered. Commissioners began to attend meetings within the division to listen, learn and participate.
At the April 25, 2019 meeting the Mental Health Commission adopted the 2018 Annual Report by the following motion:

M/S/C (Davila, Posey) Motion to approve the 2018 Annual Report and submit it to City Council with the Council Item that the Chair will write.
Ayes: Castro, cheema, Davila, Fine, Heda, Kealoha-Blake, Ludke, Posey; Noes: None; Abstentions: None; Absent: None.

ENVIRONMENTAL SUSTAINABILITY
There are no identifiable environmental effects or opportunities associated with the subject of this report.

POSSIBLE FUTURE ACTION
When appropriate we will send recommendations to the City Council for action.

FISCAL IMPACTS OF POSSIBLE FUTURE ACTION
Unknown at this time.

1: Mental Health Commission 2018 Annual Report
The Mental Health Commission for the Cities of Berkeley and Albany

The Mental Health Commission is proud to present its Annual Report 2018. This year we have taken bold steps to build the Commission as a robust advisory body to the Berkeley City Council, Division of Mental Health and in the community. As a Commission, we are committed to making meaningful contributions to accountable decision making impacting public mental health in our community.

In 2018, the Mental Health Commission set the stage for following our state law mandate to review and evaluate public mental health needs, services, facilities and special problems. The Commission began this year with notable feats. We elected new leadership, developed a Work Plan 2018 and submitted it to the Berkeley City Council—a first ever milestone.

Now we are thrilled to share our accomplishments which have fundamentally changed our culture to productively focus on achieving our Work Plan 2018 goals:

- We are focusing on a systems-integrated continuum of whole person care to serve diverse groups and individuals who engage with the public mental and related systems: housing, health, education, child welfare, juvenile and adult criminal justice and corrections.

- We are building relationships with a broad range of consumers and family members to understand the nature of their participation when interacting with multiple providers.

- We are working productively with Berkeley Mental Health (BMH), one of the city’s service providers for people with mental illness and many with co-occurring substance use disorder, and community-based organizations to assess service delivery to groups and individuals.

- We are visiting public mental health clinics and other sites to assess their ability to consistently welcome and engage the public across the board.

- We are markedly increasing our knowledge about access to public mental health and related systems for diverse groups and individuals.

- We are initiating defining key indicators for evaluating public mental health and related systems using evidence-based best practices. We have reviewed World Health Organization (WHO) and other approaches to measure fiscal, program and technology accountability.

As the Mental Health Commission moves into this next year, we aim to build on our progress. We look forward to opening more conversations about mental health, continuing to address challenges and working towards a more equitable, responsive access to the public mental health and related systems.
Mental Health Commission—Mission, Vision and Operating Principles

We aim to address the mental health crisis in our community where a large number of unsheltered people are unserved, underserved and/or inappropriately served by public government systems.

We aim to ensure that a diversity of people—including people of color, children, families, youth, the LGBTQ community, and seniors—receive mental health interventions and services that are respectful and tailored to their mental health needs.

Through our work, we aim to strengthen the core values and guiding principles of: 1) wellness, recovery and resilience-oriented models; 2) community collaboration; 3) systems development and integration among Berkeley Mental Health (BMH), community-based organizations (CBOs) and other entities; 4) cultural competency; and 5) consumer and family-driven services.

Goal 3 Accomplishments 2018

- Culture & Communication
  The Mental Health Commission’s major achievement this past year focused and continues to focus on changing its culture to carry out state law mandates, including evolving a productive relationship with the BHS leadership and staff. To achieve this effort, the MHC:

  1. Elected new leadership.
  2. Developed a Work Plan 2018 and passed a motion for submission to the Berkeley City Council (BCC). The Chair submitted it as a consent item on the BCC’s Agenda.
  3. Created Subcommittees designed to accomplish Work Plan goals.

- The Chair and Vice Chair met (and continue to meet) with the City Manager for the Division of Mental Health at least every other month. These meetings have and continue to be important in building trustworthy and respectful communication in order to accurately understand the public mental health system, particularly service delivery to consumers and the community at-large.

- The City Manager for the Division of Mental Health provides a written report for inclusion in the Agenda Packet for each Commission meeting. Commissioners can request specific topics for the Manager to address in the written report. This approach improves communication between the Commission and City Manager. Some topics:

  2. Diversity Committee
  3. Safety Committee
  4. May is Mental Health Committee

• The Mental Health Commission invited BMH representatives to present at its monthly meetings.

• Consumers
  1. The Mental Health Commission has initiated developing a formal mechanism to create a feedback loop between consumers and the Commission.
  2. Under Goal 6, the Site Visit Subcommittee is currently focused on conducting consumer focus groups for those who have had and/or do have involvement with BMH.

Goal 3 Outcome

• Mental Health Commissioners are developing a productive relationship with Berkeley Mental Health and service providers to improve public mental health and related systems for consumers and the community at-large. 2. During 2019, the Commission is planning a Listening Session for community members.

• Consumers

1. The Mental Health Commission has partnered with Berkeley Mental Health to host a May is Mental Health Month event. See Goal 9.
2. The Site Visit Committee will conduct focus groups and in-person interviews with consumers using evidence-based methodology to get valid, reliable information. The information gained from the focus group will inform service delivery in the public mental health and related systems for the Cities of Berkeley and Albany.

  8. Medi-Cal specialty mental health services documents from the Department of Health Care Services for the State of California
Goal 4 Outcome

- The Accountability Subcommittee gathered a range of relevant documents to begin its review, evaluation and reporting on Berkeley Mental Health fiscal and program management.

• The Site Visit Subcommittee and the full Commission will continue to review and evaluate BMH progress in designing and implementing modifications to improve public mental health clinic and related facility environments.
