Action Calendar – New Business

1a. Traffic Circle Policy and Program Recommendations
From: Traffic Circle Policy Task Force

Recommendation: Adopt a Resolution to approve the Traffic Circle Policy as outlined in the report and refer to the traffic engineer for codification.
Integrate the Community Common Space Stewardship Program into the “Adopt a Spot Initiative,” which the City Council approved on April 23, 2019 (Item #33), and request that the City Council refer it to the Traffic Circle Task Force, rather than the Parks and Public Works Commissions, for the purpose of development, outlining criteria and environmental benefits, program costs and staffing.
Refer additional traffic calming measures at Ellsworth for the intersections with Dawn Redwoods to the mid-year budget process and request mitigation funds from East Bay Municipal Utility District (EBMUD) due to the impact on these streets from their Wildcat Pipeline Project.
Refer to the City Manager:
1. Create the Community Common Space Stewardship Program as described in the report.
2. Refer the additional staff and material costs of this program to the budget process.

Financial Implications: See report

1b. Technical Memo on Traffic Circle Planting Policies  
From: City Manager  
Contact: Phillip Harrington, Public Works, (510) 981-6300  

**Action:** 47 speakers. M/S/C (Arreguin/Davila) to:  
1. Adopt Resolution No. 69,164–N.S. approving the Traffic Circle Policy as outlined in the report from the Traffic Circle Policy Task Force, and revised as follows:  
   a. Add a Whereas clause to the resolution emphasizing the importance of pedestrian and bicyclist safety.  
   b. Remove the following language from the Policy, and refer the removed language to the Facilities, Infrastructure, Transportation, Environment & Sustainability Committee for consideration:  
      “New trees proposed by traffic circle coordinators or volunteers will be approved by the City Forester, with a preference for natives and a focus on maximizing ecosystem services. The Task Force recommends revisiting trunk size considerations every five years as the implications of climate change and autonomous vehicles become clearer. In the interim, large trunked trees such as redwoods will not be planted.”  
   c. Change references to maximum vegetation height allowances from 30 inches to 24 inches from the top of the traffic circle planter curb throughout. In addition, refer the Traffic Circle Policy as revised to the traffic engineer for codification.  
2. Integrate the Community Common Space Stewardship Program into the “Adopt a Spot Initiative,” and refer to the Parks and Waterfront Commission and the Public Works Commission to consider the Traffic Circle Policy Task Force’s recommendations.  
3. Request mitigation funds from East Bay Municipal Utility District (EBMUD) due to the impact on streets from the Wildcat Pipeline Project.  
4. Refer to the City Manager to:  
   a. Create the Community Common Space Stewardship Program based on the report from the Traffic Circle Policy Task Force.  
   b. Refer the additional staff and material costs of this program to the budget process.  
5. Refer to the City Manager to consider options for the maintenance of the Traffic Circles prior to the implementation of an “Adopt a Spot Initiative”, including consideration of a landscape maintenance contract or the organization of volunteer work days.  
6. Prior to the planting of a Traffic Circle by the community, a proposal of the planting is to be submitted to the City for acceptance.  

**Vote:** All Ayes.
