Subject: Jointly Apply for Infill Infrastructure Grant Funding for Projects Seeking City Funding through the 2019 Housing Trust Fund Request for Proposals

RECOMMENDATION
Adopt two Resolutions that enable affordable housing development projects that applied for City funding through the 2019 Housing Trust Fund Request for Proposals to access State of California Infill Infrastructure Grant (IIG) funds by:

1. Authorizing the City Manager to prepare and submit a joint application with each of the following developers proposing to use IIG funds:
   a. Satellite Affordable Housing Associates (for Blake Apartments at 2527 San Pablo);
   b. BRIDGE Housing Corporation (for 1740 San Pablo);
   c. Resources for Community Development (for Maudelle Miller Shirek Community at 2001 Ashby); and

2. Authorizing the City Manager to take actions needed for the City’s participation in the IIG program by adopting state-required terms about submitting applications, entering into the State’s Standard Agreement and other documents.

FISCAL IMPACTS OF RECOMMENDATION
There are no direct fiscal impacts for being a joint applicant for IIG funds. However, as a joint applicant, the City may share responsibility for completing the affordable housing development. Staff will evaluate the requirements and risks, and if needed, enter into side agreements with project sponsors to clarify responsibilities and mitigate risk to the City.

CURRENT SITUATION AND ITS EFFECTS
The City issued a Request for Proposals for affordable housing developments to allocate available Measure O funds and Housing Trust Funds, and received four applications for funding. Three applicants proposed new construction developments that may include financing through the IIG program, in the current or future funding rounds:
- BRIDGE Housing Corporation for 1740 San Pablo Avenue
- Resources for Community Development for 2001 Ashby Avenue (Maudelle Miller Shirek Community)
- Satellite Affordable Housing Associates for 2527 San Pablo (Blake Apartments)

The IIG Notice of Funding Availability (NOFA) and final program guidelines were released on October 30, 2019, and include a requirement for developers to apply jointly with a jurisdiction. Applications are due in January. Housing staff recommend that Council adopt the attached resolution so that the City can take timely action to support potential IIG applications. The IIG NOFA did not include specific resolution language, so the attached resolution is based on language required for a joint application for a different state funding program.

Jointly applying for IIG funds is a Strategic Plan Priority Project, advancing our goal to create affordable housing and housing support service for our most vulnerable community members.

BACKGROUND
IIG promotes infill housing development and funds infrastructure improvements related to site preparation or demolition, utility service, pedestrian and bicycle infrastructure, environmental remediation, and other improvements related to the affordable housing development.

Other state funding programs have required joint applications between the City and developer, and the City submitted successful joint applications for Affordable Housing and Sustainable Communities funds (for Grayson Apartments at 2748 San Pablo) and No Place Like Home funds (for Berkeley Way). Joint applicants are typically required to accept joint liability, but the City and joint applicant may enter into a side agreement that establishes project responsibilities and indemnifies the City. Joint applications also demonstrate the City’s commitment to advancing affordable housing locally.

ENVIRONMENTAL SUSTAINABILITY
There are no environmental sustainability effects directly associated with the recommendations in this report.

RATIONALE FOR RECOMMENDATION
Council has identified housing affordability as a critical issue facing the City. Pursuing all available sources of affordable housing funding is consistent with City priorities.

ALTERNATIVE ACTIONS CONSIDERED
The City could decline to jointly apply to the State for housing funds, making local projects ineligible for IIG funds unless the County agreed to serve as a joint applicant. This could delay each project and would not be consistent with the City’s Strategic Plan goal; it is therefore not recommended.
