What is a Family Daycare Home?

Family Daycare Homes, as defined by the State, are facilities that regularly provide care, protection, and supervision for 14 or fewer children, in the provider’s own home, for periods of less than 24 hours per day. Family Daycare Homes, licensed by the State of California, are classified as follows:

Small Family Daycare Home involves the use of a dwelling, as described above, for eight (8) or fewer children, including children under 10 years of age who reside at the home.

Large Family Daycare Home involves the use of a dwelling, as described above, for nine (9) to fourteen (14) children, including children under 10 years of age who reside at the home.
Background on SB 234 – Family Daycare Home

According to Senator Skinner, licensed Family Daycare Homes play an important role in the childcare market – providing flexible hours, affordable care, and low staff-to-child ratios in a home environment. This bill reduces barriers and costs to those operating or wanting to operate licensed Family Daycare Homes.

- Signed into law on September 5, 2019
- Prohibits jurisdictions from levying any type of business license fee or tax on Family Daycare Homes.
- Requires ministerial approval of Family Daycare Homes in all districts where residential uses are allowed.
