CONSENT CALENDAR PROCEDURES

Due to the length of the Zoning Adjustments Board agenda, a Consent Calendar will be used to Approve certain types of applications at one time. The Consent Calendar is divided into two parts:

Consent Calendar I
Routine business such as modifications of use permits which are not subject to a public hearing and items proposed for continuance. (Please note that items proposed for continuance to a date certain will not be re-noticed by mail or posting on site.)

Consent Calendar II
Public hearings on use permits and variances that are apparently non-controversial, on which no adverse comment has been received, and on which the Zoning Officer recommends approval.

The Chairperson of the Board will announce the items on the Consent Calendar at 7:05 p.m. Anyone present who wishes to speak on an item should raise his or her hand and advise the Chairperson, and the item will be pulled. Any applicant, member of the audience, or Zoning Adjustments Board member may require that a Consent Calendar II item be removed from the Calendar for discussion and testimony. Items pulled from the Consent Calendar will be heard following Continued Items.

PUBLIC TESTIMONY PROCEDURES

The Board may limit the number of speakers and the length of time allowed to each speaker. Persons wishing to offer testimony are encouraged to submit their comments in writing. You may also submit comments by E-mail at zab@ci.berkeley.ca.us. If you want to speak at a public hearing, you must turn in a speaker card by 7:15 p.m. on the night of the hearing. Cards may also be submitted at the Zoning Counter at 2120 Milvia Street prior to 5 p.m. on the day of the hearing.

Note: Please refrain from wearing scented products to public meetings.

4. **2076 Ashby Avenue**
   Request by Athan Magganas to construct a residential building with 11 dwellings for a total of 8,788 square feet, 4-stories with a height of 44 feet on a 5,000 square feet lot. A total of 10 parking spaces and 2,000 square feet of open space are proposed.

   Staff has determined that if the project were to satisfy all the development standards of the C-SA District, the base unit count for this project is four dwelling units. Since the project involves more than four dwellings and provides affordable units that also meet the State Density Bonus requirements, it is eligible for a density increase of 25% over the maximum allowed by the Zoning Regulations. Assuming that the base project is four, a 25% increase would result in one additional unit for a total of five units. Since the applicant wishes to pursue a project of 11 units as an additional concession or incentive under Government Code Section 65915(h), a pro-forma demonstrating such need is required. Because the pro-forma has not yet been submitted, Staff is not prepared to make a recommendation. However, Staff believes that any further concessions be in the form of lot coverage or setbacks, not added stories or height.

   - Use Permit under Section 23E.52.030 to construct a 11-unit residential building for a total of 8,788 square feet.
   - Use Permit under Section 23.E.52.070.E to reduce the lot coverage, front, and rear setbacks allowed in the District. The proposed lot coverage is 74.8% (40% permitted), zero feet front yard (15 feet required), and 13 feet rear yard (15 feet required).

   Variance from Section 23E.52.070.B.3 to exceed the height limit by 8 feet (44 feet proposed, 36 feet permitted) and number of floors (four proposed, three permitted) - UP #01-10000089 (Hector Lopez)
   
   **PSA Action Date:** 11-14-02
   **Continued From:** 07-25-02; 09-12&26-02
