CONSENT CALENDAR PROCEDURES

Due to the length of the Zoning Adjustments Board agenda, a Consent Calendar will be used to approve certain types of applications at one time. The Consent Calendar is divided into two parts:

Consent Calendar I
- Routine business such as modifications of use permits which are not subject to a public hearing and items proposed for continuance. (Please note that items proposed for continuance to a date certain will not be re-noticed by mail or posting on site.)

Consent Calendar II
- Public hearings on use permits and variances that are apparently non-controversial, on which no adverse comment has been received, and on which the Zoning Officer recommends approval.

The Chairperson of the Board will announce the items on the Consent Calendar at 7:05 p.m. Anyone present who wishes to speak on an item should raise his or her hand and advise the Chairperson, and the item will be pulled. Any applicant, member of the audience, or Zoning Adjustments Boardmember may require that a Consent Calendar II item be removed from the Calendar for discussion and testimony. Items pulled from the Consent Calendar will be heard following Continued Items.

PUBLIC TESTIMONY PROCEDURES

The Board may limit the number of speakers and the length of time allowed to each speaker. Persons wishing to offer testimony are encouraged to submit their comments in writing. You may also submit comments by E-mail at zab@ci.berkeley.ca.us. If you want to speak at a public hearing, you must turn in a speaker card by 7:15 p.m. on the night of the hearing. Cards may also be submitted at the Zoning Counter at 2120 Milvia Street prior to 5 p.m. on the day of the hearing.

Note: Please refrain from wearing scented products to public meetings.

2. 2025 CHANNING WAY
   Request by Grace Chizar for a Use Permit #02-10000031 to construct a residential building with 30 dwellings for a total of 17,600 square feet, 4-stories plus a basement with a height of 38 feet on a 9,230 square foot lot. A total of 15 parking spaces and 6,162 square feet of open space are proposed.

   Staff has determined that the base project is 19 dwelling units. Since the project involves more than 19 dwellings and provides affordable units, it meets the State requirements for a Density Bonus under Government Code Section 65915, and is thus eligible for a density increase of 25% over the maximum allowed by the Zoning Ordinance. A density bonus under Section 65915 would add 5 units to the project, resulting in a total of 24 units. Since the applicant wishes to pursue a project of 30 units, the following permits would be required as additional concessions or incentives under Government Code Section 65915(h):
