

# Sacramento Street Complete Street Project

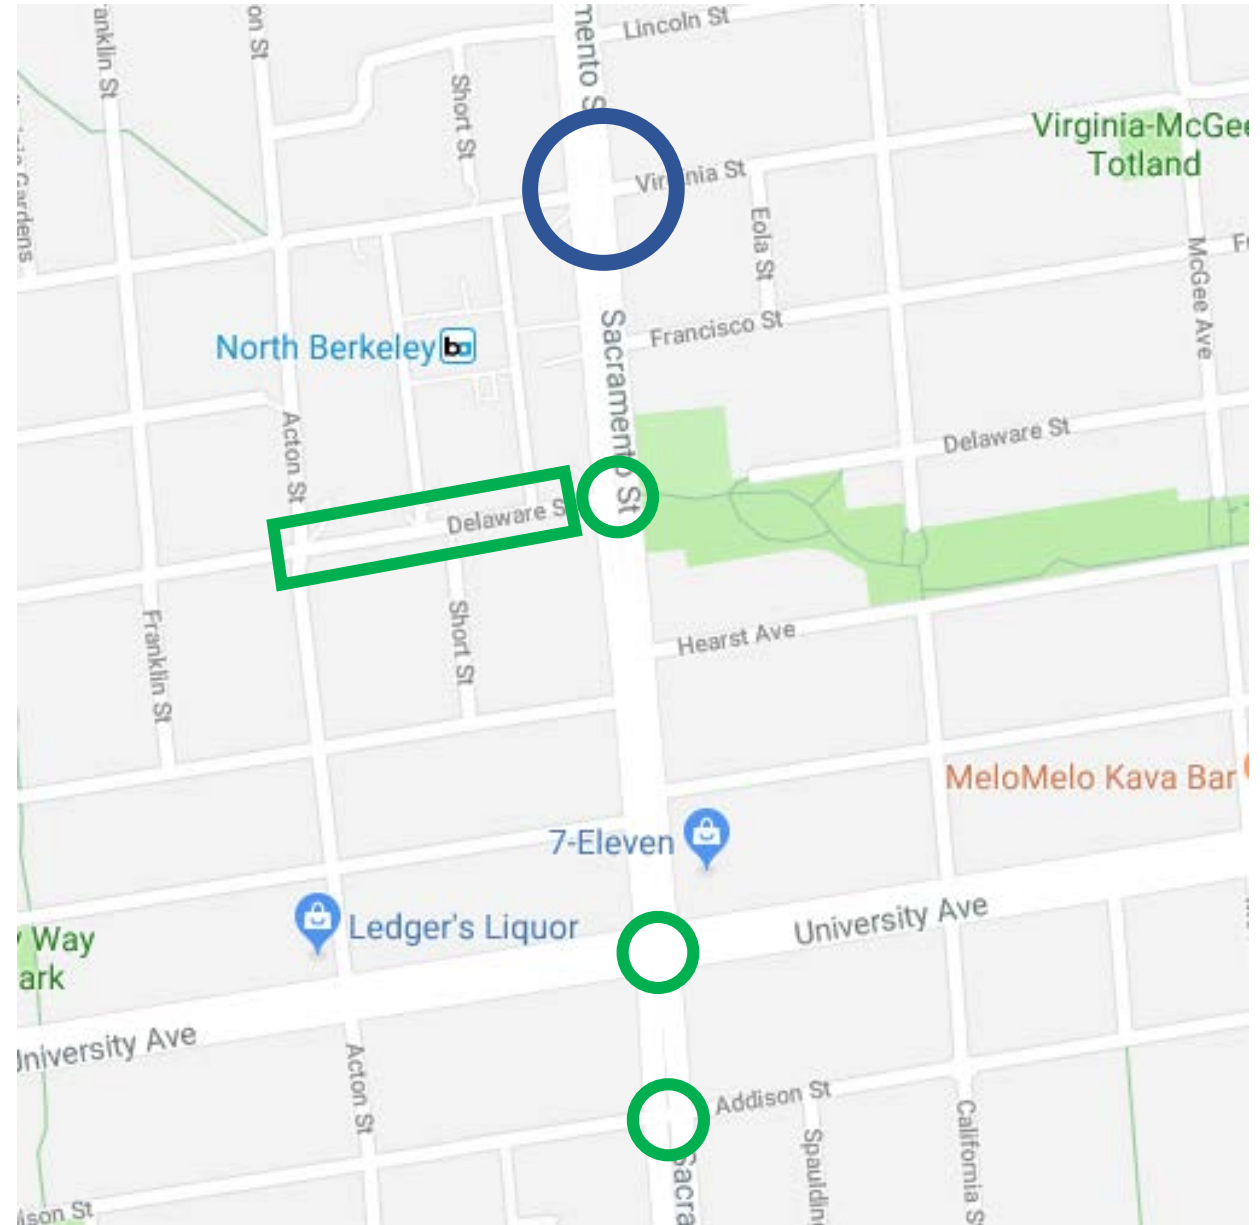

Transportation Commission Meeting

June 20, 2019

City of Berkeley

# Agenda

1. Recap prior public meeting comments (January 28, April 16, and May 15, 2019)
2. Review project scope
3. Schedule & next steps
4. Discuss coordination with BART project

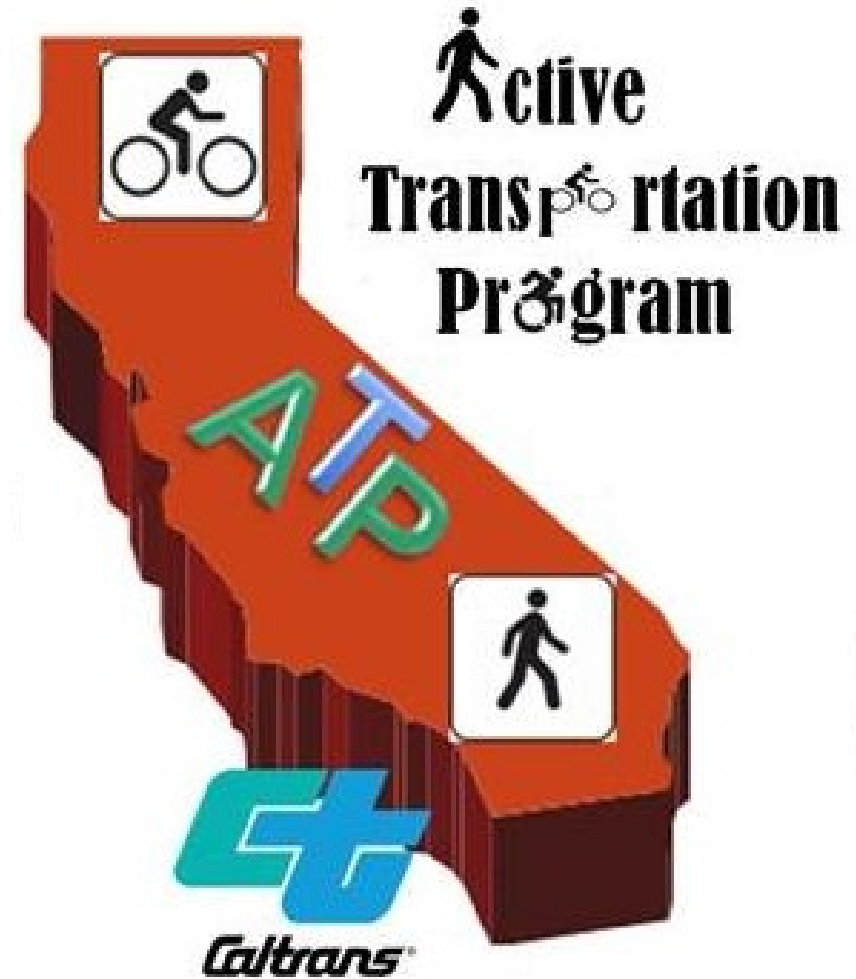

# Funding Source and Schedule

- Active Transportation Program grant
- Measure BB (Bicycle & Pedestrian Program)
- City General Fund

## Project Timeline

- Design 2019
- Implementation 2020

# Public Meeting Recap

## Public Meeting, April 16

- General support for Project
- More support for signal (vs PHB)
- Concern about traffic cut-through at Virginia (east)
- Request for further study of Ohlone Park design at Delaware / Sacramento

# Public Meeting Recap

## Transportation Subcommittee, May 15

- General support for Project, including signal at Virginia
- Request for BART to make presentation during June 20 TC meeting
- Concern about Delaware issues (speed, cut-through, ped Xing safety, protected bikeway design)
- Request for Ohlone Greenway signing at Hearst/California
- Request to evaluate Virginia Street barriers

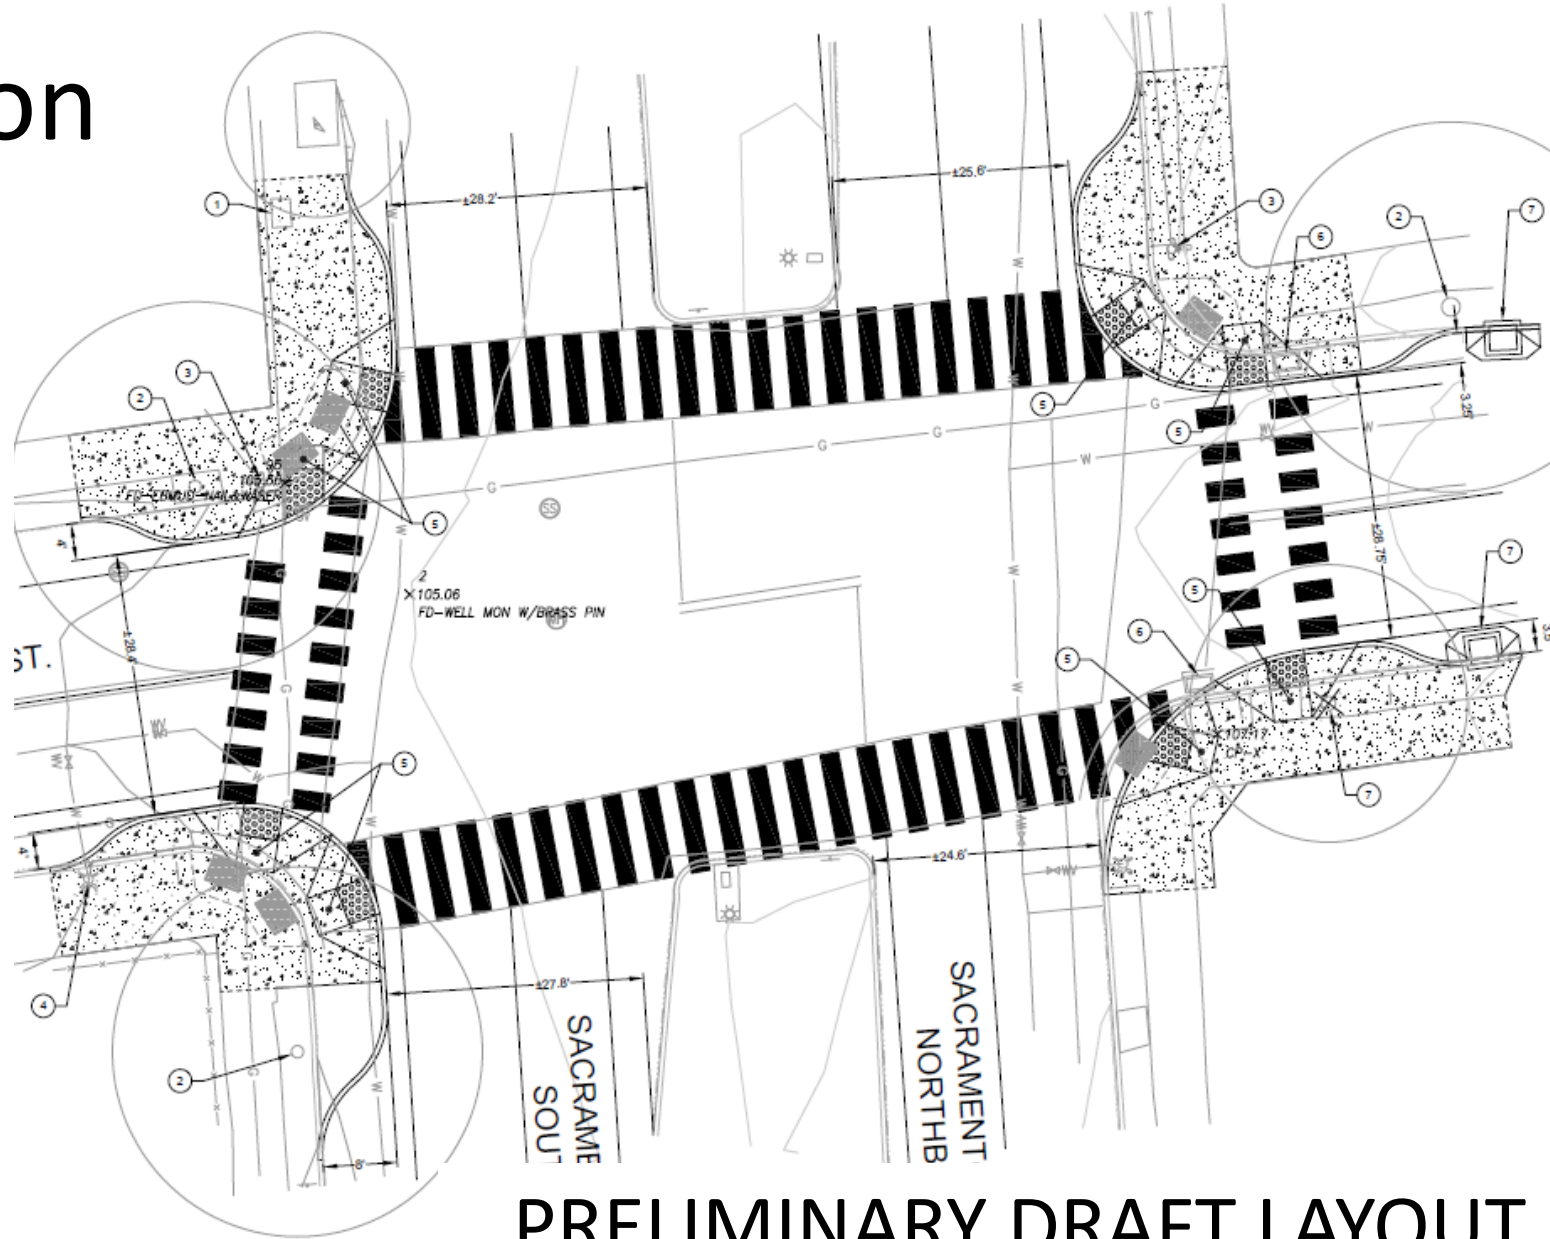

# Sacramento / Addison

## 1. Bulb-outs & pavement markings

### Issues under study:

- Large vehicle access to Target site
- Bike boulevard-compatible design
- Civil design

PRELIMINARY DRAFT LAYOUT

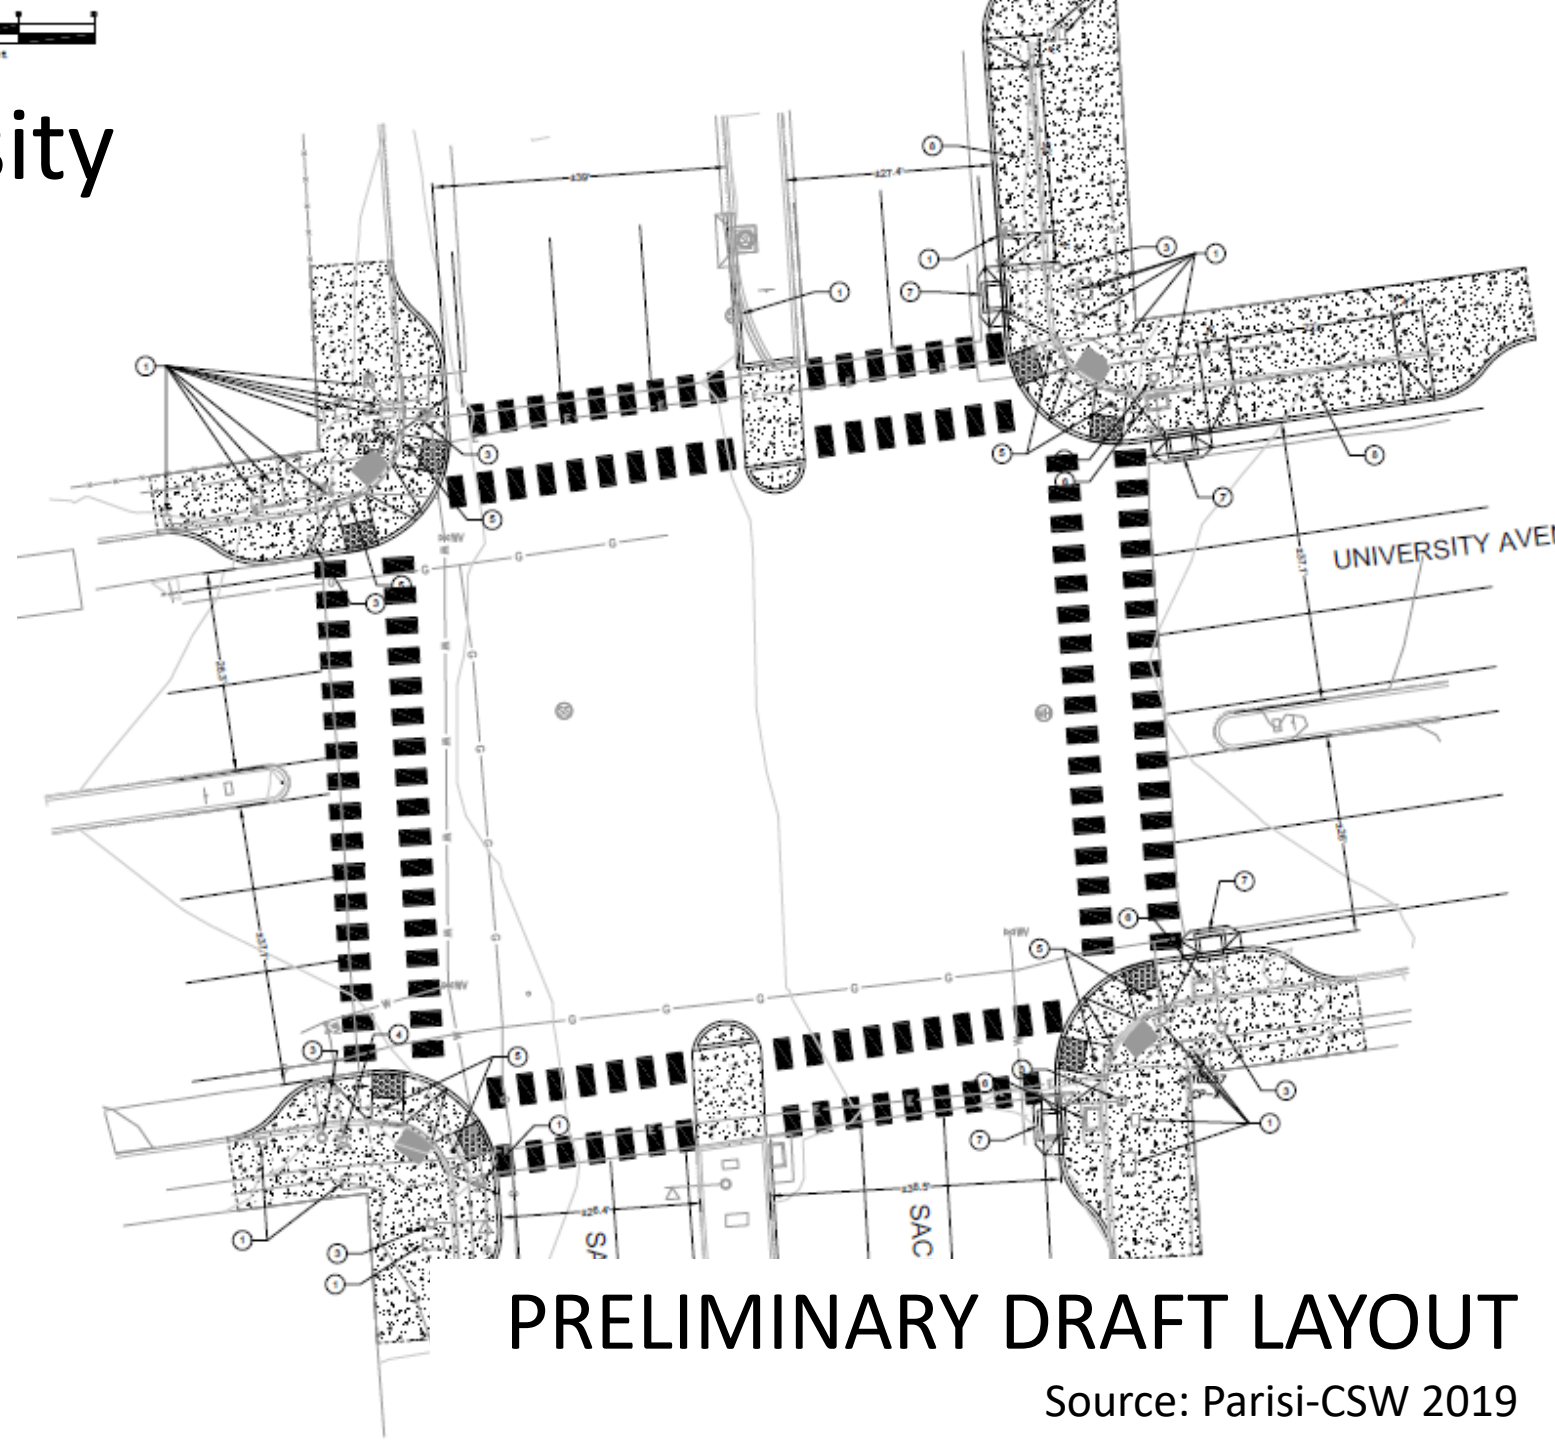

Source: Parisi-CSW 2019

# Sacramento / University

1. Bulb-outs and median refuges
2. Signal modifications

Issues under study:

- Traffic signal timing, phasing & coordination
- Civil design, including coordination with adjacent properties

**PRELIMINARY DRAFT LAYOUT**

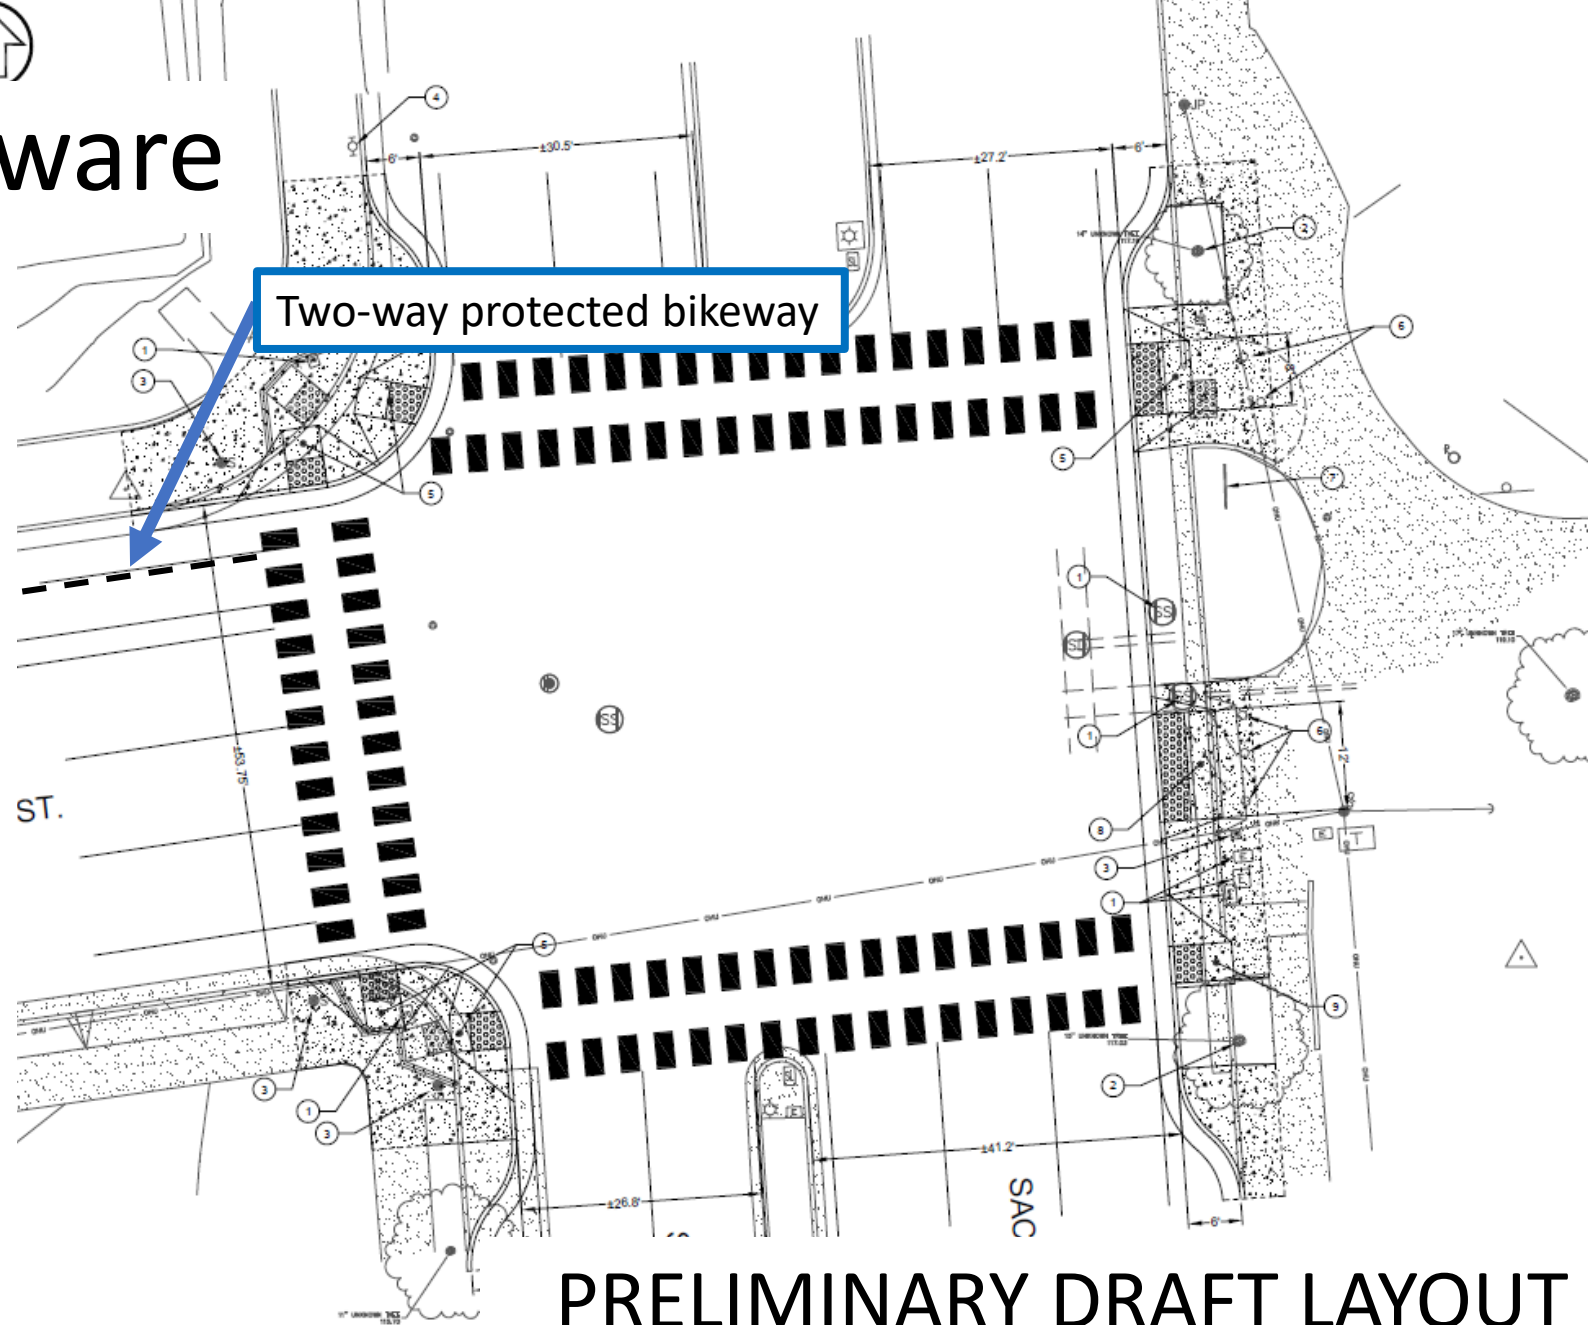

Source: Parisi-CSW 2019

# Sacramento / Delaware

1. Bulb-outs
2. Signal modifications
3. Turn lane modifications (EB approach)
4. Two-way protected bikeway on north side of Delaware Street (BART)

Issues under study:

- Traffic signal timing, phasing & coordination
- Interface with Ohlone Greenway

PRELIMINARY DRAFT LAYOUT

Source: Parisi-CSW 2019

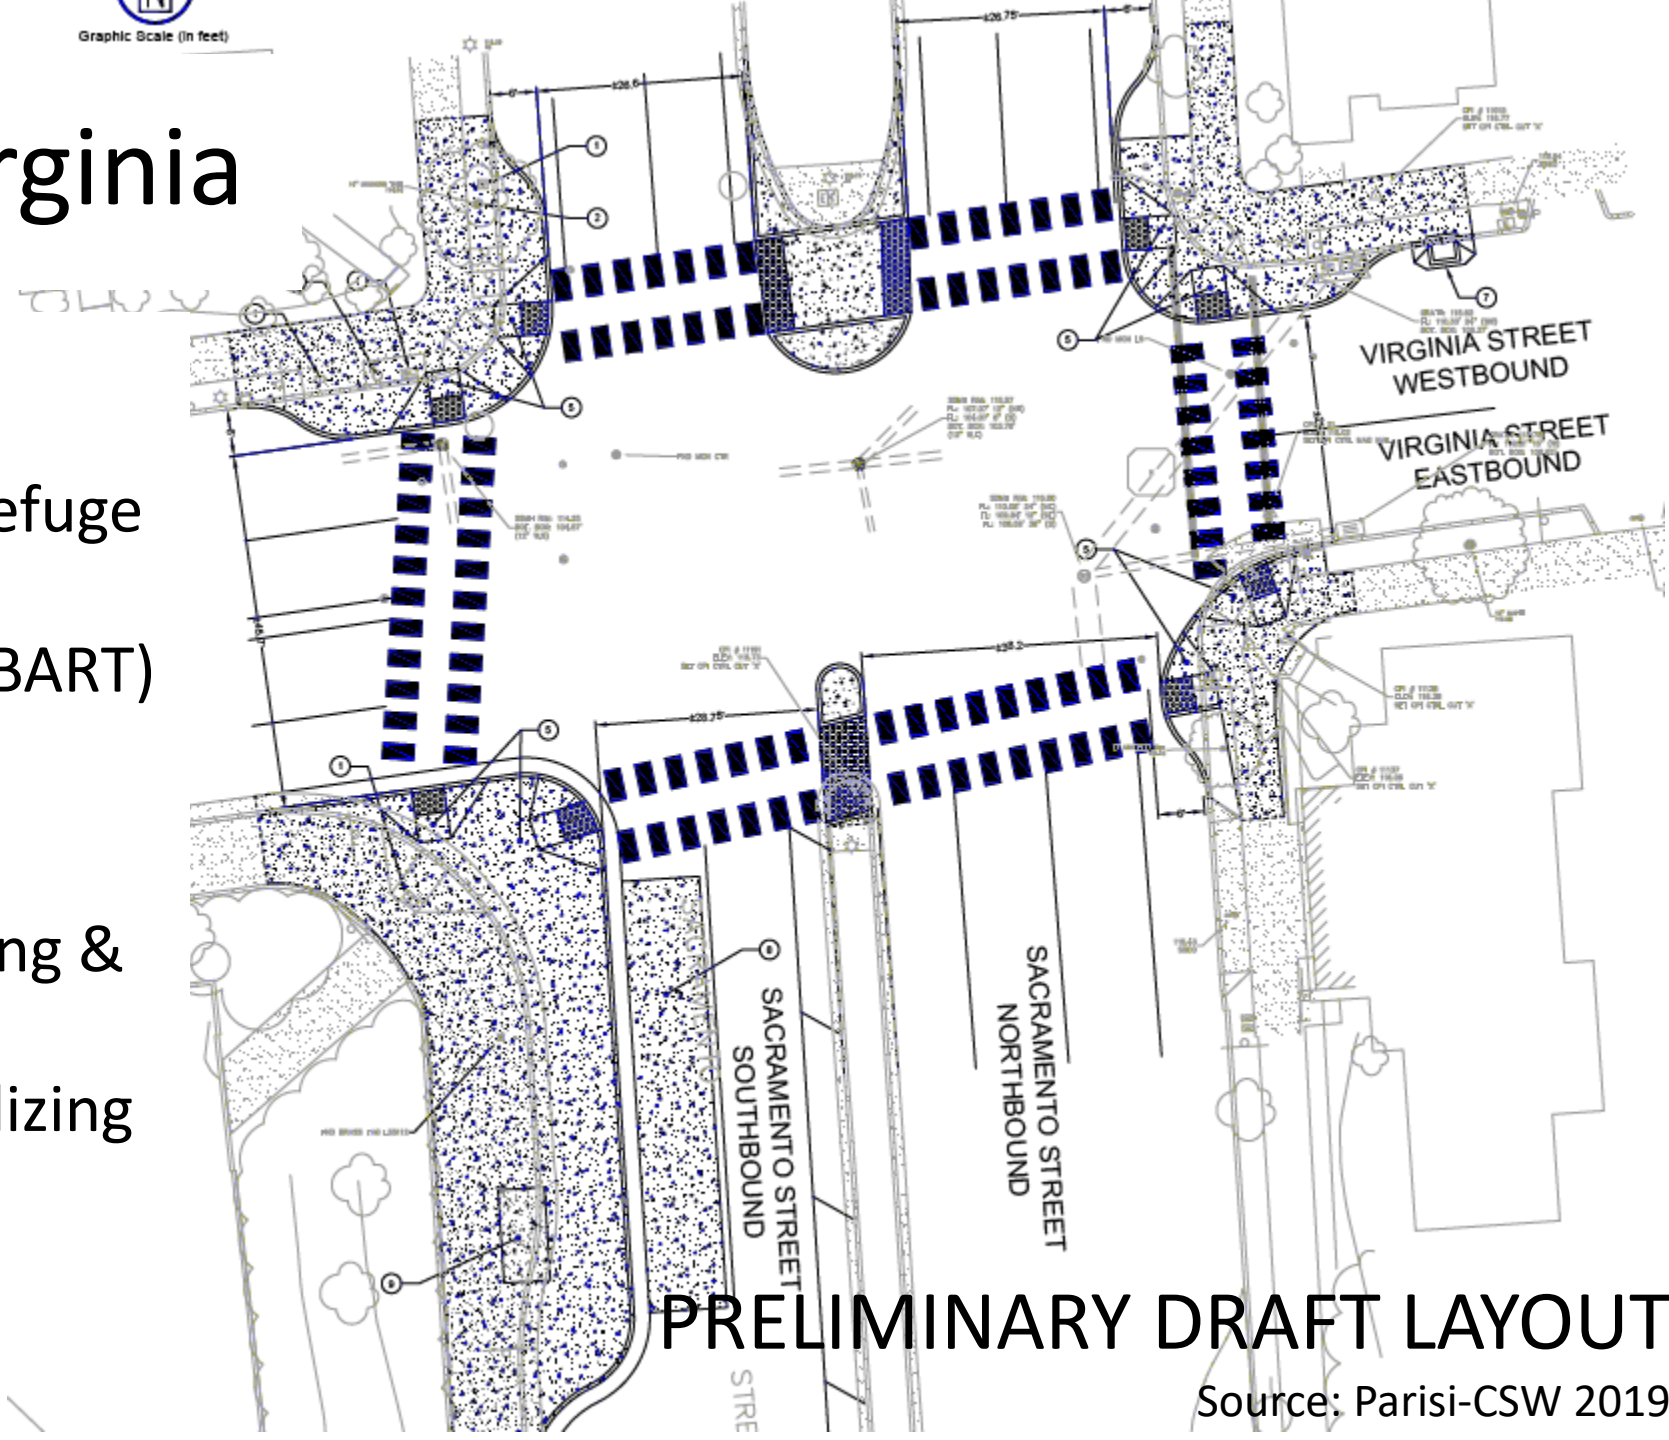

# Sacramento / Virginia

1. New traffic signal and intersection lighting
2. Bulb-outs and median refuge islands
3. Bus bulb at SW corner (BART)

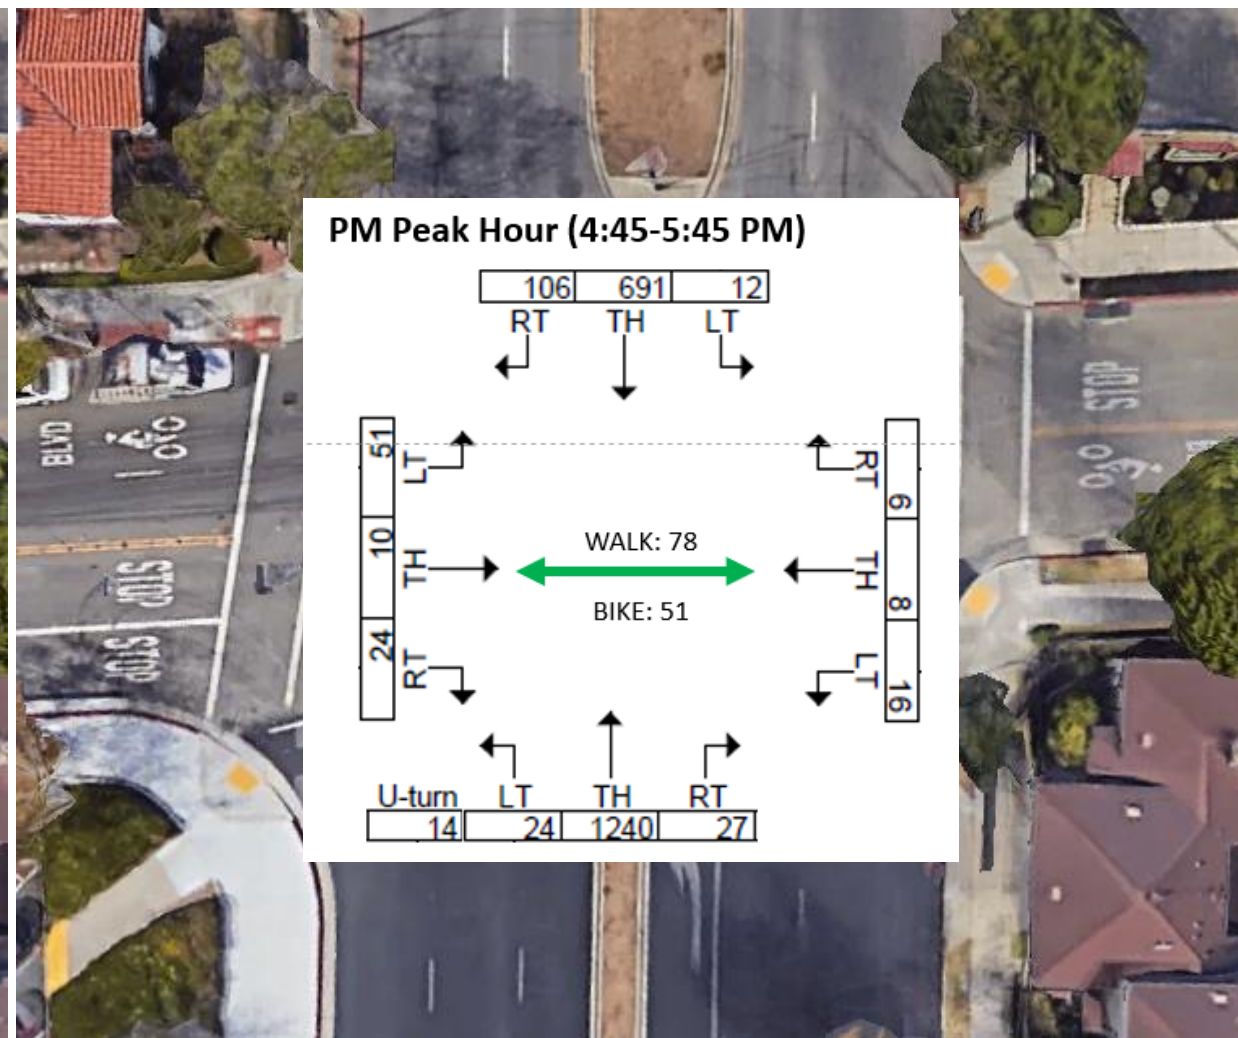

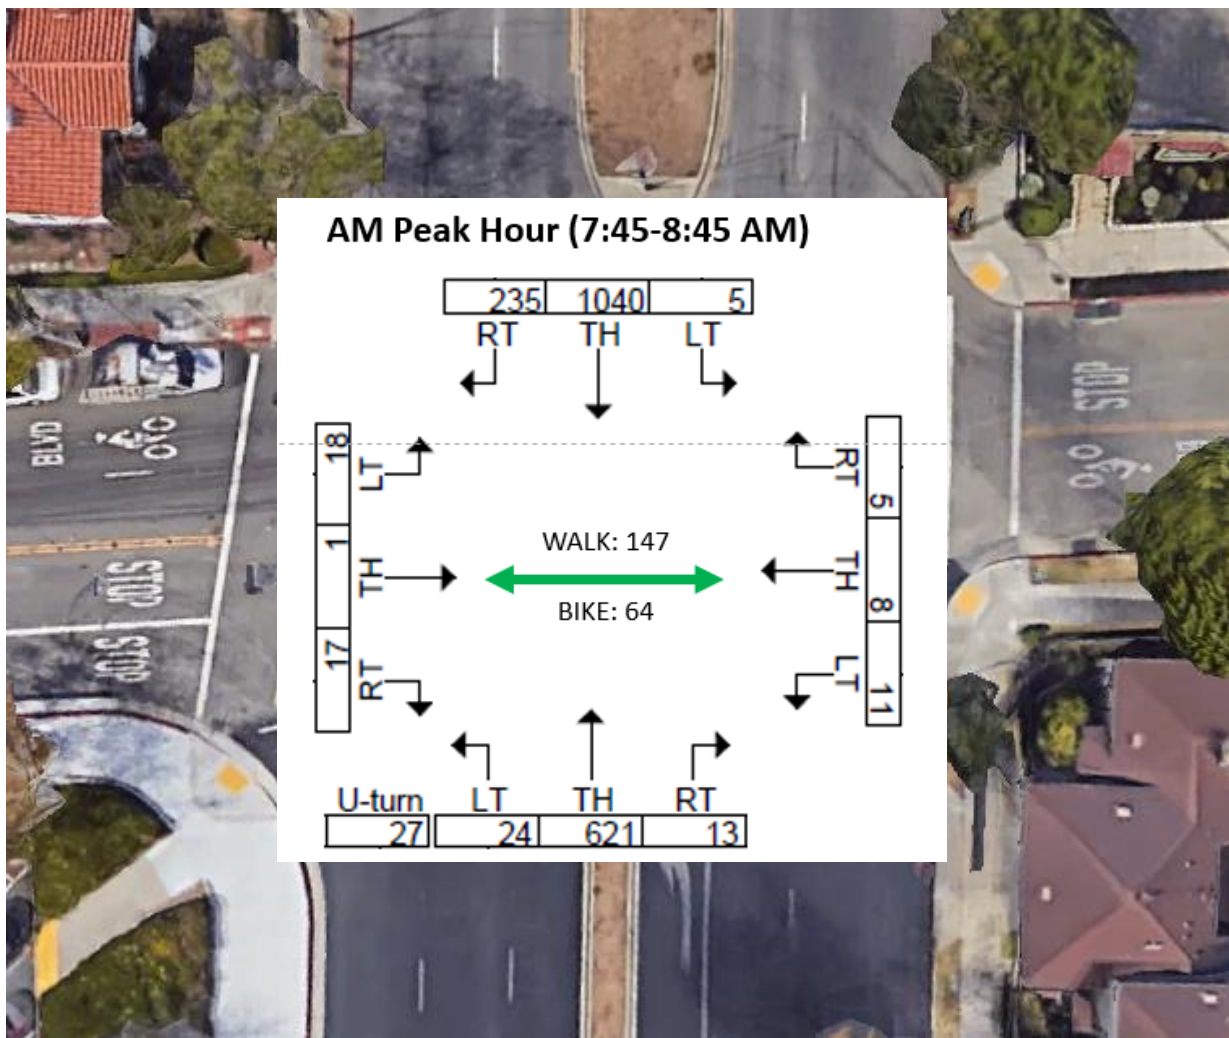

## Issues under study

- Traffic signal timing, phasing & coordination
- Turn restrictions / channelizing islands

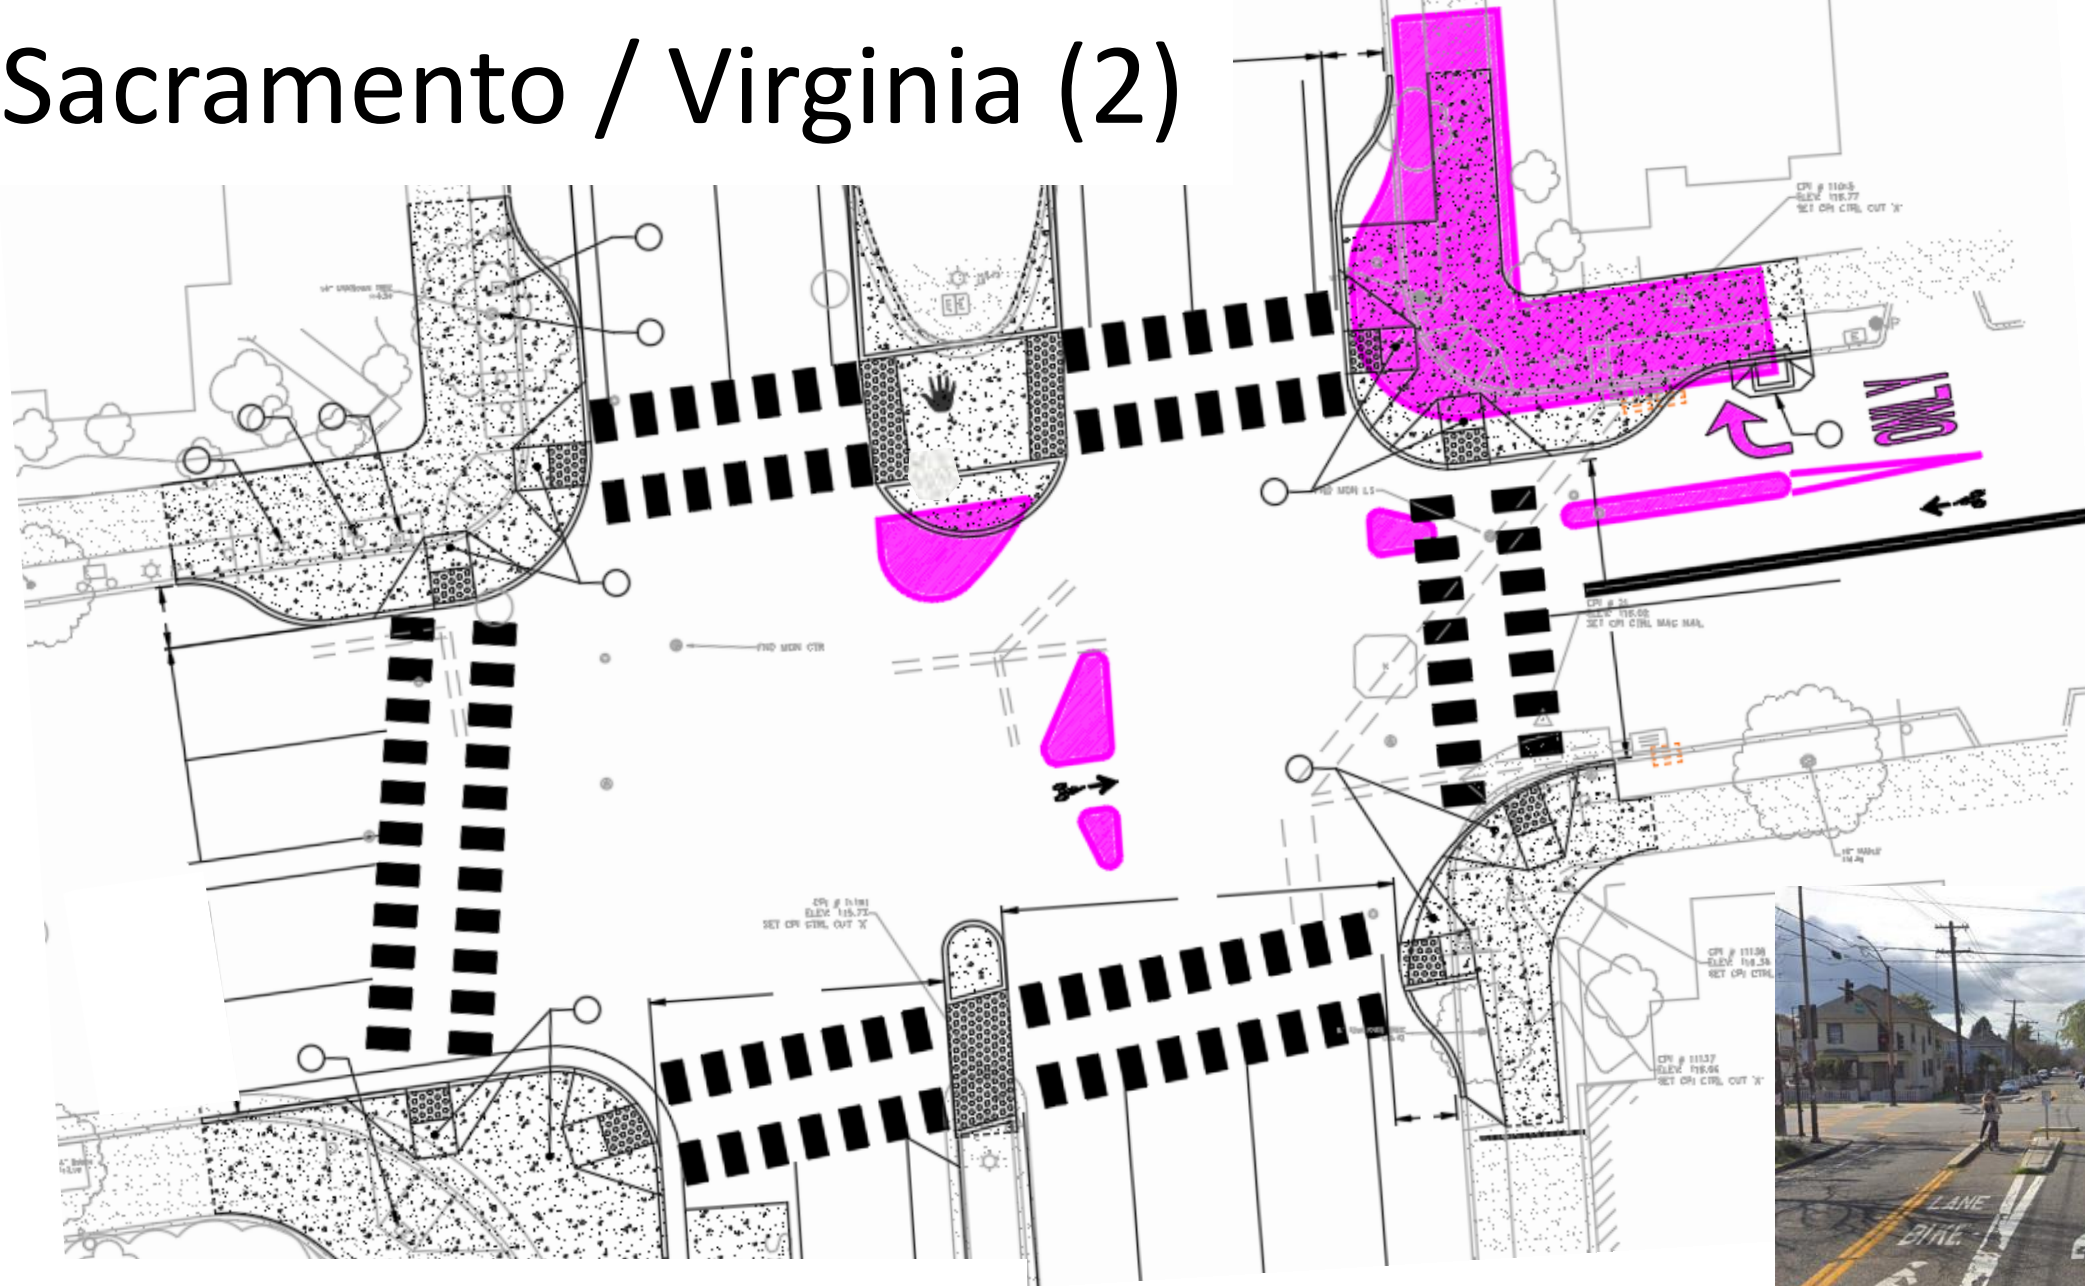

# Sacramento St - Virginia

## Ped-Bike-Vehicle Traffic Counts (March 2019)

# Sacramento / Virginia (2)

PRELIMINARY DRAFT LAYOUT

Source: Parisi-CSW 2019

# Next Steps
