Fair Campaign Practices Commission

Date: May 12, 2023

To: Fair Campaign Practices Commission

From: Samuel Harvey, Secretary

Subject: City Clerk Department referral to Commission regarding failure

of Mike Chang for Berkeley School Board 2022 to file campaign

report covering Oct. 23, 2022 to Dec. 31, 2022

At its April 20, 2023 meeting, the Commission received the attached referral from the City Clerk Department regarding apparent failure by the campaign committee Mike Chang for Berkeley School Board 2022 (the "Campaign") to file its Campaign Statement (Form 460) covering the period from October 23, 2022 to December 31, 2022. The Campaign Statement, which covers the Campaign's activity immediately preceding and following the November 8, 2022, Election, was due January 31, 2023.

Following discussion at its April meeting, the Commission moved to direct staff to send a letter informing the Campaign that the Commission has received the referral and that continued failure to file the outstanding report will result in enforcement action by the Commission. The Commission Secretary sent the attached letter to the Campaign on May 3, 2023. (See Attachment 1, Letter to Campaign, including attached Clerk referral.)

The Berkeley Election Reform Act ("BERA") requires that City campaign committees file campaign reports consistent with the requirements of state law. (See BMC §§ 2.12.032.A & 2.12.270.A.) The provision of state law incorporated by reference requires that candidates and committees "shall file semiannual statements each year no later than July 31 for the period ending June 30, and not later than January 31 for the period ending December 31." (Cal. Gov. Code § 84200(a).) The Campaign was therefore required to file a Campaign Statement by January 31, 2023, covering the period ending on December 31, 2022.

Following receipt of the Clerk's referral, the Secretary confirmed that the City does not possess a record of the Campaign filing the Campaign Statement covering the period from October 23, 2022 to December 31, 2022, which was due on January 31, 2023. The City Clerk Department has sent the Campaign six notices informing the Campaign of its obligation to file this Campaign Statement. Additionally, at the direction of the Commission, the Secretary sent a letter to the Campaign on May 3, 2023, again notifying the Campaign of its obligation to file the outstanding Campaign Statement. As of the date of this Staff Report, the City has no record of receiving the outstanding Campaign Statement, which has remained unfiled for one hundred one (101) days from its due date. (See Attachment 2, NetFile summary of Campaign's filings.)

May 12, 2023

Page 2 Re: Mike Chang for Berkeley School Board 2022

Recommendation

Based upon the Campaign's continued failure to file the outstanding Campaign Statement, staff plans to return at a future meeting with a staff report recommending that the Commission make a finding of probable cause that the Campaign has violated BERA, and thereby undertake a formal enforcement process in this matter.

Re: Failure to File Campaign Statement Due January 31, 2023

Dear Mr. Chang and Mr. Gray:

Please be informed that the City of Berkeley's Fair Campaign Practices Commission ("FCPC" or "Commission") considered the attached referral ("Referral") from the City Clerk Department at its meeting on Thursday, April 20, 2023. As indicated in the Referral, your campaign committee has failed to file the following:

• Campaign Statement (Form 460) for the period October 23, 2022 to December 31, 2022, due January 31, 2023

As the Clerk's Referral indicates, you have received six separate notices reminding you of your obligation to file the above campaign statement. Continued failure to file any outstanding campaign statements may result in enforcement action by the FCPC.

Pursuant to the Berkeley Election Reform Act ("BERA"), the FCPC is empowered to levy fines of up to \$1,000 per violation, or up to the amount of the undisclosed contributions or expenditures, whichever is greater. (BMC § 2.12.231.C.) Additionally, should the Commission determine that a candidate has committed a "substantial violation" of BERA, the candidate will be barred from receiving matching funds under the City's public financing program for a period of four years. (BMC § 2.12.555.)

At its April 20, 2023, meeting, the Commission noted that failure to file this campaign statement in particular deprives the public of important campaign finance information as this statement covers contributions and expenditures for the period immediately preceding and following the 2022 election.

Failure to File Campaign Statement Due January 31, 2023 May 3, 2023 Page 2 of 2

Additionally, as the Clerk's Referral indicates, your campaign committee has failed to pay the following late filing fines to the City:

- \$100 penalty for late filing of Campaign Statement (Form 460) for period July 1, 2021 to December 31, 2021, due January 31, 2022. Filed February 10, 2022.
- \$50 penalty for late filing of Campaign Statement (Form 460) for period September 25, 2022 to October 22, 2022, due October 27, 2022. Filed November 1, 2022.

Please remit payment for the above late penalties to the City as soon as possible. Payments may be sent to:

City Clerk Department 2180 Milvia Street, 1st Floor Berkeley, CA 94704

Please file your outstanding campaign statement and remit the above payments as soon as possible to avoid any further action.

Sincerely,

Samuel Harvey

Neil Gray, Treasurer Mike Chang for Berkeley School Board 2022 1364 Tomlee Drive Berkeley, CA 94702

Dear Neil:

This letter is a notice that open campaign committees must file a semi-annual campaign statement (Form 460) covering the period of October 23-December 31, 2022. The statement is due no later than **Tuesday**, **January 31**, **2023**. Failure to file by the deadline may result in enforcement actions or fines under the Political Reform Act and the Berkeley Election Reform Act (BERA). Additional information regarding your filing obligations is below.

Annual Filing Fee

Pursuant to Government Code § 84101.5, open committees must pay an annual \$50 fee to the Secretary of State by January 15 (unless the committee was created and paid an initial \$50 fee in October, November, or December of the prior calendar year). Failure to pay the fee by the deadline will incur a \$150 penalty from the Secretary of State.

Termination

Filing obligations continue until the committee has terminated. You may terminate when there are no surplus funds, no outstanding loans or unpaid bills, or there is an inability to discharge a debt. To terminate the committee, file a terminating Form 410 and Form 460. Refer to the applicable Campaign Disclosure Manual provided by the State for detailed information on these requirements. Please note that the original Form 410 is filed with the Secretary of State, and a copy is filed with the City of Berkeley.

Differences in State and Local Law

Berkeley's campaign disclosure requirements differ from state law. Consult the Fair Campaign Practices Commission's regulations and campaign filing manual (available on our website at https://berkeleyca.gov/your-government/elections/campaign-finance) to ensure full compliance with the law.

Most campaign statements must be filed electronically. If you need help with the electronic filing system, please contact my staff at (510) 981-6908 or electronic@cityofberkeley.info.

Sincerely,

Mark Numainville

Hello Neetu,

My understanding was that once the 2020 committee and Netfile account were terminated that no additional reporting would be required. I believe that we had already filed a terminating 460 prior to October 23rd, 2022. Please advise.

Thank you,

Mike chang

Dear Mike:

The Political Reform Act (PRA) requires filing officers to review campaign statements to ensure compliance with the requirements of the Berkeley Election Reform Act and the PRA. Our office has reviewed the terminating Form 460 filed with our office on July 4, 2023, for the period of 1/1/22-3/31/22. We are contacting you regarding items that require further action.

(1) Committee does not meet criteria for terminating

A committee may terminate only if, among other things, the committee has no remaining campaign funds; and has eliminated all debts, or has no intention or ability to discharge debts. Your committee's terminating Form 460 reports an ending cash balance of \$227.90, and outstanding debts in the amount of \$467.44. Therefore, your committee has not met the termination criteria.

Please review the following information to determine the next steps for your committee.

If the information in the terminating Form 460 is accurate:

If you believe the committee has already met the termination criteria and the reported ending cash balance and outstanding debts are a result of data entry errors or omissions, you will need to identify the errors or omissions in NetFile, make the corrections, and file one or more amendments until the terminating statement is accurate.

If the information in the terminating Form 460 is NOT accurate:

If the ending cash balance and outstanding debts listed in the terminating Form 460 are accurate, then your committee is still active under State law and you have ongoing filing obligations. Semi-annual Form 460s are required for the periods of 1/1/22-6/30/22 and 7/1/22-12/31/22, and will continue to be required until such time as a terminating Form 460 is filed demonstrating that the committee has met the termination criteria. Late fines and other penalties may apply if the forms are not filed timely.

Please contact our office within ten business days from the date of this letter to confirm the actions you have taken to resolve these matters.

Fair Campaign Practices Commission

May 18, 2023

To: Fair Campaign Practices Commission

From: Mark Numainville, City Clerk

Sam Harvey, Commission Secretary

Subject: Proposed Amendments to the Berkeley Election Reform Act

After each election, the Commission Secretary and the City Clerk Department meet to discuss possible changes to BERA based on issues that arose in the previous election cycle. This includes general amendments to BERA as well as changes to the public financing program.

The attached staff proposal includes eight proposed amendments covering several areas of campaign reporting. Seven of the amendments are changes to existing sections of BERA and one is a new code section. Each of the proposed amendments in Attachment 1 has a narrative section to provide description and context for the proposed amendment.

Pursuant to Berkeley Municipal Code Section 2.12.051, BERA may be amended by the "double green light" process. This process requires that the FCPC adopt the amendments by a two-thirds vote, and the City Council hold a public hearing and adopt the amendments by a two-thirds vote.

Staff recommends that the Commission approve the attached amendments by a twothirds vote for submission to the City Council.

Attachment:

1. Proposed BERA Amendments for 2023

Proposed BERA Amendments for 2023

#1 Sections 2.12.255, 2.12.260, and 2.12.265 Statement of Organization

The requirements for filing the statement of organization are largely duplicative of state law. The requirements for the Berkeley Statement of Organization was adopted the same year as the state Political Reform Act, so it needed to be very prescriptive at the outset because the state Form 410 did not yet exist. Under state law, all committees must file a Form 410, which makes the City form an extra, duplicative filing.

The information that BERA requires that is not captured in the State Form 410 is not essential for public disclosure, enforcement, or administration. The pieces of information are: funds on hand at the time of formation, candidate address (when applicable), and the dissolution statement. The candidate address is listed on the State Form 501 which is required to be filed before any funds are raised or spent in connection with an election.

The filing process has become more complex, especially for public financing candidates. There are several new forms that public financing candidates must file during the formation process. These revisions will eliminate the requirement to file a superfluous form and streamline the process for all candidates.

Proposed Code Amendments:

- 2.12.255 Statement of organization--Committee required to file.
- A. Subject to the exception in Section <u>2.12.255(B)</u>, every committee under Section <u>2.12.095</u> of this chapter shall file with the City Clerk a statement of organization, <u>as defined in Government Code Section 84101 et. seq.</u>, <u>or its successors</u>, within ten days after <u>it is formedgualifying</u> as a committee pursuant to Section 2.12.095.
- B. Every committee that <u>forms-qualifies</u> during the period between the closing date of the last pre-election statement and the election shall file with the City Clerk, by hand delivery or by such means as the commission may prescribe, a statement of organization no later than the close of the next business day.
- C. The date on which a committee formed qualified, and not the date on which the committee filed its statement of organization, shall determine the committee's obligation to file the campaign statements and late contribution reports required by this chapter. All committees, whether formed qualified before or after the date of the final pre-election statement, but before the date of an election, are subject to late contribution reporting requirements.
- 2.12.260 Repealed. Statement of organization -- Information required.

The statement of organization required by Section 2.12.255 shall include:

A. The name, street address and telephone number, if any, of the committee;

- B. The name, street address and telephone number of each candidate, if any, with which the committee is affiliated or connected:
- C. The full name, street address and telephone number, if any, of the treasurer and other principal officer;
- D. The full name and office sought by each candidate and the title and ballot number if any, of each measure, which the committee supports or opposes;
- E. A statement of whether the committee is independent or controlled, and if it is controlled, the name of each candidate or committee by which it is controlled or with which it acts jointly;
- F. The disposition of surplus funds which will be made in the event of dissolution;
- G. The account number and name of the bank at which the campaign checking account, required by Section <u>2.12.250(A)</u>, is maintained; if the information required by this section is unavailable at the time of filing, the statement of organization, the filer shall promptly submit an amended statement after such information becomes available;
- H. The cash on hand at the time of filing the statement of organization;
- I. Such other information as shall be required by the rules or regulations of the commission consistent with the purposes and provisions of this chapter.
- 2.12.265 Repealed. Statement of organization--Change of information--Amendment required.

Whenever there is a change in any of the information contained in the statement of organization, an amendment shall be filed within ten days to reflect the change.

#2 Section 2.12.168 Deadline for Qualification

The need for this amendment became apparent in the 2022 election, the first election in which School Board and Rent Board candidates were able to participate in public financing.

Currently, the deadline to qualify for public financing is the same day as the end of the candidate nomination period. This creates a very difficult situation for the candidate. Completing the nomination paperwork to qualify for the ballot and obtaining and submitting the required public financing contributions and documentation are huge tasks. Most candidates are first-time candidates with volunteer treasurers, rather than paid professional treasurers.

In 2022, several candidates had great difficulty completing both tasks simultaneously, and two candidates were initially disqualified as participating candidates because their materials were not filed by the deadline. Also, staff is unable to provide additional assistance to public financing candidates at the deadline due to the demands of receiving and processing candidate nomination documents at the same time.

The proposed amendment changes the deadline to qualify for public financing to 14 days before the election. The 14-day deadline is the close of the qualification period for write-in candidates. However, write-in candidates have fewer forms to file as a candidate and their candidate filing period is longer, so they are less impacted by the filing date matching the public financing deadline.

This amendment allows candidates to start their public financing work after they have completed their candidate requirements. This timeline is consistent with the general past practice of campaign committees prior to public financing when most candidates, especially first-time candidates, started their fundraising activities after completing their nomination documents and qualifying for the ballot. Using the 14-day deadline also factors in write-in candidates and allows for there to be just one deadline for all candidates.

Proposed Code Amendments:

2.12.168 Qualifying period.

"Qualifying period" means the period beginning on the day after the date of the most recent general election for the specific office or seat that a candidate is seeking and ending <u>at</u> the close of <u>regular business hours</u>, 14 days before the date of the election for which the candidate is <u>seeking office</u>. <u>at the close of the nomination period</u>.

#3 Section 2.12.510 Candidate Statement Notice

If the deadline to qualify for public financing is moved to 14 days before the election, then the notice regarding candidate participation would need to change from the voter guide to a web posting. This is due to the County's strict publishing deadlines. Cities are required to provide candidate statement text to the Registrar of Voters immediately after the close of the nomination period. Even without the change to the deadline, it has been very difficult to meet the County's publishing deadlines when initial qualifying requests are being reviewed for several days after the filing deadline. And, as we saw in the last election, if there is an appeal of the candidates qualification status, the determination on qualification may not occur for several days or a few weeks after the filing deadline. City staff can make the web notice very prominent on the web as seen in the example below (Figure 1).

Proposed Code Amendments:

2.12.510 Candidate statement notice.

A candidate certified as a Fair Elections program participant shall be identified as such by a notice <u>prominently posted on the City website-printed on the same page as the candidate's statement of qualifications distributed to voters pursuant to City Charter Article III Section 6.1.</u>

CAMPAIGN FINANCE

Review campaign contributions and expenditures

#4 Section 2.12.505.H.1 Return of funds upon failure to qualify as a candidate.

The language "remain a candidate" is unclear and not tied to the official status of a candidate through the nomination process. This amendment will clarify the candidate status in a manner than can be verified by official documents filed with the City Clerk.

The second amendment in this section clarifies that if a participating candidate does not qualify for the ballot, they must refund the matching funds to the City before refunding individual contributors.

Proposed Code Amendments:

H. 1). Unspent campaign funds of any Participating Candidate who does not remain qualify as a candidate for the ballot at the election for which the funds were distributed, up to the total amount of funds that the participating candidate received as Fair Election Funds distributions in that election cycle and after accounting for campaign debts and expenditures, must be returned to the City no later than the date of the election for which the funds were distributed candidate attempted to qualify. within 30 (thirty) days of the determination on the qualification of the candidate. All funds returned under this paragraph must be accompanied by any required supporting documentation. In such cases, the participating candidate must return the unspent funds to the City, up to the total amount of funds that the participating candidate received as Fair Election Funds distributions, prior to refunding any contributions to individual contributors.

#5 Section 2.12.545 Cost of living adjustments.

Now that the non-participating \$250 contribution limit is indexed, this amendment is needed to index the \$250 amount that a participating public financing candidate can contribute to their own committee. Keeping these amounts tied will create fairness and consistency for all candidates.

In addition, we have added non-qualified contributions and non-monetary contributions to the dollar amounts are indexed after each election.

Proposed Code Amendments:

2.12.545 Cost of living adjustments.

The Commission shall adjust the dollar amounts specified in Sections 2.12.167, 2.12.500.A.3, 2.12.500.A.6, 2.12.500.A.7, 2.12.500.A.8, 2.12.505.B and 2.12.530.B.3.b for cost of living changes pursuant to Section 2.12.075 in January of every odd-numbered year following Council implementation. Such adjustments shall be rounded to the nearest ten dollars (\$10) with respect to Sections 2.12.167, 2.12.500.A.3 and 2.12.530.B.3.b and one thousand dollars (\$1,000) with respect to Section 2.12.505.B.

#6 Section 2.12.505 Fair Elections Fund payments.

Amendment 1 (2.12.505.H.5) clarifies the process and requirements for retiring debt and continuing to raise funds after the 60-day deadline to return unspent funds. All committees should be able to retire debt within 60 days after the election, and they can receive matching funds until 30 days after the election (Amendment 2). It is important to retain the \$60 limit after the 60-day deadline so that a candidate does not disqualify themselves from participating in public financing in the next election.

Amendment 2 (2.12.505.J) adds a deadline to submit matching funds requests after Election Day. This will allow for adequate time to process the requests and issue the matchings funds before the 60-day deadline to return unspent funds.

Amendment 3 (2.12.505.K) clarifies that a participating candidate may not withdraw from the program and then raise money at the non-public financing level. This is in line with the intent of the program, especially with the candidate's certification on the Application for Participation, the published notice of participation, and the contributor's certification on the qualified contribution receipt.

Proposed Code Amendments:

2.12.505 Fair Elections Fund payments.

Н.

- 1). Unspent campaign funds of any Participating Candidate who does not remain a candidate for the ballot at the election for which the funds were distributed, up to the total amount of funds that the participating candidate received as Fair Election Funds distributions in that election cycle and after accounting for campaign debts and expenditures, must be returned to the City within 30 (thirty) days of the determination on the qualification of the candidate. All funds returned under this paragraph must be accompanied by any required supporting documentation.
- 2). Any campaign funds that remain unspent by a Participating Candidate following the date of the election for which they were distributed, up to the total amount of funds that the Participating Candidate received as Fair Elections Funds distributions in that elections cycle and after accounting for campaign debts and expenditures, must be returned to the City, within sixty (60) days after the date of the election. All funds returned under this paragraph must be accompanied by any required supporting documentation.
- 3). All unspent campaign funds returned to the City shall be deposited in the Fair Elections Fund pursuant to the City Charter.
- 4). The City Clerk shall immediately refer to the Commission for enforcement any participating candidate who does not return unspent funds as required by this subsection.
- 5). After the deadline to return unspent funds in 2.12.505.H.2, a participating candidate may continue to raise funds in accordance with Article 8 of Chapter 2.12 to pay campaign-

related debt from the most recent election. Any such contributions received shall not be eligible for matching funds.

- I. Any request by a Participating Candidate for a refund of any amount of unspent campaign funds previously repaid to the City, for a qualified campaign expenditure or other permissible campaign purpose, shall be submitted to the Commission to approve, in whole or in part, or deny. The Commission shall make a final determination on the refund within 45 days of receipt.
- J. Requests for matching funds may be submitted no later than 30 days after Election Day for the election at which the participating candidate qualified as a candidate.
- K. Upon approval of a participating candidate's Initial Qualifying Request, the candidate is prohibited from withdrawing from the Public Financing Program and receiving contributions pursuant to Section 2.12.415 for the same office at the same election for which they are a participating candidate.

#7 Section 2.12.095 Committee

The \$250 contribution limit is now indexed to \$270 and it will continue to rise in future elections. Thus, the contribution limit and the threshold to qualify as a committee are now un-linked. The section setting the threshold to qualify as a committee has not been amended since 1976 and it is due for an adjustment. Indexing the committee qualification amount would be very confusing since it will change every election. Staff recommends setting a new committee threshold of \$1,000 which will make the committee threshold the same as the required electronic filing threshold. A committee threshold of \$1,000 is half of the state threshold (\$2,000) so Berkeley would still retain a stricter threshold that creates more disclosure than state law.

Proposed Code Amendments:

2.12.095 Committee

"Committee" means any person or combination of persons that directly or indirectly receives contributions which total more than one thousand two hundred fifty dollars in a calendar year or makes expenditures exceeding more than one thousand two hundred fifty dollars in a calendar year for the purpose of influencing or attempting to influence the action of voters for or against the nomination or election of one or more candidates, or the passage or defeat of any measure, including any committee or subcommittee of a political party.

#8 Amendment - New Section

Currently, the Fair Elections Act does not contain any specific provisions regarding the return of contributions by participating candidates. This new section will establish rules that staff believes are consistent with the intent and purpose of the Fair Elections Act.

Committees must have the ability to return contributions. They may need to return a contribution because the receipt of the contribution violates BERA. They also must have the ability to return contributions that they do not wish to receive to preserve their speech and freedom of association rights. A candidate and their committee cannot be forced to keep a contribution from an individual with whom they do not want to associate.

Of course, if a committee is returning a contribution for which it received matching funds, it must return the associated matching funds to the City.

Proposed Code Amendments:

2.12.507 Return of Contributions by Participating Candidates

A. Notwithstanding the requirements in Section 2.12.505.H.1, if a participating candidate returns a qualified contribution for which they have requested and received matching funds, they must immediately return all said matching funds to the City.

B. Notwithstanding the requirements in Section 2.12.505.H.1, a participating candidate may return a non-qualified contribution to the contributor at any time without triggering any requirement that they return matching funds.

Dear City of Berkeley Fair Campaign Practices Commission,

MapLight, a nonpartisan nonprofit that works to improve U.S. democracy, leads the coalition in support of public funding of elections in Berkeley, including the passage and implementation of the Berkeley Fair Elections Act, passed by voters in 2016.

MapLight has had the opportunity to review proposed amendments to BERA prepared by the City Clerk's office and City Attorney's office. These amendments would make modest changes to streamline both the administration of the program and the candidate experience. We reviewed the latest version of these amendments that were provided to us May 8. We are in support of these amendments and urge the FCPC to adopt them at your next meeting.

We deeply appreciate the efforts of the City Clerk's office, City Attorney's office, and the Commission in continuing to update the Fair Elections program so that it works well for candidates, the city, and the public.

Sincerely,

Daniel Newman

SUBJECT: 2023 Annual Report Under BMC Section 2.06.190.C; including required

information for calendar years 2018 through 2022

Introduction

DATE:

The Open Government Ordinance ("OGO") (Berkeley Municipal Code ("BMC") Chapter 2.06) requires that the City Manager prepare an annual report to the Open Government Commission that contains at least the following information:

- 1. The number of Public Records Act requests received by the City;
- 2. The average length of time taken to respond to those requests;
- 3. The approximate number of pages produced in response to those requests;
- The number and resolution of all written complaints received by the City concerning its compliance with the Public Records Act with respect to such requests;
- 5. The number and resolution of all complaints received by the City concerning its compliance with the Brown Act; and
- 6. Any other information the City Manager deems appropriate that relates to the City's compliance with this Ordinance, the Brown Act, the Public Records Act, the Lobbyist Registration Act, or open and effective government in Berkeley.

BMC §2.06.190.C.

The City Attorney's Office has been designated to oversee fulfillment of the City Manager's PRA compliance obligations. This report covers the 2018 to 2022 calendar years. Each topic specified in Berkeley Municipal Code section 2.06.190.C is addressed below.

2023 ANNUAL REPORT TO OGC April 20, 2023 Page 2

1. The Number of Public Records Act Requests Received by the City; the Average Length of Time Taken to Respond to Public Records Act Requests; and the Approximate Number of Pages Produced in Response to Public Records Act Requests

Currently, there are over 50 designated staff in 17 departments that use the City's NextRequest online portal system to track and respond to PRA requests. For each request, staff provide all responsive records to the requester, track the date of the initial response and post the results of the request to the NextRequest system. Occasionally, informal requests for information are responded to directly by staff without being logged as PRA requests. The City adopted the NextRequest system in 2020.

Under the PRA, the City must respond to a request within 10 calendar days to notify the requestor whether records will be provided. (Cal. Gov. Code § 7922.535.) The City may assert a 14-day extension for a number of reasons, including where the request seeks a voluminous amount of records, requires inter-agency coordination, seeks records maintained in off-site storage, or requires elaborate information technology work to fulfill. (Id.)

When providing the initial response, City staff must either provide the responsive records, inform the requestor that no responsive records exist, or provide an estimated time for production of the records. The PRA does not provide concrete deadlines for records production, but requires that records be provided "promptly." (Cal. Gov. Code § 7922.530(a).)

The data in this report are generated from automated features within the City's PRA software. For a number of reasons, this software will often over-report the number of missed PRA deadlines.

For example, if a staff member has responded to a request and provided all responsive records but does not close out the request in the program until a later date, the request's closure date will be erroneously reported as late. This could occur where a staff member wishes to leave a request "open" to ensure all records have been provided or otherwise review the City's response to the request.

Additionally, the City will often respond to voluminous requests on a "rolling basis," where staff will provide sets of records as they are able to compile, review and produce them. Oftentimes, staff will manage a rolling production by adjusting the deadlines in the program to reflect the next estimated date of production. Failure by staff to meet a self-imposed estimated date of next production entered into the NextRequest system is not itself a violation of the PRA.

Following adoption of the NextRequest program in mid-2020, staff have identified a notable increase in the reported lateness of PRA responses. Staff estimate that most of this reported increase is due to the above-noted discrepancies between the response

ITEM 12

2023 ANNUAL REPORT TO OGC April 20, 2023 Page 3

dates as reported by the NextRequest program and the actual timeliness of staff's response. However, the increased sensitivity of the NextRequest program may also be identifying a larger number of actually late responses than the City's old PRA program.

The following is a summary of the City's PRA responses for the years 2018 to 2022:

a. 2018

The City received 873 PRA requests from January 1, 2018 to December 31, 2018.

The 873 requests break down by department as follows: City Attorney (33), City Auditor (0), City Clerk (40), City Manager (16), Finance (50), Fire Department (16), Health, Housing & Community Services (6), Human Resources (12), Information Technology (14), Library (0), Parks (9), Planning (83), Police (237), Police Review Commission (0), Public Works (196), Rent Board (61), Multi-Department (100).

Of the 873 requests received, approximately 95.07 percent were responded to within the required 10-day time period (or, with a 14-day extension, 24-day time period). forty-three (43) requests, or 4.93% were responded to outside the required time frame. Attached to this report as **Attachment A** is a list of the responses along with data regarding response times.

The City received \$16,663.80 in reimbursement during this period, primarily from charges of \$0.10 per page. Approximately 67,318 pages of documents were produced in paper and electronic form. The City does not receive reimbursement for the many responsive documents provided in electronic format, as well as documents made available for in-person review for which copies were not requested. It also does not include the instances wherein the requester did not follow up to obtain the previously requested documents. The total number of reported staff hours spent on responding to PRA requests was 424.5, not including the time of City Attorney's Office staff who are responsible for coordinating and responding to all multi-departmental PRA requests as well as requests to the City Council, City Manager, and City Attorney.

b. 2019

The City received 944 PRA requests from January 1, 2019 to December 31, 2019.

2. The Number and Resolution of all Written Complaints Received by the City Concerning its Compliance with the Public Records Act, the Brown Act, and the Open Government Ordinance

Pursuant to Section 2.06.190 of the Open Government Ordinance ("OGO"), the Commission hears complaints concerning alleged non-compliance with the OGO, the Brown Act, the Public Records Act, and the Lobbyist Registration Act. The Commission is charged with (1) considering ways to informally resolve those complaints and make recommendations to the Council regarding such complaints, (2) seeking advice from the City Attorney concerning those complaints; and (3) advising the City Council of its opinion, conclusion or recommendation as to any complaint.

a. 2018

The Commission received the following complaint in 2018:

2023 ANNUAL REPORT TO OGC April 20, 2023 Page 6

1. Complaint of Stephanie Allan alleging violations of the Brown Act and the OGO by the Planning Commission.

This complaint alleged that a member of the Planning Commission provided a memo to the Planning Commission at a public meeting which had not been previously provided in the public packet and that the Planning Commission relied on this memo in its discussion and action. Staff investigated and determined that the commissioner's actions complied with the Brown Act and that no violation had occurred. The OGC accepted staff's recommendation but requested that the OGC Chair present recommendations at a future meeting on possible changes to City processes to provide more transparency around late submissions by commissioners.

b. 2019

The Commission did not receive any of the above enumerated complaints in 2019.

c. 2020

The Commission received the following complaint in 2020:

 Complaint of Martin and Olga Schwartz alleging violations of the OGO relating to Zoning Adjustments Board proceedings.

The complaint alleged a number of "procedural violations and/or unfair practices" during Zoning Adjustments Board ("ZAB") proceedings, including omission from the ZAB packet and supplemental materials of correspondence submitted to the ZAB by members of the public, failure by the ZAB to include in the Notice of Decision ("NOD") items previously approved by the ZAB, and exclusion from the NOD of items agreed upon by the applicant, developer and neighbors of the Project. The complaint also requested that "potential conflicts of interest" be reviewed but did not identify any specific alleged conflicts of interest.

Staff reviewed the complaint and underlying facts and recommended that the OGC take no further action on the Complaint based upon a finding that the Complaint did not allege actions that constitute a violation of a provision of law over which the OGC has jurisdiction. The OGC directed staff to confer with the ZAB secretary about potential changes to public posting practices to ensure greater transparency.

d. 2021

The Commission received the following complaint in 2021:

1. Brown Act and OGO complaint of Shirley Dean related to City Council land use items

ITEM 12

2023 ANNUAL REPORT TO OGC April 20, 2023 Page 7

The complaint alleged that a number of Council actions related to zoning items violated the OGO and the Brown Act. The Complaint did not identify specific provisions of either statute which it alleged had been violated.

The Complaint stated that revisions to a zoning item were made "at the very beginning" of the Land Use Committee's March 1, 2021 meeting, depriving the public of an opportunity to respond. The Complaint stated that when an item is carried over from one meeting to the next, the public needs greater advance notice of changes or additions to the item. The Complaint stated that if significant revisions are made to an item during a meeting, action should be deferred until a future meeting to give the public more time to respond. The Complaint also asserted that a one-minute time limit on public comment is insufficient.

The Complaint further stated that unregistered lobbyists may have played a role in drafting one or more Council items. The Complaint did not provide any specific facts alleging that one or more individuals had failed to register as City lobbyists.

The Complaint also asserted that a five-member majority of the Council had "been involved in the behind closed-door discussion of the process and substance of implementing the Council's goal to end singe family zoning." The complaint focused on an alleged "serial meeting" created by multiple councilmembers' participation in authoring and sponsoring two separate agenda items, both of which focused on City zoning and land use policy.

Staff determined that the complaint did not state a violation of the Open Government Ordinance or Brown Act. The OGC adopted staff's recommendation and adopted a motion to give future consideration to the concerns raised by the complaint, including a possible recommendation to Council to review the one-minute public comment rule and practices regarding ceding time during public comment.

e. 2022

The Commission received the following complaint in 2022:

 Complaint of Kelly Hammargren regarding posting of minutes by City commissions and use of Live Transcription in teleconferenced public meetings

The complaint asserted that City commissions were not complying with the City policy requiring meeting minutes to be posted online within 14 days of the meeting. The complaint also requested that Live Transcription technology be used and required for all City meetings to improve accessibility.

ITEM 12

2023 ANNUAL REPORT TO OGC April 20, 2023 Page 8

Staff recommended that, while neither topic in the complaint constituted a violation of the OGO, the Brown Act, the Public Records Act, or the Lobbyist Registration Act, the topics fall under the Commission's authority to "advise the City Council as to any other action or policy that it deems advisable to enhance open and effective government in Berkeley." (BMC § 2.06.190.A.2.)

The Commission subsequently adopted proposed changes to the Commissioners Handbook and Council procedures regarding use of Live Transcription. The Commission also sent correspondence to the City Manager regarding commission meeting minutes posting practices.

Key Assumptions

Requests Overdue

For requests that were closed prior to October 28, 2018 requests are counted as overdue only if they were overdue at the time the request was closed.

Late Responses

A late response indicates that there were no documents released; no message or invoice sent to the requester; or that the request remained open past its due date.

Response and Fulfillment Speed

Response time is tracked using the first external message sent through the NextRequest portal. This metric assumes that the message sent includes either a "request for clarification" or a time estimate.

Fulfillment time is calculated based on the time from when the request was created to the first date the request was closed (if there are multiple closed dates, only the first one is used).

Median days to close and average days to close are calculated based on the number of requests that have a closed date within the reporting period.

Staff Time

Staff time only accounts for time logged in NextRequest. This metric assumes that staff members regularly log all staff time in the portal and that the hourly rates are accurate and up-to-date.

Staff Cost

Staff cost only accounts for costs logged in NextRequest. This metric assumes that staff members regularly log costs in the portal.

Message Templates Report

The message templates report tracks message template usage from February 25, 2018 onwards.

COMMUNICATIONS

Received APR 18 2023 City Attorney

2301 Russell Street Berkeley, CA 94705 April 14, 2023

Sam Singer City Attorney's Office 2180 Milvia Street Berkeley, CA 94704

SUBJECT: City staff withholding documents in violation of the Brown Act and the Berkeley Open Government Ordinance

Dear Mr. Singer:

Enclosed are copies of a statement I read to the Parks, Recreation and Waterfront Commission and a letter I sent to the City Manager asking for the staff involved to be disciplined. I am filing this letter as a complaint under the Open Government Ordinance. I believe that the City attorney must reform its approach to responding to Public Records Requests. In this particular case, I have yet to see a single e-mail generated by City staff. Given what I have discovered from other agencies, city staff appears to be embarrassed by some of their e-mail records. But the city attorney's office has not provided substantive oversight over the process of responding to my PRA's; instead you have turned my PRA requests over to the very people who have hidden records that I have requested. This is simply unacceptable, and contributes to distrust for city government at a level where I believe you must act.

Beyond that, I believe that the City Attorney's office needs to lead a training exercise for all staff responsible for contacts with the public and with responding to PRA's. E-mails that would be kept in the ordinary course of city record keeping are public records, and become public records when they involve communication with outside agencies, and sometimes when policy direction has been given by council members or senior staff. No such e-mails have been provided pursuant to my requests. I believe that the Open Government Commission should be involved in this matter, and should consider making a recommendation to the Council about what modifications to the Open Government procedures might be needed to bring the city into compliance with the Brown and Public Records Acts.

Very truly yours,

Im MCDrate

Dee Williams-Ridley 2180 Milvia Street Berkeley, CA 94704

SUBJECT: City staff withholding documents in violation of the Brown Act and the Berkeley Open Government Ordinance

Dear Ms. Williams-Ridley:

Enclosed is a statement I read to the Parks, Recreation and Waterfront Commission last night. It includes the factual background of an effort by city staff to withhold documents from my review. I believe that effort is a serious violation of both the Brown Act and the Berkeley Open Government Ordinance. I ask that you open an investigation into this matter, and take the appropriate disciplinary action reprimanding all of those involved. Since many city staff acquiesced in this effort, I also ask that you review the implementation of the Open Records Act to determine whether more specific guidance is necessary. I also urge you to immediately undertake a training effort for all staff that have contact with the public so that they know what their legal responsibilities for sharing information entail..

As you well know, Berkeley faces controversial proposals, most recently for re-design of the Hopkins Corridor. For that project, there is concern among stakeholders that city staff work was neither balanced nor complete in their staff work. I am sure it will not reassure those who have lost faith with city staff efforts and oversight to find another effort where the city staff have actively suppressed documents on a controversial project.

The Brown Act is clear about the public's right to documents in matters where they have concerns. Section 54950 of the Brown Act states:

The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. **The people insist on remaining informed** so that they may retain control over the instruments they have created.

The City's own Open Government Act contains implementing language, with this clear policy statement in Section 2.06.010 of the Municipal Code:

Democracy in our representative form of government requires that the public have an opportunity to understand the government's activities and to communicate its concerns to its elected and appointed representatives, and that those representatives have an adequate opportunity to consider those concerns and then act effectively and in a timely manner.

It is not just the single incident of denying me access to the city response letter that raises these concerns; I have tried for over three months to obtain the documents that I need to "understand the government's proposed activities at the marina so that I may communicate with my elected and appointed representatives. But the city has turned my PRA requests over to the very people who have hidden the response letter, where they have been slow walked. This is simply unacceptable, and contributes to distrust for city government at a level where I believe you must act.

Very truly yours,

Jim McGrath

As someone who lobbied for funding for this effort, I have reached the conclusion that this planning effort is corrupt. City staff have systematically bypassed this commission, and have taken steps to **prevent** stakeholders from accessing the information they need to provide you and the council with meaningful comments. I could give multiple examples of how this Commission has been bypassed, and the struggles I have had to get information, despite filing multiple Public Records requests. But I will use just the most egregious example to make my point.

On December 7, 2021, city staff presented the results of their studies of a ferry terminal in Berkeley marina. That report made these commitments as next steps:

- "...these studies ... will be published on the City's website in January 2022..."
- The staff and WETA would discuss design, and "...will come to the Council to discuss design within 60 days."
- "conduct a robust and transparent public engagement process."

In response to PRA records dating back to December of 2022, and the promise made on December 7, 2021, I finally got a copy of the Ferry Facility Feasibility Study, dated November 12, 2021. It is unchanged since that date, and there was no legitimate reason to hold that study secret. The staff did not come back to the Council to discuss design, but instead began to solicit funding for a final design of the ferry terminal, starting with the Alameda County Transportation Authority. After a series of inquiries by e-mail, on June 30, 2022, Farid Javandel submitted an application for an MTC Federal OBAG 3 Grant for design of the ferry terminal that had not yet been approved. There was no robust and transparent public engagement—there was no public engagement at all. The application materials did not include the 1986 Waterfront Master Plan, the governing document, but instead cited the West Berkeley Transportation Element of 1993, adopted at a time when a ferry terminal was under consideration for the foot of Gilman Street. ACTA informed city staff that they would have to also submit the Complete Streets checklist for the project. Rather than consult this Commission, which is charged with reviewing matters pertaining to the waterfront, the city sent the matter to the newly created Transportation Commission. On July 27, the new Commission met—with Commissioners that had just been appointed-- to discuss what was noticed as "Review the Complete Streets checklist for a One Bay Area Grant round three (OBAG3) grant application." Nothing in the meeting notice revealed that the subject grant was for the design of accessways, and environmental studies for a proposed ferry terminal.

The standard for notice under the Brown Act, described by the Attorney General, "is to inform interested members of the public about the subject matter under consideration so that they can determine whether to monitor or participate in the meeting of the body." The notice provided failed to meet this standard. The only way to find out the actual project that was under consideration was to download the whole packet, not consult the meeting notice. The city did not revise the notice, it continued and submitted the matter to ACTA. On July 31, I sent a letter to ACTA objecting to the notice and noting that the application also did not meet the requirements of the grant announcement. I didn't have a copy of the application, which had not provided ACTA with the correct land use plan policies, or I would have included that mistake in my letter. I copied city staff on that letter.

After further e-mails with ACTA staff, the city submitted a response to my letter dated August 29, 2022, signed by Scott Ferris and Liam Garland. No copy was provided to me. ACTA staff sent several e-mails to the city, asking them if they intended to send me a copy, which finally resulted in this response:

"We don't have plans to share our City Response letter with Jim McGrath."

That e-mail was copied to senior Berkeley staff. None of them saw the inconsistencies between this approach and the requirements of the Brown Act, or their promise to conduct a robust and transparent public engagement process. Until this e-mail was sent, perhaps the city could have argued that any shortcomings in process or content were inadvertent, or de minimus. But with this statement, and the quiescence of senior city staff, the city's willingness to avoid the intent of the Brown Act was laid bare.

Tomorrow I will file a complaint about this dereliction of responsibility with the Open Government Commission and the City Manager. I believe that everyone involved in withholding information should be reprimanded, and that mandatory training on the requirements of the Brown Act must be instituted immediately for all city staff that are responsible for communication with the public and other agencies.

The planning activities of local government depend on process to reach a plan that is acceptable to the citizens and stakeholders of a city. But if the process cannot be trusted, the outcome cannot be trusted. If the city resorts to treating stakeholders as enemies, it will ensure that they are enemies, and that their number will grow.

To be sure, that is not the only problem with the City's application for a grant from ACTA. The source of funds for the OBAG grants is the Federal Highway Administration, which triggers Section 4(f) of the Federal Highway Act of 1966. Now codified in 49 U.S.C 138, that section prohibits a "take" of park and open space land unless there are no practicable alternatives. Since Berkeley marina is designated as a shoreline park priority use area by BCDC that protection and the associated procedures are triggered.

The grant was turned down, and probably would have been turned down even without my letter. Among the substantive problems for applying for this grant is that there is no approved plan, final EIR, or budget for a ferry terminal. Nor was there any consideration of Section 4(f). The overall cost for the terminal is over \$110 million, and the only clearly identified funding is \$30 million of WETA funding in a 2016 business plan prepared by WETA. In the face of the plunge in ridership, WETA has delayed updating that business plan. Yet city staff sought \$7.7 million in grants and promised a 40% match. That matching funding was not identified in the adopted city budget, and would cover work that was to be funded by WETA in the existing MOU. Of course, talking about the budget for such funds in public would have let stakeholders know what the city was up to.

Unfortunately, this is all too common in Berkeley. Rather than face hard decisions about what to do with the marina, and the \$120 million in deferred maintenance problems, political attention shifts to the next shiny object down the road—a commuter ferry terminal. A project which the city staff now acknowledges will not generate any revenue.

Many years ago I learned never to put anything into a letter or e-mail that I was not willing to see on the front page of the Los Angeles Times. That lesson seems to have escaped Berkeley staff, who were willing to make false, even slanderous accusations about my motives, and admit that they were trying to limit my receiving information about this grant proposal. I've got a pretty thick skin, and I think it is

actually pretty funny. But what is not funny is the city's promising a robust and transparent public engagement process—and then violating the Brown Act to keep secrets.
