RECOMMENDATION

Approve a Resolution authorizing the Executive Director to submit the annual Section Eight Management Assessment Program (SEMAP) certification for Fiscal Year 2018-19, to the U.S. Department of Housing and Urban Development (HUD) when completed, and no later than the August 29, 2019 deadline.

BACKGROUND

All public housing authorities that administer a Section 8 Housing Choice Voucher (HCV) Program, are required to submit to HUD an annual SEMAP report certifying to 14 performance standards ("Indicators") plus the "Deconcentration of Poverty" bonus indicator. The indicators are a reflection of day to day work in Section 8 Program operations.

The SEMAP Indicators are:
1. Selection from Waitlist
2. Confirmation of Reasonable Rent
3. Determination of Household Adjusted Income
4. Updated Utility Allowance Schedule
5. Quality Control HQS Inspections
6. Enforcement of HQS Inspections Fails
7. Expanding Housing Opportunities
8. Updated Payment Standards
9. Conducting Annual Reexams
10. Correct Tenant Rent Calculations
11. Conducting Precontract HQS Inspections
12. Conducting Annual HQS Inspections
13. Lease Up Rate (percentage of units leased or budget authority expended)
14. Family Self Sufficiency Program
15. Deconcentration of Poverty (bonus indicator).

The report must be submitted on-line, and via hard copy, accompanied by an authorizing resolution from the Board of Commissioners. Since the Board does not hold an August meeting, the July meeting is when the BHA Board authorizes submission of SEMAP.
HUD is then required to score SEMAP submissions within 120 days of the end of the Fiscal Year (by October 30th). Our current “High performer” rating qualifies us to self-certify to our score. The minimum score for “high performer” is 90%; minimum for “standard performer” is 60%; less than 60% is considered a “troubled” agency.

Management monitors progress on the Indicators throughout the year by drawing random samples quarterly, and performing quality control reviews of participant files as well as Housing Quality Standards (“HQS”) inspections. This allows staff to address any systematic errors through coaching, training, and re-training.

DISCUSSION
The SEMAP certification is a combination of Indicators whereby management conducts random quality control checks and provides the data for scoring (Indicators 1 - 8 and the deconcentration of poverty “bonus indicator”) plus four Indicators scored by HUD based on data in it’s “PIC” (Public and Indian Housing Information Center) online reporting data system for housing authorities—staff submits required data to PIC daily as a reflection of work performed on recertifications and inspections.

This is the third year BHA will be scored on the Family Self-Sufficiency indicator. As you know, HUD authorized a waiver from operating this program; the waiver expired in 2016. The FSS SEMAP indicator measures both the number of households enrolled in the program (BHA has 37 required slots) and the percentage of those enrolled earning an escrow for increases in income. This year we expect to score 8 points, the same as last year; maximum of 10 possible. To date, we have officially enrolled 26 participants with 11 pending applicants. Fifteen participants are receiving escrow, a reflection of employment and an increase in income.

The Deconcentration of Poverty indicator requires extensive data analysis which will be completed after the end of the fiscal year; thus, the addendum on the certification (see Attachment 2) is left blank for the purposes of this Board report. Confirmation of points scored (or not scored) on this Indicator will be provided at the September 2019 Board meeting.

STATUS
We believe we will have another year as a high performing agency (BHA’s 10th year of high performance since coming out of troubled status). A draft of the SEMAP submission is attached (Attachment 2). Upon completion of the quality control reviews for the final quarter, based on data/work completed for April, May, and June, the report will be ready for submission to HUD. Our goal is to submit the report in advance of the August 29, 2019 deadline.

Section 8 Management Assessment Program (SEMAP) Certification

Public reporting burden for this collection of information is estimated to average 12 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and you are not required to respond to, a collection of information unless it displays a currently valid OMB control number.

This collection of information is required by 24 CFR sec 985.101 which requires a Public Housing Agency (PHA) administering a Section 8 tenant-based assistance program to submit an annual SEMAP Certification within 60 days after the end of its fiscal year. The information from the PHA concerns the performance of the PHA and provides assurance that there is no evidence of serious deficient performance. HUD uses the information and other data to assess PHA management capabilities and deficiencies, and to assign an overall performance rating to the PHA. Responses are mandatory and the information collected does not lend itself to confidentiality.

Instructions

Respond to this certification form using the PHA’s actual data for the fiscal year just ended.

Check here if the PHA expends less than $300,000 a year in Federal awards [ ]

Indicators 1 - 7 will not be rated if the PHA expends less than $300,000 a year in Federal awards and its Section 8 programs are not audited for compliance with regulations by an independent auditor. A PHA that expends less than $300,000 in Federal awards in a year must still complete the certification for these indicators.

Performance Indicators

1. Selection from the Waiting List. (24 CFR 982.54(d)(1) and 982.204(a))
   (a) The PHA has written policies in its administrative plan for selecting applicants from the waiting list.

<table>
<thead>
<tr>
<th>PHA Response</th>
<th>Yes [ ]</th>
<th>No [ ]</th>
</tr>
</thead>
</table>

   (b) The PHA’s quality control samples of applicants reaching the top of the waiting list and of admissions show that at least 98% of the families in the samples were selected from the waiting list for admission in accordance with the PHA’s policies and met the selection criteria that determined their places on the waiting list and their order of selection.

</table>

2. Reasonable Rent. (24 CFR 982.4, 982.54(d)(15), 982.158(f)(7) and 982.507)
   (a) The PHA has and implements a reasonable written method to determine and document for each unit leased that the rent to owner is reasonable based on current rents for comparable unassisted units (i) at the time of initial leasing, (ii) before any increase in the rent to owner, and (iii) at the HAP contract anniversary if there is a 5 percent decrease in the published FMR in effect 60 days before the HAP contract anniversary. The PHA’s method takes into consideration the location, size, type, quality, and age of the program unit and of similar unassisted units, and any amenities, housing services, maintenance or utilities provided by the owners.

<thead>
<tr>
<th>PHA Response</th>
<th>Yes [ ]</th>
<th>No [ ]</th>
</tr>
</thead>
</table>

   (b) The PHA’s quality control sample of tenant files for which a determination of reasonable rent was required shows that the PHA followed its written method to determine reasonable rent and documented its determination that the rent to owner is reasonable as required for (check one):

<tr>
<th>PHA Response</th>
<th>At least 98% of units sampled [ ]</th>
<th>80 to 97% of units sampled [ ]</th>
<th>Less than 80% of units sampled [ ]</th>
</tr>
</thead>
</table>

   The PHA’s quality control sample of tenant files shows that at the time of admission and reexamination, the PHA properly obtained third party verification of adjusted income or documented why third party verification was not available; used the verified information in determining adjusted income; properly attributed allowances for expenses; and, where the family is responsible for utilities under the lease, the PHA used the appropriate utility allowances for the unit leased in determining the gross rent for (check one):

<tr>
<th>PHA Response</th>
<th>At least 90% of files sampled [ ]</th>
<th>80 to 89% of files sampled [ ]</th>
<th>Less than 80% of files sampled [ ]</th>
</tr>
</thead>
</table>

   The PHA maintains an up-to-date utility allowance schedule. The PHA reviewed utility rate data that it obtained within the last 12 months, and adjusted its utility allowance schedule if there has been a change of 10% or more in a utility rate since the last time the utility allowance schedule was revised.

<tr>

5. HQS Quality Control Inspections. (24 CFR 982.405(b))
   A PHA supervisor (or other qualified person) reinspected a sample of units during the PHA fiscal year, which met the minimum sample size required by HUD (see 24 CFR 985.2), for quality control of HQS inspections. The PHA supervisor’s reinspected sample was drawn from recently completed HQS inspections and represents a cross section of neighborhoods and the work of a cross section of inspectors.

<tr>
<th>PHA Response</th>
<th>Yes [ ]</th>
<th>No [ ]</th>
</tr>

</table>

6. HQS Enforcement. (24 CFR 982.404)
   The PHA’s quality control sample of case files with failed HQS inspections shows that, for all cases sampled, any cited life-threatening HQS deficiencies were corrected within 24 hours from the inspection and, all other cited HQS deficiencies were corrected within no more than 30 calendar days from the inspection or any PHA-approved extension, or, if HQS deficiencies were not corrected within the required time frame, the PHA stopped housing assistance payments beginning no later than the first of the month following the correction period, or took prompt and vigorous action to enforce the family obligations for (check one):
