Although there has been progress, more is needed. I pledge to continue my work creating more aggressive fire safety programs, increasing police patrols, improving emergency response times, expanding traffic safety, and developing an innovative and responsible plan to tackle Berkeley's fiscal challenges. My vision for our future includes undergrounding utilities, a thriving and safe downtown, affordable housing, quality schools, well maintained parks, playgrounds, streets and sidewalks, better transportation in the hills and civil community discourse. I will fight hard to keep Alta Bates in Berkeley and restore our marina pier and the Rose Garden. I am honored to have the endorsements of the Firefighters and Police Associations and External Affairs ASUC Vice President, Andre C. Luu. Experienced leadership is essential to ensure continued fiscal responsibility and effective government. I ask for your vote. Information at: wengraf4council.com

I stand for honest, direct, responsive communication. I support rent control and Berkeley's Living Wage initiative. As a retired businessperson, former board member of the Berkeley Chamber of Commerce, and former publisher of Northern California's largest business magazine I know how to negotiate with wealthy out-of-town developers who are reaping great profit from our community while not paying their fair share for what we have built. 9. Berkeley is one of the most extraordinarily beautiful places to live on earth and we are blessed to live here. But over the last two decades, we have paid scant attention to our City's financial well-being. Each year, a growing percentage of the City's revenue is diverted to offset a structural deficit. Consequently, less money is left for roads, parks, pools, social programs and basic city services. Despite promises, we lack a plan to reduce our \$500 million of unfunded infrastructure needs and \$500 million of pension obligations. If elected, I pledge to focus like a laser beam on our financial health. Central to my vision for a better future is fiscal accountability and transparency. Both personally and professionally, I have dedicated myself to public and community service. For over 30 years, I have worked in HIV and cancer research. I hold a PhD in cancer biology. As President of the Northeast Berkeley Association, I care deeply about our community, and as your next councilperson, I will protect the interests of District 6 while always keeping in mind the larger interests of the City. I am honored by the endorsement of former Mayor Shirley Dean. www.isabellegaston.com
