

Office of the City Manager

September 30, 2015

To: Honorable Mayor and Members of the City Council

From: *Dee* Dee Williams-Ridley, Interim City Manager

Subject: New Public Electric Vehicle Charging Stations

Six new dual-port Level 2 electric vehicle (EV) charging stations on municipal property are now available for public use. These ChargePoint EV charging stations, primarily funded by a grant from the California Energy Commission through Berkeley's participation in the Bay Area Charge Ahead Project ([Resolution No. 66,732-N.S.](#)), were activated on September 14, 2015.

Previously, the City provided two EV charging stations for public use, both located in the Center Street Garage. Now public EV charging is provided at three new locations:

- Berkeley Marina at the lot for Berths J-K (one dual-port station),
- Oxford Garage (two dual-port stations)
- Telegraph-Channing Garage (three dual-port stations)

Each dual-port charging station can simultaneously charge two EVs. The new charging stations have a fee for use of \$1.50 per hour ([Resolution No. 67,048-N.S.](#)). In less than 10 days of operation, each of the new charging stations have been used at least once for a system-wide total of over 50 charging sessions.

A news release mentioning these charging stations, "[As Electric Cars' Popularity Grows, Berkeley Makes Charging Easier](#)" was issued on Sept 16; more detail on these charging stations is available on the City's webpage on [Public EV Charging Stations](#). If you have any questions, please contact Sarah Moore, Associate Planner, at 510-981-7494.

cc: Gil Dong, Interim Deputy City Manager
