Subject: Web Reinvention Project: Staff Open House, June 11, 2019

Please join us at an all-staff Open House on June 11 to learn about the work we are doing to rebuild the City website from the ground up!

Our Citywide Web Reinvention Project is focused on creating a new website that will make it easy and fast for community members to find information about City services at their convenience, 24 hours a day, from any device.

At this event, city staff will get to:

- Meet the team creating our new website;
- See the work we've done so far;
- Learn about what's coming up, and how staff can get involved;
- Give input on the look and feel of the new design.
