Subject: Budget Referral: Feasibility Study for the Construction of Affordable Senior Housing

RECOMMENDATION:

Refer to the budget referral process a feasibility study that evaluates the financial requirements and analyzes the site/context yield of the construction of affordable housing for seniors on the sites of North Berkeley Senior Center, West Berkeley Service Center and South Berkeley Senior Center.

FINANCIAL IMPLICATIONS:

\$100,000

BACKGROUND:

The demographic for people over 65 is increasing in Berkeley. By 2030, the population of residents over 65 will be more than 26,000. The number one concern expressed by seniors is their ability to be able to stay housed in Berkeley, as they get older.

Berkeley has an opportunity to provide affordable senior housing by building over the senior or service centers. Since the city owns the land, a public/private partnership for the construction and management is an excellent possibility.

As the city moves forward with planning the expenditures from Measure T1, we should be sure that resources used on improving our current facilities do not pre-empt the possibility of future development at these three sites.

ENVIRONMENTAL SUSTAINABILITY

No adverse effect on the environment.
