I. INTRODUCTION

The City of Berkeley (the “City”) Planning and Development Department seeks to pre-qualify Planning Consultants to support staff in the review and approval process of development projects, including entitlement review, environmental review and technical analysis. Consultants will assist staff and/or function as lead planners for development applications requiring dedicated staff. Consultant tasks may include project management; use permit review, analysis, report writing and public presentation; and/or environmental review. Environmental planning assistance may also be included for projects managed by City staff, including preparation of Initial Studies, Negative Declarations, Mitigated Negative Declarations, Environmental Impact Reports (EIR), Statutory Worksheets, and Environmental Assessments (EA). In addition, expertise is being sought to provide technical analysis of one or more potential environmental impacts such as, but not limited to: visual/ aesthetics, biological resources including arborist, noise, traffic/circulation/parking, air quality, greenhouse gas emissions, hydrology, geotechnical, cultural resources (historic, architectural, archaeologic, tribal) and toxicology/hazardous materials, as well as assistance with analysis of telecommunication facility applications, and of economic issues related to development projects or proposed City policy initiatives.

Consultants are invited to respond to all or portions of the following scope of services. The response should indicate which services can be provided.

II. SCOPE OF SERVICES

One or more contracts will be prepared with pre-qualified Planning Consultants, who would be available on short-term notice to provide planning and environmental review services as needed. The contract for planning and environmental services would establish the parameters for future project-specific work as described herein.

Consultant shall provide services on a task-order basis for specific development applications. When an application is received for which consulting services are required, the City would distribute application materials and the proposed scope of work to one (1) or more consultants. The Consultant(s) would respond with an estimate of time allocation for the various tasks and costs for the specific project, based on the hourly charges previously submitted with its response to this RFQRFQ. The City would review the scope of work and the project-specific proposal with the Consultant and negotiate a schedule and not-to-exceed cost. A Notice to Proceed could then be issued with the full scope of work and cost identified.

The term of the contract shall be three (3) years; the proposals should indicate how costs would be adjusted after the first year. The maximum amount for a contract with an individual consultant shall be \$500,000; however no minimum award amount is guaranteed.

Required services could include planning assistance, environmental review, and/or technical analysis for development projects. The process for typical projects within each category is described below. There are generally two types of projects that require these services: shorter time frame projects that require quick response, or large projects that require extended project management.

A. Planning Services

Application processing for Use Permits (UP), Administrative Use Permits (AUP), and related permits and Project Management as “Dedicated Planners” for consideration by the Zoning Adjustments Board (ZAB) and other commissions or committees, including preparation of draft(s) and final planning documents, CEQA review and staff reports necessary for project review. Tasks typically include:

1. Determination of project application completeness.
2. Zoning, General and Area Plan analysis, including applicability of State density bonus law and other

considerations, to determine project conformance.

3. Preparation of staff reports and findings for review by the Design Review Committee (DRC), Landmarks Preservation Commission (LPC), Zoning Adjustments Board (ZAB) and City Council as required.
4. Attendance at meetings with staff and public meetings as needed (including evening meetings).

B. Environmental and Technical Planning Services

Preparation of environmental review documents for development projects managed by City staff as needed, which may include some or all of the following:

1. Technical analysis of one (1) or more potential environmental impacts such as, but not limited to: visual/aesthetics, biological resources *including* arborist, noise, traffic/circulation/parking, air quality, greenhouse gas emissions, hydrology, geotechnical, cultural resources (historic, architectural, archaeologic, tribal) and toxicology/hazardous materials, as well as assistance with analysis of telecommunication facility applications, and of economic issues related to development projects or proposed City policy initiatives.
2. Initial Study
3. Negative Declaration or Mitigated Negative Declaration
4. Environmental Impact Report
5. Statutory Worksheet
6. Environmental Assessment

The work products developed by the consultant must be adequate to meet the requirements of the California Environmental Quality Act, State CEQA Guidelines, the City of Berkeley CEQA Guidelines, State Planning and Zoning law, National Environmental Policy Act (NEPA), National Historic Preservation Act, and/or requirements of any reviewing agency. Work submitted that fails to meet legal requirements shall be corrected by the consultant without additional cost to the City of Berkeley.

III. SUBMISSION REQUIREMENTS

All proposals shall include the following information, organized as separate sections of the proposal. The proposal should be concise and to the point, and not exceed 25 pages in length.

1. Contractor Identification:

Provide the name of the firm, the firm's principal place of business, the name and telephone number of the contact person and company tax identification number.

2. Services to be Provided:

Specify one or more of the types of services listed in Section II of this RFQRFQ being proposed to be delivered by the consultant. Provide your approach to each type of service, including but not limited to your understanding of the issues to be addressed and your demonstrated ability to complete projects on time and budget.

3. Qualifications and Experience:

The experience and qualifications shall be specified for the firm, project manager, technical personnel, and sub-consultants. Key personnel shall be specified by name, position, and function with regard to the technical and administrative aspects of the study. A list of similar projects and references should be included. Please do not include pre-printed marketing brochures or similar materials.

4. Client References:

Provide a minimum three (3) client references. References should be California cities or other large public sector entities. Provide the reference person's name, title, organization, address, telephone number, and the project(s) that were completed under that client's direction.

5. Price Proposal:

The proposal shall include pricing for all services. Pricing shall be all inclusive unless indicated otherwise on a separate pricing sheet. The proposal shall itemize all services, including hourly rates for all professional, technical and support personnel, and all other charges related to completion of the work shall be itemized.

6. Contract Terminations:

If your organization has had a contract terminated in the last five (5) years, describe such incident. Termination for default is defined as notice to stop performance due to the vendor's non-performance or poor performance and the issue of performance was either: (a) not litigated due to inaction on the part of the vendor, or (b) litigated and such litigation determined that the vendor was in default.

Submit full details of the terms for default including the other party's name, address, and phone number. Present the vendor's position on the matter. The City will evaluate the facts and may, at its sole discretion, reject the proposal on the grounds of the past experience.

If the firm has not experienced any such termination for default or early termination in the past five (5) years, so indicate.

IV. SELECTION CRITERIA

The following criteria will be considered, although not exclusively, in determining which firm is hired.

1. Understanding of the issues to be addressed (25%)
2. References and qualifications of the firm's project manager and technical personnel, specifically prior history in the successful completion of similar projects (50%)
3. Demonstrated ability to respond on short notice and to complete study tasks on time and within budget (25%)
4. Cost and Fee Structure – **submitted in a separate, sealed envelope**
Provide a schedule of the hourly rates for staff by job class and services anticipated to be used for tasks described above.

A selection panel will be convened of City staff to evaluate all proposals received. At the City's discretion, a short list of the best qualified firms may be established and in-person interviews may be conducted prior to staff's contract award recommendations, which are subject to approval from the Berkeley City Council.

V. PAYMENT

Invoices: Invoices must be fully itemized, and provide sufficient information for approving payment and audit. Invoices must be accompanied by receipt for services in order for payment to be processed. Mail invoices to the Project Manager and reference the contract number.

City of Berkeley
Accounts Payable PO Box 700
Berkeley, CA 94701
Attn: Steven Buckley, Land Use Planning Manager

Payments: The City will make payment to the vendor within 30 days of receipt of a correct and complete invoice.

VI. CITY REQUIREMENTS

A. Non-Discrimination Requirements:

Ordinance No. 5876-N.S. codified in B.M.C. Chapter 13.26 states that, for contracts worth more than \$3,000 bids for supplies or bids or proposals for services shall include a completed Workforce Composition Form. Businesses with fewer than five employees are exempt from submitting this form. (See B.M.C. 13.26.030)

Under B.M.C. section 13.26.060, the City may require any bidder or vendor it believes may have discriminated to submit a Non-Discrimination Program. The Contract Compliance Officer will make this determination. This applies to all contracts and all consultants (contractors). Berkeley Municipal Code section 13.26.070 requires that all contracts with the City contain a non-discrimination clause, in which the contractor agrees not to discriminate and allows the City access to records necessary to monitor compliance. This section also applies to all contracts and all consultants. **Bidders must submit the attached Non-Discrimination Disclosure Form with their proposal**

B. Nuclear Free Berkeley Disclosure Form:

Berkeley Municipal Code section 12.90.070 prohibits the City from granting contracts to companies that knowingly engage in work for nuclear weapons. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that engages in nuclear weapons work. If your company engages in work for nuclear weapons, explain on the Disclosure Form the nature of such work. **Bidders must submit the attached Nuclear Free Disclosure Form with their proposal.**

C. Oppressive States:

The City of Berkeley prohibits granting of contracts to firms that knowingly provide personal services to specified Countries. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that is covered by City Council Resolution No. 59,853-N.S. If your company or any subsidiary is covered, explain on the Disclosure Form the nature of such work. **Bidders must submit the attached Oppressive States Disclosure Form with their proposal.**

D. Conflict of Interest:

In the sole judgment of the City, any and all proposals are subject to disqualification on the basis of a conflict of interest. The City may not contract with a vendor if the vendor or an employee, officer or director of the proposer's firm, or any immediate family member of the preceding, has served as an elected official, employee, board or commission member of the City who influences the making of the contract or has a direct or indirect interest in the contract.

Furthermore, the City may not contract with any vendor whose income, investment, or real property interest may be affected by the contract. The City, at its sole option, may disqualify any proposal on the basis of such a conflict of interest. **Please identify any person associated with the firm that has a potential conflict of interest.**

E. Berkeley Living Wage Ordinance:

Chapter 13.27 of the Berkeley Municipal Code requires that contractors offer all eligible employees with City mandated minimum compensation during the term of any contract that may be awarded by the City. If the Contractor is not currently subject to the Living Wage Ordinance, cumulative contracts with the City within a one-year period may subject Contractor to the requirements under B.M.C. Chapter 13.27. A certification of compliance with this ordinance will be required upon execution of a contract. The Living Wage rate is currently \$15.45 (if medical benefits are provided) or \$18.01 (if medical benefits are not provided). The Living Wage rate is adjusted automatically effective June 30th of each year commensurate with the corresponding increase in the Consumer Price Index published in April of each year. If the Living Wage rate is adjusted during the term of your agreement, you must pay the new adjusted rate to all eligible employees, regardless of what the rate was when the contract was executed.

F. Berkeley Equal Benefits Ordinance:

Chapter 13.29 of the Berkeley Municipal Code requires that contractors offer domestic partners the same access to benefits that are available to spouses. A certification of compliance with this ordinance will be required upon execution of a contract.

G. Statement of Economic Interest:

The City's Conflict of Interest Code designates "consultants" as a category of persons who must complete Form 700, Statement of Economic Interest, at the beginning of the contract period and again at the termination of the contract. The selected contractor will be required to complete the Form 700 before work may begin.

VII. OTHER REQUIREMENTS

A. Insurance

The selected contractor will be required to maintain general liability insurance in the minimum amount of \$2,000,000, automobile liability insurance in the minimum amount of \$1,000,000 and a professional liability insurance policy in the amount of \$2,000,000 to cover any claims arising out of the performance of the contract. The general liability and automobile insurance must name the City, its officers, agents, volunteers and employees as additional insureds.

Insurance not Necessary: If the services are such that the risk of exposure to liability is very low, insurance may not be required. An example of such a service is an individual using his/her computer at home to lay out a newsletter for the City. This determination must be made by the Risk Manager in writing before the RFORFO is issued.

Insurance Waiver: A situation in which insurance is not necessary is different from a case in which insurance may be waived. An insurance waiver is appropriate where insurance would usually be necessary but when, as a

policy matter, the City is willing to take the risk of allowing an uninsured or under-insured individual or business to perform the work (usually when the risk of liability is low). An insurance waiver may be granted only by the Risk Manager in writing with the approval of the City Manager. If a potential bidder expresses an inability to meet the insurance requirement, he or she should be encouraged to contact the Project Manager & Risk Manager for assistance in obtaining insurance.)

B. Worker's Compensation Insurance:

A selected contractor who employs any person shall maintain workers' compensation insurance in accordance with state requirements. Sole proprietors with no employees are not required to carry Worker's Compensation Insurance.

C. Business License

Virtually every contractor that does business with the City must obtain a City business license as mandated by B.M.C. Ch. 9.04. The business license requirement applies whether or not the contractor has an office within the City limits. However, a "casual" or "isolated" business transaction (B.M.C. section 9.04.010) does not subject the contractor to the license tax. Warehousing businesses and charitable organizations are the only entities specifically exempted in the code from the license requirement (see B.M.C. sections, 9.04.295 and 9.04.300). Non-profit organizations are granted partial exemptions (see B.M.C. section 9.04.305). Persons who, by reason of physical infirmity, unavoidable misfortune, or unavoidable poverty, may be granted an exemption of one annual free license at the discretion of the Director of Finance. (see B.M.C. sections 9.04.290).

Vendor must apply for a City business license and show proof of application to Purchasing Manager within seven days of being selected as intended contractor.

The Customer Service Division of the Finance Department located at 1947 Center Street, Berkeley, CA 94704, issues business licenses. Contractors should contact this division for questions and/or information on obtaining a City business license, in person, or by calling 510-981-7200.

D. Recycled Paper

All reports to the City shall be on recycled paper that contains at least 50% recycled product when such paper is available at a cost of not greater than ten percent more than the cost of virgin paper, and when such paper is available at the time it is required. If recycled paper is not available the Contractor shall use white paper. Written reports or studies shall be *printed on both sides of the page* whenever practical.

E. State Prevailing Wage:

Certain labor categories under this project may be subject to prevailing wages as identified in the State of California Labor Code commencing in Section 1770 et. seq. These labor categories, when employed for any "work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work," constitute a "Public Work" within the definition of Section 1720(a)(1) of the California Labor Code requiring payment of prevailing wages.

Wage information is available through the California Division of Industrial Relations web site at:
http://www.dir.ca.gov/OPRL/statistics_and_databases.html

The undersigned, on behalf of himself or herself individually and on behalf of his or her business or organization, hereby certifies that he or she is fully aware of Berkeley's Living Wage Ordinance, and the applicability of the Living Wage Ordinance, and the applicability of the subject contract, as determined herein. The undersigned further agrees to be bound by all of the terms of the Living Wage Ordinance, as mandated in the Berkeley Municipal Code, Chapter 13.27. If, at any time during the term of the contract, the answers to the questions posed herein change so that Contractor would be subject to the LWO, Contractor will promptly notify the City Manager in writing. Contractor further understands and agrees that the failure to comply with the LWO, this certification, or the terms of the Contract as it applies to the LWO, shall constitute a default of the Contract and the City Manager may terminate the contract and bar Contractor from future contracts with the City for five (5) years from the effective date of the Contract termination. If the contractor is a for-profit business and the LWO is applicable to this contract, the contractor must pay a living wage to all employees who spend 25% or more of their compensated time engaged in work directly related to the contract with the City. If the contractor is a non-profit business and the LWO is applicable to this contract, the contractor must pay a living wage to all employees who spend 50% or more of their compensated time engaged in work directly related to the contract with the City.

These statements are made under penalty of perjury under the laws of the state of California.
