I. BACKGROUND /SUMMARY/or INTRODUCTION

The City of Berkeley (the “City”), Health, Housing and Community Services (HHCS) Department, Mental Health Division is seeking a local contractor with expertise in providing trauma support services for Lesbian, Gay, Bisexual, Transgender, Queer/Questioning, Intersex, Agender Plus others (LGBTQIA+), aged 16 & above, in Berkeley. The total amount of the contract is \$100,000 for one (1) year, or a twelve-month timeframe. Following the initial term, this contract may be extended on an annual basis subject to funding availability and contractor performance.

In November 2004, California voters passed Proposition 63, the Mental Health Services Act (MHSA). Through five funding components, the MHSA is to be utilized to expand and transform the mental health service delivery system to become more integrated, culturally competent, consumer and family member driven, and wellness and recovery oriented. MHSA funding has provided new opportunities for the Berkeley Mental Health Division (BMH) to further develop and expand its system of care, adding new programs and utilizing non-profit providers in the planning and delivery of comprehensive mental health services. MHSA funds are allocated to mental health jurisdictions on an annual basis. In order to utilize MHSA funds, stakeholder informed Three Year Plans and Annual Updates that outline how funds will be utilized are required to be developed and locally approved.

One of the five (5) funding components of MHSA is Prevention and Early Intervention (PEI). The purpose of PEI programs is for strategies to recognize early signs of mental illness and to improve early access to services and programs, including the reduction of stigma and discrimination and for strategies to prevent mental illness from becoming severe and disabling. Since the initial MHSA PEI Plan, BMH has utilized funding to implement the “Community Education and Supports” program. This program provides culturally-responsive, psycho-educational trauma support services for individuals (16 and above) in various cultural, ethnic and age specific populations that are unserved, underserved and inappropriately served in Berkeley including: African Americans; Latinx/Latinos; Transition Age Youth (TAY); Older Adults; and LGBTQIA+.

Per the current MHSA Three Year Plan the Community Education and Supports program has implemented services to each targeted population through various community partners. In order to ensure fair City Contracting practices, BMH is undergoing an RFP process for this program, releasing separate RFP’s for each targeted population.

LGBTQIA+ youth, adults and older adults are one of the populations served through this program. The diverse LGBTQIA+ community includes individuals from a multitude of racial, ethnic and age specific populations. Input received during MHSA community program planning processes, as well as from other City meeting venues, has repeatedly resounded the need for increased mental health services for LGBTQIA+. Additionally, community input for the initial PEI Plan, subsequent MHSA Plans, and for this RFP indicated that some of the areas in which LGBTQIA+ individuals experience trauma include the following: Stigma and discrimination related to sexual orientation (which can cause stress, anxiety, fear and depression); isolation, marginalization and invisibility in the community and the mental health system; suicide risk; substance abuse; grief/loss; financial loss; lack of service providers who are competent in LGBTQIA+ issues; violence and bullying; discrimination directed at youth who have parents who are LGBTQIA+; shortage of appropriate services, etc.

II. SCOPE OF SERVICES

Service Description

BMH is seeking a community partner with expertise in providing culturally, ethnically and linguistically responsive trauma support services for LGBTQIA+ youth, adults and older adults in Berkeley. The community partner will demonstrate the use of trauma-informed, strength-based approaches and other community-defined methods that will promote resiliency factors. Services should include culturally, ethnically and linguistically responsive outreach and engagement, individual and group support services, family and community member supports, and linkages and referrals. There will also be flexibility to add on additional services, as the chosen community partner will be the most knowledgeable of the types of trauma support services that best meet the needs of the targeted population. The project should be structured to serve approximately 250 individuals.

LGBTQIA+ individuals often feel disenfranchised and are either afraid to seek the mental health services they need, and/or for fear of stigma and discrimination, may not represent themselves fully in the services they do receive, and are often invisible within the system. The community partner will demonstrate the use of outreach and

engagement methods that reduce stigma and barriers to accessing services. Outreach and supportive services should include respect for, sensitivity to, and inclusion of, an individual's racial, ethnic and socio-cultural background, identified spiritual beliefs and practices, sexual orientation, gender, and gender presentation. Services should promote racial equity and should be: welcoming and inclusive of diverse populations; located in an area that is accessible to the target population; culturally, ethnically and linguistically responsive; and tailored to an individual's or groups needs. Due to the COVID-19 pandemic and local and statewide shelter in place orders (that may continue to be in effect in some form throughout this year), the community partner should also demonstrate the capacity to utilize other alternative methods (including the use of technology platforms, such as Zoom, etc.) that will enable individuals to receive outreach and trauma support services. The agency selected for this RFP will provide technological support to this population, in order to deliver online services, as needed.

The community partner will have a multi-cultural, multi-lingual diverse staff with lived experience, and the expertise in providing mental health services and supports for LGBTQIA+ individuals and various subgroups within the community. As community collaborations are important in serving this population, the community partner will have established relationships with area agencies serving diverse cultural and ethnic populations, LGBTQIA+ community support systems, and religious and spiritual organizations. Supportive services should be trauma informed and strengths based and tailored to community need. Outreach methods and supportive services should be designed to be inclusive of racial and ethnic populations and sub-groups within the LGBTQIA+ community.

Individual and group support services should be provided around a broad range of stressors including but not limited to: Discrimination and oppression; violence and bullying; invisibility and marginalization; stigma; grief/loss; parenting; illness; financial loss; Post Traumatic Stress Disorder (PTSD) etc. As some LGBTQIA+ experience feelings of oppression around their lifestyle and religion, services should also incorporate and support individuals around their spiritual beliefs.

The ideal community partner will have the following qualifications:

- Demonstrated expertise providing trauma support services and supports to the targeted population.
- A diverse workforce with lived experience and expertise in providing mental health services and supports for LGBTQIA+ and various sub-groups within the population.
- A workforce that has been trained in trauma informed care and in providing services to the targeted population and sub-groups within the population.
- Demonstrated capabilities designing and implementing strengths-based, trauma informed mental health individual and group services and supports for the LGBTQIA+ community.
- Expertise implementing culturally, ethically and linguistically responsive outreach, engagement and supportive services to the targeted population.
- Experience designing and implementing programs that de-stigmatize mental health services and supports.
- Established collaborative relationships and the demonstrated capability to refer individuals who may need more intensive mental health services and/or other supports.

Documentation and Reporting Requirements

The Community Partner will be expected to maintain documents on the following:

- PEI Demographic information on those served
- Log of referrals to more intensive mental health services
- Number of individuals referred to other services, types of referrals/linkage
- Process and outcome data
- Itemized expenditure per approved budget
- Program successes and challenges

The Community Partner will also be expected to participate in the "Impact Berkeley" initiative. Impact Berkeley is an initiative that the Health, Housing and Community Services (HHCS) Department is currently implementing, which provides Results Based Accountability (RBA) into contract processes. All new or renewed contracts will be required to provide information and data that address the three (3) basic RBA questions: How much work was done? How well was it done? And, are clients better off as a result of the services provided? HHCS will work with the Community Partner to identify appropriate targets for each performance measure. The Community Partner will

be expected to report on how they measure whether clients are better off and the quality of the services that were delivered and to comply with all processes that are developed to monitor and improve performance over time.

RBA measures currently collected on this program are as follows:

- Number of Support Groups Conducted
- Number of Individuals attending Support Groups
- Number of Outreach Activities
- Number of Individuals contacted through Outreach Activities
- Numbers and types of referrals
- Percentage of participants that felt staff/Support Group facilitators were sensitive to their cultural background
- Percent of participants that felt like they could deal more effectively with their concerns
- Percent of participants that reported they have trusted people they can turn to for help
- Percent of participants that feel they belong in their community

Contract Terms

It is anticipated that this contract will begin on July 1, 2021 and will be in effect until June 30, 2022.

Following initial terms, this contract may be renewed on an annual basis subject to funding availability and contractor performance.

VI. CITY REQUIREMENTS

A. Non-Discrimination Requirements:

Ordinance No. 5876-N.S. codified in B.M.C. Chapter 13.26 states that, for contracts worth more than \$3,000 bids for supplies or bids or proposals for services shall include a completed Workforce Composition Form. Businesses with fewer than five employees are exempt from submitting this form. (See B.M.C. 13.26.030)

Under B.M.C. section 13.26.060, the City may require any bidder or vendor it believes may have discriminated to submit a Non-Discrimination Program. The Contract Compliance Officer will make this determination. This applies to all contracts and all consultants (contractors). Berkeley Municipal Code section 13.26.070 requires that all contracts with the City contain a non-discrimination clause, in which the contractor agrees not to discriminate and allows the City access to records necessary to monitor compliance. This section also applies to all contracts and all consultants. **Bidders must submit the attached Non-Discrimination Disclosure Form with their proposal**

B. Nuclear Free Berkeley Disclosure Form:

Berkeley Municipal Code section 12.90.070 prohibits the City from granting contracts to companies that knowingly engage in work for nuclear weapons. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that engages in nuclear weapons work. If your company engages in work for nuclear weapons, explain on the Disclosure Form the nature of such work. **Bidders must submit the attached Nuclear Free Disclosure Form with their proposal.**

C. Oppressive States:

The City of Berkeley prohibits granting of contracts to firms that knowingly provide personal services to specified Countries. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that is covered by City Council Resolution No. 59,853-N.S. If your company or any subsidiary is covered, explain on the Disclosure Form the nature of such work. **Bidders must submit the attached Oppressive States Disclosure Form with their proposal.**

D. Sanctuary City Contracting Ordinance:

Chapter 13.105 of the Berkeley Municipal Code prohibits the City from granting and or retaining contracts with any person or entity that provides Data Broker or Extreme Vetting services to the U.S. Immigration and Customs Enforcement Division of the United States Department of Homeland Security (“ICE”). **Bidders must submit the attached Sanctuary City Compliance Statement with their proposal.**

E. Conflict of Interest:

In the sole judgment of the City, any and all proposals are subject to disqualification on the basis of a conflict of interest. The City may not contract with a vendor if the vendor or an employee, officer or director of the proposer's firm, or any immediate family member of the preceding, has served as an elected official, employee, board or commission member of the City who influences the making of the contract or has a direct or indirect interest in the contract.

Furthermore, the City may not contract with any vendor whose income, investment, or real property interest may be affected by the contract. The City, at its sole option, may disqualify any proposal on the basis of such a conflict of interest. **Please identify any person associated with the firm that has a potential conflict of interest.**

F. Berkeley Living Wage Ordinance:

Chapter 13.27 of the Berkeley Municipal Code requires that contractors offer all eligible employees with City mandated minimum compensation during the term of any contract that may be awarded by the City. If the Contractor is not currently subject to the Living Wage Ordinance, cumulative contracts with the City within a one-year period may subject Contractor to the requirements under B.M.C. Chapter 13.27. A certification of compliance with this ordinance will be required upon execution of a contract. The current Living Wage rate can be found here: https://www.cityofberkeley.info/Finance/Home/Vendors_Living_Wage_Ordinance.aspx. The Living Wage rate is adjusted automatically effective June 30th of each year commensurate with the corresponding increase in the Consumer Price Index published in April of each year. If the Living Wage rate is adjusted during the term of your agreement, you must pay the new adjusted rate to all eligible employees, regardless of what the rate was when the contract was executed.

G. Berkeley Equal Benefits Ordinance:

Chapter 13.29 of the Berkeley Municipal Code requires that contractors offer domestic partners the same access to benefits that are available to spouses. A certification of compliance with this ordinance will be required upon execution of a contract.

H. Statement of Economic Interest:

The City's Conflict of Interest Code designates "consultants" as a category of persons who must complete Form 700, Statement of Economic Interest, at the beginning of the contract period and again at the termination of the contract. The selected contractor will be required to complete the Form 700 before work may begin.

VII. OTHER REQUIREMENTS

A. Insurance

The selected contractor will be required to maintain general liability insurance in the minimum amount of \$2,000,000, automobile liability insurance in the minimum amount of \$1,000,000 and a professional liability insurance policy in the amount of \$2,000,000 to cover any claims arising out of the performance of the contract. The general liability and automobile insurance must name the City, its officers, agents, volunteers and employees as additional insureds.

B. Worker's Compensation Insurance:

A selected contractor who employs any person shall maintain workers' compensation insurance in accordance with state requirements. Sole proprietors with no employees are not required to carry Worker's Compensation Insurance.

C. Business License

Virtually every contractor that does business with the City must obtain a City business license as mandated by B.M.C. Ch. 9.04. The business license requirement applies whether or not the contractor has an office within the City limits. However, a "casual" or "isolated" business transaction (B.M.C. section 9.04.010) does not subject the contractor to the license tax. Warehousing businesses and charitable organizations are the only entities specifically exempted in the code from the license requirement (see B.M.C. sections, 9.04.295 and 9.04.300). Non-profit organizations are granted partial exemptions (see B.M.C. section 9.04.305). Persons who, by reason of physical infirmity, unavoidable misfortune, or unavoidable poverty, may be granted an exemption of one annual free license at the discretion of the Director of Finance. (see B.M.C. sections 9.04.290).

Vendor must apply for a City business license and show proof of application to Purchasing Manager within seven days of being selected as intended contractor.

The Customer Service Division of the Finance Department located at 1947 Center Street, Berkeley, CA 94704, issues business licenses. Contractors should contact this division for questions and/or information on obtaining a City business license, in person, or by calling 510-981-7200.

D. Recycled Paper

Any printed reports for the City required during the performance of the work shall be on 100% recycled paper, and shall be *printed on both sides of the page* whenever practical.

E. State Prevailing Wage:

Certain labor categories under this project may be subject to prevailing wages as identified in the State of California Labor Code commencing in Section 1770 et. seq. These labor categories, when employed for any "work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work," constitute a "Public Work" within the definition of Section 1720(a)(1) of the California Labor Code requiring payment of prevailing wages.

Wage information is available through the California Division of Industrial Relations web site at: http://www.dir.ca.gov/OPRL/statistics_and_databases.html

The Berkeley Municipal Code Chapter 13.27, Berkeley's Living Wage Ordinance (LWO), provides that contractors who engage in a specified amount of business with the City (except where specifically exempted) under contracts which furnish services to or for the City in any twelve (12) month period of time shall comply with all provisions of this Ordinance. The undersigned, on behalf of himself or herself individually and on behalf of his or her business or organization, hereby certifies that he or she is fully aware of Berkeley's Living Wage Ordinance, and the applicability of the Living Wage Ordinance, and the applicability of the subject contract, as determined herein. The undersigned further agrees to be bound by all of the terms of the Living Wage Ordinance, as mandated in the Berkeley Municipal Code, Chapter 13.27. If, at any time during the term of the contract, the answers to the questions posed herein change so that Contractor would be subject to the LWO, Contractor will promptly notify the City Manager in writing. Contractor further understands and agrees that the failure to comply with the LWO, this certification, or the terms of the Contract as it applies to the LWO, shall constitute a default of the Contract and the City Manager may terminate the contract and bar Contractor from future contracts with the City for five (5) years from the effective date of the Contract termination.
