**I. DEPARTMENT DEMOGRAPHICS**

- a. The City of Berkeley (the “City”) Fire Department (Department) is an all-risk service provider that responds to over 15,000 emergencies annually within the City of Berkeley and to the University of California at Berkeley property.
- b. The Department provides service from seven fire stations with seven fire engines (3-0 staffing), two (2) aerial ladder trucks (3-0 staffing), four (4) ambulances (dual medic) and one (1) battalion chief on three (3) shifts.
- c. The Department is dispatched from the Berkeley Police Public Safety Answering Point (PSAP). Callers receive emergency medical dispatch and pre-arrival instructions after the call is transferred to an Alameda County Regional Communications System dispatcher.
- d. The Department has four Divisions; Operations, Fire Prevention, Training & EMS and Special Operations (OES).

**II. SUMMARY**

- a. In 2020 the community passed a property tax measure and approved a broad range of substantial enhancements to the level of prevention, preparedness, employee training and emergency response services that the fire department will provide. As part of this program the Department is considering a transition from dual function (firefighter/paramedic) to single function (EMT or Paramedic) ambulance service and enhanced staffing or deployment of suppression resources in key areas of the City to mitigate increasing density and vertical growth.
- b. The Standards of Coverage Analysis and Report will enable the Department to define the appropriate level of service based on a comprehensive study of historical performance, community risk factors, expectations, an evaluation of existing and projected risks, hazards, population growth and aging, topography, density and vertical growth of the build environment, and proposed deployment strategies.
- c. The report will be a key component of the Department’s planning efforts as it moves forward with future planning, performance goal setting, and resource allocations. The report will also allow the Department to determine if that level of service is in line with generally accepted national standards and benchmarks.
- d. The scope of work for the RFP has included specific elements related to the changing landscape and population density of the city; and how that may impact service delivery, response times and overall capacity to respond to emergent and non-emergent incidents.

**III. SCOPE OF SERVICES**

- a. The Standards of Coverage analysis and report should include but is not limited to the following categories of work:
  - i. Performance goals
  - ii. Community risk assessment
  - iii. Service level objectives
  - iv. Distribution and concentrations of resources
  - v. Response reliability
  - vi. Surge capacity for everyday resiliency and large-scale emergencies

- vii. Past performance indicators
- viii. Future needs
- ix. Opportunities for collaboration with external partners
- x. Conclusions and Recommendations

IV. Specific questions and elements requested for inclusion in the analysis and report:

- a. A comprehensive summary of existing structures by category, with special attention toward the impacts presented by new and projected accessory dwelling units, commercial, entertainment, high rise, hillside, and waterfront development, including *but not limited to* those mentioned below. The summary should include details related to square footage, total occupancy, intended use, and key project timelines if still in the permitting or construction phase.
  - i. Proposed development and ferry service in the Marina
  - ii. Development in the downtown (Shattuck Ave and Adeline St.) and San Pablo corridors
  - iii. Development throughout West Berkeley
  - iv. Transit-oriented developments located at or near the North Berkeley and Ashby BART stations
- b. Examine Department processes for assessing the additional risk of proposed development projects during the City review and approval processes. Provide best practice recommendations the Department can put forward that will help measure additional risk and ensure the community has adequate fire and emergency medical service capacity.
- c. Analyze the Departments' current ability to respond to fires within mid-rise and high-rise buildings and project the potential future modifications with the projected vertical growth.
- d. Does the current span of control structure provide battalion chiefs with the appropriate resources and support needed to meet their needs based on call volume, type of incidents, day-to-day Battalion management and related duties?
- e. Provide a quantitative assessment of the Division of Fire Prevention, to include staffing, resources, training and technology.
- f. Based on existing station locations provide a threat, hazard identification, and specific to the waterfront area, as it pertains to water rescue response, waterfront firefighting and service levels west of Interstate I-80.
- g. Berkeley, like many urban cities in California, has seen a significant growth in its unhoused population since approximately 2015. The calls for service to certain areas of the City are frequent. Provide alternative, creative and cost-efficient prevention or response models that will allow the department to utilize limited resources in the most efficacious manner in anticipation of an ongoing housing crisis in the region.
- h. Review existing, and propose modifications, to Department response time standards and other metrics used to measure performance.

- i. Provide an assessment pertaining to the availability, state of Department apparatus and overall fleet reliability as well as an assessment on the age and best practices for replacement. Evaluate current inter-departmental maintenance agreements for level of service compared to cost, evaluate maintenance records and apparatus “downtime”, provide recommendations regarding the threats posed, associated limitations, and potential issues posed by our existing maintenance system.
- j. Evaluate the community risk and need for the following specialty teams: hazardous materials, water rescue, technical rescue (confined space, trench collapse, structural collapse, and rope rescue).
- k. Analyze and report what impact the implementation of traffic calming strategies, bicycle only lanes, building setback and other modifications to the built environment has on emergency response, deployment strategies and access to structures. Provide any best practice fire code language or processes to mitigate associated risk.
- l. The final report should provide detailed statistics for the City of Berkeley as a whole, by City Council district, by station district, and by any other geographic subdivision or statistical breakdown of the City that may be requested by the project coordinator.

### **III. SUBMISSION REQUIREMENTS**

1. Most Favored Customer – The offered prices for the products and services described herein are and will continue to be the lowest prices charged by Contractor for the same or substantially similar products and services. If at any time during the term of any resulting Agreement, Contractor offers or sells the same or substantially similar products and services to any other local or state public agency in the State of California at a lower price than the prices offered or charged the City of Berkeley, Contractor will promptly notify the City of Berkeley and within thirty (30) days reduce the purchase prices for the applicable products and services to such lower price for the products and services described herein.
2. Contractors must price each component of the RFP separately. The City reserves the right to select and contract for individual components of this RFP solely based on the needs of the City. If the Contractor intends to provide a lower price based on adoption of all components in this RFP, that intention must be clearly articulated in the submitted proposal.
3. Purchases by other Public Agencies – Contractor agrees to extend identical pricing for products and services provided to the City, under the same terms and conditions specified hereunder, to all public agencies that can accept such cooperative purchasing agreements, and to the extent allowed by law. Each such independent public agency shall execute its own Contract with the Contractor for its requirements and using its own sources of funding. The City shall not incur any financial or any other liability in connection with Contractor's contracting with other public agencies.

All proposals shall include the following information, organized as separate sections of the proposal. The proposal should be concise and to the point.

The proposal shall include pricing for all services. Pricing shall be all inclusive unless indicated otherwise. Pricing proposals shall be a separate document. The Proposal shall itemize all services, including hourly rates for all professional, technical and support personnel, and all other charges related to completion of the work shall be itemized.

4. Contract Terminations:

**If your organization has had a contract terminated in the last five (5) years, describe such incident.** Termination for default is defined as notice to stop performance due to the vendor's non-performance or poor performance and the issue of performance was either (a) not litigated due to inaction on the part of the vendor, or (b) litigated and such litigation determined that the vendor was in default.

Submit full details of the terms for default including the other party's name, address, and phone number. Present the vendor's position on the matter. The City will evaluate the facts and may, at its sole discretion, reject the proposal on the grounds of the past experience.

If the firm has not experienced any such termination for default or early termination in the past five (5) years, so indicate.

5. *(Other submission requirements needed to evaluate proposals and determine if contractor is qualified to do project.)*

**IV. SELECTION CRITERIA**

## VI. CITY REQUIREMENTS

### A. Non-Discrimination Requirements:

Ordinance No. 5876-N.S. codified in B.M.C. Chapter 13.26 states that, for contracts worth more than \$3,000 bids for supplies or bids or proposals for services shall include a completed Workforce Composition Form. Businesses with fewer than five employees are exempt from submitting this form. (See B.M.C. 13.26.030)

Under B.M.C. section 13.26.060, the City may require any bidder or vendor it believes may have discriminated to submit a Non-Discrimination Program. The Contract Compliance Officer will make this determination. This applies to all contracts and all consultants (contractors). Berkeley Municipal Code section 13.26.070 requires that all contracts with the City contain a non-discrimination clause, in which the contractor agrees not to discriminate and allows the City access to records necessary to monitor compliance. This section also applies to all contracts and all consultants. **Bidders must submit the attached Non-Discrimination Disclosure Form with their proposal.**

### B. Nuclear Free Berkeley Disclosure Form:

Berkeley Municipal Code section 12.90.070 prohibits the City from granting contracts to companies that knowingly engage in work for nuclear weapons. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that engages in nuclear weapons work. If your company engages in work for nuclear weapons, explain on the Disclosure Form the nature of such work. **Bidders must submit the attached Nuclear Free Disclosure Form with their proposal.**

### C. Oppressive States:

The City of Berkeley prohibits granting of contracts to firms that knowingly provide personal services to specified Countries. This contracting prohibition may be waived if the City Council determines that no reasonable alternative exists to doing business with a company that is covered by City Council Resolution No. 59,853-N.S. If your company or any subsidiary is covered, explain on the Disclosure Form the nature of such work. **Bidders must submit the attached Oppressive States Disclosure Form with their proposal.**

### D. Sanctuary City Contracting Ordinance:

Chapter 13.105 of the Berkeley Municipal Code prohibits the City from granting and or retaining contracts with any person or entity that provides Data Broker or Extreme Vetting services to the U.S. Immigration and Customs Enforcement Division of the United States Department of Homeland Security ("ICE"). **Bidders must submit the attached Sanctuary City Compliance Statement with their proposal.**

### E. Conflict of Interest:

In the sole judgment of the City, any and all proposals are subject to disqualification on the basis of a conflict of interest. The City may not contract with a vendor if the vendor or an employee, officer or director of the proposer's firm, or any immediate family member of the preceding, has served as an elected official, employee, board or commission member of the City who influences the making of the contract or has a direct or indirect interest in the contract.

Furthermore, the City may not contract with any vendor whose income, investment, or real property interest may be affected by the contract. The City, at its sole option, may disqualify any proposal on the basis of such a conflict of interest. **Please identify any person associated with the firm that has a potential conflict of interest.**

**F. Berkeley Living Wage Ordinance:**

Chapter 13.27 of the Berkeley Municipal Code requires that contractors offer all eligible employees with City mandated minimum compensation during the term of any contract that may be awarded by the City. If the Contractor is not currently subject to the Living Wage Ordinance, cumulative contracts with the City within a one-year period may subject Contractor to the requirements under B.M.C. Chapter 13.27. A certification of compliance with this ordinance will be required upon execution of a contract. The current Living Wage rate can be found here: [https://www.cityofberkeley.info/Finance/Home/Vendors\\_Living\\_Wage\\_Ordinance.aspx](https://www.cityofberkeley.info/Finance/Home/Vendors_Living_Wage_Ordinance.aspx). The Living Wage rate is adjusted automatically effective June 30<sup>th</sup> of each year commensurate with the corresponding increase in the Consumer Price Index published in April of each year. If the Living Wage rate is adjusted during the term of your agreement, you must pay the new adjusted rate to all eligible employees, regardless of what the rate was when the contract was executed.

**G. Berkeley Equal Benefits Ordinance:**

Chapter 13.29 of the Berkeley Municipal Code requires that contractors offer domestic partners the same access to benefits that are available to spouses. A certification of compliance with this ordinance will be required upon execution of a contract.

**H. Statement of Economic Interest:**

The City's Conflict of Interest Code designates "consultants" as a category of persons who must complete Form 700, Statement of Economic Interest, at the beginning of the contract period and again at the termination of the contract. The selected contractor will be required to complete the Form 700 before work may begin.

**VII. OTHER REQUIREMENTS**

**A. Insurance**

The selected contractor will be required to maintain general liability insurance in the minimum amount of \$2,000,000, automobile liability insurance in the minimum amount of \$1,000,000 and a professional liability insurance policy in the amount of \$2,000,000 to cover any claims arising out of the performance of the contract. The general liability and automobile insurance must name the City, its officers, agents, volunteers and employees as additional insured.

**B. Worker's Compensation Insurance:**

A selected contractor who employs any person shall maintain workers' compensation insurance in accordance with state requirements. Sole proprietors with no employees are not required to carry Worker's Compensation Insurance.

**C. Business License**

Virtually every contractor that does business with the City must obtain a City business license as mandated by B.M.C. Ch. 9.04. The business license requirement applies whether or not the contractor has an office within the City limits. However, a "casual" or "isolated" business transaction (B.M.C. section 9.04.010) does not subject the contractor to the license tax. Warehousing businesses and charitable organizations are the only entities specifically exempted in the code from the license requirement (see B.M.C. sections, 9.04.295 and 9.04.300). Non-profit organizations are granted partial exemptions (see B.M.C. section 9.04.305). Persons who, by reason of physical infirmity, unavoidable misfortune, or unavoidable poverty, may be granted an exemption of one annual free license at the discretion of the Director of Finance. (See B.M.C. sections 9.04.290).

Vendor must apply for a City business license and show proof of application to Purchasing Manager within seven days of being selected as intended contractor.

The Customer Service Division of the Finance Department located at 1947 Center Street, Berkeley, CA 94704, issues business licenses. Contractors should contact this division for questions and/or information on obtaining a City business license, in person, or by calling 510-981-7200.

**D. Recycled Paper**

**Any printed reports for the City required during the performance of the work shall be on 100% recycled paper, and shall be *printed on both sides of the page* whenever practical.**

**E. State Prevailing Wage:**

Certain labor categories under this project may be subject to prevailing wages as identified in the State of California Labor Code commencing in Section 1770 et seq. These labor categories, when employed for any "work performed during the design and preconstruction phases of construction including, but not limited to, inspection and land surveying work," constitute a "Public Work" within the definition of Section 1720(a)(1) of the California Labor Code requiring payment of prevailing wages.

Wage information is available through the California Division of Industrial Relations web site at:  
[http://www.dir.ca.gov/OPRL/statistics\\_and\\_databases.html](http://www.dir.ca.gov/OPRL/statistics_and_databases.html)

**Sanctuary City Compliance Statement**

The undersigned, an authorized agent of \_\_\_\_\_ (hereafter "Contractor"), has had an opportunity to review the requirements of Berkeley Code Chapter 13.105 (hereafter "Sanctuary City Contracting Ordinance" or "SCCO"). Contractor understands and agrees that the City may choose with whom it will maintain business relations and may refrain from contracting with any person or entity that provides Data Broker or Extreme Vetting services to the U.S. Immigration and Customs Enforcement Division of the United States Department of Homeland Security ("ICE"). Contractor understands the meaning of the following terms used in the SCCO:

- a. "Data Broker" means either of the following:
  - i. The collection of information, including personal information about consumers, from a wide variety of sources for the purposes of reselling such information to their customers, which include both private-sector business and government agencies;
  - ii. The aggregation of data that was collected for another purpose from that for which it is ultimately used.
- b. "Extreme Vetting" means data mining, threat modeling, predictive risk analysis, or other similar services." Extreme Vetting does not include:
  - i. The City's computer-network health and performance tools;
  - ii. Cybersecurity capabilities, technologies and systems used by the City of Berkeley Department of Information Technology to predict, monitor for, prevent, and protect technology infrastructure and systems owned and operated by the City of Berkeley from potential cybersecurity events and cyber-forensic based investigations and prosecutions of illegal computer based activity.

Contractor understands that it is not eligible to receive or retain a City contract if at the time the Contract is executed, or at any time during the term of the Contract, it provides Data Broker or Extreme Vetting services to ICE.

Contractor further understands and agrees that Contractor's failure to comply with the SCCO shall constitute a material default of the Contract and the City Manager may terminate the Contract and bar Contractor from bidding on future contracts with the City for five (5) years from the effective date of the contract termination.

By executing this Statement, Contractor certifies that it complies with the requirements of the SCCO and that if any time during the term of the Contract it ceases to comply, Contractor will promptly notify the City Manager in writing. Any person or entity who knowingly or willingly supplies false information in violation of the SCCO shall be guilty of a misdemeanor and up to a \$1,000 fine.

Based on the foregoing, the undersigned declares under penalty of perjury under the laws of the State of California that the foregoing is true and correct. Executed this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_, at \_\_\_\_\_, California.

**Living Wage Certification for Providers of Services**

**TO BE COMPLETED BY ALL PERSONS OR ENTITIES ENGAGING IN A CONTRACT FOR PERSONAL SERVICES WITH THE CITY OF BERKELEY.**

The Berkeley Municipal Code Chapter 13.27, Berkeley's Living Wage Ordinance (LWO), provides that contractors who engage in a specified amount of business with the City (except where specifically exempted) under contracts which furnish services to or for the City in any twelve (12) month period of time shall comply with all provisions of this Ordinance. The LWO requires a City contractor to provide City mandated minimum compensation to all eligible employees, as defined in the Ordinance. In order to determine whether this contract is subject to the terms of the LWO, please respond to the questions below. Please note that the LWO applies to those contracts where the contractor has achieved a cumulative dollar contracting amount with the City. Therefore, even if the LWO is inapplicable to this contract, subsequent contracts may be subject to compliance with the LWO. Furthermore, the contract may become subject to the LWO if the status of the Contractor's employees change (i.e. additional employees are hired) so that Contractor falls within the scope of the Ordinance.

**Section I.**

**1. IF YOU ARE A FOR-PROFIT BUSINESS, PLEASE ANSWER THE FOLLOWING QUESTIONS**

**YES** \_\_\_\_\_ **NO** \_\_\_\_\_

If **no**, this contract is NOT subject to the requirements of the LWO, and you may continue to Section II. If **yes**, please continue to question **1(b)**.

b. Do you have six (6) or more employees, including part-time and stipend workers?

**YES** \_\_\_\_\_ **NO** \_\_\_\_\_

If you have answered, "**YES**" to questions **1(a)** and **1(b)** this contract **IS** subject to the LWO. If you responded "NO" to **1(b)** this contract IS NOT subject to the LWO. **Please continue to Section II.**

**2. IF YOU ARE A NON-PROFIT BUSINESS, AS DEFINED BY SECTION 501(C) OF THE INTERNAL REVENUE CODE OF 1954, PLEASE ANSWER THE FOLLOWING QUESTIONS.**

a. During the previous twelve (12) months, have you entered into contracts, including the present contract, bid or proposal, with the City of Berkeley for a cumulative amount of \$100,000.00 or more?

If no, this Contract is NOT subject to the requirements of the LWO, and you may continue to Section II. If yes, please continue to question **2(b)**.

b. Do you have six (6) or more employees, including part-time and stipend workers?

**YES** \_\_\_\_\_ **NO** \_\_\_\_\_

If you have answered, "**YES**" to questions **2(a)** and **2(b)** this contract **IS** subject to the LWO. If you responded "NO" to **2(b)** this contract IS NOT subject to the LWO. **Please continue to Section II.**

**Section II**

**Please read, complete, and sign the following:**

THIS CONTRACT IS NOT SUBJECT TO THE LIVING WAGE ORDINANCE.

The undersigned, on behalf of himself or herself individually and on behalf of his or her business or organization, hereby certifies that he or she is fully aware of Berkeley's Living Wage Ordinance, and the applicability of the Living Wage Ordinance, and the applicability of the subject contract, as determined herein. The undersigned further agrees to be bound by all of the terms of the Living Wage Ordinance, as mandated in the Berkeley Municipal Code, Chapter 13.27. If, at any time during the term of the contract, the answers to the questions posed herein change so that Contractor would be subject to the LWO, Contractor will promptly notify the City Manager in writing. Contractor further understands and agrees that the failure to comply with the LWO, this certification, or the terms of the Contract as it applies to the LWO, shall constitute a default of the Contract and the City Manager may terminate the contract and bar Contractor from future contracts with the City for five (5) years from the effective date of the Contract termination. If the contractor is a for-profit business and the LWO is applicable to this contract, the contractor must pay a living wage to all employees who spend 25% or more of their compensated time engaged in work directly related to the contract with the City. If the contractor is a non-profit business and the LWO is applicable to this contract, the contractor must pay a living wage to all employees who spend 50% or more of their compensated time engaged in work directly related to the contract with the City.
