RE: 2017-18 Housing Master Plan Advisory Group

Dear Colleagues,

Thank you for agreeing to serve on the 2017-18 Housing Master Plan Advisory Group. Safe, affordable, and convenient housing is critical to the academic, professional and personal pursuits of all members of the Berkeley campus. The lack of adequate housing is a crisis facing our campus. Pursuant to the critical nature of this campus-wide issue, this advisory group is charged with addressing this multifaceted and important issue by building on the work of the 2016-17 Housing Master Plan Task Force which was convened in the Fall of 2016.

The work of this advisory group should entail the following:

1. Review and analyze the findings in the housing survey completed in Spring 2017 and use these results to inform recommendations for future planning for housing.
2. Review feasibility studies for each potential housing development site in order to prioritize the site locations and determine an appropriate approach for planning and development.
3. Collaborate with the Office of the CFO to develop a potential financial plan for each prioritized site.
4. Work closely with Real Estate and Campus Planning to update the Long-Range Development Plan (LRDP), including any environmental review for compliance with the California Environmental Quality Act (CEQA).
5. Determine specific points of collaboration with the City of Berkeley that will be mutually beneficial.

6. Collaborate with the Office of the President on sequencing and determining funding for the prioritized plan.
7. Create a housing development timeline.

Jill Rodde, from the Division of Student Affairs, will provide staff support to the committee. She will be in contact soon to schedule the kick-off meeting which will take place in August and be followed by twice-monthly meetings.

Please submit a status report and a preliminary set of recommendations by December 15, 2017 and a final set of recommendations by May 15, 2018 for my review and determination of next steps. I look forward to receiving your thoughtful advice on this important matter.

Sincerely,

Major Events Hosted by Non-Departmental Users (Interim)

Responsible Executive: Vice Chancellor-Student Affairs

Responsible Office: Dean of Students

For All Other Non-Departmental Users: Risk Services, risk@berkeley.edu, 642-5141

Policy Statement

The University of California, Berkeley is committed to free speech as essential to its educational mission and as a vital component of its identity. The University is also committed to enabling student organizations and other groups to host a variety of events on campus and thereby to supplement and enrich students' educational experience. Toward that end, the campus makes certain facilities and spaces available to student organizations and to other non-University users for events.

The campus recognizes, however, that such events can raise significant security concerns. To ensure safety while protecting the First Amendment rights of those who wish to participate in events hosted on campus, the campus will enforce the following rules for events hosted by non-departmental users. This policy is explicitly intended to support the right and ability of non-departmental users to host Major Events of their choosing on campus and will be applied without regard for perspectives or positions expressed in connection with those events. **All criteria for assessing events must be applied in a viewpoint-neutral manner.**

Non-departmental users may host events in certain campus facilities and spaces with written permission from the campus and must adhere to the terms and conditions of this policy. For purposes of this policy, non-departmental users include any individuals other than current employees of the University of California acting within the course and scope of University employment and any organizations other than academic and administrative departments of the

UNIVERSITY OF CALIFORNIA, BERKELEY
Interim Policy on Major Events Hosted by Non-departmental Users

University of California. Non-departmental users include, but are not limited to, private corporations, non-profit organizations, unincorporated associations, and student organizations including student government entities. (Please see the Glossary on page 11 for definitions of these terms.)

Scope of Policy

This policy applies to Major Events hosted by non-departmental users anywhere on campus except in locations generally open to the public as defined in Sections 311 and 331 of the [Berkeley Campus Regulations Implementing University Policies](#).

For purposes of this policy, an event is any planned gathering including but not limited to celebrations, dances, lectures, forums, performances, rallies, social gatherings, concerts, speaker presentations, and conferences. Major Events are events at which one or more of the following conditions apply:

1. Over 200 persons are anticipated to attend;
2. Authorized campus officials determine that the complexity of the event requires the involvement of more than one campus administrative unit;
3. Authorized campus officials determine that the event is likely to significantly affect campus safety and security (based on assessment from the University of California Police Department, hereafter UCPD) or significantly affects campus services (including kiosk guards, service roads, or parking);
4. Authorized campus officials determine that the event has a substantial likelihood of interfering with other campus functions or activities;
5. The event is a dance or concert, regardless of how many attendees;
6. Alcohol is intended to be served; or
7. Outdoor amplified sound is requested.

Any determination by authorized campus officials that an event constitutes a Major Event under items 2, 3, or 4 above shall be based on the officials' assessment of information other than the content or viewpoints anticipated to be expressed during the event. The campus will use the Campus Event Risk Grid (Appendix A) to further determine the potential impact of an event and what permits, reviews, or other requirements are necessary. The University reserves the right to classify any proposed event a Major Event subject to this policy, consistent with the definition set forth above. Non-departmental event sponsors are encouraged to consult with the appropriate campus contact at the earliest possible time if they have any question whether their event may be classified as a Major Event.

This policy applies to Major Events that are scheduled, organized, or supervised by non-departmental users or over which non-departmental users have authority to decide whether to

UNIVERSITY OF CALIFORNIA, BERKELEY
Interim Policy on Major Events Hosted by Non-departmental Users

hold the event or to determine the contents of the event. For purposes of this policy, supervision is defined as direct, on-site responsibility for the event.

Events scheduled, organized, and supervised by campus academic and administrative departments are not subject to this policy. Only University employees acting in the course and scope of their University employment may supervise a departmental event.

Use of campus facilities by non-departmental users for events not defined as Major Events is subject to the requirements of sections 210-225 of the [Berkeley Campus Regulations Implementing Policy](#). In the event of a conflict between the provisions of the Berkeley Campus Regulations Implementing Policy and this policy, the provisions of this policy shall govern for Major Events.

Why We Have This Policy

This policy has been developed to promote the efficient and orderly use of University property. University property (which includes both facilities and grounds) is intended to further the University of California's mission of education, research, and public service. **Priority for the use of University property will be given to academic and administrative departments of the University of California.** Subject to the requirements of this policy, and to campus regulations and policies applicable to specific facilities, campus facilities may be made available for use by non-departmental users provided those facilities are not needed by the campus at that time and use by the non-departmental users does not disrupt campus business or activities.

This policy operates in conjunction with specific deadlines, policies, and regulations for each campus facility, including the [Berkeley Campus Regulations Implementing Policy](#), as well as the Campus Event Planning Timeline (Appendix B). Facility reservation deadlines and other procedural details may vary among campus facilities. Therefore, the facility manager of the requested venue must be consulted before the event to obtain specific details concerning reservation and event procedures.

Failure to comply with campus regulations and policies pertaining to events, including deadlines in the Campus Event Planning Timeline, may result in denial of the sponsor's facility use request.

Procedures

Procedures Applicable to All Non-Departmental Users of Campus Facilities

- A. Any agreements or contracts that non-departmental users enter into with third parties related to the event are signed at the risk and liability of the non-departmental user. Non-

UNIVERSITY OF CALIFORNIA, BERKELEY
Interim Policy on Major Events Hosted by Non-departmental Users

departmental users are liable for all costs related to the event. This includes, but is not limited to, facility fees, basic security costs (as described in the section on Security Procedures below), and any damages that may occur as a result of the event. Individual non-departmental users may be held personally liable for costs related to the event.

- B. All event attendees may be subject to search for contraband, weapons, drugs, alcohol, and other illegal or prohibited materials. Participants will be notified through clearly posted signs at the event entrance if they will be subject to a search.
- C. The maximum room capacity for all campus facilities is established by the Campus Fire Marshal. The property manager may reduce capacity further in accordance with staff availability and other considerations.
- D. The possession and/or consumption of alcohol at events is prohibited unless service is provided by an ABC-licensed supplier under contract, and the ABC-licensed supplier provides the Regents of the University of California with proof of liquor liability insurance coverage for at least \$1 million. A campus alcohol service permit issued through the UCPD is also required. Under no circumstances will an individual under the age of 21 be served alcohol. If alcoholic beverages are served at a student organization event, a University employee acting within the course and scope of employment must attend the Event Coordination Meeting, be present at the event, and assume responsibility for ensuring that no one under the age of 21 consumes alcohol. If alcohol is served at an event, at least 20% of all beverages must be non-alcoholic and food must be provided throughout the event. Non-alcoholic beverages must be prominently displayed and served in the same place as alcoholic drinks.
- E. The use and/or possession of illegal drugs are prohibited at all campus events.
- F. To the degree an academic or administrative department co-sponsors a Major Event with a non-departmental user or authorizes use of facilities under its control for events sponsored by a non-departmental user, it may be required to reimburse security costs and other costs incurred by other campus units.

Student Organization Events

For purposes of this policy, student organization events include any event sponsored or co-sponsored by a non-departmental user that is a University-recognized student organization, including the Associated Students of the University of California (ASUC), the Graduate Assembly (GA), Registered Student Organizations, Sponsored Student Organizations, and Affiliated Student Organizations.

UNIVERSITY OF CALIFORNIA, BERKELEY
Interim Policy on Major Events Hosted by Non-departmental Users

The following procedures must be followed for student organization events that qualify as Major Events:

- A. One student signatory of a currently registered or sponsored organization seeking to use University property to hold an event must:
1. Review the [Event Registration Form](#) obtainable from the LEAD Center.
 2. Make a preliminary facility reservation for the event's desired location, preferably eight weeks or more prior to the event. If security arrangements and other preparations cannot be made in compliance with this time frame, the event may not be approved for the date and time requested. A selected list of campus spaces and contacts can be found in Appendix C.
 3. Facility policies may vary by location. Contact the building manager, Classroom Scheduling Office, or the Student Union Events team for details and requirements. The preliminary reservation does not constitute approval of the use of the venue at the proposed date and time.
 4. Preferably eight weeks or more prior to the event, complete and submit the [Event Registration Form](#) to the LEAD Center at eventreview@lists.berkeley.edu.
 5. Complete and submit a Police Services Request Form to the Special Events Unit of the UCPD regarding a security assessment for the event, if required (see Appendix A to this Policy, UC Berkeley Event Risk Grid). This must be done at least eight weeks prior to the event. Consult with the assigned LEAD Center Advisor to determine if a security assessment is needed.
 6. Meet with the assigned LEAD Center Advisor to review event details at least six weeks prior to the event.
 7. Submit all publicity materials to the assigned LEAD Center Advisor prior to publication and at least two weeks prior to the event. The LEAD Center will review publicity materials to verify that event details (such as date, time, and location) are accurate.
 8. Event insurance must be secured at least one week prior to the event. At least two weeks prior to the event, contact Campus Connexions (<http://ucberk.campusconnexionsuc.com/Constituency/Registered-Student-Organization>) to arrange for event insurance.
 9. Comply with all pre-event requirements as established in other policies administered by the LEAD Center, UCPD, Risk Services, Classroom Scheduling, and the facility manager. A variety of permits and/or waivers may be required.

UNIVERSITY OF CALIFORNIA, BERKELEY
Interim Policy on Major Events Hosted by Non-departmental Users

10. The LEAD Center will endeavor to approve student organization events within six weeks of the preliminary facility reservation, assuming all other procedures within the stated timeline have been met.
- B. The LEAD Center will schedule an event coordination meeting with event organizers to exchange information about the event and discuss logistical expectations. The event coordination meeting will usually occur four weeks prior to the event. Officials from the LEAD Center may request an additional meeting to ensure that all instructions agreed to at the event coordination meeting have been carried out.
- C. Three weeks prior to a Major Event, the UCPD police chief or designee will inform a group including representatives from the Berkeley Police Department, the City Manager's office, and the Telegraph Business Improvement District (T.B.I.D.), or their designees, about the event. The UCPD police chief or any member of this group may request additional meetings in advance of the event to discuss concerns.
- D. Events must end no later than 2:00 a.m. or at a time determined by the campus administration based on the UCPD security assessment, or as prescribed by specific facility policies, campus policies, and City of Berkeley ordinances. Additional charges may be applicable to extend events beyond specific building hours.

All Other Non-Departmental Users

All other non-departmental users of campus facilities must follow the procedures established in the campus policy on [Facility Use Permits](#). The University reserves the right to require that events co-sponsored by student organizations and other non-departmental users comply with the campus policy on Facility Use Permits.

The following is a summary of the Facility Use Permit policy. Nothing in this summary supersedes the requirements of the Facility Use Policy:

Facility Use Permits for use of University property by non-departmental users are handled by the campus academic or administrative department overseeing the property. A selected list of campus spaces and contacts can be found in Appendix C. The authority to approve use of University property to non-departmental users is delegated to the highest-level administrative official of each campus department and applies only if these guidelines are followed:

- A. The [Facility Use Permit form](#) is used. This document has been developed to ensure that the University's assets and interests are properly protected. The completed and signed Facility Use Permit is retained by the department for a period of five years after its expiration.
- B. A Certificate of Insurance is received from the non-departmental user naming "THE

UNIVERSITY OF CALIFORNIA, BERKELEY
Interim Policy on Major Events Hosted by Non-departmental Users

REGENTS OF THE UNIVERSITY OF CALIFORNIA” as an additional insured with General Liability coverage of not less than one million dollars (\$1,000,000) per occurrence. The event cannot proceed unless the Certificate is provided to the University by the deadline specified by the campus department overseeing the property. If the non-departmental user does not have event insurance, the non-departmental user may purchase coverage by going to Campus Connexions at <http://ucberk.campusconnexionsuc.com/Constituency/Tenant-User>. Depending on the risks associated with the event, non-departmental users may be required to provide higher amounts of general liability coverage, additional types of insurance, or both.

Please consult the full [Facility Use Permits policy](#) for more information.

Upon receipt of a Facility Use Permit for an event that may qualify as a Major Event, the academic or administrative department overseeing the property will contact the UCPD and request a review.

Security Procedures

- A. If required pursuant to the criteria set forth in Appendix A, UCPD will conduct a security assessment based on information provided on the Police Services Request form and such other information as UCPD may obtain.
- B. In consultation with Campus Legal Affairs, UCPD will assess security needs based on objective and credible evidence of specific risks, and not on assessment of the viewpoints, opinions, or anticipated expression of event speakers, sponsors, participants, community, or performers. Permissible factors for consideration include but are not limited to: (a) the proposed location of the event, (b) the estimated number of participants, (c) the time of the day that the event is to take place, (d) the date and day of the week of the event, (e) the proximity of the event to other activities or locations that may interfere, obstruct, or lessen the effectiveness of the security measures being implemented, (f) the resources needed to secure the event, (g) the anticipated weather conditions, (h) the estimated duration of the event, and (i) any similar viewpoint- and content-neutral considerations relevant to assessment of security needs.
- C. UCPD will make security recommendations that, in UCPD’s professional judgment, will address security threats identified as a result of the evaluation conducted pursuant to subpart B above. The goals of UCPD’s security recommendations will be to:
 1. Minimize risks to the health and safety of the event participants and audience;
 2. Minimize risks to the campus and surrounding community;
 3. Maximize the ability of the event sponsors to successfully hold the event; and
 4. Protect the exercise of rights of free expression by the event sponsors, participants, and community.

UNIVERSITY OF CALIFORNIA, BERKELEY
Interim Policy on Major Events Hosted by Non-departmental Users

Recommended security measures may include, but are not limited to, adjusting the venue, date, and/or time of the event; providing additional law enforcement; imposing controls or security checkpoints; and creating buffer zones around the venue.

- D. If UCPD determines the event has substantial security needs, the host organization must schedule a security assessment meeting with UCPD no later than six weeks prior to the event date. The meeting may include, as necessary, the following: a staff member from the LEAD Center; the facility manager or designee; and one or more student organization signatories and other representatives from the sponsoring organization. The students serving as first contacts or signatories will be made known to the UCPD at this time and will be present at meetings and available for consultation throughout the event-planning period. UCPD will discuss security concerns and recommendations at the security assessment meeting, and meeting participants will discuss options for addressing security needs that UCPD has identified.
- E. If UCPD determines that, because of new information it has received or changing circumstances, its security assessment must be modified, it will schedule additional meetings or communications with the LEAD Center, sponsors, and other appropriate stakeholders to discuss its revised recommendations.
- F. Should the event sponsors and UCPD be unable to agree on implementation of security measures or recommendations, the event sponsor may submit an appeal to the Chancellor or the Chancellor's designee for final determination. The Chancellor or Chancellor's designee may determine the security measures required for the event based on UCPD's security assessment. The goals of that determination will be to:
1. Minimize any identified threat to health and safety of the event participants and audience;
 2. Minimize any identified threat to the campus and surrounding community;
 3. Maximize the ability of the event sponsors to successfully hold the event; and
 4. Protect the exercise of rights of free expression by the event sponsors, participants, and community.

Implemented security measures may include, but are not limited to, adjusting the venue, date, and time of the event; providing additional law enforcement presence at the event; imposing controls or security checkpoints at the event; and creating buffer zones around the event venue; . The Chancellor or Chancellor's designee will provide the event sponsor with a written explanation of the reasons for his or her final decision.

- G. If during an event an imminent threat to safety or property arises, avoidance or minimization of which requires termination of the event, authority to terminate the event rests with the senior civilian administrator designated to oversee law enforcement

UNIVERSITY OF CALIFORNIA, BERKELEY
Interim Policy on Major Events Hosted by Non-departmental Users

operations. If no senior administrator is present or available, authority is delegated to the highest-ranking UCPD officer at the event.

- H. The event sponsors must agree to reimburse costs of basic event security provided by UCPD. Security fees will be based on standard, approved, and published recharge rates for UCPD or other security personnel and for any associated equipment costs or rentals. The number of personnel and amount and type of equipment charged will be based on assessment including but not limited to the following criteria:
1. Event venue, including venue size, location, number of entrances and exits to be staffed;
 2. Time of day;
 3. Number of expected attendees;
 4. Whether entrances will be controlled and whether tickets will be sold;
 5. Whether the event will be open and/or advertised to non-affiliates of the University;
 6. Whether alcohol will be served;
 7. Whether there will be sales of food, beverages, or other items and whether cash handling will occur;
 8. Whether event performers come with personal security teams or details that require UCPD liaisons; and
 9. Whether event sponsors or event performers request additional security measures.

Additional security fees will not be charged to event sponsors based on concerns that the subject matter of the event or the viewpoints, opinions, or anticipated expression of the sponsors, event performers, or others participating in the event might provoke disturbances or response costs required by such disturbances.

Dances

For purposes of this policy, a dance is any social gathering whose primary purpose is the promotion of free movement to amplified music in an unobstructed area at a University property. The following additional requirements apply to dances:

- A. Only UC Berkeley students with valid student identification cards and their accompanied guest(s) may attend a dance held in a campus facility. All event attendees are required to show a college or state-issued photo identification. Non-University of California students under 18 years of age will not be admitted. A maximum of two guests per UC Berkeley student are allowed, and all guests must accompany the UC Berkeley student.
- B. It is common for conferences held on campus to include a dance for attendees, who may or may not be UC Berkeley students. For conferences held on campus, only conference

UNIVERSITY OF CALIFORNIA, BERKELEY
Interim Policy on Major Events Hosted by Non-departmental Users

attendees and one guest may attend, regardless of University affiliation. The conference organizers must distribute tickets in advance.

- C. Advance ticketing is required for dances. Tickets may be sold at the door up to one hour after the event begins.
- D. The number of tickets sold or distributed cannot exceed the estimation of guests approved or the room capacity.
- E. Tickets must be sequentially numbered.
- F. Tickets will state that a college or state-issued identification is required for entrance to the event.
- G. Online ticket sales may be conducted by utilizing a LEAD Center-approved online vendor.
