

**Public Works
Engineering**

Use this form for Single Family Residential, Multi-Family Residential or Commercial Permits.

If this is a fax-in permit, complete the Permit Application Information on the reverse side of this form.

Please attach a Dimensioned Site Plan to this form.

Base Permit Fee will be applied to each permit type except Const. Park

Special Note:

Trenchless technology cannot eliminate sags in the pipeline. Contractor is responsible for the line and grade, and shall inform owner if trenchless piping is not suitable for the site-specific application. The City of Berkeley prohibits trenchless installation on sewers with less than 1% slope. A C-36, C-42, and Class A General Engineering licensed person must obtain Engineering Permits.
