California Building Code Section 107.4:
Work shall be installed in accordance with the approved construction documents, and any changes made during construction that are not in compliance with the approved construction documents shall be resubmitted for approval as an amended set of construction documents.

Note: Revisions, which change the type of work approved under the initial permit, may require a separate permit to be issued for additional work.

Revisions to Approved Plans are subject to hourly plan review fees. Revisions that result in valuation increase are subject to additional permit fees.

Plans must be submitted in electronic format as an unsecured, flattened PDF with embedded fonts. Minimum 11" x 17" sheet size.
