

CITY OF BERKELEY ECHO LAKE CAMP WORK WEEKEND

JUNE 9-11, 2017

Join us for fun, fellowship, and a beautiful weekend at Echo Lake Camp!
Ages 13+

General Information

Echo Lake Camp needs the help of skilled and general laborers to complete several work projects before our season begins. This is a great opportunity to support the Echo Lake Camp and the thousands of participants that enjoy this beautiful City of Berkeley location annually.

Groups or individuals can make a special contribution towards the Berkeley Echo Lake Family Camp program and Echo Lake Youth Camp by sharing their

skills and putting in some elbow grease before the summer begins. In return, campers will enjoy a fun weekend of hard work, fellowship with supporters of City of Berkeley Camps, and a weekend in the Sierra with delicious meals provided. **Due to the nature of the program, only campers age 13+ may participate.**

Work Weekend begins with lunch on Friday, June 9, and will conclude on Sunday, June 11. The success of the projects depends on the efforts and hard work of our participants.

Reserving Your Spot

To reserve your spot, complete a 2017 Work Weekend reservation form, found on the City of Berkeley Website or at the City of Berkeley Recreation Offices. Reservations will be accepted beginning Monday, December 9, 2016 at 9:00 AM, and will be taken in the order they are received. Work Weekend is open to City of Berkeley residents and non-residents, and has traditionally been a very popular program. We anticipate it will fill quickly.

What should I bring?

Each year participants ask about what tools they can bring to help out. While the camp will provide materials for the planned projects, items such as paint rollers/brushes, sandpaper, rakes, shovels, and work gloves are always appreciated. Each volunteer is required to provide and utilize their own closed-toed shoes, protective safety glasses (when required), and long pants.
