

JOHN HINKLE PARK IMPROVEMENTS

Community Meeting
Saturday, May 18, 2019
10:30am - 12:30pm

North Branch Library
Community Meeting Room
1170 The Alameda, Berkeley

Come hear updates on the current improvement project at John Hinkle Park and provide feedback on opportunities for future improvements!

Staff will provide updates on the John Hinkle Park Improvement Project that will be going into construction this summer. The project includes creating an accessible pathway to a new picnic area with bay views in the upper terrace of the park, reconstructing existing stairs, and other accessibility and safety improvements.

Join us for a discussion on planning for future improvements which include a possible new playground, additional picnic areas, parking and accessibility upgrades, and preserving and improving the amphitheater.

This project is funded by East Bay Regional Parks District (Measure WW) and Parks Tax (Measure F). For questions about this project, please contact Wendy Wellbrock, Project Manager, at wellbrock@cityofberkeley.info
