Parks Recreation & Waterfront

November 2008

## **It's almost Crab Season!**

November 15th is the opening day for California Dungeness crab season for all waters south of Pt. Arena, just down the coast from Ft. Bragg. So while you're in Berkeley during crab season, make sure you buy your crab from our local merchants. Expect to find some of the most freshly-caught crab here, as the live crabs fill the area's saltwater tanks. Many of our local Restaurants provide an excellent location in which visitors can buy fresh where they can enjoy ready-to-eat Dungeness Crab and clam chowders too!

## **CANCELLATION NOTIFICATIONS!!!!**

Reminder to **all the Berkeley Marina Boating Community** that we require a 30-day notice – *in writing by you* (the owner and permittee) to cancel your billing account. Please note that your account must be paid and in good standing in order to finalize your cancellation. If you have any questions about your slip rental account, please contact the Marina office at 510-981-6740 between 8am and 4pm, or call City of Berkeley Customer Service at 510-981-7200 M-Friday 9am to 5pm.

## **Billing Questions, address changes, ownership changes**

Many customers continue to send notes to the billing address for changes and information. Please remember to contact the marina office for all billing issues, concerns, address changes, or change in ownership. We know this sounds like a broken record, but we have many new customers, so we continue to remind all of you that requests sent in your payment envelope may delay your service. The Marina office is open every day of the year. Please contact us at 510-981-6740 for assistance on your account.

## **HAVE A WONDERFUL THANKSGIVING**

Berkeley Marina staff wants to wish all of our customers a wonderful Thanksgiving. We thank each of you for your continued support of our operation, and your commitment to help achieve positive improvements in our Marina. Have a wonderful Thanksgiving Holiday!
