# Tom Bates Regional Sports Complex

## COMMUNITY MEETING

### Informational Meeting on Upcoming Artificial Turf Replacement

The existing artificial turf at Tom Bates Regional Sports Complex is reaching the end of its useful life. Turf replacement is necessary to provide uninterrupted service to the users of this popular facility.

You are invited to join us to discuss and provide us your input on the **infill material alternatives** for this Artificial Turf Replacement project.

The City will evaluate the input gathered from this meeting to identify a number of safe infill materials. These infill alternatives will be presented in the second community meeting for the best solutions.

### MEETING INFORMATION

**Time**

**Saturday, January 28, 2017  
10:00 a.m. to 12:00 p.m.**

**Location**

**Frances Albrier Community Center  
Auditorium  
2800 Park Street, Berkeley, CA 94702**
