FINDINGS AND CONDITIONS

2110 Shattuck Avenue

Administrative Use Permit #13-20000009

To establish beer and wine service incidental to food service at an existing quick-service food establishment.

CEQA FINDINGS

1. The project is categorically exempt from the provisions of the California Environmental Quality Act (CEQA, Public Resources Code §21000, et seq. and California Code of Regulations, §15000, et seq.) pursuant to Section 15301 of the CEQA Guidelines (“Existing Facilities”). Furthermore, none of the exceptions in CEQA Guidelines Section 15300.2 apply, as follows: (a) the site is not located in an environmentally sensitive area, (b) there are no cumulative impacts, (c) there are no significant effects, (d) the project is not located near a scenic highway, (e) the project site is not located on a hazardous waste site pursuant to Government Code Section 65962.5, and (f) the project will not affect any historical resource.

FINDINGS FOR APPROVAL

2. As required by Section 23B.28.050.A of the Zoning Ordinance, the project, under the circumstances of this particular case existing at the time at which the application is granted, will not be detrimental to the health, safety, peace, morals, comfort, and general welfare of the persons residing or working in the neighborhood of such proposed use or be detrimental or injurious to property and improvements of the adjacent properties, the surrounding area or neighborhood, or to the general welfare of the City because:
 - The proposed alcohol service would be incidental to the existing business’s food service and therefore will be consumed on-site only.
 - Alcohol service is conditioned (#10-14) to limit detriment and to promote compatibility between the existing restaurant and nearby commercial uses on University Avenue.
 - As required by Section 23E.68.090.B (Findings), the service of beer and wine service incidental to an existing quick service restaurant is allowed because:
 - 1) Tea Leaf wishes to expand its menu by including beer and wine service catering to the existing Shattuck Avenue/University Avenue population and the surrounding residential population.

- 2) Teak Leaf currently serves rice bowls, noodles, fried chicken, and a variety of appetizers. The addition of beer and wine service will encourage a larger variety of goods which service the District and are not expected to generate additional vehicular traffic, but will rely on existing pedestrian traffic.
 - 3) The establishment of beer and wine for on-site consumption will support the restaurant's continued operation and is an essential component to the economic success of this small business operation, thereby contributing to the vitality and diversity of the District.
 - 4) No exterior modifications are proposed, therefore, the uniform design and character of the commercial building will be maintained.
 - 5) The continued operation and success of the restaurant helps implement the General Plan's designation of a Commercial District. The expansion of the alcohol service for a quick service restaurant will provide beer and wine with food, a service encouraged within the Downtown area.
- The applicant is currently applying for a Type 41 California Department of Alcoholic Beverage Control (ABC) License to sell beer and wine incidental to food service.

STANDARD CONDITIONS

The following conditions, as well as all other applicable provisions of the Zoning Ordinance, apply to this Permit:

1. Conditions Shall be Printed on Plans

The conditions of this Permit shall be printed on the *second* sheet of each plan set submitted for a building permit pursuant to this Use Permit, under the title 'Use Permit Conditions'. *Additional sheets* may also be used if the *second* sheet is not of sufficient size to list all of the conditions. The sheet(s) containing the conditions shall be of the same size as those sheets containing the construction drawings; 8-1/2" by 11" sheets are not acceptable.

2. Applicant Responsible for Compliance with Conditions

The applicant shall ensure compliance with all of the following conditions, including submittal to the project planner of required approval signatures at the times specified. Failure to comply with any condition may result in construction being stopped, issuance of a citation, and/or modification or revocation of the Use Permit.

3. Uses Approved Deemed to Exclude Other Uses (Section 23B.56.010)

- A. This Permit authorizes only those uses and activities actually proposed in the application, and excludes other uses and activities.
- B. Except as expressly specified herein, this Permit terminates all other uses at the location subject to it.

4. Modification of Permits (Section 23B.56.020)

No change in the use or structure for which this Permit is issued is permitted unless the Permit is modified by the Zoning Officer, except that the Zoning Officer may approve changes that do not expand, intensify, or substantially change the use or building.

5. Plans and Representations Become Conditions (Section 23B.56.030)

Except as specified herein, the site plan, floor plans, building elevations and/or any additional information or representations, whether oral or written, indicating the proposed structure or manner of operation submitted with an application or during the approval process are deemed conditions of approval.

6. Subject to All Applicable Laws and Regulations (Section 23B.56.040)

The approved use and/or construction is subject to, and shall comply with, all applicable City Ordinances and laws and regulations of other governmental agencies. Prior to construction, the applicant shall identify and secure all applicable permits from the Building and Safety Division, Public Works Department and other affected City divisions and departments.

7. Exercised Permit for Use Survives Vacancy of Property (Section 23B.56.080)

Once a Permit for a use is exercised and the use is established, that use is legally recognized, even if the property becomes vacant, except as set forth in Standard Condition #8, below.

8. Exercise and Lapse of Permits (Section 23B.56.100)

- A. A permit for the use of a building or a property is exercised when, if required, a valid City business license has been issued, and the permitted use has commenced on the property.
- B. A permit for the construction of a building or structure is deemed exercised when a valid City building permit, if required, is issued, and construction has lawfully commenced.
- C. A permit may be declared lapsed and of no further force and effect if it is not exercised within one year of its issuance, except that permits for construction or alteration of structures or buildings may not be declared lapsed if the permittee has: (1) applied for a building permit; or, (2) made substantial good faith efforts to obtain a building permit and begin construction, even if a building permit has not been issued and/or construction has not begun.

9. Indemnification Agreement

The applicant shall hold the City of Berkeley and its officers harmless in the event of any legal action related to the granting of this Permit, shall cooperate with the City in defense of such action, and shall indemnify the City for any award of damages or attorneys fees that may result.

ADDITIONAL CONDITIONS IMPOSED BY THE ZONING OFFICER

Pursuant to BMC 23B.28.050.D, the Zoning Officer attaches the following additional conditions to this Permit:

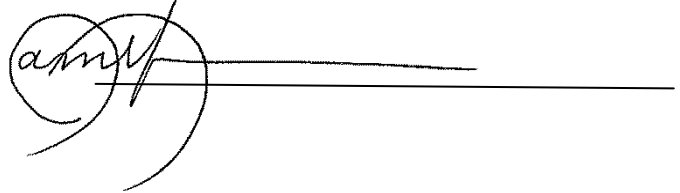

Conditions Relating to Alcohol Service:

10. Pursuant to BMC Section 23F.04.010, alcohol sales “may not generate gross receipts in excess of thirty-three percent (33%) of the gross receipts generated by the primary (food service) use.” In addition, the California Department of Alcohol Beverage Control (ABC) allows this alcohol use only as part of a “bona fide eating place” making “actual and substantial sales of meals,” and stringently enforces this requirement.
11. No sign(s) advertising alcoholic beverages shall be visible from the public right-of-way.
12. Employees shall not serve alcohol to patrons who appear to be inebriated or otherwise unable to behave in an orderly manner upon consuming alcohol.
13. All employees selling and/or serving alcohol, or directly supervising such sales and/or service, shall complete a course in Responsible Beverage Sales and Service (RBSS) through the California Department of Alcoholic Beverage Control within 6 months of employment at the establishment. Employees who have completed the course within the last five (5) years shall be exempt from this requirement.
14. The owner or operator of the establishment shall take reasonable measures to prevent disturbances by patrons in the immediate vicinity. Such measures shall include signs reminding patrons of nearby residences and requests not to congregate or loiter near such residences nor operate vehicles in a noisy manner on residential streets. The operator shall give surveillance to public areas near the establishment, keep such areas free of trash and litter, provide lighting, and otherwise attempt to prevent conduct that might disturb the peace and quiet of residences in the vicinity.

At All Times (Operation):

15. All exterior lighting shall be shielded and directed downward and away from property lines to prevent excessive glare beyond the subject property.
16. This permit is subject to review, imposition of additional conditions, or revocation if factual complaint is received by the Zoning Officer that the maintenance or operation of this establishment is violating any of these or other required conditions or is detrimental to the health, safety, peace, morals, comfort or general welfare of persons residing or working in the neighborhood or is detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the City.

17. Noise and exterior lighting shall be controlled so as to prevent verified complaints from the surrounding neighborhood. This shall include noise created by employees working on the premises before or after patrons arrive.

A handwritten signature in black ink, appearing to read 'amy', is written over a horizontal line. The signature is stylized and cursive.
