

Adeline Corridor Community “Pop-Up” Event on June 13, 2015

Walk & Bike Tour Description

Join the City of Berkeley for **walking and bicycle tours** of the Adeline/ South Shattuck Corridor in South Berkeley on June 13th! As part of the [Adeline Corridor Plan](#) process, residents and neighbors will take part in a community “pop-up” event at the intersection of Adeline and Fairview, just south of the Ashby BART, on **Saturday, June 13, 10am-4pm**. At the pop-up event, community members can suggest how to better use public spaces along Adeline and South Shattuck and check out temporary “pop-up” ideas for the future of the Adeline/ South Shattuck Corridor. The pop-up event includes two interactive walking tours and one bike tour. Food, music and family-friendly activities will also be part of this exciting day.

Walking Tour # 1 at 11 am: Lorin-Adeline-Ashby

At **11am**, the **first walking tour** will depart the pop-up event, heading north on Adeline about a mile to South Shattuck. The route will give participants an opportunity to **explore gateway and intersection improvements, streetscape design, median and open space enhancements and access to the Ashby BART station**. Participants will stop at four key locations along the route to discuss **what makes the Adeline Corridor an inviting place to walk** and to identify opportunities to improve the pedestrian experience. The tour will last approximately 60-75 minutes.

Walking Tour # 2 at 1 pm: North Adeline-Ashby-Shattuck

The second walking tour will take place at **1pm** and this route will focus on exploring the southern portion of the Adeline/ South Shattuck Corridor. Participants will walk along Adeline to the Oakland border, then head back on Adeline towards Ashby, cross Ashby and walk back to the pop-up event along Adeline. Similar to Tour #1, participants will stop at four key locations along the route to discuss **what makes the Adeline/ South Shattuck Corridor an inviting place to walk** and to identify opportunities to improve the pedestrian experience. The route will give participants an opportunity to **explore potential Lorin Station improvements, Ashby BART access improvements, and pedestrian amenities**. The tour will last approximately 60-90 minutes.

Bike Tour at 2:30 pm: Adeline-South Shattuck

The **2-mile bicycle tour** will depart from the pop-up event at **2:30 pm**. Participants will travel north on Adeline and South Shattuck, then return south to the Oakland border at 62nd Street, before returning to the pop-up event. The route will give participants the opportunity to cross Adeline and travel on nearby Shattuck and the Milvia Bicycle Boulevard. The group will stop at five key locations to **discuss what makes the Adeline/ South Shattuck Corridor an inviting place to travel by bicycle** and how it can be transformed into one of the premier places to bike in Berkeley. The tour will last approximately 60 minutes.
