LAND USE PLANNING Stationery

Dear ZAB Secretary,  
Land Use Planning Division -Permit # 2013-0026

I would like to request the "Pine Tree:",in front of the "Old Animal Shelter be transplanted to Aquatic Park. Keeping it in climate zone.

I have been a West Berkeley Art Studio/Classroom renter at this site,since 1984 .I had drainage Problems with constru, Archstone in back of me last fall.

What will happen now on this side of the studio???????

Will my sculpture studio receive vibrations,dust.noise from 6:30 a.m.-3:30???????

Where can my students park?? They are under University bridge,that is getting crowd now.

Will our North Light be blocked??

As the new building in back affecting our light pattern,even the Skylight.....

Sculpture Encampment  
Patricia Bengtson-Jones
