Subject: Support for housing project at 3031 Adeline

Hello,

I am writing to inquire about the state of the proposed housing and retail project at 3031 Adeline near Ashby BART. I live around the corner and have been anxious for this project to proceed. Adeline Street is in desperate need for more housing and retail. And adding density near BART stations is so smart. I'd like to see more people living, walking and shopping on Adeline Street, and to be able to walk to more retail amenities. I wholeheartedly support a new mixed use housing project on this site.

I hope it's moving forward!

Sincerely,

K.Kahn
Tremont Street
