Subject: 600 Addison Street

Hi Fatema,

I live in 651 Addison Street for last 3 years. For the new project, coming on 600 Addison, can you make sure

- 1) Addison Street is adequately broadened to accommodate the proposed construction
- 2) The Amtrack pedestrian crossing gets a gate. There have been fatal accidents and I don't see much action on improving this crossing.

Can you let me know if you have received my feedback? Please forward these two suggestions to right group within the City of Berkeley.

Thanks and Regards,

Todi
