Dear Ms. Allen:

Thank you for your email today.

Please find attached 2 photographs of the fan shields installed by Berkeley Honda's contractor after the December 13th, 2018 ZAB hearing.

The Berkeley Environmental Health staff can visit the project anytime to measure the current noise level from these fans. My understanding is (1) without the fan shields the noise levels were within the applicable City of Berkeley standards and (2) the new measurements should be taken from adjoining house (Mr. Killingsworth's property;- not from the roof of Berkeley Honda.)

It is our hope the City Traffic Engineer can complete his report on "*site circulation and safety*" ASAP so the matter can be scheduled as an updated information item on the February 28, 2019 ZAB agenda.

Thank you for your time and consideration.

Best,

Kenny
