## Auto Burglaries are Preventable...

There are just a few things you need to do to prevent auto burglaries. Once you take the steps you need to take, we are counting on you to do them on a continual basis.

### Take Out Valuables

If you can leave your valuables at home, do just that. Otherwise, when you get to your destination, take valuables with you. If you have to leave them in your vehicle... place them in your trunk before you get to your destination.

### Lock Your Vehicle

Enough said.

### Close Doors and Windows

An open door or window allows a thief a quick & quiet way to enter your vehicle. Even a crack in the window makes the thief's job so much easier. Take the time to make sure you closed everything.

## Why Auto Burglaries?

The increase in auto burglaries is part of a national trend. The reason auto burglaries are prolific is because people make it too easy for a thief to gain access to their vehicle and make it so tempting to attempt entry by leaving valuables in plain view. Thieves can quickly enter vehicles, often sight unseen. Many use stolen items to help them get drugs to support their addiction. Increasingly, we are finding that thieves are using personal information found in vehicles to commit identity theft.

### Commonly Stolen Items

You might be surprised just what thieves are looking for, or what victims make easily available to them:

- PDA's • CAMERAS • LAPTOPS
- CELL PHONES • CD's • MAIL
- ADDRESS BOOKS/ AGENDAS
- RECEIPTS • PURSES • MONEY
- VEHICLE REGISTRATION
- STEREOS • GYM BAGS

## Location, Location, Location

You can often choose where you park your vehicle. It is important to take care where you park. Thieves are looking for vehicles they can enter with the least possibility of someone watching and thereby alerting authorities.

Here are important factors to remember:

### **DON'T**

- Don't park where others cannot see your vehicle, such as behind buildings, shrubbery, landscaping or large vehicles.
