

## **Proposed Use of Force Resistance Definitions**

Passive Resistance: When an individual does not follow the lawful verbal commands of a police officer, but does not physically resist in any way.

Examples: A person who goes completely limp, sits down and refuses to stand or walk, or who may stand with arms at their sides without attempting to strike at or physically resist officers.

Active Resistance: An individual who is uncooperative and fails to comply with the lawful verbal commands of a police officer, and attempts to avoid physical control and/or arrest by physically struggling to free oneself from being restrained. The individual may also use verbal non-compliance (refusing a lawful order or direction).

Examples: A person who attempts to avoid physical control and/or arrest by pulling or pushing away from the officer, tensing arm or muscles, hiding from the officer, and/or fleeing.

Combative Resistance: An individual not only resists the officer, but poses a threat of harm to the officer or others, in an aggressive manner that may cause physical injury.

Examples: A person who violently attempts to or attacks an officer. This action is sometimes preceded by "pre-assault" cues such as taking a threatening stance (clenching fists, facial expressions, threats, etc.) and non-verbal compliance.
