

PAB Announcement Draft #1, for discussion tonight.

"Civilian oversight is a powerful tool for building transparency and community trust in policing.

Berkeley voters overwhelmingly approved the creation of a new Police Accountability Board in November 2020. The PAB will replace Berkeley's Police Review Commission, established in 1973. The PAB is a modernization and an expansion of tools for meaningful oversight in the 21st century.

The Berkeley City Council is currently seeking candidates for the PAB, to be seated later this year. Please visit [\(website\)](#) for information on how to apply for an appointment, and please share this information with community members and organizations that may have an interest in the PAB."

[Submitted by Commissioner Mikiten for consideration at 2/24/21 PRC Outreach Subcommittee meeting.]
