CITY OF BERKELEY

**FY 2020 MEASURE T1 STREET IMPROVEMENTS & GREEN INFRASTRUCTURE
PROJECT SCHEDULES A & B**

The City of Berkeley has authorized Bay Cities Paving and Grading to begin construction on the above-titled project. The goal of this project is to provide roadway and pedestrian improvements to various locations throughout the city. The major components of work include Traffic control, adjustment of valve boxes and utility boxes, frames, and covers, protection and relocation of underground utility services (e.g. gas, water, sewer, electrical, telecom), concrete curbs and gutters, sidewalk, curb ramps, driveways, cross drains at curb ramps, storm drain pipe replacement, storm drain inlets, base failure repairs, pavement milling, removal and disposal of pavement surfaces and base materials, subgrade preparation, stabilization and compaction, aggregate base course, hot-mix asphalt (HMA) paving, Rubberized HMA, Full Depth Reclamation (FDR) and pavement markings, striping, and markers as specified. Installation of Bio-Swales/bio-retention areas, storm drain pipe, area drains, turning structures/junction boxes, traffic control, and conforming to adjacent landscape areas, and connections to existing infrastructure, concrete curbs, and gutters, sidewalk, driveways, saw-cutting. Work on this project is scheduled to begin July 2020 and end in October 2020. Working hours will be from 7:30 AM to 5:00 PM, Monday through Friday.

Major operations of work where street parking will be prohibited are scheduled to take place at various times throughout the duration of the project. Please look for “No Parking” signs posted on barricades which will be placed at least 72 hours prior to these activities. These “No Parking” signs will specify the dates and hours of restricted parking. It is critical that no cars remain parked on the street in posted areas during the indicated time period as they may be towed. There will be a traffic and pedestrian handling procedures put in place to minimize any inconveniences that may be caused by construction, however, we recommend taking alternate routes where possible, and try to find parking on adjacent streets. The public will have access to residences but keep in mind delays are expected during working hours. **Emergency access will always be provided.**

Note that your garbage pickup will continue to be on the regular day; please put your containers out the night before as usual. All postal services will continue as well.

Should you have any further questions; please contact the following individuals:
