

PUBLIC NOTICE

MEASURE M LOW IMPACT DEVELOPMENT: WOOLSEY ST PROJECT

The City of Berkeley, Public Works Department, will be installing green infrastructure in your neighborhood. The work consists of installation of underground cistern structure with storm water treatment bio-swale and plantings. The work also consists of shifting of the south side curb up to five feet towards the centerline of the road, as well as roadway repaving and slurry sealing. This work is funded by Measure M, Special Gas Tax, and Capital Improvement funding.

LOCATION: Woolsey between Adeline and Tremont. See location map inside.

TIMELINE: Construction is expected to begin in November 2019 and will take approximately seven months to complete depending on weather or unforeseen conditions. Standard work hours are 7:30 a.m. - 5:00 p.m., Monday - Friday. Schedule updates will be available on the City's website at: [www.cityofberkeley.info/Public Works/Bids - Contracts/Construction Updates.aspx](http://www.cityofberkeley.info/Public_Works/Bids_-_Contracts/Construction_Updates.aspx)

POSSIBLE INCONVENIENCES: Traffic will be delayed at the work site and street closures may be necessary. Please obey all temporary traffic control devices and signage around the work site. "No Parking" signs will be posted along the street 3 days in advance and will be enforced by the Police Department. Please see the posted signs for exact hours and locations as they may vary according to scheduled tasks. All other usual parking restrictions, including no parking for street cleaning, will remain in effect. Access to private driveways may be prohibited during some operations. Emergency vehicle access will be maintained at all times.

PROPERTY OWNER AND RESIDENT ACTIONS:

- Sensitive to Petroleum: Be aware that asphalt will be used in this project
- Avoiding Oil Spray: Park your vehicles outside of the construction area. Oil and asphalt are not easily removed from shoes, floors and rugs
- Safety: Keep children and pets away from work area
- Property owners are responsible for trimming their trees and vegetation growing into the roadway, and for installation and maintenance of water barriers (against runoff) with a minimum height of 6 inches.
- Any permits issued for use of the right-of-way are temporarily suspended, in accordance with BMC 16.16.050, while the work takes place. Contact City for coordination of critical work.
