January 26, 2017

I believe in putting my elected duties before most other aspects of my life. Thus it is with a heavy heart and after many unhappy hours of soul searching that I must announced that I have decided to resign from the Berkeley Rent Stabilization Board effective on Monday January 30.

I have made this decision because of several changes in my life circumstance: I have had intermittent health issues; my husband was laid off in 2016 and has not found a new full-time job; and we are seriously considering moving away from Berkeley later this year.

Katherine M. Harr
